The following course listing represents the University curricula as of the publication of this catalog. Additions and changes to the offerings are published in the Registration Bulletin and on the Web.

Not all courses are offered every semester. For current offerings consult the most current academic schedule during registration periods. See your academic advisors/department chair for additional information.

**ACCOUNTING (ACCT)**

**201. INTRODUCTION TO FINANCIAL ACCOUNTING**  
3 hours credit  
Provides students with a general overview of financial accounting including the underlying accounting principles and concepts, financial statement preparation, financial statement analysis, cash flow, etc. **Prerequisite:** Twenty-four college credit hours taken at or accepted by SU. Three hours per week.

**202. INTRODUCTION TO MANAGERIAL ACCOUNTING**  
3 hours credit  
Provides students with an understanding of how accounting information is used in the operation of a business. Topics include inventory costing systems (job order costing and process costing), cost-volume-profit analysis, budgeting, performance evaluation, pricing and cost allocation, etc. **Prerequisite:** ACCT 201. Three hours per week.

**248. LEGAL ENVIRONMENT**  
3 hours credit  
In-depth analysis of legal principles and their relationships to commerce. Topics include areas of torts, constitutional law, contracts and government regulation. Three hours per week.

**302. COST ACCOUNTING I**  
3 hours credit  
Emphasizes the use of accounting information for budgeting, planning and control, and decision making. Topics include integrated budgeting, variance analysis, job-order costing, activity-based costing, relevant costs for decision making, etc. **Major Prerequisites:** C or better in ACCT 201, 202 and admission to the Professional Program. **Non-Major Prerequisites:** C or better in ACCT 201, 202 and junior standing. Three hours per week.

**304. INTERMEDIATE ACCOUNTING I**  
3 hours credit  
Detailed analysis of current and noncurrent assets and the related revenue and expense accounts. Emphasis on recent APB and FASB pronouncements. **Major Prerequisites:** C or better in ACCT 201, 202 and admission to the Professional Program. **Non-Major Prerequisites:** C or better in ACCT 201, 202 and junior standing. Three hours per week.

**305. INTERMEDIATE ACCOUNTING II**  
3 hours credit  
Detailed analysis of accounting concepts, including current and noncurrent liabilities, stockholders equity accounts, related revenue and expense accounts, and statement of changes in financial position. Emphasis on recent APB and FASB guidelines. **Major Prerequisites:** C or better in ACCT 304, successful completion of the Accounting Program admission test and admission to the Professional Program. **Non-Major Prerequisites:** C or better in ACCT 304, successful completion of the Accounting Program admission test and junior standing. Three hours per week.

**306. MANAGERIAL ACCOUNTING**  
3 hours credit  
Introduction to internal accounting—accounting for planning and control and also for special decisions. Various topics and techniques are covered, the most pervasive being budgets. **Major Prerequisites:** ACCT 202 and admission to Professional Program. **Non-Major Prerequisites:** ACCT 202 and junior standing. Three hours per week.

**338. SPECIAL TOPICS IN ACCOUNTING**  
3 hours credit  
Advanced study of varying accounting topics based on students’ interests and needs. May be repeated once for credit under different subtitles. May substitute for an accounting elective depending on the topic (see chair of Accounting Department). **Major Prerequisites:** C or better in ACCT 304 and admission to Professional Program. **Non-Major Prerequisites:** C or better in ACCT 304 and junior standing. Three hours per week.

**341. FEDERAL INCOME TAX ACCOUNTING: PERSONAL**  
3 hours credit  
Discussion of technical tax provisions as they pertain to individuals. Emphasis on tax planning considerations. Use of IRS forms where appropriate. This course, along with successful participation in the VITA program, satisfies the ABLE requirement. **Major Prerequisites:** C or better in ACCT 201, 202 and admission to the Professional Program. **Non-Major Prerequisites:** C or better in ACCT 201, 202 and junior standing. Three hours per week.

**342. FEDERAL INCOME TAX ACCOUNTING: PARTNERSHIP AND CORPORATION**  
3 hours credit  
Discussion of technical tax provisions as they pertain to corporations, partnerships, estates and trusts. Emphasis on tax planning considerations. **Major Prerequisites:** ACCT 341 and admission to Professional Program. **Non-Major Prerequisites:** ACCT 341 and junior standing. Three hours per week.

**348. BUSINESS LAW**  
3 hours credit  
Detailed expansion of Legal Environment (ACCT 248). Additional topics include business associations, partnerships, agencies, corporations, bankruptcy law, securities and accountants’ liability. Stresses topics commonly found on the uniform CPA examination. **Major Prerequisites:** ACCT 248 and admission to Professional Program. **Non-Major Prerequisites:** ACCT 248 and junior standing. Three hours per week.
401. INTEGRATED ACCOUNTING SYSTEMS
3 hours credit
Detailed analyses and applications of computerized integrated accounting software systems. Topics include general ledger, accounts receivable, accounts payable, payroll, inventory and report writing systems. **Major Prerequisites:** ACCT 202 and admission to Professional Program. **Major Prerequisites:** ACCT 202 and junior standing. **Three hours per week.**

403. ADVANCED ACCOUNTING I
3 hours credit
In-depth study of consolidations and governmental/not-for-profit accounting. **Major Prerequisites:** Senior status, C or better in ACCT 305 and admission to Professional Program. **Non-Major Prerequisites:** Senior status and C or better in ACCT 305. **Three hours per week.**

404. ADVANCED ACCOUNTING II
3 hours credit
Examination of advanced accounting topics such as foreign currency translations; segment, interim and SEC reporting; troubled debt; partnerships; and estates and trusts. **Major Prerequisites:** C or better in ACCT 305 and admission to Professional Program. **Non-Major Prerequisites:** Senior status and C or better in ACCT 305. **Three hours per week.**

407. AUDITING
3 hours credit
Duties and responsibilities of auditors, auditing standards, examination procedures, work paper preparation and audit reports. **Major Prerequisites:** Senior status, C or better in ACCT 305 and admission to Professional Program. **Non-Major Prerequisites:** Senior status and C or better in ACCT 305. **Corequisite:** ACCT 497. **Three hours per week.**

410. ADVANCED PROBLEMS IN FINANCIAL, MANAGERIAL AND GOVERNMENTAL ACCOUNTING
3 hours credit
Advanced applications in financial, managerial and governmental accounting. The first of a two-course elective sequence for accounting majors who plan to pursue a career in public accounting as certified public accountants. **Major Prerequisites:** C or better in ACCT 305 or permission of the department chair, and admission to Professional Program. **Non-Major Prerequisites:** C or better in ACCT 305 or permission of the department chair, and junior standing. **Three hours per week.** (P/F)

411. ADVANCED PROBLEMS IN TAXATION, LAW AND AUDITING
3 hours credit
Advanced applications in federal taxation, business law, professional responsibilities and ethics, and auditing. The second of a two-course elective sequence for accounting majors who plan to pursue a career in public accounting as certified public accountants. **Major Prerequisites:** C or better in ACCT 305 or permission of the department chair, and admission to Professional Program. **Non-Major Prerequisites:** C or better in ACCT 305 or permission of the department chair, and junior standing. **Three hours per week.** (P/F)

415. GOVERNMENTAL AND NOT-FOR-PROFIT ACCOUNTING
3 hours credit
Examination of the full range of accounting and reporting policies and procedures for state and local governments as well as for not-for-profit organizations. **Major Prerequisites:** C or better in ACCT 304 and admission to Professional Program. **Non-Major Prerequisites:** C or better in ACCT 304 and junior standing. **Three hours per week.**

420. ACCOUNTING INFORMATION SYSTEMS
3 hours credit
Examination of the role of accounting information in the organization. Major topics include users of accounting information, goals and objectives, review of accounting systems, the human component, hardware, software, data, operating controls and management controls. **Major Prerequisites:** C or better in ACCT 304 and admission to Professional Program. **Non-Major Prerequisites:** C or better in ACCT 304 and junior standing. **Three hours per week.**

430. INTERNATIONAL ACCOUNTING
3 hours credit
Introduction to a variety of international accounting issues encountered by multinational organizations. Includes accounting and auditing standards, consolidations and taxation. **Major Prerequisites:** C or better in ACCT 304 and admission to Professional Program. **Non-Major Prerequisites:** C or better in ACCT 304 and junior standing. **Three hours per week.**

435. ACCOUNTING IN ITS GLOBAL SETTING
3 hours credit
Introduction to a variety of international accounting issues encountered by multinational organizations. Includes financial accounting standards; consolidation of international operations; auditing standards and procedures; managerial accounting systems for information gathering, planning, control and performance measurement; and international taxation. Part or all of the course will be held in another country. **Major Prerequisites:** C or better in ACCT 304 and admission to Professional Program. **Non-Major Prerequisites:** C or better in ACCT 304 and junior standing. **Three hours per week.**

460. CONTEMPORARY ISSUES IN ACCOUNTING
3 hours credit
Study of contemporary problems and issues emerging in the accounting profession. Includes developments at the SEC, FASB, GASB, GAO, IFAC, AICPA, etc., plus other technical issues. **Prerequisites:** C or better in ACCT 304 and junior standing. **Three hours per week.**

490. ACCOUNTING INTERNSHIP
3 hours credit
Internship experience in accounting. Placement and approval by chair of the accounting department required. **Prerequisites:** C or better in ACCT 201, 202; successful completion of the Professional Program admission test; completion of, or concurrent enrollment in, ACCT 304; placement approval and permission of the department chair; completion of ABLE administrative requirements; admission to Professional Program. **Three hours per week.**

491. ADVANCED ACCOUNTING INTERNSHIP
3 hours credit
Advanced internship experience in accounting. Placement and approval by chair of the accounting department required. **Prerequisites:** ACCT 490, placement approval and permission of the department chair, completion of ABLE administrative requirements. **Three hours per week.**

494. DIRECTED STUDY
1-3 hours credit
For students who desire to do research or pursue a special topic in accounting. May be used as an accounting elective if approved by the chair of the Accounting Department. **Prerequisites:** Junior status and permission of instructor prior to registration. **One to three hours per week.**

497. AUDITING INTERNSHIP
3 hours credit
A capstone experience which prepares graduates for their professional careers. Satisfies the ABLE requirement of the Accounting Department. **Prerequisites:** C or better in ACCT
305. Admission to the Professional Program and senior standing. Corequisite: ACCT 407. Three hours per week.

510. GRADUATE SURVEY OF ACCOUNTING
3 hours credit
Introduction to the principles of accounting for proprietorships, partnerships and corporations. Surveys current financial accounting principles, the accounting cycle and financial statements. Prerequisite: Provisional status in M.B.A. program. Three hours per week.

604. ACCOUNTING FOR DECISION MAKING
2 hours credit
A study of accounting for decision making. Includes topics such as ethics; cost management concepts; understanding costing systems including activity-based systems; and understanding management accounting systems and how they impact behavior, decision making, budgeting, pricing, motivation and performance measurement. Prerequisite: Admission to the M.B.A. program; completion of Ivy Software Assessment; ACCT 201 (or equivalent) with a grade of C or better. Four hours per week for half a semester.

605. FINANCIAL ACCOUNTING THEORY
3 hours credit
Basic framework of accounting theory relating to income determination and funds flows. The basic problem of asset measurement, classification and the objective of financial reporting are presented along with the official and unofficial pronouncements of accounting societies and changes in accounting procedures. Basic understanding of the nature and development of accounting principles along with their application to current practice. Prerequisite: Admission to M.B.A. program. Three hours per week.

608. ADVANCED AUDITING
3 hours credit
Addresses current issues in the technical, political, legal and economic environment which affect the public accounting profession's performance of its audit and attest function. Prerequisite: Admission to M.B.A. program. Three hours per week.

615. GOVERNMENTAL AND NOT-FOR-PROFIT ACCOUNTING
3 hours credit
Covers the full range of accounting and reporting policies and procedures for state and local governments as well as for a variety of not-for-profit organizations. Prerequisite: Admission to M.B.A. program. Three hours per week.

618. STRATEGIC ISSUES IN ACCOUNTING AND FINANCE
2 hours credit
An exploration of financial planning, information and reporting issues that are critical to organizational success in the time of Sarbanes-Oxley, heavy international competition and outsourcing. Some key areas include ratio analysis, capital budgeting, performance reporting, financial planning, integrated information systems and current best practices. Prerequisites: ACCT 604 and admission to the M.B.A. program. Four hours per week for half a semester.

620. ADVANCED ACCOUNTING INFORMATION SYSTEMS
3 hours credit
Presents the underlying concepts of information management, with an emphasis on accounting applications and systems controls. Prerequisite: Admission to M.B.A. program. Three hours per week.

630. INTERNATIONAL ACCOUNTING
3 hours credit
Introduces a variety of international accounting issues encountered by multinational organizations. Prerequisite: Admission to M.B.A. program. Three hours per week.

640. MANAGERIAL ACCOUNTING
3 hours credit
Study of the use by management of accounting information for planning and control. Includes budgeting, cash-flow analysis, cost behavior concepts, strategic planning and financial reporting. This course is for non-accounting majors. Prerequisite: Admission to M.B.A. program. Three hours per week.

645. ADVANCED TAXATION AND PUBLIC POLICY
3 hours credit
Focus on foundation and application of tax policy and law for federal and state income taxation. Individual, business and fiduciary tax knowledge will allow the student to develop a tax awareness by developing an ability to recognize tax problem areas, pitfalls and planning opportunities. Local, state, federal and international taxation issues and current events of U.S. individuals and business entities coupled with expanding on tax research skills will prepare students for management decision making roles in the consulting or business world. Prerequisite: Admission to M.B.A. program. Three hours per week.

650. ADVANCED MANAGERIAL ACCOUNTING
3 hours credit
Provides undergraduate accounting majors with advanced treatment of new and complex techniques and procedures integral to the design and implementation of managerial and cost control systems in a rapidly evolving technological environment. Prerequisite: Admission to M.B.A. program. Three hours per week.

660. CONTEMPORARY ISSUES IN ACCOUNTING
3 hours credit
Study of contemporary problems and issues emerging in the accounting profession. Includes developments at the SEC, FASB, GASB, GAO, IFAC, AICPA, etc., plus other technical issues. Prerequisites: A total of nine hours of upper-division accounting courses including ACCT 302, 304. Admission to the M.B.A. program. Three hours per week.

698. DIRECTED INDEPENDENT STUDY
1-3 hours credit
Individual tutorial course including accounting research topics not covered in other accounting courses. May be taken a maximum of two times (regardless of number of credits each time) under different subtitles. Prerequisites: A total of nine hours of upper-division accounting courses including ACCT 302, 304; completion of M.B.A. Office administrative requirements; and admission to the M.B.A. program. One to three hours per week.

699. SPECIAL TOPICS IN ACCOUNTING
3 hours credit
Study of specific problems and issues in accounting not covered in other courses. May be taken twice (maximum number of credit is six) under different subtitles. Prerequisites: A total of nine hours of upper-division accounting courses including ACCT 302, 304. Admission to the M.B.A. program. One to three hours.

AIR FORCE SCIENCE (AFSC)

110. FOUNDATIONS OF THE U.S. AIR FORCE I
1 hour credit
Introduction to the Air Force ROTC that surveys the roles of the U.S. Department of Defense and the U.S. Air Force in our society. Prerequisite: Enrollment in the Air Force ROTC program. One hour per week.
111. FOUNDATIONS OF THE U.S. AIR FORCE II

2 hours per week.

Study of basic leadership and team-building skills. Continues to explore career fields and basic core values in the Air Force. Designed to enhance basic oral and written communication skills. Prerequisite: Enrollment in the Air Force ROTC program. One hour per week.

210. EVOLUTION OF USAF AIR AND SPACE POWER I

1 hour credit

Examines the importance of air and space power starting with the first and second World Wars and concluding with the initiation of the Korean Conflict. Prerequisite: Enrollment in the Air Force ROTC program. One hour per week.

211. EVOLUTION OF USAF AIR AND SPACE POWER II

1 hour credit

Examines the importance of air and space power through the Korean, Vietnam, Gulf and current War on Terrorism. Focuses on events, leaders and technical developments which surrounded the evolution and employment of USAF air and space power from the Korean War to the present. Prerequisite: Enrollment in the Air Force ROTC program. One hour per week.

310. AIR FORCE LEADERSHIP STUDIES I

2 hours credit

Focuses on the study of leadership principles, allowing students to serve as leaders in the cadet wing as well as providing skills needed to progress to the rank of Second Lieutenant during active duty. Provides advanced leadership experiences through a laboratory component. Prerequisite: Enrollment in the Air Force ROTC program. Two hours per week.

311. AIR FORCE LEADERSHIP STUDIES II

2 hours credit

Study of leadership as a leader in the Air Force cadet group as well as in future active duty situations. Provides advanced leadership experiences and the opportunity to apply the principles. Course is taught at University of Delaware. Prerequisite: Enrollment in the Air Force ROTC program. Two hours per week.

