

A photograph of two young women standing on a green lawn in front of a brick building. The woman on the left has long dark hair and is wearing a white cardigan over a black top. The woman on the right has dark curly hair and is wearing a black and white patterned top, holding a smartphone. In the background, there are colorful flowers and a brick building with white windows. A sign on the building reads "Salisbury UNIVERSITY".

Find Your Major

Partners in Your Progress

- SU's Exploratory Studies Program has a whole set of on-campus resources – from one-on-one advising, to a special orientation session, to dedicated staff, to career exploration tools – to help you consider your interests and what you want for your future and find the path that makes the most sense for you.
- From day one, you are paired with a professional academic advisor who specializes in helping students like you navigate their college career.

46 majors

We Have the Programs

- SU offers 46 majors (with many having topic-specific tracks) and over 80 minors. Looking for something else or a combination of a few? Our Interdisciplinary Studies Program lets you work with advisors and faculty to create the major of your dreams.
- Visit SU's website and click on the Explore Academics tab to learn about what we offer. Our comprehensive program finder provides information on all our programs and features videos of students sharing what they love about their major.

Experiences Matter Too

- Having professors who care about you, finding a mentor and completing a long-term project – these high-impact experiences are what SU does best.
- The Explorers Living Learning Community for first-time freshmen lets you discover your options while living with other students who are figuring it all out too.

You have
time

You Have the Time

- We know there is a lot of pressure to declare a major from the very start, but you can declare a major at any time in your first 45 credits. We'll help you find the smoothest possible path to a degree and career you will love.
- Some of SU's most successful students were undecided when they started out; we can't wait to get you started on your success story!