410. AIR FORCE LEADERSHIP STUDIES AND PREPARATION FOR ACTIVE DUTY I

2 hours credit

Focuses on applying concepts in leadership and management by comprehending leadership styles and managerial functions, concepts of individual motivation and organization/ group dynamics, and decision-making processes. Emphasizes oral and written communication skills, leadership research and behavior. Course is taught at University of Delaware. Prerequisite: Enrollment in the Air Force ROTC program. Two hours per week.

411. AIR FORCE LEADERSHIP STUDIES AND PREPARATION FOR ACTIVE DUTY II

2 hours credit

Continuation of the application of leadership and management principles to Air Force cadet group activities and future active duty situations. Provides advanced leadership, responsibilities and opportunities to apply the effective principles to real-life situations. Course is taught at University of Delaware. Prerequisite: Enrollment in the Air Force ROTC program. Two hours per week.

AMERICAN STUDIES (AMST)

205. THE AMERICAN EXPERIENCE

3 hours credit

Introductory course in American Studies. Attempts to define the American character and society through reading in history, biography and fiction covering the 19th and 20th centuries. Three hours per week.

305. ALTERNATIVE COMMUNITIES AND LIFESTYLES IN AMERICA

3 hours credit

Survey of American countercultures from the Puritans to recent communes. Emphasis on alternative forms of religion, economic and social organization, and marriage. Three hours per week.

315. TOPICS IN AMERICAN STUDIES

3 hours credit

Historical study of some particular aspect of American society and culture. May be taken twice under different course titles. Three hours per week.

480. SENIOR SEMINAR IN AMERICAN STUDIES

4 hours credit

A research seminar. Students design and carry out a research project. Class reading and discussion attempts to integrate previous work done in American studies and arrive at a comprehensive overview of American society and culture. Crosslisted with HIST 375. Prerequisite: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIIB.

ANTHROPOLOGY (ANTH)

100. CULTURAL ANTHROPOLOGY AND LINGUISTICS

4 hours credit

Introduction to the study of human culture and communication across a wide range of traditional and modern societies, with an emphasis on participant-observation ethnographic fieldwork. May not receive credit for both ANTH 212 and ANTH 100. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

102. BIOLOGICAL ANTHROPOLOGY AND ARCHAEOLOGY

4 hours credit

Introduction to the study of human biological and cultural evolution from the earliest hominins to the present, with an emphasis on paleoanthropological and archaeological research. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

200. TOPICS IN ANTHROPOLOGY

4 hours credit

Study of specific topics in varied fields of anthropology. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

201. CULTURAL ANTHROPOLOGY SURVEY

4 hours credit

A comprehensive survey of the indigenous peoples and traditional cultures of a specific region of the world, focusing on ethnographic and linguistic research. May be taken twice under different subtitles. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

202. ARCHAEOLOGY SURVEY

4 hours credit

A comprehensive survey of the archaeological cultures of a specific region of the world or chronological period. May be taken twice under different subtitles. May not receive credit for both ANTH 250 and ANTH 202. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).
215. RELIGION, MAGIC AND WITCHCRAFT
4 hours credit
Study of beliefs and rituals of people affected by the presence of gods or other supernatural beings. Topics include magic, witchcraft and shamanist practices among aboriginal and traditional societies throughout the world. Three hours per week with enhancement. Meets General Education IIIB or IIEC (Prior to Fall 2008: IIIB).

301. CULTURAL ANTHROPOLOGICAL METHOD AND THEORY
4 hours credit
Survey of the theoretical history of cultural anthropology and a detailed overview of the methods of ethnographic research. Prerequisites: Sophomore standing and completion of two anthropology track core courses with grades of C or better. Three hours per week with enhancement.

302. ARCHAEOLOGICAL METHOD AND THEORY
4 hours credit
Survey of the theoretical history of archaeology and a detailed overview of the methods of archaeological research. Prerequisites: Sophomore standing and completion of two anthropology track core courses with grades of C or better. Three hours per week with enhancement.

400. INDIVIDUAL DIRECTED STUDY
4 hours credit
Advanced study in an area of anthropology through intensive literature and/or field research. Prerequisites: Sophomore standing and completion of two anthropology track core courses with C or better grades.

410. ARCHAEOLOGICAL FIELD METHODS
6 hours credit
Instruction in the hands-on techniques of archaeological fieldwork, including survey, excavation and the recording of finds. Offered during summer term only. Thirty-five hours per week.

459. SEMINAR IN ANTHROPOLOGY
4 hours credit
Advanced study of current research and literature in a selected field of anthropology. May be repeated twice under different subtitles. Prerequisites: Sophomore standing and completion of two anthropology track core courses with C or better grades. Three hours per week with enhancement.

497. UNDERGRADUATE RESEARCH
4 hours credit
Independent student research under anthropology faculty supervision. Students will have the opportunity to study a topic in depth and design their own research project; public presentation of results required. Prerequisites: Junior standing and satisfactory completion of three core courses.

500. INDIVIDUAL DIRECTED STUDY
3 hours credit
Advanced study in an area of anthropology through intensive literature and/or field research. May be repeated once under different subtitles.

510. ARCHAEOLOGICAL FIELD METHODS
6 hours credit
Instruction in the hands-on techniques of archaeological fieldwork, including survey, excavation and the recording of finds. Offered during summer term only. Thirty-five hours per week.

559. SEMINAR IN ANTHROPOLOGY
3 hours credit
Advanced study of current research and literature in a selected field of anthropology. Three hours per week.

APPLIED HEALTH PHYSIOLOGY (AHPH)

502. INTRODUCTION TO RESEARCH
3 hours credit
Methods of investigating physiological mechanisms within the human clinical context; development of skills for producing as well as consuming research by proposing a research plan. Prerequisite: Admission to program. Three hours per week.

512. STRENGTH TRAINING TECHNIQUES AND PROGRAM DESIGN
3 hours credit
Examination of strength training techniques and program design. Emphasis placed on proper form and utilization of various workout designs to complement larger training goals. Students will gain experience in the practical aspects of designing individual workout sessions, periodization and programming to enhance progression. The course is designed to assist the student in meeting requirements to be eligible for and pass the National Strength and Conditioning Association’s Certified Strength and Conditioning Specialist exam (additional fee required for examination). Prerequisite: Admission to graduate study. Three hours per week.

513. EXERCISE AND STRENGTH TRAINING FOR REHABILITATION
3 hours credit
Review of injury process to bones/muscles that affect strengthening techniques and ability as well as the interaction of complicating medical history on exercise programs. Students will apply concepts of strengthening, cardiovascular and stretching techniques and design integrated programs for individuals with various medical conditions. Prerequisite: Admission to program. Three hours per week.

514. MUSCLE PHYSIOLOGY: ADAPTATIONS TO TRAINING AND SUPPLEMENTS
3 hours credit
Examination of muscle structure and function. Focus on muscle response to aerobic and resistance training and adaptations induced via supplement use. Additionally, students examine the influence of muscle disuse and response to injury. Prerequisite: Admission to graduate study. Three hours per week.

515. APPLIED STRENGTH AND CONDITIONING
3 hours credit
Application of concepts and principles presented in AHPH 512 and AHPH 513. Students are assigned a group of athletes to train. Students work under the direction of the course instructor to design, implement and modify the strength and conditioning programs for their athletes. Emphasis is placed on tailoring the strength and conditioning programs to best meet the individual athlete’s needs. Prerequisite: AHPH 512 and American Heart Association Health Care Provider CPR. Three hours per week.

532. EXERCISE METABOLISM
3 hours credit
A systematic, in-depth examination of the regulation of metabolic processes during exercise. Emphasis on carbohydrate, lipid and amino acid pathways in skeletal muscle, adipose tissue and the liver. Also includes an examination of metabolic factors contributing to fatigue and metabolic adaptations to strength and endurance exercise training. Prerequisite: Admission to Applied Health Physiology Program. Three hours per week.
534. HUMAN PSYCHOPHYSIOLOGY
3 hours credit
Study of the interrelationships between the mind and body. Examination of current research and historical views on the interaction of physiological processes and psychological function. **Prerequisite:** Admission to Applied Health Physiology Program. **Three hours per week.**

537. EMERGENCY PROCEDURES FOR CARDIOVASCULAR LIFE SUPPORT
3 hours credit
Using a case-based approach to enhance critical thinking, this course provides an in-depth study of applied cardiovascular/pulmonary physiology to Advanced Cardiovascular Life Support (ACLS). An expected outcome is achieving certification as ACLS providers. **Prerequisite:** American Heart Association Basic Life Support and consent of program director. **Three hours per week.**

542. EXERCISE PROGRAMMING, NUTRITION AND WEIGHT CONTROL
3 hours credit
Study of exercise programming guidelines as established by the American College of Sports Medicine. A strong focus is placed upon nutrition and weight control in conjunction with exercise prescription recommendation for a variety of clinical populations. Students gain practical experience in developing exercise programs for individuals with various conditions. **Prerequisite:** Admission to program. **Three hours per week.**

544. PHARMACOLOGICAL ASPECTS OF CLINICAL PHYSIOLOGY
3 hours credit
Examination of the physiological mechanisms involved in the clinical treatment of individuals with medications. Emphasis placed on the pharmacological influence on therapeutic exercise program design, monitoring techniques and patient outcomes. **Prerequisites:** Admission to program. **Three hours per week.**

545. CARDIOPULMONARY ASPECTS OF PHYSIOLOGY
3 hours credit
Study of cardiopulmonary physiology with an emphasis on gas transport, fluid and electrolyte balance, acid-base regulation, response to exercise and training adaptations. **Prerequisite:** Admission to program. **Three hours per week.**

546. HUMAN DEVELOPMENT AND AGING IN POPULATIONS WITH CHRONIC DISEASE
3 hours credit
Study of the pathophysiology and psychosocial aspects of aging populations with Chronic Obstructive Pulmonary Disease (COPD) and those with Coronary Artery Disease (CAD). Examination of the deleterious effects of COPD and CAD on physical and psychological functioning. Emphasis on cardiovascular/pulmonary rehabilitation as a mechanism to enhance quality of life in populations with COPD and/or CAD. **Prerequisites:** Admission to program. **Three hours per week.**

553. CLINICAL PHYSIOLOGY
3 hours credit
Study of common lab techniques used in physiologic health screening, fitness testing and research. Emphasis on cardiovascular and musculoskeletal procedures. **Three hours per week.**

562. TRENDS AND ISSUES IN PHYSIOLOGY
3 hours credit
In-depth examination of current literature in physiological journals. Emphasis placed upon critical review of research in regards to methodology, data interpretation and conclusions derived from data. **Prerequisite:** Admission to program. **Three hours per week.**

590. SELECTED TOPICS IN APPLIED HEALTH PHYSIOLOGY
3 hours credit
Provides opportunities to investigate special themes or issues of interest for students in the health and fitness professions. Topics will vary by semester. May be repeated once under different course subtitles for a total of six credits. **Prerequisite:** Permission of instructor. **Three hours per week.**

691. RESEARCH IN PHYSIOLOGY
3 hours credit
Independent student research under the direction of a faculty member. Students will collect, analyze and interpret data and then prepare a manuscript suitable for publication. **Prerequisite:** AHPH 502. **Six hours per week.**

692. APPLIED HEALTH PHYSIOLOGY INTERNSHIP
3 hours credit
An internship of practical/observational experience with an approved health care/enhancement program for students pursuing a Master of Science in applied health physiology with a focus in one of three areas: strength and conditioning, cardiovascular/pulmonary rehabilitation, or fitness/wellness. **Prerequisite:** Admission to the program; completion of 18 graduate credit hours in the program, purchase of professional liability insurance, consent of program director and, where applicable depending on the area of focus, American Heart Association Basic Life Support. The number of hours for completion is based on the area of focus.

---

**ART (ART)**

104. ART APPRECIATION
4 hours credit
Wide ranging introduction to the visual arts that focuses primarily on the art and architecture of Western Civilization. Topics include art theory, visual perception, subject matter and content, art-making media and techniques, the creative process and the relation of art to its historical and cultural context. **Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).**

121. DESIGN PRINCIPLES
4 hours credit
Introduction to and development of knowledge and comprehension of the underlying principles of visual composition, through the creation of designs. Bulk supplies are provided, but students need to furnish some materials. **B.A./B.F.A. Corequisite:** ART 130. **Six hours per week. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).**

129. INTRODUCTION TO DIGITAL PHOTOGRAPHY
4 hours credit
Introductory-level course designed to explore fundamentals of composition using digital photography and related support technology. Stresses the application of the elements of design and principles of composition through traditional photographic assignments and is appropriate for non-art majors, art minors and art majors in all tracks except photography. Instruction includes use of a digital camera and basic image manipulation programs. Students must provide their own cameras. **B.A./B.F.A. Prerequisite:** ART 121. **Six hours per week. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).**

130. DRAWING I
4 hours credit
Introduction to basic drawing principles, using a combination of black and white media in the exploration of linear and tonal elements. Students furnish their own materials. **B.A. and B.F.A. core. B.A./B.F.A. Corequisite:** ART 121. **Six hours**
per week. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

201. INTRODUCTION TO ART HISTORY
4 hours credit
Chronological survey of art and architecture in western civilization, from prehistory to the present. Considers the style, subject matter and purposes of art in relation to its historical time period or culture. B.A. and B.F.A. core. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

208. HISTORY OF BAROQUE AND ROCOCO ART
4 hours credit
Survey of the visual arts in Europe from the late 17th century to the end of the 18th century. Explores the work of the era’s major artists in relation to the larger historical, social and cultural contexts of their time. Emphasis on new developments in subject matter, patronage and art theory. Prerequisite: ART 201 for majors; no prerequisite for non-majors. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

215. CERAMICS I
4 hours credit

219. DESIGN IN FIBER CRAFTS
4 hours credit
Introduction to the art of textile design utilizing a variety of techniques and materials. B.F.A. Prerequisites: ART 121, 130. Six hours per week.

226. GRAPHIC DESIGN I
4 hours credit
Introduction to graphic design as a specialized arts medium that integrates text and images to communicate specific messages to diverse viewers. Covers the history of graphic design, principles of visual communication and image creation, and the use of specialized computer software to solve basic graphic design problems. B.A. and B.F.A. Prerequisites: ART 121, 130, 201, 230. Six hours per week.

227. DIGITAL DESIGN AND LAYOUT
4 hours credit
Introduction for non-graphic design majors to the principles of graphic design and layout, and to the basic software packages used in graphic design. B.A. and B.F.A. Prerequisites: ART 121, 130, 201, 230 or instructor permission. Six hours per week.

229. PHOTOGRAPHY I
4 hours credit
Introduction to basic elementary black and white photographic methods and darkroom procedures. Students furnish their own cameras, film, paper and developing tank. B.A. core. B.A. Prerequisites: ART 121, 130. B.F.A. Prerequisites: ART 121, 130, 230. Six hours per week.

230. DRAWING II
4 hours credit
Introduction to monochromatic and polychromatic drawing techniques using wet and dry media. Students furnish their own materials. B.F.A. core. B.A. Prerequisites: ART 121, 130. B.F.A. Prerequisites: ART 121, 130, 201. Six hours per week.

246. PAINTING I
4 hours credit
Introduction to techniques in oil, acrylics and watercolor.
304. HISTORY OF AMERICAN ART: THE 20TH CENTURY
4 hours credit
Survey of the visual arts, primarily painting and sculpture, in the United States from the turn of the century to the present. Topics include the historical and social contexts of this art, the world and ideas of major artists, and the emergence of an American avant-garde after World War II. B.A. and B.F.A. Prerequisite: ART 201. Non-major Prerequisite: Permission of instructor for non-majors. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

305. ART SINCE 1945
4 hours credit
Survey of major art movements in the United States and Europe since World War II, including key theoretical writings by artists and critics. Topics include the public persona of the artist, new ideas about the concept, form, purpose and interpretation of art, its relation to other disciplines, and its legitimation through arts organizations and the marketplace. B.A. and B.F.A. Prerequisite: ART 201. Non-major Prerequisite: Permission of the instructor for non-majors. Three hours per week with enhancement.

306. HISTORY OF GREEK AND ROMAN ART
4 hours per week
Survey of ancient Greek and Roman art and architecture, beginning with the emergence of Greek civilization in the ninth century B.C. and ending with the fall of the Roman empire. Considers the style, subject matter and varied purposes of Greek and Roman art in relation to the changing historical, social and cultural contexts of this era. B.A. and B.F.A. Prerequisite: ART 201. Non-major Prerequisite: ART 104 or ART 201 or permission of instructor. Three hours per week with enhancement.

310. HISTORY OF ITALIAN RENAISSANCE ART
4 hours credit
Survey of painting, sculpture and architecture in the principal art centers of Italy during the 15th and 16th centuries. Covers the work and influence of several generations of major artists in relation to the larger historical, social and cultural contexts of this era. B.A. and B.F.A. Prerequisite: ART 201. Non-major Prerequisite: ART 201. Non-major Prerequisite: Permission of instructor for non-majors. Three hours per week with enhancement.

312. WEB DESIGN
4 hours credit
Introduction to Web site design for creating visual materials on a microcomputer. Students create artistic "WWW pages," work on group assignments and publish collective work as a hyperlink to the home pages of the Art Department and/or other campus offices. B.A. Prerequisite: ART 227. B.F.A. Prerequisites: ART 226 or 227, and 201. Non-major Prerequisite: COSC 116 or permission of the instructor. Six hours per week.

313. INTERACTIVE ANIMATION
4 hours credit
Introduction to interactive animation on a microcomputer. Learn to design animated, audiovisual content. Instruction in computer illustration and in the mechanics of motion graphics results in content suitable for publication on the Web and stand-alone presentation on compact disc. B.A. Prerequisite: ART 326 or permission of the instructor. B.F.A. Prerequisites: ART 227 or 326, and 201 or permission of instructor. Non-major Prerequisite: COSC 116 and permission of the instructor. Six hours per week.

315. CERAMICS II
4 hours credit
Introduction to the elements and principles of designing and making pottery using the wheel throwing process. Students furnish their own materials. Prerequisite: ART 215. Six hours per week.

318. BOOK ARTS
4 hours credit
Introduction to the handmade, one-of-a-kind “artist’s book” as a sculptural medium and creative art form. Explores various bookbinding techniques and both traditional and nontraditional materials, including those used in other art media. Encourages students to draw upon their work in various art courses and fields of study in the design, structure and content of their books. B.F.A. Prerequisites: ART 121, 130, 230. Six hours per week.

326. GRAPHIC DESIGN II
4 hours credit
Introduction to historic and contemporary typographic forms and to the integration of print and interface design for aesthetic and expressive purposes. Using more advanced software, students learn to design direct mail campaigns and promotional materials to establish corporate or product identity. Prerequisite: ART 226. Six hours per week.

328. ILLUSTRATION
4 hours credit
Students learn how to conceptualize and create images that communicate narrative or editorial content, using a variety of image-making techniques, including photo-imaging, computer-aided drawing, plus various traditional arts media. B.A. Prerequisite: ART 226. B.F.A. Prerequisite: ART 226 or 227. Six hours per week.

329. PHOTOGRAPHY II
4 hours credit
Continuation of aesthetic and experimental photography. Expands lab and field processes learned in Photography I and emphasizes personal expression. Topics include filters, flash, studio and darkroom techniques, Kodalith and multiple image. Students furnish their own cameras, film, paper and filters. Prerequisite: ART 229. B.F.A. Prerequisites: ART 229, completion of 24 hours of B.F.A. core. Six hours per week.

330. DRAWING III
4 hours credit
Continuation of advanced monochromatic and polychromatic drawing techniques using wet and dry media, creating thesis-type projects. Students furnish their own materials. Prerequisite: ART 230. Six hours per week.

335. WOMEN IN ART
4 hours credit
Study of the art of selected women artists in relation to the historical and social contexts in which they worked and the professional opportunities available to them. Also examines how women have been represented in art, and how these images shape, reinforce or challenge society’s beliefs about women and feminine gender roles. B.A. and B.F.A. Prerequisite: ART 201. Non-major Prerequisite: Permission of instructor. Three hours per week with enhancement.

336. HISTORY OF GRAPHIC DESIGN
4 hours credit
Comprehensive survey of graphic design history from prehistory to present. Topics include the influence of social and political world events, changing technology, important innovators and media evolution on print communications. B.A. and B.F.A. Prerequisite: ART 201. Non-major Prerequisite: Permission of instructor. Three hours per week with enhancement.
340. PAINTING II  
4 hours credit  
Study of selected media chosen by the student, with attention to special techniques and problems. Students furnish their own materials. Prerequisite: ART 246. Six hours per week.

345. ADVANCED COMPOSITION  
4 hours credit  
A process-oriented drawing/painting course emphasizing increased levels of abstraction using a variety of media with special focus on formal issues. Prerequisite: ART 121, 130, 246. Six hours per week.

350. PRINTMAKING: LITHOGRAPHY  
4 hours credit  
Introduction to the principles of lithographic printing through the study of historical elements and practical processes. Various monochromatic lithographic printing techniques explored. Students furnish their own materials. B.A. and B.F.A. Prerequisites: ART 121, 130. Six hours per week.

351. PRINTMAKING: ETCHING  
4 hours credit  
Introduction to the principles of the fine art methods of intaglio printing through the study of historical elements and practical processes. Various monochromatic etching techniques explored. Students furnish their own materials. B.A. and B.F.A. Prerequisites: ART 121, 130. Six hours per week.

352. PRINTMAKING: SILKSCREEN  
4 hours credit  
Introduction to the principles of serigraphic printing through the study of historical elements and practical processes. Various monochromatic and polychromatic silkscreen printing techniques explored. Students furnish their own materials. B.A. and B.F.A. Prerequisites: ART 121, 130. Six hours per week.

353. PRINTMAKING: RELIEF  
4 hours credit  
Introduction to the principles of relief printing through the study of historical elements and practical processes. Various monochromatic and polychromatic relief printing techniques explored. Students furnish their own materials. B.A. and B.F.A. Prerequisites: ART 121, 130. Six hours per week.

355. DIGITAL IMAGING  
4 hours credit  
Introduction to digital imaging software and processes. Students will use photographs as well as original works in other media to create high quality digital prints, from black and white to full color. Emphasis will be placed onesthetic content as well as technical proficiency. B.A. and B.F.A. Prerequisites: ART 121, 130 and 229. Six hours per week.

359. ADVANCED DIGITAL PHOTOGRAPHY  
4 hours credit  
Upper-level course that covers advanced projects in photography using digital technology. Students should have a basic understanding of photographic composition and of basic computer skills required for digital imaging. A digital camera is required. May be taken twice for credit. Prerequisites: ART 129 or 229 or permission of the instructor. Six hours per week.

361. SCULPTURE II  
4 hours credit  
Study of the sculpture techniques of welding, casting and hand building. Students furnish their own materials. B.A. Prerequisites: ART 215, 261. B.F.A. Prerequisites: ART 215, 261 and completion of 24 hours of the B.F.A. core. Six hours per week.

371. GLASS II  
4 hours credit  
Refinement of introductory glass-working techniques and processes, plus demonstrations of more advanced hot-glass processes, cold methods and color techniques. Focuses on studio maintenance and construction of equipment. Students must furnish safety apparel and any materials not covered by the lab fee. Prerequisite: ART 271. Six hours per week.

380. NEW MEDIA II  
4 hours credit  
An intermediate introduction to videography, video editing, sound recording, surround sound mastering, storyboard, scripting and motion graphics. Includes a field trip to a contemporary art exhibition which focuses on new media art. Prerequisites: ART 280. Six hours per week.

390. ADVANCED STUDY IN ART  
1-3 hours credit  
Advanced study in one or a combination of studio disciplines or art history. Students furnish their own materials. B.A. Prerequisites: Completion of core and all regularly scheduled courses in thesis area; approval of the department chair prior to registration. B.F.A. Prerequisites: ART 121, 130, 230.

391. SPECIAL TOPICS IN ART HISTORY  
4 hours credit  
Intensive study, including research, of a particular topic in art history. May be taken twice under different subtitles. B.A. and B.F.A. Prerequisite: ART 201. Non-major Prerequisite: ART 104 or ART 201 or permission of instructor. Three hours per week with enhancement.

395. SPECIAL TOPICS IN ART  
4 hours credit  
Intensive study of a selected area in studio art that includes research. May be taken twice for credit with different subtitles. Students furnish their own materials. B.A. Prerequisites: ART 121, 130, 201. B.F.A. Prerequisites: ART 121, 130, 230. Six hours per week.

399. INTERNATIONAL FIELD STUDY  
3 hours credit  
Travel and study of art, geography, history and culture of selected countries. Pre-tour lectures and other activities required. May be repeated once for credit. Prerequisite: Permission of instructor. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

415. CERAMICS III  
4 hours credit  
Presentation of advanced techniques in wheel throwing, clay assembly and kiln firing. Students furnish their own materials. B.A. Prerequisites: ART 315. B.F.A. Prerequisites: ART 315, completion of 24 hours of the B.F.A. core. Six hours per week.

416. ADVANCED CERAMICS  
4 hours credit  
Surveys the history, theory and practice of ceramics in a studio setting. Each student investigates and presents a seminar report on an individually chosen area of ceramic art followed by the practical application of discoveries via individual art works. This course may be repeated once for credit. B.A./B.F.A. Prerequisite: ART 415. Six hours per week.

420. PHOTOGRAPHY III  
4 hours credit  
Study of color photography using transparency (slide) film. Practical applications include film selection, exposure and use of color in composition. Discussions of various types of color films and processes and of the history of color. Students furnish their own cameras and most supplies. May be repeated once for credit. B.A. Prerequisite: ART 329. B.F.A.
Prerequisites: ART 329, completion of 24 hours of the B.F.A. core. Six hours per week.

426. GRAPHIC DESIGN III  
4 hours credit  
Using specialized software, students learn how to apply graphic design principles and techniques to the design of three-dimensional packages for consumer products. These design packages must take into account specific marketing goals. B.A. Prerequisite: ART 326. B.F.A. Prerequisites: ART 326, completion of 24 hours of the B.F.A. core. Six hours per week.

429. ADVANCED PHOTOGRAPHY  
4 hours credit  
Study of advanced techniques to develop a personal aesthetic, artistic, and professional style. Use of 4 x 5 view cameras and other advanced techniques. Projects of photo-essay form, designed to build students’ portfolios. Students furnish their own cameras, film, and paper. B.A. Prerequisite: ART 329. B.F.A. Prerequisites: ART 329, completion of 24 hours of the B.F.A. core. Six hours per week.

430. DRAWING IV  
4 hours credit  
Study of advanced monochromatic and polychromatic drawing techniques using wet and dry media with special attention given to ongoing thematic projects. Students furnish their own materials. B.A. Prerequisites: ART 330. B.F.A. Prerequisites: ART 330, completion of 24 hours of the B.F.A. core. Six hours per week.

431. ADVANCED DRAWING  
4 hours credit  
Continued study in studio problems associated with drawing. Focus on the development of a portfolio and a series of papers based on a selected list of readings. This course may be repeated once for credit. Prerequisite: ART 430. Six hours per week.

440. PAINTING III  
4 hours credit  
Study of watercolor, oil, acrylic or media substitute. Focus on painting and critiques. B.A. Prerequisite: ART 340. B.F.A. Prerequisites: ART 340, completion of 24 hours of the B.F.A. core. Six hours per week.

441. PAINTING IV  
4 hours credit  
Advanced experience requiring an individual theme and goals using one of the following media: watercolor, oil, acrylic or media substitute. Development of a professional portfolio. Sketch books and written papers required. Students furnish their own materials. Prerequisite: ART 440. Six hours per week.

442. ADVANCED PAINTING  
4 hours credit  
Continued study in studio problems associated with painting. Focus on the development of a portfolio and a series of papers based on a selected list of readings. This course may be repeated once for credit. Prerequisite: ART 441. Six hours per week.

461. ADVANCED SCULPTURE  
4 hours credit  
Advanced experience of techniques and media. Students furnish their own materials. This course may be repeated twice for credit. B.A. Prerequisite: ART 361. B.F.A. Prerequisites: ART 361, completion of the B.F.A. core. Six hours per week.

471. ADVANCED GLASS  
4 hours credit  
Advanced studio practice in glass, including research projects and class discussions of contemporary issues in three-dimen-

480. ADVANCED NEW MEDIA  
4 hours credit  
Using current software, achieve advanced proficiency in videography, video editing, sound mixing, surround-sound mastering, storyboarding, scripting and motion graphics. An analytical component focuses on the use(s) of time-based media by contemporary artists. Will attend visiting artist lectures and exhibitions designed by the Electronic Gallery. May be taken twice for a maximum of eight credits. Prerequisite: ART 280, 380. Six hours per week.

490. INDEPENDENT STUDY  
1-3 hours credit  
Directed study in one or a combination of studio disciplines. Students furnish their own materials. May be repeated once under different subtitle, for a total of no more than six credits. Prerequisite: Permission of instructor.

491. INTERNSHIP  
1-4 hours credit  
Supervised experiences in art-related work to provide students with an opportunity to use acquired knowledge and skills in a professional way. Prerequisite: Seniors status with 32 or more hours in art, including eight hours in their program track. Six hours per week.

495. GRAPHIC DESIGN AGENCY  
4 hours credit  
Students work collaboratively in a setting structured like a graphic design firm to complete job assignments for actual clients, including the University, community and nonprofit organizations. Students also work on self promotion. Prerequisite: ART 426. Six hours per week.

499. SENIOR EXHIBITION  
2 hours credit  
Summary of the University art experience through active planning and execution of professionally oriented activities such as a group exhibit, professional portfolios and resumes. Prerequisites: Senior standing and permission of instructor. Three hours per week.

500. SEMINAR: ISSUES IN ART  
3 hours credit  
Discussions and research concerning timely topics in art, including direct student participation and faculty lectures. Topics may vary from semester to semester. May be repeated once for degree credit under different course subtitle. Prerequisite: Permission of instructor. Four hours per week.

590. INDEPENDENT STUDY  
1-3 hours credit  
Directed study in one or a combination of studio disciplines. Students furnish their own materials. May be repeated once under different subtitle, for a total of no more than six credits. Prerequisite: Permission of department chair.

ATHLETIC TRAINING (ATTR)

185. INTRODUCTION TO ATHLETIC TRAINING  
4 hours credit  
Review of the history and governance of the athletic training profession. Addresses the body of knowledge and primary responsibilities of the certified athletic trainer. Basic skills in risk management and injury prevention are emphasized. An overview of the clinical requirements for the athletic training

216
major is provided. **Prerequisite:** 15 credits of college-level work. Three hours lecture, two hours laboratory per week.

**213. PATHOLOGY OF INJURIES AND ILLNESSES**  
4 hours credit  
Designed to address the pathology and the medical management of specific acute illnesses and traumatic injuries that may be encountered by the certified athletic trainer. Attention is given to the clinical signs and symptoms of orthopedic-related injuries and clinical manifestations of acute trauma of the body’s systems. Pathology of injuries and illnesses is covered in an introductory manner to allow students to build a foundation of knowledge for further inquiry. May not receive credit for both PHEC 313 and ATTR 213. **Prerequisites:** ATTR 185, BIOL 215. Three hours lecture, two hours laboratory per week.

**221. RISK MANAGEMENT STRATEGIES**  
3 hours credit  
Designed to integrate the topics of risk management and injury prevention in a problem-based learning format. Topics are addressed through a comprehensive approach that includes proficiencies to which the students have been previously exposed. **Prerequisite:** Admission to Athletic Training Program. Two hours lecture, a minimum of 12 hours clinical practice per week.

**320. CLINICAL PATHOLOGY**  
3 hours credit  
Designed to integrate the pathology of traumatic injuries and acute illnesses with prevention and management strategies in a problem-based learning format. Topics are addressed through a comprehensive approach that includes proficiencies to which the students have been previously exposed. May not receive credit for both ATTR 222 and ATTR 320. **Prerequisite:** Admission to Athletic Training Program and ATTR 213. Two hours lecture, a minimum of 12 hours clinical practice per week.

**321. CLINICAL EVALUATION AND MANAGEMENT**  
3 hours credit  
Designed to integrate clinical evaluation skills and the use of physical agents and therapeutic modalities in a problem-based learning format. Topics are addressed through a comprehensive approach that includes proficiencies to which the students have been previously exposed. **Prerequisite:** Admission to Athletic Training Program, ATTR 380, 381. Two hours lecture, a minimum of 12 hours clinical practice per week.

**380. THERAPEUTIC MODALITIES**  
4 hours credit  
Designed to introduce the theory and application of therapeutic modalities and physical agents commonly utilized in the athletic training profession. Focus of the material presented includes the selection, indications, contraindications and appropriate parameter selection. **Prerequisite:** Admission to Athletic Training Program. Three hours lecture, two hours laboratory per week.

**381. ORTHOPEDIC ASSESSMENT**  
4 hour credit  
Designed to present the techniques used in evaluating orthopedic injuries. An in-depth analysis of injury mechanics, and the theory and application of orthopedic and neurological evaluations are included. Through lecture and laboratory opportunities, students develop a systematic approach to the evaluation process and develop accurate impressions of orthopedic injuries. **Prerequisites:** Admission to Athletic Training Program. Three hours lecture, two hours laboratory per week.
514. GENERAL MEDICAL CONDITIONS
IN ATHLETIC TRAINING
3 hours credit
Teaches detailed evaluation skills necessary for assessment and recognition of general medical conditions and pharmacologic applications of the physically active. Prerequisite: ATTR 413. Corequisite: ATTR 407. Three hours per week.

BIOLOGY (BIOL)

101. FUNDAMENTALS OF BIOLOGY
4 hours credit
Introduces students to the principles inherent to life, with a broad overview of the cell, the organism and the community in which living things exist. This Web-enhanced course requires significant online work. Does not satisfy biology major requirements. One hour lecture, two hours online and two hours laboratory per week. Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

105. BIOLOGY AND SOCIETY
3 hours credit
Introduces the non-biology major to the broad principles, fundamental ideas and new discoveries in biology that significantly affect the human being's present and future existence. Relates the study of biology to the pressing social and cultural issues of today. Does not satisfy requirements within the major. Prerequisite: BIOL 101. Three hours per week. Meets General Education IVB (Prior to Fall 2008: IIIB).

115. SAFETY IN THE BIOLOGICAL, CHEMICAL AND CLINICAL LABORATORY
1 hour credit
Review of laboratory safety. Summary of government laws and regulatory bodies and their effect on lab policy. Illustrations of proper procedures for laboratory hazards. Topics include chemicals, infectious microbes, animals, fire, electrical equipment, radiation, glassware and compressed gases. Training in the use of safety equipment and protective clothing and general first aid. Students may not receive credit for both BIOL 115 and MDTC 101. One hour per week.

205. FUNDAMENTALS OF HUMAN ANATOMY AND PHYSIOLOGY
4 hours credit
Intended for health education and physical education majors, emphasizes the musculoskeletal, nervous, cardiovascular and respiratory systems. Three hours lecture, three hours laboratory per week. Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

210. BIOLOGY: CONCEPTS AND METHODS
4 hours credit
Introduction to the study of biology, focusing on how biologists know things and study the world of life, with emphases on cell biology, genetics, ecology and evolution. First course required for biology majors. Four hours lecture/laboratory, two hours online per week. Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

211. MICROBIOLOGY
4 hours credit
Fundamental course in the study of microorganisms and their activity, with emphasis on bacteria. Prerequisite: BIOL 101 or 210 or 215. Two hours lecture, four hours laboratory per week. Meets General Education IVB (Prior to 2008: IIIB).

212. INTRODUCTION TO PLANT BIOLOGY
4 hours credit
Fundamental course exploring the diversity of plant life from an evolutionary perspective, the unique strategies that enable plants to grow, survive and reproduce in different environments, and the interactions between plants and other organisms. Designed for biology majors and other science students. Prerequisite: BIOL 210. Three hours lecture, three hours laboratory per week. Meets General Education IVB (Prior to 2008: IIIB).

213. ZOOLOGY
4 hours credit
Study of the biodiversity, structure and functions of animals and animal-like protists with emphasis on their evolutionary relationships. Designed for biology majors and minors and other science majors. Prerequisite: BIOL 210. Three hours lecture, three hours laboratory per week. Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

214. MEDICAL PHYSIOLOGY
4 hours credit
Presentation of human physiology at the cell and organ levels to include the nervous, skeletal-muscular, cardiovascular, excretory, digestive, respiratory and endocrine systems. Emphasis on normal function and medical relevance. Students may not earn credit for BIOL 214 and MDTC 201. This course will not count for credit in the biology major. Prerequisite: BIOL 101 or 210. Three hours lecture, two hours laboratory per week.

215. HUMAN ANATOMY AND PHYSIOLOGY I
4 hours credit
Comprehensive study of the structure and function of the human organism, including the integumentary, skeletal, muscular, nervous and endocrine systems. Recommended Prerequisite: BIOL 101 or 213. Three hours lecture, three hours laboratory per week. Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

216. HUMAN ANATOMY AND PHYSIOLOGY II
4 hours credit
Comprehensive study of the structure and function of the human organism, including the circulatory, respiratory, digestive, urinary, immune and reproductive systems. Recommended Prerequisite: BIOL 215. Three hours lecture, three hours laboratory per week. Meets General Education IVB (Prior to Fall 2008: IIIB).

217. NUTRITION
3 hours credit
Foundation in the science of nutrition, including biological and biochemical backgrounds for the understanding of nutritional requirements. Does not satisfy requirements within the major. Prerequisite: BIOL 101 or 219 or 215 or 216. Three hours per week. Meets General Education IVB (Prior to Fall 2008: IIIB).

219. BIOLOGY OF HUMAN AGING
3 hours credit
Study of the effects of aging on the structure and functioning of the human body. Integrates biological aging with other aspects of human existence. Includes discussions of diseases common among the elderly. May not be used to satisfy requirements within the biology major. Prerequisites: BIOL 101 or both BIOL 215 and 216. Three hours per week. Meets General Education IVB (Prior to Fall 2008: IIIB).

220. HUMANS AND THE ENVIRONMENT
4 hours credit
Interdisciplinary course in conjunction with the departments of Chemistry and Geography and Regional Planning, designed for non-science majors to develop awareness of ways earth's environment is influenced by human activities and effects of the environment on human society. May not be repeated for credit in the Chemistry or Geography and Regional Planning departments and may not be used to satisfy course requirements within the major. For students in the Honors Program. Three hours lecture, two hours laboratory per week.
Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

250. ECONOMIC BOTANY
3 hours credit
Study of the economic importance of plants, emphasizing the origin, domestication and usage of food and medicinal plants. Does not satisfy General Education III requirements. Prerequisite: BIOL 101 or 212. Three hours per week.

260. BIOLOGICAL DRAWING AND ILLUSTRATION
3 hours credit
Introduction to drawing and illustration techniques used in biology through slide lectures and discussions, class exercises and assigned projects using pencil, charcoal, pen and ink, scratchboard and color. Through these exercises, students will develop their observational skills and closely study biological subjects. Students furnish their own materials. ART 130 or some drawing experience is highly recommended. Prerequisite: BIOL 101 or 210. Four hours per week.

301. HISTORY AND LITERATURE OF BIOLOGY
2 hours credit
Introduction to the history and literature of biology. Special emphasis on the development of contemporary concepts and techniques of information retrieval. Prerequisite: BIOL 101 or 210. Two hours per week.

305. MAMMALOLOGY
4 hours credit
Study of living and extinct mammals, emphasizing their origin, evolution, systematics, behavior, ecology and morphological adaptations. Labs focus on the structure and identification of modern mammals, with periodic field trips exploring the natural history of local species. Prerequisite: BIOL 213. Three hours lecture, three hours laboratory per week.

310. ECOLOGY
4 hours credit
Introduction to the interactions between organisms and their environment. Biotic and abiotic factors affecting individuals, populations, communities and ecosystems emphasized. May not be taken for credit if student has credit for BIOL 225. Prerequisites: BIOL 210 and BIOL 211 or 212 or 213 or 121 and 122. Three hours lecture, three hours laboratory per week.

312. PLANT TAXONOMY
3 hours credit
Classification of plants, with emphasis on the local flora. Prerequisite: BIOL 212. Two hours lecture, three hours laboratory per week.

313. COMPARATIVE ANATOMY
4 hours credit
Study of vertebrate body structures, emphasizing the progressive and adaptive changes that occurred in evolution. Prerequisite: BIOL 213. Three hours lecture, three hours laboratory per week.

316. GENERAL ENTOMOLOGY
4 hours credit
Study of the natural history, identification and life cycles of insects. Special reference to those species of medical and economic importance to people. Prerequisite: BIOL 213. Three hours lecture, three hours laboratory per week.

320. BIOLOGY OF THE VERTEBRATES
4 hours credit
Study of vertebrate animal life, including evolution of the major vertebrate groups, zoogeography, behavior, reproduction, thermoregulation, migration, population dynamics, ecology and conservation. Field trips emphasize wildlife biology and identification and natural history of local species. Prerequisite: BIOL 213. Three hours lecture, three hours laboratory per week.

321. INVERTEBRATE ZOOLOGY
4 hours credit
Study of animals without backbones emphasizing functional morphology and physiological adaptations. Laboratory sessions focus on investigation of living and preserved specimens. Prerequisite: BIOL 213. Three hours lecture, three hours laboratory per week.

322. PARASITOLOGY
3 hours credit
Study of the important parasites of humans and domestic animals. Prerequisite: BIOL 213. Two hours lecture, three hours laboratory per week.

323. MEDICAL MICROBIOLOGY
4 hours credit
Study of the medically important microorganisms, including methodology and techniques of identification. Prerequisite: BIOL 211. Two hours lecture, four hours laboratory per week.

324. PLANT MORPHOLOGY
3 hours credit
Study of extinct and extant vascular plants, emphasizing evolutionary relationships, reproduction and vegetative organization. Prerequisite: BIOL 212. Two hours lecture, three hours laboratory per week. Meets General Education IVB (Prior to Fall 2008: IIIB).

325. PLANT ANATOMY
4 hours credit
Study of gross and microscopic plant structure, with special emphasis on higher plants. Prerequisite: BIOL 212. Three hours lecture, three hours laboratory per week. Meets General Education IVB (Prior to Fall 2008: IIIB).

333. IMMUNOLOGY
4 hours credit
Basic course dealing with the cellular and chemical aspects of immunity. Antigen-antibody reaction surveyed and its clinical laboratory implications thoroughly discussed. Prerequisite: BIOL 211. Two hours lecture, four hours laboratory per week.

334. PATHOPHYSIOLOGY
4 hours credit
Study of the causes, bodily changes, signs and symptoms, and mechanisms involved in common and serious human diseases. Prerequisites: BIOL 215, 216. Three hours lecture, two hours laboratory per week.

350. CELL BIOLOGY
4 hours credit
Focuses on the structure and function of eukaryotic cells. Topics covered include enzyme kinetics, membrane transport, cell signaling, intercellular protein trafficking, cellular respiration, mitosis and meiosis, the cell cycle, and cancer. Prerequisites: BIOL 210 and CHEM 221 or 12 credits of biology. Three hours lecture, three hours laboratory per week.

360. GENETIC ANALYSIS
4 hours credit
Introduction to genetic analysis including Mendelian principles, population and quantitative genetics, cytogenetics and contributions to molecular biology. Satisfies Biology Department core requirements for genetics. Recommended Prerequisite: MATH 155. Prerequisite: BIOL 210. Three hours lecture, three hours laboratory per week.

370. MOLECULAR GENETICS
4 hours credit
Study of mechanisms of heredity emphasizing organization of the genome, mutation and regulation of gene expression. Prerequisite: BIOL 350. Three hours lecture, three hours laboratory per week.
399. INTERNATIONAL FIELD STUDIES
3 hours credit
Students experience a specific aspect of a biological discipline in a foreign country. Pre-tour lectures, post-tour discussion and other activities required. Prerequisite: Permission of instructor. Fifteen hours pre-trip experience, at least 50 hours field activities over a minimum of 10 days, two-hour post-trip discussion session.

401. WETLAND ECOLOGY
4 hours credit
Study of relationships between environmental features and the structure and function of wetland types. Emphasizes hydrology, chemistry and plant species distribution and examines effects of disturbance on wetland ecosystems. Prerequisites: BIOL 212 and 310. Three hours lecture, three hours laboratory per week.

405. ORNITHOLOGY
4 hours credit
Study of birds. Topics include form and function, systematics, speciation, behavior and communication, reproduction, migration, ecological topics including demography, population dynamics, community structure and conservation. Field trips emphasize identification and natural history of local species. Prerequisite: BIOL 213. Three hours lecture, three hours laboratory per week.

407. THE BIOLOGY OF FISHES
3 hours credit
Study of evolution, anatomy, physiology, classification, ecology and behavior of the fishes. Addresses current research and future directions in ichthyology. Prerequisite: BIOL 213. Three hours per week.

410. ESTUARINE BIOLOGY
3 hours credit
Introduction to the physical, chemical and geological characteristics of estuaries with emphasis on East Coast estuaries such as the Chesapeake Bay. Detailed discussion of the biological and chemical processes important in estuarine ecosystems with a major emphasis on current literature and research in estuarine biology. Prerequisite: BIOL 310. Three hours per week.

411. VERTEBRATE EMBRYOLOGY
4 hours credit
Comparative study of vertebrate embryology including evolutionary relationships and topics in molecular and developmental biology. Prerequisites: BIOL 213, 350. Two hours lecture, four hours laboratory per week.

412. ALGAE, FUNGI AND BRYOPHYES
4 hours credit
Study of the phylogenetic and ontogenetic development and ecological importance of non-vascular plants. Prerequisite: BIOL 212. Three hours lecture, three hours laboratory per week.

415, 416. RESEARCH IN BIOLOGY
3 hours credit each
Independent student research under the supervision of a faculty member. BIOL 416 may not be used to satisfy requirements within the major. Prerequisite: Permission of instructor. Schedule to be arranged individually.

418, 419. BIOLOGY SEMINAR
1 hour credit each
Discussions of timely topics in biology and related fields. Includes instruction in seminar preparation and requires student presentations and participation. BIOL 419 may not be used to satisfy course requirements within the major. Prerequisite: Junior standing or permission of instructor. One hour per week.

420. READINGS IN BIOLOGY
1-3 hours credit
Readings designed to permit in-depth study of selected topics. Students submit written reports of their findings at the end of the semester. Specific topics are indicated on students’ transcripts. Prerequisites: Sixteen credits in biology, permission of instructor.

422. VERTEBRATE PHYSIOLOGY
4 hours credit
Study of the physiological processes of vertebrate animals including specific adaptations of certain species to their environment. Prerequisites: BIOL 213, 350, CHEM 121. Three hours lecture, three hours laboratory per week.

425. TOXICOLOGY
3 hours credit
Introduction to basic principles, history and scope of modern environmental toxicology, and to the effects and to the mechanisms of toxicants. Includes applications to risk assessment, regulations and industry. Cross-listed with ENVH 425. May not be taken for credit if student has credit for ENVH 425. Prerequisites: Permission of instructor or junior standing, eight credits of biology, eight credits of chemistry. Three hours per week.

430. PLANT PHYSIOLOGY
4 hours credit
Advanced study of the physiological mechanisms utilized by plants with special reference to the higher phyla. Prerequisites: BIOL 212, CHEM 221. Three hours lecture, three hours laboratory per week.

433. ENVIRONMENTAL MICROBIOLOGY
4 hours credit
Study of the diversity and interactions of microorganisms in their natural environments. Emphasis on habitat and metabolic diversity, community interactions and industrial applications involving microbes. Prerequisites: BIOL 211, 350. Three hours lecture, three hours laboratory per week.

435. EVOLUTIONARY BIOLOGY
3 hours credit
Advanced study of the principles, mechanisms and processes of biological evolution. Prerequisite: BIOL 350. Three hours per week.

440. CONTEMPORARY GENETICS
4 hours credit
Blended lecture and laboratory-based exploration of biochemical techniques commonly used in industrial and academic laboratories. Demonstrates the relationship between structure and function of biomolecules. Cross-listed with CHEM 419. May not receive credit for both BIOL 440 and CHEM 419. Prerequisites: BIOL 350 and 370, and CHEM 221; or pre/Corequisite CHEM 418. Six hours per week.

445. VIROLOGY
3 hours credit
Study of structure, replication and pathogenesis of viruses with emphasis on animal viruses and the role of viruses in our current understanding of cell and molecular biology. Prerequisite: BIOL 350. Three hours per week.

450. INTERNSHIP
1-3 hours credit
Experiences in biology-related work provide students with an opportunity to use acquired biological knowledge in a professional way and to investigate potential career options. Under special circumstances this course may be taken a second time for credit, but only with permission of the internship coordinator. Prerequisites: Junior standing, biology major and approval of Internship Coordinator. Forty-five student contact hours per credit hour. (P/F)
460. BIOLOGY OF CELL MEMBRANES
3 hours credit
Advanced course exploring the biology of bacterial, plant and animal cell membranes with an emphasis on how these important organelles allow cells and organisms to adapt to severe, inhospitable or constantly changing physical environments. Prerequisite: BIOL 350. Three hours per week. Meets General Education IVB (Prior to Fall 2008: IIIB).

465. ADVANCED CELL BIOLOGY
3 hours credit
Advanced course exploring the biology, physiology and biochemistry of plant and animal cells. Topics include detailed examinations of organelle function, cell movement, protein turnover, cell adhesion, apoptosis, cell cycle regulation, and the cellular and molecular basis of cancer. Lectures are drawn principally from the latest primary and secondary literature. Prerequisite: BIOL 350. CHEM 417 is recommended but not required. Three hours per week.

470. BIOTECHNOLOGY
3 hours credit
Study of applied aspects of biology with an emphasis on DNA technology. Recommended as a capstone course for biology majors in the cell and molecular biology/biotechnology track. Prerequisite: BIOL 370. Three hours per week.

490. SPECIAL TOPICS IN BIOLOGY
1-4 hours credit
Study of a specific area of biological science. Topic varies semester to semester. May be taken twice for credit under different subtitles. Prerequisites: Permission of instructor or 16 credits of biology, junior standing.

499. HONORS
3 hours credit
Independent study in an area of biology leading to an honors thesis. Prerequisite: Approval of department chair.

500. WETLAND ECOLOGY
4 hours credit
Study of relationships between environmental features and the structure and function of wetland types. Emphasizes hydrology, chemistry and plant species distribution and examines effects of disturbance on wetland ecosystems. Prerequisites: Graduate standing and permission of the instructor. Three hours lecture, three hours laboratory per week.

501. MODERN CONCEPTS IN BIOLOGY
3 hours credit
Study of the most recent developments in biology, with special emphasis on genetics, animal behavior and sociobiology. May be taken twice, under different course subtitles. Prerequisite: Degree in biology or permission of instructor. Three hours per week.

502. BIOLOGY AND ENVIRONMENT
3 hours credit
Study of organisms as integral parts of their environments, including field studies involving applications of environmental principles. Prerequisite: Degree in biology or permission of instructor. Two hours lecture, two hours laboratory per week.

503. CONTEMPORARY CELL BIOLOGY
3 hours credit
Intensive study of the latest findings in cell biology, with application to the pressing problems of today. Prerequisite: Degree in biology or permission of instructor. Three hours per week.

504. PERSPECTIVES IN MODERN GENETICS
3 hours credit
Intensive study of modern genetics for the advanced student. Findings in molecular, cellular and developmental genetics related to classical genetic theory and current problems. Prerequisite: Degree in biology or nursing; or permission of instructor. Three hours per week.

505. ORNITHOLOGY
4 hours credit
Study of birds. Topics include form and function, behavior and communication, reproduction, migration, population dynamics, ecology and conservation. Field trips emphasize identification and natural history of local species. Prerequisites: Graduate standing and permission of the instructor. Three hours lecture, three hours laboratory per week.

507. THE BIOLOGY OF FISHES
3 hours credit
Study of evolution, anatomy, physiology, classification, ecology and behavior of the fishes. Addresses current research and future directions in ichthyology. Prerequisites: Graduate standing and permission of the instructor. Three hours per week.

510. ESTUARINE BIOLOGY
3 hours credit
Study of estuarine biology with a focus on the Chesapeake Bay. Detailed discussion of the biota of the bay, its unique biology and current perturbations due to environmental pollution. Introduction to physical and chemical processes of estuaries. Prerequisites: Graduate standing and permission of the instructor. Two hours lecture, two hours laboratory per week.

515. RESEARCH IN BIOLOGY
1-3 hours credit
Independent student research under the supervision of a faculty member. Students may register for BIOL 515 more than once up to a maximum of 15 credit hours. Prerequisites: Graduate standing and permission of instructor. Schedule to be arranged individually.

518, 519. BIOLOGY SEMINAR
1 hour credit each
Discussions of timely topics in biology and related fields. Includes instruction in seminar preparation and requires student presentations and participation. BIOL 419 may not be used to satisfy course requirements within the major. Prerequisite: Graduate standing or permission of instructor. One hour per week.

522. VERTEBRATE PHYSIOLOGY
4 hours credit
Study of the physiological processes of vertebrate animals including specific adaptations of certain species to their environment. Prerequisites: Graduate standing and permission of the instructor. Three hours lecture, three hours laboratory per week.

525. TOXICOLOGY
3 hours credit
Introduction to basic principles, history and scope of modern environmental toxicology, and to the effects and to the mechanisms of toxicants. Includes applications to risk assessment, regulations and industry. Cross-listed with ENVH 425. May not be taken for credit if student has credit for ENVH 425. Prerequisites: Graduate standing and permission of the instructor. Three hours per week.

530. PLANT PHYSIOLOGY
4 hours credit
Advanced study of the physiological mechanisms utilized by plants with special reference to the higher phyla. Prerequisites: Graduate standing and permission of the instructor. Three hours lecture, three hours laboratory per week.
533. ENVIRONMENTAL MICROBIOLOGY
4 hours credit
Study of the diversity and interactions of microorganisms in their natural environments. Emphasis on habitat and metabol-ic diversity, community interactions and industrial applications involving microbes. Prerequisites: Graduate standing and permission of the instructor. Three hours lecture, three hours laboratory per week.

535. EVOLUTIONARY BIOLOGY
3 hours credit
Advanced study of the principles, mechanisms and process-es of biological evolution. Prerequisites: Graduate standing and permission of the instructor. Three hours per week.

540. CONTEMPORARY GENETICS
4 hours credit
Blended lecture and laboratory-based exploration of bio-chemical techniques commonly used in industrial and aca-demic laboratories. Demonstrates the relationship between structure and function of biomolecules. Cross-listed with CHEM 419. May not receive credit for both BIOL 540 and CHEM 419. Prerequisites: Graduate standing and permission of the instructor. Six hours per week.

545. VIROLOGY
3 hours credit
Study of structure, replication and pathogenesis of viruses with emphasis on animal viruses and the role of viruses in our current understanding of cellular and molecular biology. Prerequisites: Graduate standing and permission of the instructor. Three hours per week.

552. ADVANCED HUMAN PHYSIOLOGY/ PATHOPHYSIOLOGY
3 hours credit
Advanced study of system-focused physiology and patho-physiology. Analyzes the relationship between normal physi-ology and pathological phenomena produced by altered health states across the life span. Emphasis is on application in the clinical areas of practice. Students may not receive credit for both BIOL 552 and NURS 552. Prerequisite: B.S. in biology, health-related field or education with biology emphasis. Three hours per week.

560. BIOLOGY OF CELL MEMBRANES
3 hours credit
Advanced course exploring the biology of bacterial, plant and animal cell membranes with an emphasis on how these important organelles allow cells and organisms to adapt to severe, insurmountable or constantly changing physical environ-ments. Prerequisites: Graduate standing and permission of instructor. Three hours per week.

565. ADVANCED CELL BIOLOGY
3 hours credit
Advanced course exploring the biology, physiology and bio-chemistry of plant and animal cells. Topics include detailed examinations of organelle function, cell movement, protein turnover, cell adhesion, apoptosis, cell cycle regulation, and the cellular and molecular basis of cancer. Lectures are drawn principally from the latest primary and secondary liter-ature. Prerequisite: Graduate standing or permission of instructor. Three hours per week.

590. SPECIAL TOPICS IN BIOLOGY
1-4 hours credit
Study of a specific area of biological science. Topic varies semester to semester. May be taken twice for credit under dif-ferent subtitles. Prerequisites: Graduate standing and per-mission of the instructor.

601. THESIS PREPARATION
3 hours credit
Prerequisites: Graduate standing and permission of instructor.

BUSINESS ADMINISTRATION (BUAD)

101. INTRODUCTION TO THE WORLD OF BUSINESS
3 hours credit
Designed as an interactive, team-taught learning experience that illustrates how the various fields of business coexist in the world. Provides students an introduction to the Perdue School, as well as the necessary tools to develop meaningful and measurable learning objectives to be used throughout their academic career. Topics include personal growth and development essential to business as well as the various sub-fields of business, such as: accounting, finance, information science, management, marketing and operations. Credit may not be received for both BUAD 101 and 103. Prerequisite: Freshman (students with fewer than 25 hours of credit) who have declared accounting, finance, information systems, management, marketing and business administration as their major. Three hours per week.

103. INTRODUCTION TO BUSINESS
3 hours credit
Introduction to the internal and external environment of con-temporary business. Topics include the nature of business and its operations and a survey of basic concepts, principles and practices. Provides a foundation for advanced study and assistance in making career decisions. Not open to students who are concurrently enrolled in, or have received academic credit for, any 300- or 400-level BUAD/ACCT/FINA/INFO/ MGMT/MKTG courses. Three hours per week.

300. PERSONAL AND PROFESSIONAL DEVELOPMENT FOR BUSINESS
1 hour credit
Exposes students to the expectations and environment of business. Allows students to assess their personal career interests and personal learning styles to ensure they are tak-ing coursework and participating in activities to meet their academic and career goals. Sessions vary in duration, depending on the activities involved, which are subject to change. Students have a mid-term and final examination that covers materials from workshops. Prerequisites: Business major and admitted to the Professional Program. Corequisite: MGMT 320 (if MGMT 320 is taken in summer or winter, student participates in BUAD 300 the following semester). Hours per week vary. (P/F)

338. SPECIAL BUSINESS TOPICS
3 hours credit
Advanced study of varying business topics based on stu-dents' interests and needs. May be repeated once for credit under different subtitle. May substitute for a concentration elective depending on the topic (see director of undergraduate studies). Major Prerequisites: Varies by topic and admis-sion to Professional Program. Non-Major Prerequisites: Varies by topic and junior standing. Three hours per week.

345. PURCHASING AND MATERIALS MANAGEMENT
3 hours credit
Examination of the procurement and materials management function of government and industry including planning, acquisition, storage, physical movement and control of mate-rials. Major Prerequisites: MGMT 320 and MKTG 330, and admission to Professional Program. Non-Major Prerequisites: MGMT 320 and MKTG 330, and junior stand-ing. Three hours per week.

360. GOVERNMENT REGULATION OF BUSINESS
3 hours credit
Business function under the regulatory bodies of all levels of government. Federal, state and local government require-ments for business operations are covered as well as their effect on the economic operation of the enterprise. Major
Prerequisites: ECON 211, 212 and admission to Professional Program. Non-Major Prerequisites: ECON 211, 212 and junior standing. Three hours per week.

386. BUSINESS IN ITS GLOBAL SETTING
3 hours credit
Study of the international aspects of business management and its cultural, economic and political environment in its actual setting. Topics include the economics of international trade, sociocultural environment, political risk and other major aspects of international business operations (e.g. finance, management, marketing, etc.). Part or all of the course will be held in another country. May be taken twice under different subtitles. Admission to a relevant Perdue School study abroad program is required in preparation for this course. Prerequisites: Junior standing, permission of instructor and admission to Professional Program. Three hours per week.

396. BUSINESS STUDIES ABROAD
3 hours credit
Examines issues in business administration in an international setting. Specific topics selected from the fields of accounting, economics, finance, information systems, management or marketing, depending on the instructor’s area of expertise. Part or all of the course will be held outside the United States. Admission to a relevant Perdue School study abroad program is required in preparation for this course. Prerequisite: Admission to the relevant Perdue School study abroad program. Three hours per week.

400. BUSINESS STUDENT PROFESSIONAL PORTFOLIO
0 hours credit
Designed for students majoring within the Perdue School of Business. Students demonstrate their professional skills and knowledge through participation in a series of assessment activities. Completion of the Core Business Knowledge Exam and participation in Student Assessment Center activities are required to pass the course. Sessions vary in duration, depending on the activities involved, which are subject to change. Corequisite: MGMT 492. Hours per week vary.

410. HEALTH CARE MANAGEMENT AND MARKETING
3 hours credit
Provides a solid overview of the U.S. health care system from economic, financial, management and marketing perspectives. Gain a basic understanding of the business model of health care and its effect on the economy and effective strategic planning of health care services. Prerequisite: MGMT 320, MKTG 330. Three hours per week.

490. BUSINESS INTERNSHIP
3 hours credit
Intern experience in business or government. May be used as a business concentration/track elective if approved by the school dean. Prerequisites: Junior status, business, accounting, information systems or economics major, placement approval and permission of the department chair, completion of ABLE administrative requirements, admission to Professional Program.

491. ADVANCED BUSINESS INTERNSHIP
3 hours credit
Research associated with an internship experience in business or government. Prerequisites: BUAD 490, placement approval and permission of the department chair, completion of ABLE administrative requirements, admission to Professional Program.

494. DIRECTED STUDY IN BUSINESS/ACCOUNTING/IS/IMN
1-3 hours credit
For students who desire to do research or pursue a special topic in business administration. Prerequisites: Junior/senior status and permission of instructor prior to registration.

530. GRADUATE SURVEY OF QUANTITATIVE ANALYSIS
3 hours credit
Introduction to the decision-making tools and techniques for making operational, administrative and upper management-level decisions. Mathematical and statistical models applied to managerial decision-making situations. Prerequisites: Provisional status in M.B.A. program and MATH 160 and INFO 111 or equivalent. Three hours per week.

599. INTRODUCTION TO MANAGERIAL SKILLS
1 hour credit
Assists students to self-assess personal strengths and weaknesses in selected business behavioral skills (oral presentations, team building and facilitation) and business content knowledge (accounting, finance and Excel spreadsheets). Assists in developing strategies to improve skill sets by creating an individualized development plan for long- and short-term planning. Prerequisite: Admission to the M.B.A. program. Equivalent to two hours per week for half a semester.

615. RESEARCH METHODOLOGY
3 hours credit
Designed to develop techniques and methods for research. Includes identifying and defining managerial problems, reviewing the literature and stating problems in terms of testable hypotheses and methods of testing hypotheses. Major research paper required. Prerequisite: Admission to M.B.A. program. Three hours per week.

685. INTERNATIONAL BUSINESS SEMINAR
3 hours credit
Study of international aspects of business management and the environment of international business. Topics selected from international finance, the economics of international finance, the economics of international trade, environmental factors (e.g., cultural, legal, political) and the major aspects of business operations in the global environment (including accounting, human resource management, marketing, production and strategic management). Prerequisite: Admission to M.B.A. program. Three hours per week.

686. GLOBAL BUSINESS
3 hours credit
Study of the global aspects of business within its environment. Topics selected from international finance, the economics of international finance, the economics of international trade, environmental factors (e.g., cultural, legal, political) and the major aspects of business operations within its global environment (including accounting, human resource management, marketing, production and strategic management). Part or all of the course will be held in another country. Prerequisite: Admission to M.B.A. program. Three hours per week.

695. PROJECT CONSULTING
4 hours credit
Apply the principles and techniques learned in the M.B.A. curriculum to real business problems faced by organizations today. Teams work with client organizations on a business challenge or opportunity. Interact with the client organization to simulate working as a professional management consulting team. Apply learned technical and functional expertise to solving real-world problems while developing critical competencies in leadership skills such as client communication, team dynamics, problem solving and critical thinking. Prerequisites: Admission to the M.B.A. program. Course must be completed in the final spring semester of the student’s M.B.A. degree program requirements. Four hours per week.

696. GRADUATE BUSINESS STUDY ABROAD
3 hours credit
Examines advanced business topics in an international setting. Specific topics selected from fields of accounting, economics, finance, information systems, management or marketing, depending on the instructor’s area of expertise. Part or all of the course will be held outside the United States. May
be taken twice under different subtitles. **Prerequisite:** Admission to M.B.A. program and to a Perdue School study abroad program. Three hours per week.

**698. DIRECTED INDEPENDENT STUDY**
1-3 hours credit

Individual tutorial course including research topics not covered in other courses. May be taken twice under different subtitles. **Prerequisites:** Admission to M.B.A. program and written permission from both the instructor and the M.B.A. program director.

**699. SPECIAL TOPICS IN BUSINESS**
1-3 hours credit

Study of specific problems and issues in business administration. May be taken twice under different subtitles. **Prerequisite:** Admission to M.B.A. program. One to three hours per week.

**CHEMISTRY (CHEM)**

**100. INTRODUCTION TO CHEMISTRY**
3 hours credit

Study of the fundamentals of chemistry with emphasis on the development of reasoning and quantitative skills necessary for problem solving. Students with little or no previous algebra/chemistry may wish to take this course prior to CHEM 121. Does not satisfy chemistry major requirements. Three hours per week.

**101. PHYSICAL SCIENCE**
4 hours credit

Introduces students to the fundamental concepts of the physical sciences. The course will emphasize practical applications, especially those which integrate all of the natural sciences. Credit may not be received for both CHEM 101 and PHYS 101. **Prerequisite:** This course assumes an understanding of high school chemistry. MATH 130 is recommended for elementary education majors. **Three hours lecture, two hours laboratory per week.** Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

**107. CHEMISTRY: A HUMANISTIC PERSPECTIVE**
4 hours credit

Study of the development of chemistry and the impact of chemistry on our world. Chemical principles and concepts are used to understand applications of chemistry to our everyday lives. Three hours lecture, two hours laboratory per week. Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

**109. ENERGY AND THE ENVIRONMENT**
4 hours credit

Study of the interaction of physical science and the environment, providing students not majoring in science an understanding of the scientific principles in our technological society. **Three hours lecture, two hours laboratory per week.** Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

**121. GENERAL CHEMISTRY I**
4 hours credit

Study of fundamental laws of chemistry and atomic structure emphasizing quantitative relationships. **Prerequisite:** This course assumes an understanding of high school chemistry and algebra. **Three hours lecture, three hours laboratory per week.** Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

**122. GENERAL CHEMISTRY II**
4 hours credit

Continuation of CHEM 121, including chemical equilibrium, electrochemistry and organic chemistry. **Prerequisite:** CHEM 121. **Three hours lecture, three hours laboratory per week.** Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

**205. DIRECTED STUDIES IN CHEMISTRY**
1-3 hours credit

Directed studies in chemistry on an approved subject under faculty supervision. Designed to incorporate significant and contemporary studies in chemistry that are not original laboratory-based research. Projects may include, but are not limited to, the study of teaching strategies, formal scientific writing and chemistry outreach programs to the community. Written report required. May be taken twice for a maximum of six credits. May not be used to satisfy requirements for chemistry major or minor. **Prerequisite:** CHEM 122 and permission of the department chair. **Three hours per week per credit.**

**207. LABORATORY SAFETY**
1 hour credit

Development of skills and attitudes for working with chemicals in a confident and responsible way. Emphasis on safety precautions and emergency procedures in case of a chemical accident. **Prerequisite:** CHEM 122. **One hour per week.**

**210. INTRODUCTION TO CHEMICAL RESEARCH**
1-3 hours credit

Introduction to individual directed study on an approved subject under faculty supervision. Written report required. May be taken twice for credit. May not be used to satisfy requirements for chemistry major or minor. **Prerequisite:** Permission of the department chair. **Two hours laboratory per week per credit hour.**

**212. CHEMISTRY OF THE ELEMENTS**
2 hours credit

Introduction to the properties and reactivities of the elements and their compounds. Emphasis on interpreting trends of the periodic table to predict physicochemical behavior. **Prerequisite:** CHEM 122. **Two hours per week.**

**220. HUMANS AND THE ENVIRONMENT**
4 hours credit

Interdisciplinary laboratory course in conjunction with the departments of Biology and Geography and Regional Planning, designed for non-science majors to develop awareness of ways earth’s environment is influenced by human activities and effects of the environment on human society. May not be repeated for credit in the Biology or Geography and Regional Planning departments within the major. For students in the Honors Program. **Three hours lecture, two hours laboratory per week.** Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

**221. ORGANIC CHEMISTRY I**
4 hours credit

Systematic study of the compounds of carbon including their organization, preparation and typical reactions. Classes of compounds studied include aliphatic hydrocarbons, aromatic hydrocarbons. **Prerequisite:** CHEM 122. **Three hours lecture, three hours laboratory per week.** Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

**222. ORGANIC CHEMISTRY II**
4 hours credit

Continued study of carbon compounds including acid derivatives, aldehydes, ketones, amines and phenols. Emphasis on the mechanism and stereochemistry of organic reactions. **Prerequisite:** CHEM 221. **Three hours lecture, three hours laboratory per week.**

**306. FUNDAMENTALS OF INORGANIC CHEMISTRY**
4 hours credit

Study of the fundamental concepts of inorganic chemistry.
Primary focus on main group descriptive inorganic chemistry, structure and bonding theory for both main group and transition metal compounds and organometallic chemistry. May not receive credit for both CHEM 306 and CHEM 212/406. Prerequisite: CHEM 222 and PHYS 123 or 223. Three hours per week with Web enhancement.

310. INTERMEDIATE CHEMISTRY RESEARCH
1-3 hours credit
Intermediate level individual chemical research on an approved subject under supervision of a member of the faculty. Written report and seminar presentation required. May be taken twice for credit. May not be used to satisfy requirements of chemistry major or minor. Prerequisites/Corequisites: CHEM 221 and permission of department chair. Two hours laboratory per week per credit.

321. ANALYTICAL CHEMISTRY
4 hours credit
Study of the theory and applications of classical and modern analytical techniques. Includes volumetric, potentiometric, spectrophotometric and chromatographic methods. Prerequisite: CHEM 122. Three hours lecture, three hours laboratory per week. Meets General Education IVB (Prior to Fall 2008: IIIB).

333. INSTRUMENTAL ANALYSIS
3 hours credit
Study of the theoretical and practical aspects of modern instrumental analysis. Topics include information processing, spectroscopic, chromatographic and electrochemical methods. Prerequisite: CHEM 321. Three hours per week.

341. PHYSICAL CHEMISTRY I
4 hours credit
Comprehensive study of the fundamental concepts of physical chemistry. Prerequisites: CHEM 122, MATH 201, PHYS 123 or 223. MATH 202 is recommended. Four hours per week.

342. PHYSICAL CHEMISTRY II
4 hours credit
Comprehensive study of the fundamental concepts of physical chemistry. Prerequisites: CHEM 122, MATH 202, PHYS 123 or 223. Four hours per week.

381. ENVIRONMENTAL CHEMISTRY
3 hours credit
Introductory survey of contemporary issues and problems in the chemistry of the environment. Chemistry of the atmosphere, natural and treated waters, and wetlands examined and discussed. Numerical application problems solved in group settings. Prerequisite: CHEM 222. Three hours per week.

403. PRINCIPLES OF CHEMICAL RESEARCH
3 hours credit
Individual undergraduate research on approved subject under supervision of a member of the faculty. Introduction to the chemical literature, writing styles and presentation styles used in chemistry. Prerequisite: Twenty-four hours of chemistry and permission of department chair. Nine hours per week.

406. INORGANIC CHEMISTRY
3 hours credit
Study of the theoretical concepts of inorganic chemistry with focus on the relationship between structure, bonding and reactivity. Emphasis on the chemistry of transition metals. Prerequisite/Corequisite: CHEM 342. Three hours per week.

408. POLYMER CHEMISTRY
3 hours credit
Study of the fundamental concepts of polymer chemistry with emphasis on structure, stereochemistry, synthesis and properties. Prerequisites: CHEM 222, 342. Three hours per week.

409. ELECTROCHEMISTRY
3 hours credit
Study of the theory and applications of modern electrochemistry. Topics include a review of electrochemical cells, ion-selective electrodes, electrophoresis, polarography, cyclic voltammetry, corrosion processes and impedance measurements. Prerequisite: CHEM 333. Three hours per week.

410. CHEMICAL RESEARCH
3 hours credit
Individual undergraduate research on approved subject under supervision of a member of the staff. Written report, seminar presentation required. May be taken twice for credit. Prerequisites: CHEM 403 and permission of department chair. Six hours laboratory per week, conference with the instructor.

412. ORGANIC CHEMISTRY III
3 hours credit
Continued study of carbon compounds including aryl halides, heterocyclic, polynuclear aromatic, unsaturated carbonyl and the organic compounds of sulfur and phosphorus. Emphasis on reaction mechanism and the interaction of functional groups. Prerequisite: CHEM 222. Three hours per week.

413. INTERNSHIP/CO-OP IN CHEMISTRY
3 hours credit
Work experience designed to provide qualified students opportunities to use acquired chemical knowledge in a professional way. Written report, seminar presentation required. Prerequisites: Twenty-four credits of chemistry, permission of department chair. Six hours work per week, conference with supervisor.

415. SEMINAR
2 hours credit
Introduces students to the literature, writing styles and oral presentation styles used by the scientific community in general, and the field of chemistry specifically. Builds skills in discussing current topics in chemistry. Prerequisite: Junior standing or permission of instructor. Two hours per week.

417. BIOCHEMISTRY I
4 hours credit
Application of chemical principles to biological systems through study of the properties, analysis, functioning and relationship of proteins, carbohydrates, lipids and nucleic acids. May not be taken for credit if student has credit for CHEM 407. Prerequisite: CHEM 222. Three hours lecture, three hours laboratory per week.

418. BIOCHEMISTRY II
3 hours credit
Study of the intermediary metabolism of biomolecules and the biochemistry underlying the expression of information contained in DNA in the synthesis of biomolecules. Prerequisite: CHEM 417. Three hours per week.

419. BIOCHEMICAL METHODS
4 hours credit
Blended lecture and laboratory-based exploration of biochemical techniques commonly used in industrial and academic laboratories. Demonstrates the relationship between structure and function of biomolecules. Cross-listed with BIOL 440. May not receive credit for both CHEM 419 and BIOL 440. Prerequisite/Corequisite: CHEM 418. Six hours per week.

441. ADVANCED EXPERIMENTAL CHEMISTRY I
4 hours credit
Blended lecture/lab experience in experimental chemistry.
Emphasis on the relationship between synthesis, instrumental methods and thermodynamic principles. Prerequisites: CHEM 333; CHEM 311 or 341. Six hours per week.

442. ADVANCED EXPERIMENTAL CHEMISTRY II
4 hours credit
Continuation of CHEM 441. Blended lecture/lab experience in experimental chemistry. Emphasis on the relationship between synthesis, instrumental methods and molecular structure. Prerequisite: CHEM 441. Six hours per week.

499. SPECIAL TOPICS IN CHEMISTRY
3 hours credit
Study of a specific area of chemistry. Topic varies semester to semester. May be taken twice for credit. Three hours lecture per week/laboratory-lecture equivalent.

599. SPECIAL TOPICS IN CHEMISTRY
3 hours credit
Study of a specific area of chemistry. Topics vary from semester to semester. May be taken twice for credit under different subtitles. Lab-lecture equivalent. Prerequisite: Graduate standing.

COMMUNICATION ARTS (CMAT)

100. FUNDAMENTALS OF COMMUNICATION
4 hours credit
Foundations of communication theory and practice relevant to interpersonal and public oral communication. Surveys the skills necessary to articulate oneself effectively in a variety of communication settings such as the interpersonal relationship, formal and informal groups, and public forums. Three hours per week with enhancement. Meets General Education IIIA and IIIC (Prior to Fall 2008: IB).

101. INTRODUCTION TO HUMAN COMMUNICATION STUDIES
4 hours credit
Introduces students to the basic principles of human communication. Students explore elements of communication in various contexts such as interpersonal relationships, small groups, organizations and in public arenas. In each context, students come to understand how communication functions as well as the consequences of particular communication choices. Three hours per week with enhancement. Meets General Education IIIA and IIIC (Prior to Fall 2008: IB).

102. INTRODUCTION TO MASS MEDIA
4 hours credit
Theory, history, structure and functions of mass media (print, film, recording, radio, television, new media), advertising, journalism and public relations. Students may not receive credit for both CMAT 110 and CMAT 102. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

131. WRITING FOR MEDIA
4 hours credit
Fundamentals of writing for media, including basic script formats and other forms of media content including public service announcements, advertisements, continuity, public relations materials, news and dramas. Prerequisite: C or better in ENGL 101, 102 or 103. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

205. INTERPERSONAL COMMUNICATION
4 hours credit
Study of the factors that motivate and determine communication or non-communication among individuals, of the psychological barriers and inducements to open communication and of the effects of these factors upon the people involved.

Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

218. RHETORIC AND PUBLIC PRESENTATION
4 hours credit
Designed to provide extensive exposure to, and practice in, the preparation and presentation of messages. Emphasizes the nature, methods and principles of public address including persuasive, informative and special occasion presentations. Prerequisite: C or better in CMAT 101. Three hours per week with enhancement.

234. BEGINNING AUDIO PRODUCTION
4 hours credit
Covers the basic skills and techniques required for audio production in media. Emphasis is on the aesthetics, principles and practices in producing and designing audio programs for media. May not receive credit for both CMAT 134 and CMAT 234. Cross listed with MUMT 234. Prerequisite: C or better in CMAT 131. Three hours per week with enhancement.

240. INTRODUCTION TO JOURNALISM AND PUBLIC RELATIONS
4 hours credit
Introduction to the basics of journalism and public relations. Focuses on developing an understanding of the professional practices of journalism and public relations and developing journalism and public relations writing skills. Prerequisite: C or better in CMAT 101 and 102. Three hours per week with enhancement.

243. TELEVISION STUDIO PRODUCTION
4 hours credit
Introduction to the equipment and techniques of television studio production. Each student produces and directs a variety of live-to-tape productions. Outside class crew hours required. May not receive credit for both CMAT 136 and 243. Prerequisite: C or better in CMAT 131. Three hours per week with enhancement.

249. JOURNALISM/PUBLIC RELATIONS PRACTICUM
2 hours credit
Offers students experiences in a variety of on-campus activities. Students are allowed to gain credit for working with groups such as The Flyer newspaper, student activities, the Public Relations Office, school-level newsletters, or other journalism or public relations activities approved by the practicum director. Prerequisites: C or better in CMAT 240 and permission of instructor. Two hours per week.

250. INSTRUCTIONAL COMMUNICATION
4 hours credit
Study of the communicative factors involved in the teaching-learning process in classroom and corporate contexts. Emphasis is on the selecting, limiting, organizing and presenting of content that needs to be conveyed from instructor to learner(s). Special focus is given to developing a supportive environment, effective questioning and positive interpersonal relationships. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

260. FUNDAMENTALS OF ORGANIZATIONAL COMMUNICATION
4 hours credit
Study of human communication systems in organizations. Students explore one-to-one, small group and one-to-many communication, and develop the skills needed in organizational communication. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

297. COMMUNICATION RESEARCH
4 hours credit
Introduction to common communication research methods, including: literature reviews, surveys, experiments, content
analysis, rhetorical criticism, ethnography, interviews and focus groups. Students learn essential research and writing skills through projects created in areas of interest such as relationships, business, media, or advertising/public relations. May not receive credit for both CMAT 297 and CMAT 301. 

Prerequisite: C or better in CMAT 101 and 102. Three hours per week with enhancement.

300. INTERCULTURAL COMMUNICATION

4 hours credit
Study of correctable communication problems caused by cultural differences. Analysis of problems from communication and cultural perspectives. Emphasis on ways to avoid and correct such problems. Does not satisfy General Education requirements. Prerequisite: C or better in CMAT 297. Three hours per week with enhancement.

304. COMMUNICATION, GENDER AND CULTURE

4 hours credit
Explores the relationships among communication, gender and culture. Illuminates the pivotal role of communication in sustaining and altering existing gender and cultural patterns. Prerequisites: C or better in CMAT 297. Three hours per week with enhancement.

305. INTERPERSONAL COMMUNICATION II

4 hours credit
Examines theories and concepts that highlight the role of communication in personal and intimate relationships. Additional emphasis is on the role of communication in the life-cycle of a relationship. Prerequisites: C or better in CMAT 297. Three hours per week with enhancement.

306. CONVERSATIONAL ANALYSIS

4 hours credit
Study of conversational goals and strategies. Focus on recognizing and understanding role of specific features (i.e. pronouns, sentence structure) in interpersonal contexts; individual communicative strategies and their effects on conversational patterns. Prerequisites: C or better in CMAT 297. Three hours per week with enhancement.

307. INTERPERSONAL CONFLICT

4 hours credit
Examines the role of communication in interpersonal contexts where there is a need to manage conflict. Explores how communication can reflect, create and transform conflict. Analyzes the role of power, climate, emotions and other factors that contribute to destructive or constructive conflict patterns. Emphasizes conceptual understanding and basic skills in diagnosing conflict, making recommendations, monitoring others’ own behavior, and third party intervention. Prerequisite: C or better in CMAT 297. Three hours per week with enhancement.

308. INTERVIEWING

4 hours credit
Investigates interviewing situations based on giving and/or getting information and influencing the behavior of others through persuasion. Includes exercises demonstrating most commonly used forms of the interview. Prerequisite: C or better in CMAT 101 and 102. Three hours per week with enhancement.

310. SMALL GROUP DISCUSSION

4 hours credit
Participation in and analysis of small group discussion. Emphasizes communication within the small group setting and effective group decision making. Prerequisites: C or better in CMAT 297. Three hours per week with enhancement.

312. NONVERBAL COMMUNICATION

4 hours credit
Study of human communicative behavior without the use of words. Ways of sending and receiving nonverbal messages are examined with the goal of awareness and understanding of their communicative value. Prerequisites: C or better in CMAT 297. Three hours per week with enhancement.

314. CONFERENCE AND MEETING MANAGEMENT

4 hours credit
Studies the basic principles and procedures for the effective management of small- and large-scale conferences and meetings in a variety of contexts, including education, sales and marketing, professional associations and government. Will apply the knowledge gained through readings and lecture to actual and simulated conferences. Students will be involved in the actual planning and management of a conference. Prerequisites: C or better in CMAT 101 and 102. Three hours per week with enhancement.

317. PERSUASION AND ARGUMENTATION

4 hours credit
Introduction to the study of persuasion and argumentation. Focus on how changes in attitudes and behavior may generally result and how various factors may contribute to persuasive outcomes. Examines practical reasoning in the construction of persuasive argument. Course includes practice in oral and written argument. Students who have taken both CMAT 315 and 316 may not receive credit for CMAT 317. Prerequisite: C or better in CMAT 297. Three hours per week with enhancement.

331. DRAMATIC WRITING FOR MEDIA

4 hours credit
Study of the concepts and techniques associated with dramatic fiction writing for media. Students acquire skills through analysis of sample screenplays, movies and TV programs and through developing short motion picture and television screenplays and treatments. Prerequisite: C or better in CMAT 297. Three hours per week with enhancement.

332. MEDIA CRITICISM AND ANALYSIS

4 hours credit
Development of critical viewing skills through analysis of programs and the resulting influence the media exert upon society. Prerequisites: C or better in CMAT 297. Three hours per week with enhancement.

334. THE MASS MEDIA IN SOCIETY

4 hours credit
Critical study of the persuasive elements generated through the mass media, and the resulting influence the media exert upon society. Prerequisites: C or better in CMAT 297. Three hours per week with enhancement.

335. COMMUNICATING ON THE WEB

4 hours credit
Acquaints the student with the numerous and varied elements contained on the Internet. The course will enhance communication skills, specifically for the networked environment, and will discuss how to reach specific audiences on the net. Instruction includes media writing, page design, site development and learning about hypertext markup language. Integral to the course is evaluating and analyzing Web-based content. Prerequisites: C or better in CMAT 297. Three hours per week with enhancement.

337. INTERNATIONAL MEDIA SYSTEMS

4 hours credit
Introduction and examination of the media systems of countries around the globe with emphasis on the effects geo-political and cultural forces have on the development of specific mass communication channels throughout the world. Prerequisite: C or better in CMAT 297. Three hours per week with enhancement.

338. MASS MEDIA MANAGEMENT

4 hours credit
Study of problems facing today’s managers in an ever-chang-
ing media landscape. Topics include economics, ownership, leadership, conflict management, programming, advertising, community relations and Federal Communications Commission rules and regulations. Prerequisite: C or better in CMAT 297. Three hours per week with enhancement.

340. PUBLIC RELATIONS WRITING 4 hours credit
Study of writing techniques and formats for public relations applications, including radio and television public service announcements, video news releases, speech writing, media kit preparation, and print media news releases. Prerequisites: C or better in CMAT 240. Three hours per week with enhancement.

342. ADVERTISING CAMPAIGNS 4 hours credit
Focuses on the study and practice of planning and creating advertisements and advertising techniques such as campaign planning, copy writing and media placement. Explores the aesthetic dimensions of advertising expression and cultural dimensions of reading and interpreting advertisements. Overview of how the advertising industry operates, what ad people do, and the effects of advertising on society. Prerequisite: C or better in CMAT 297. Three hours per week with enhancement.

343. VIDEO FIELD PRODUCTION 4 hours credit
Study of the production of television and film programs using single camera and editing techniques. May not receive credit for both CMAT 236 and 343. Prerequisite: C or better in CMAT 234 and 243. Three hours per week with enhancement.

344. WRITING FOR THE PROFESSIONS 4 hours credit
Comprehensive writing course that prepares students for print journalism and public relations careers. Requires weekly writing assignments, many of which are under stringent deadlines. Prerequisite: C or better in CMAT 240. Three hours per week with enhancement.

345. SPORTS COMMUNICATION 4 hours credit
Placed sports in a social perspective and teaches students to study and apply skills required of sportswriters, sportscasters and sports information specialists. Prerequisite: C or better in CMAT 344. Three hours per week with enhancement.

346. PUBLIC AFFAIRS REPORTING 4 hours credit
Examines media coverage of public agencies and social issues while emphasizing civic journalism. Prerequisite: C or better in CMAT 344. Three hours per week with enhancement.

348. MEDIA DESIGN AND LAYOUT 4 hours credit
Instruction in the principles, theories and applications of typography, layout, design, editing and production of print and electronic dissemination of business publications, newspapers, magazines, Web sites and other new media. The course is designed to help develop desktop printing and online publishing skills. Prerequisite: C or better in CMAT 344. Three hours per week with enhancement.

354. ADVANCED AUDIO PRODUCTION 4 hours credit
An intensive advanced-level audio production course. Advances the students’ broad audio knowledge and production abilities in creative sound recording/mixing/processing/editing and sound design. Emphasizes audio for media, applied media aesthetics, sound design, and creative and artistic approaches to various types of sophisticated audio production including music recording, radio production and audio for other media (video, film, new media). Cross-listed with MUMT 354. Prerequisite: CMAT 234. Three hours per week with enhancement.

365. MANAGERIAL COMMUNICATION 4 hours credit
Study of the role of the manager as a communicator at various organizational levels. Students study various communication strategies available to managers. Topics include information processing; presenting, receiving and gathering information; goal setting; decision making and change. Prerequisites: C or better in CMAT 297. Three hours per week with enhancement.

373. PRODUCING NEWS PACKAGES AND DOCUMENTARY SHORTS 4 hours credit
Provides a solid foundation of theoretical and practical skills needed to tell nonfiction stories for the visual mass media. Produce a wide variety of news packages and documentary shorts. Prerequisites: C or better in CMAT 343. Three hours per week with enhancement.

390. SPECIAL TOPICS IN HUMAN COMMUNICATION STUDIES 4 hours credit
Study in interpersonal, organizational or public communication process and messages. May be taken twice under different subtitles. Prerequisite: C or better in CMAT 297. Three hours per week with enhancement.

391. STUDIES IN MASS MEDIA 4 hours credit
Study of various mass media concepts as they impact contemporary society. May be repeated a maximum of two times under different subtitles. Prerequisite: C or better in CMAT 297. Three hours per week with enhancement.

392. STUDIES IN MEDIA PRODUCTION 4 hours credit
Study of different concepts and practices as they apply to media production. May be repeated under different subtitles. Prerequisite: C or better in CMAT 234 and 243. Four hours per week.

394. STUDIES IN JOURNALISM/PUBLIC RELATIONS 4 hours credit
Study of various concepts, theories and/or practices in journalism or public relations. May be repeated under different subtitles. Prerequisite: C or better in CMAT 344. Three hours per week with enhancement.

399. INTERNATIONAL STUDIES IN COMMUNICATION 4 hours credit
On-site study of human communication, media, journalism and culture of a foreign country through immersion and experiential learning. May be taken twice under different subtitles. Prerequisites: Permission of instructor. Four hours per week.

400. ADVANCED COMMUNICATION THEORY 4 hours credit
Selected philosophies and theories of human communication, encompassing structures, forms and contexts of communication, which include cultural contexts, assumptive bases and world views of theories and theorists. Prerequisites: C or better in CMAT 297. Three hours per week with enhancement.

405. FAMILY COMMUNICATION 4 hours credit
Characterization of family styles of communication as they
reflect values, attitudes and perceptions of family members as a group. Examination of effects of individual communication strategies on development of family patterns of interaction. Selected readings, field research, two exams. 

Prerequisites: C or better in CMAT 297. Three hours per week with enhancement.

430. POLITICAL COMMUNICATION
4 hours credit
Studies the role of media and rhetoric in political campaigns and the political process. Prerequisites: C or better in CMAT 297. Three hours per week with enhancement.

433. DOCUMENTARY PRODUCTION
4 hours credit
Investigates documentary styles and techniques while emphasizing the documentary production process. Over the course of a semester, develop a documentary project by turning in the various components (proposal, treatment, rushes, etc.), culminating in a completed 24-30 minute documentary. May not receive credit for both CMAT 333 and 433. Prerequisite: C or better in CMAT 373. Three hours per week with enhancement.

434. TELEVISION MAGAZINE PRODUCTION
4 hours credit
Attain practical, real-world experience by producing a bi-weekly program for SU's campus and community access channels. Create seven bi-weekly, half-hour programs (in the "soft news" genre) that highlight campus events, interests of students choosing. All on-camera and behind-the-scenes positions are filled by students. Prerequisite: C or better in CMAT 373. Three hours per week with enhancement.

435. DIRECTING FOR THE CAMERA
4 hours credit
Introduces the directors to processes and skills required to plan, design and direct drama for the television/film medium. Study the formalistic elements of the medium and complete the required projects designed to provide practical experience in planning and then directing material that persuades, informs and entertains audiences. Fundamentals of the language of television/film are stressed: aesthetics and their application. Emphasis on the communication between directors and actors, effective use of the audiovisual language, camera blocking and visual storytelling. Prerequisite: C or better in CMAT 234 and 243. Four hours per week.

438. MASS COMMUNICATION LAW
4 hours credit
Consideration of the legal and regulatory context of mass communication. Topics include constitutional, first amendment and statutory issues and the study of regulatory agencies and processes. Prerequisite: C or better in CMAT 297. Three hours per week with enhancement.

440. MEDIA AND CRIMINAL JUSTICE
4 hours credit
Course enhancing the understanding of the media-criminal justice relationship as media coverage corresponds with heightened public demand for accountability in law enforcement, corrections, legal and judicial agencies. Study news coverage and entertainment portrayals of institutional and source-reporter interaction in criminal justice agencies, which are developing sophisticated public information and media relations strategies. Evaluate whether the public can be better informed without sacrificing the integrity of media and criminal justice agencies. Prerequisite: C or better in CMAT 344. Three hours per week with enhancement.

444. ENVIRONMENTAL COMMUNICATION
4 hours credit
Focuses on the reporting and dissemination of environmental policy, information and education, environmental reporting and environmental public relations. Also discusses risk and crisis communication management. Prerequisites: C or better in CMAT 344. Three hours per week with enhancement.

446. DIGITAL FILMMAKING
4 hours credit
Explores the art of filmmaking using digital technology. Requires producing a short film from script to screen. Students write, produce, direct, cast, shoot and edit a short film in a genre of their choice. Film theory and techniques are explored and applied in the production. HD equipment is used for acquisition and finishing. Prerequisites: C or better in CMAT 343. Three hours per week with enhancement.

448 PUBLIC RELATIONS CASES AND STRATEGIES
4 hours credit
Examines public relations cases while developing strategies and scenarios for response. Prerequisite: C or better in CMAT 344. Three hours per week with enhancement.

456. ADVANCED TELEVISION STUDIO PRODUCTION
4 hours credit
Advanced-level production course designed for experience in writing, designing and producing programs in a television studio environment. Emphasis on program proposals, writing, producing, directing and use of digital technology in production. May not receive credit for both CMAT 336 and 456. Prerequisites: C or better in CMAT 343. Four hours per week.

460. APPLIED ORGANIZATIONAL COMMUNICATION
4 hours credit
Examines the process of communication from the perspective of the whole organization and studies various structures in business, education, the arts, etc. in order to analyze and improve communication. Prerequisite: C or better in CMAT 297. Three hours per week with enhancement.

465. COMMUNICATION TECHNOLOGY
4 hours credit
Examines innovations in communication techniques and applications. Topics include satellite and terrestrial based technology, conferencing, decision support systems, computer mediated communication and the impact of technology on the communication process and communicators. Prerequisites: C or better in CMAT 297. Three hours per week with enhancement.

466. SPECIALIZED REPORTING FOR TV AND THE WEB
4 hours credit
Provides an opportunity to focus reportorial and production skills on a specialized topic. Specialized topics could include, but are not limited to, sports, community, business or international issues. Student work produced will be offered to media organizations around Maryland for use in professional broadcast news programs or news Web sites. Prerequisites: C or better in CMAT 373. Three hours per week with enhancement.

490. COMMUNICATION SEMINAR
4 hours credit
Intensive study in speech or communication studies. Students should choose a seminar in their track. Substantial research paper/academic project and class presentation are required. May be taken twice under different subtitles, but only four credits may be applied to the communication arts major. Prerequisites: Senior standing and permission of the instructor. Three hours per week with enhancement.

492. INDEPENDENT STUDY
1-4 hours credit
Student selects a topic for investigation with the advice of an instructor prior to registration. Student submits a proposal including a letter of intent, an outline of the proposed study and an abstract of the intended topic area. Prior familiarity and work with the topic are recommended. Students opting
for CMAT 492 as an elective requirement must take a minimum of four credits. May be taken twice for a total of eight credit hours, and only four credits may count toward the major. **Prerequisite:** Permission of department chair. **Hours arranged.**

### 495. INTERNSHIP IN COMMUNICATION

1-8 hours credit

Provides practical experience in the application of theoretical concepts including broadcasting, theatre, journalism, organizational communication, public relations, training, etc. Only four hours may be counted toward the major. Students opting for CMAT 495 as a core requirement must take a minimum of four credits. May be taken twice for a total of eight credit hours. **Prerequisites:** C or better in CMAT 101, 102, junior standing, track core courses, 2.5 overall G.P.A., 3.0 G.P.A. in CMAT and permission of the department. **Variable.**

### 497. INDEPENDENT RESEARCH

4 hours credit

Designed to encourage students to pursue an important area of research in communication. Allows a student to study a subject area in more depth than possible in the traditional classroom setting. With the advice of an instructor, the student submits a proposal including a letter of intent, an outline of the proposed study with bibliography and an abstract of the intended topic area. The project should ideally be new research as an addendum to an earlier project. A public presentation of research is required. **Prerequisites:** C or better in CMAT 101, 102, junior standing, track core courses, 2.5 overall G.P.A., 3.0 G.P.A. in CMAT and permission of the department chair and approval and cooperation of supervising instructor. **Four hours per week.**

### 499. HONORS

4 hours credit

Independent study undertaken for departmental honors at the invitation of the department.

### 500. ORAL READING AND THE TEACHING OF LITERATURE

3 hours credit

Designed to lead the student to an awareness of literature through the performing self to reinforce the concept that one's physiological and psychological processes are bound together in the act of understanding what stories and poems mean. **Three hours per week.**

### 501. ADVANCED COMMUNICATION THEORY

3 hours credit

Selected philosophies and theories of human communication, encompassing structures, forms and contexts of communication, which include cultural contexts, assumptive bases and world views of theories and theorists. **Prerequisite:** Graduate status. **Three hours per week.**

### 510. SEMINAR IN INTERPERSONAL COMMUNICATION

3 hours credit

The investigation of speech-communication from the point of view of conflict, manipulation, barriers and breakdowns—factors which undermine human potential for optimum reciprocal social intercourse. **Three hours per week.**

### 530. POLITICAL COMMUNICATION

3 hours credit

Studies the role of media and rhetoric in political campaigns and the political process. **Prerequisite:** Graduate status. **Three hours per week.**

### 590. COMMUNICATION SEMINAR

3 hours credit

Intensive study of a selected topic in speech, communication studies or theatre. May be repeated under different subtitles. **Prerequisite:** Graduate status. **Three hours per week.**

### 592. INDEPENDENT STUDY

1-3 hours credit

Student must choose a topic for investigation with the advice of an instructor prior to registration. Variable credit; may be taken twice. **Prerequisites:** Graduate status, Permission of department chair. **Hours arranged.**

### 645. ORGANIZATIONAL COMMUNICATION

3 hours credit

Designed to improve a manager's effectiveness in communicating on both an interpersonal and systems level. Topics include dissemination of information, writing style and format. Includes theories and models in communication. Emphasis on solving business communication problems. **Prerequisite:** Admission to M.B.A. program. **Three hours per week.**

### COMPUTER SCIENCE (COSC)

#### 116. INTRODUCTION TO COMPUTER SYSTEMS

4 hours credit

Overview of computer science and the theory and application of computer fundamentals. Lab activities include: file and directory/folder manipulation, word processing, spreadsheets and program implementation. May not be taken for credit if student already has credit for any of the following: COSC 110, 112, 115. INFO 111. **Three hours lecture, two hours laboratory per week. Meets General Education IVB (Prior to Fall 2008: IIIB).**

#### 117. PROGRAMMING FUNDAMENTALS

4 hours credit

Introductory course in computer programming, which involves solving problems by designing, implementing and testing algorithms. Emphasis is on problem solving through the use of algorithms and learning to develop computer programs that are reliable, well-documented and correct. Implementation is done in object-oriented based languages concentrating on fundamental instructions and the development and implementation of events, methods and functions. **Three hours lecture, two hours laboratory per week. Meets General Education IVB (Prior to Fall 2008: IIIB).**

#### 118. INTRODUCTORY SCIENTIFIC PROGRAMMING

4 hours credit

Introduction to program design and development. Programs focus on development of applications for science, including applications related to GIS. The object-oriented approach is emphasized throughout. No previous programming experience is required. **Three hours lecture, two hours laboratory per week.**

#### 120. COMPUTER SCIENCE I

4 hours credit

Step-by-step approach to problem solving, modular structured design, and structured programming in C++. Emphasizes production of readable, well-documented, efficient, tested and correct programs. Includes time intensive assignments. **Prerequisite:** C or better in COSC 117 or permission of department. **Three hours lecture, two hours laboratory per week.**

#### 220. COMPUTER SCIENCE II

4 hours credit

Object-oriented approach to design and implementation of medium to large software projects. Abstract data types including lists, stack and queues. Emphasizes design trade-offs based on analysis of run time and storage requirements. Includes time-intensive assignments. **Prerequisite:** COSC 120. **Prerequisite/Corequisite:** MATH 210. **Three hours lecture, two hours laboratory per week. Meets General Education IVB (Prior to Fall 2008: IIIB).**
250. MICROCOMPUTER ORGANIZATION  
4 hours credit  
Organization and internal behavior of microcomputer hardware: digital logic, Boolean algebra, switching networks, design of memories and ALUs, controllers, microprocessor architecture, introduction to machine code and assembly language. Credit may not be received for both COSC 250 and PHYS 322. Prerequisite: COSC 116 or 120. Three hours lecture, two hours laboratory per week. Meets General Education IVB (Prior to Fall 2008: IIIB).

320. ADVANCED DATA STRUCTURES AND ALGORITHM ANALYSIS  
4 hours credit  
Continuation of the study of the design, implementation and testing of programs. Further study of object-oriented programming. Introduction of graphical user interfaces. Emphasis is on analysis of algorithms and abstraction. Prerequisites: COSC 220, MATH 210. Three hours lecture, two hours laboratory per week.

330. OO DESIGN PATTERNS AND GUI/EVENT-DRIVEN PROGRAMMING  
3 hours credit  
Covers three related topics: event-driven programming, graphical user interface (GUI) and object-oriented (OO) design using design patterns. The event-driven model is examined throughout the course. OO design is introduced through the analysis of design patterns. There are several programming projects for this course. Prerequisites: C or better in COSC 220. Three hours per week.

350. SYSTEMS SOFTWARE  
4 hours credit  
Study of programming at the systems level, mostly in a UNIX environment. Topics include processes, threads, sockets, basic I/O operations, interprocess communication and use of Shell and Perl scripts. Prerequisites: COSC 220, 250. Three hours lecture, two hours laboratory per week.

362. THEORY OF COMPUTATION  
3 hours credit  
Applications of discrete mathematics to computer science and introduction to the theory of computation. Topics include automata and formal languages, computability by Turing machines and recursive functions, undecidability and computational complexity. Cross-listed with MATH 362. Prerequisites: COSC 120, MATH 210. Three hours per week.

370. COMPUTER NETWORKS  
3 hours credit  
Theory and practice of data communication between computing devices. Investigates network architectures, wide- and local-area networks, ISO network layers. Emphasis is on the underlying theory and how network design affects network performance. Study of encoding systems, routing control, transport protocols, programming for networks, socket programming and remote procedure calls. Prerequisites: COSC 210, 213, 214 and COSC 220. Three hours per week.

380. INTERNSHIP  
3 hours credit  
Students work under supervisors in a local firm or public institution in conjunction with an advisor from the department. Cross-listed with MATH 380. MATH/COSC 380 may be taken twice for a maximum of six credits, but used only once toward a major in mathematics or computer science. Prerequisite: Approval of department chair. Eight to ten hours per week. (P/F)

385. DIRECTED STUDY  
1-4 hours credit  
For students who desire to pursue a special topic in computer science not covered in the current curriculum. Under most circumstances students will take this course for three credit hours. This course may be repeated under different subtitles, for a total of 9 credits, but only a total of four credit hours from MATH 385 and/or COSC 385 may be used toward a major or minor. Prerequisite: Permission of the instructor and the chair of the Department of Mathematics and Computer Science. One to four hours per week.

386. DATABASE IMPLEMENTATION  
3 hours credit  
Concentrates on the physical design and implementation of databases. Query algorithms and efficiency optimization are explored. Design, implement and document large database systems. Prerequisite: COSC 220, MATH 210. Three hours per week.

390. UNDERGRADUATE RESEARCH PROJECT  
1-3 hours credit  
Offers study of some area of computer science in more depth than is possible in the usual classroom setting. Students work on projects under the direction of faculty members. Prerequisite: Department chair approval. (P/F)

422. ORGANIZATION OF PROGRAMMING LANGUAGES  
3 hours credit  
Study of the organization of programming languages, with emphasis on their formal specifications and on the run-time behavior of procedural, object-based, functional and logic programming languages. History, syntax and grammar, control, binding, pointers, blocks, parameters, and encapsulation. Prerequisite: COSC 220. Three hours per week.

425, 426. SOFTWARE ENGINEERING I, II  
3 hours credit  
Study of conventional and object-oriented software engineering principles and methods: the human-computer interface, requirements analysis, prototyping, software design, system models, use of tools, project management, implementation, testing strategies, software metrics, maintenance, quality assurance, ethics and professional responsibility. Use of standards, verification and validation, configuration management, quality assurance and human factors. Student teams will analyze a real-world problem and design, implement, document and test a software system based upon the specified requirements. COSC 426 is a continuation of 425. Prerequisite: COSC 320. Three hours per week.

432. COMPILER CONSTRUCTION  
3 hours credit  
Concentrates on the principles, techniques and tools of modern compiler construction. Topics include lexical analysis, parsing and semantic analysis, translation, code generation, run-time organization, abstract syntax, type checking and register allocation. Will design and implement a working compiler. Prerequisite: C or better in COSC 320. Pre- or Corequisite: C or better in COSC/MATH 362. Three hours per week.

450. OPERATING SYSTEMS  
3 hours credit  
Analysis of the operating system, the program which supervises the activity of the computer. Study of processes, inter-process communication, scheduling, I/O systems, deadlock, file systems, memory management, security/protection mechanisms and resource allocation. Prerequisite: COSC 350. Three hours per week.

456. COMPUTER ARCHITECTURE  
3 hours credit  
Advanced study of computer systems which includes addressing modes, parallelism, pipeline processing, memory management, control designs and I/O interrupts. Various architectures compared and contrasted. Prerequisites: COSC 220, 250. Three hours per week.
472. NETWORK SECURITY
3 hours credit
The principles and practice of network security, covering three areas: security risks and countermeasures, principles of computer cryptography, and applied cryptography in network systems. Topics include the themes and challenges of network security, the role of cryptography and modern techniques for computer and network security. Prerequisite: C or better in COSC 370. Three hours per week.

482. COMPUTER GRAPHICS
3 hours credit
Generate and manipulate graphic information using the computer. Emphasis on the analysis of fundamental problems associated with these activities and on the structured design of solutions. Cross-listed with MATH 482. May not receive credit for both COSC 482 and MATH 482. Prerequisites: COSC 120, MATH 306. Three hours per week.

490. SPECIAL TOPICS
3 hours credit
Seminar course with content that varies semester to semester (e.g., artificial intelligence, compiler construction or other topics suggested by faculty or students). May be taken twice under different titles. Prerequisite: COSC 220. Three hours per week.

495. DIRECTED CONSULTING
4 hours credit
Provides teams of 3-12 students with experience in using mathematical and computing tools to solve real-world problems posed by a client organization, such as a research institute, business or industry. Combines individual and group work, and requires the presentation of a written and oral report to the client organization and the department. Cross-listed with MATH 495. COSC/MATH 495 may be taken twice for a maximum of eight credits, but used only once toward a major in mathematics or computer science. Prerequisite: Invitation of department chair. Four hours per week. (P/F)

501. COMPUTER SCIENCE FOR MATH AND SCIENCE TEACHERS
3 hours credit
Study of microcomputers, advanced programming concepts and other topics appropriate to secondary school teachers of mathematics and science. Graduate credit only. Prerequisites: Ability to design and write clear programs; COSC 120.

522. ORGANIZATION OF PROGRAMMING LANGUAGES
3 hours credit
Study of the organization of programming languages, with emphasis on their formal specifications and on the run-time behavior of procedural, object-based, functional and logic programming languages. History, syntax and grammar, control, binding, pointers, blocks, parameters, and encapsulation. Credit may not be received for more than one: COSC 422, COSC 522. Prerequisites: COSC 220, graduate standing required. Three hours per week.

550. OPERATING SYSTEMS
3 hours credit
Analysis of the operating system, the program which supervises the activity of the computer. Study of processes, inter-process communication, scheduling, I/O systems, deadlock, file systems, memory management, security/protection mechanisms and resource allocation. Credit may not be received for more than one: COSC 450, COSC 550. Prerequisites: COSC 350, graduate standing required. Three hours per week.

582. COMPUTER GRAPHICS
3 hours credit
Generate and manipulate graphic information using the computer. Emphasis on the analysis of fundamental problems associated with these activities and on the structured design of solutions. Cross-listed with MATH 482. Credit may not be received for more than one: COSC 482, COSC 582, MATH 482, MATH 582. Prerequisites: COSC 120, MATH 306, graduate standing required. Three hours per week.

590. SPECIAL TOPICS
3 hours credit
Seminar course with content that varies semester to semester (e.g., artificial intelligence, compiler construction or other topics suggested by faculty or students). May be taken twice under different titles. Prerequisites: COSC 220, graduate standing required. Three hours per week.

CONFLICT ANALYSIS AND DISPUTE RESOLUTION (CADR)

200. FOUNDATIONS OF CONFLICT AND CONFLICT RESOLUTION
4 hours credit
Surveys the basic practical and theoretical foundations of conflict and conflict resolution. Introduces students to the basic theories and practices of conflict resolution providing them with a grounding in theories of conflict, their application, the dynamics of conflict and an overview of key conflict resolution processes. Students learn to understand their own conflicts and how the theories, skills and practices of conflict resolution can make conflict productive. Three hours per week with enhancement. Meets General Education IIIB or IIIIC (Prior to Fall 2008: IIB).

225. SOCIOLOGY OF CONFLICT AND NONVIOLENCE
4 hours credit
Seeks answers to questions about why humans use violence to resolve conflict and what social forces produce conflict in families, ethnic and racial groups, economic groups and nation states. Explores nature and practice of nonviolent conflict resolution. Cross-listed with SOCI 225. May not receive credit for both CADR 225 and SOCI 225. Three hours per week with enhancement. Meets General Education IIIB or IIIIC (Prior to Fall 2008: IIB).

300. THEORIES OF CONFLICT AND CONFLICT RESOLUTION
4 hours credit
Examines the root cause of social conflict from a variety of theoretical perspectives. Conflict analysis is examined using psychological, sociological, anthropological, political and internal national relations perspectives. Identifies various factors, variables and social dynamics that often signal the onset of social conflict. Three hours per week with enhancement.

301. INTERNATIONAL CONFLICT AND CONFLICT RESOLUTION
4 hours credit
Focuses on the variety of root sources of conflict between nation states. Underscores the early detection and successful prevention of large-scale acts of aggression and violence between nation states. Case studies will be employed to understand and explain these international disputes. Some key players in these conflicts will serve as resource persons for class. Three hours per week with enhancement.

302. CROSS-CULTURAL CONFLICT ANALYSIS AND INTERVENTION
4 hours credit
Culture and its impact on the interactions of individuals and groups is the core concern of this course. The norms, roles, values, beliefs and traditions of various ethnic and racial groups are primordial to an understanding of why there is conflict among groups. This class emphasizes cultural awareness as a means of more fully understanding the dynamics of
303. STUDIES IN CONFLICT ANALYSIS AND DISPUTE RESOLUTION
4 hours credit
Selected areas of study within varied subfields of conflict analysis and dispute resolution. Course may be taken three times under different subtitles. Prerequisite: CADR 200. Three hours per week with enhancement. Meets General Education IIIIB or IIIC (Prior to Fall 2008: IIIB).

321. RESEARCH METHODS
4 hours credit
Introduction to qualitative and quantitative social research methods. Emphasis on research design, question formulation, sampling techniques, hypothesis testing, data analysis, computer processing and practical research activity. Cross-listed with SOCI 321. May not receive credit for both CADR 321 and SOCI 321. Three one-hour lectures, one two-hour laboratory per week.

400. PRACTICUM AND INTERNSHIP
3 or 4 hours credit
Provides a supervised and mentored experience practicing conflict resolution in local, regional, national or international organizations. Students are required to design their own practicum experience with the assistance of conflict analysis and dispute resolution faculty in order to best suit their particular interests, career goals and aspirations. Prerequisites: Permission of the instructor and junior standing are required to register for the course. Must apply for the practicum experience the semester before registering for the class. May be taken twice with a maximum four credits applied toward the major. Eight to ten hours per week. (P/F with pass equivalent to C or better)

401. DISPUTE SYSTEMS DESIGN
4 hours credit
Examines the practical and theoretical approaches to diagnosing and solving complex organizational conflict. Students will learn how to conduct needs assessment, a variety of organizational analysis techniques and how to construct an internal dispute resolution system for organizations within the private and public sector. Three hours per week with enhancement.

403. RESOLVING ENVIRONMENTAL CONFLICT
4 hours credit
Environmental conflict is the major problem facing most civilizations in the 21st century. This course provides a systems approach to the examination of the sources of environmental conflict as well as various ways to reach resolution. The core challenge is to balance basic human needs while effectively protecting, preserving or conserving vital parts of the physical and biological environment. This course presents a number of conflict intervention models and techniques. Three hours per week with enhancement.

404. NEGOTIATION AND CONFLICT MANAGEMENT IN BUSINESS
4 hours credit
Business conflict can not only hurt profits but personal and professional relationships and, if left unchecked, can impact large groups of people outside the business setting. Conflict management techniques and processes are presented so that students will know how to more effectively manage conflict at an interpersonal level before they escalate into a scenario that requires more people to become involved and further drain business resources. Case studies, simulations and role-plays are used to teach conflict resolution skills that serve to prevent and manage conflicts from becoming destructive. Students will also learn how to become more effective negotiators through the use of interest-based tactics and strategies. Three hours per week with enhancement.

405. SPECIAL TOPICS
4 hours credit
Selected areas of study within varied subfields of conflict analysis and dispute resolution. May be taken twice under different subtitles. Prerequisites: CADR 100 or 200. Three hours per week with enhancement.

490. INDIVIDUAL DIRECTED STUDY
1-4 hours credit
Enables advanced students to pursue individualized work through field study or other projects of their own choosing, under the direction of a faculty member. Students may use the resources available at the Center for Conflict Resolution to become involved in on-going projects. May be repeated for a maximum of eight credits with faculty approval. Prerequisites: CADR 100 or 200, major in conflict analysis and dispute resolution, and permission of instructor. One to three hours per week with enhancement.

495. INDIVIDUAL RESEARCH
4 hours credit
Advanced students pursue their own research project under the direction of a faculty member or assist a faculty member in a research project. Involves both archival and qualitative and/or quantitative social science research. May be repeated for a maximum of eight credits with faculty approval. Prerequisites: CADR 100 or 200, major in conflict analysis and dispute resolution, and permission of instructor. Three hours per week with enhancement.

500. INTRODUCTION TO CONFLICT ANALYSIS AND RESOLUTION
3 hours credit
Introduction to various practices, history and formative theories of the field; basic analytical and conceptual frameworks; and how theory and practice reinforce each other. Explores how values and world views shape practices and will include reflective exercises to identify individual styles, value sets and approaches to conflict and intervention. Three hours per week.

510. PROBLEM SOLVING, NEGOTIATION AND CONFLICT ASSESSMENT
3 hours credit
Explores basic negotiation and problem-solving theory and practice from basic “two-party, one-issue disputes” to more complex cases requiring additional intervention skills. Familiarizes students with the negotiation process; provides experience with conflict analysis and assessment; examines issues of effective data gathering, identification of stakeholders and getting people to the negotiation table; and reviews the process of assessment as it relates to selecting appropriate conflict resolution practices. Three hours per week.

520. STRUCTURAL AND SYSTEMATIC CONFLICT AND DISPUTE SYSTEMS
3 hours credit
Examines the hidden sources of conflicts that are often embedded in social, legal, political, and organizational structures and systems. Emphasizes rules, regulations, roles, contractual obligations, laws, informal agreements and other ties that bind people together to create conflict among individuals and groups. Examines organizations, institutions or governments for root causes of conflict. Three hours per week.

530. MEDIATION THEORY AND PRACTICE
3 hours credit
Engages students in the major debates and nuances of practice in the field, specifically focusing on the interpersonal level of intervention. Distinctions are made concerning various mediation styles and various schools of thought on how and when to intervene in a case. Students create models of prac-
tic from a wide range of process skills and approaches and apply process and analytical knowledge to cases possessing various levels of complexity. **Prerequisite:** CADR 510. Three hours per week.

### 540. THEORIES OF CONFLICT AND CONFLICT RESOLUTION
3 hours credit
Examines theoretical base relating to conflict sources and conflict intervention. Provides a series of frameworks for analyzing complex conflict dynamics. **Three hours per week.**

### 550. RESEARCH METHODS
3 hours credit
Explores various research methods for collecting, tracking, managing, and analyzing quantitative and qualitative data. Course includes a research project that employs various forms of data collection and analysis. **Prerequisite:** CADR 500. Three hours per week.

### 600. GROUP PROCESSES AND COMPLEX CONFLICTS
3 hours credit
Explores the complexities of large group interventions including organizational, intergroup and international work. Topics include large group consensus processes, multi-party arbitration, negotiated rulemaking, external dynamics, engaging multiple levels of government and community, working internationally, and dealing with the media. **Prerequisites:** CADR 500, 510. **Three hours per week.**

### 610. WORKSHOPS, TRAINING AND CONFLICT COACHING
3 hours credit
Examines services provided by conflict resolution practitioners. Topics include constructing training workshops, coordinating programs for local organizations, and addressing professional development issues such as self marketing, developing and presenting conflict intervention products, developing and maintaining a client base, and writing reports and evaluations. **Prerequisite:** CADR 500. **Three hours per week.**

### 620. SPECIAL TOPICS
3 hours credit
A special topics course with varying content developed in response to faculty and student interests. **Three hours per week.**

### 630. STUDIES IN CONFLICT ANALYSIS AND DISPUTE RESOLUTION
3 hours credit
Selected areas of study within varied subfields of conflict analysis dispute resolution. Topics will vary in response to faculty and student interests. **Three hours per week.**

### 640. FIELD PRACTICUM I
3 hours credit
An intensive, semester-long practicum, focused on practical field-based experiential learning. An academic program coordinator assists in developing a practicum site and project. The course requires an average of five-six hours per week throughout the semester in addition to the time reserved for classroom activity, reading and research for the final project. **Prerequisites:** CADR 500, 520. **Five-six hours per week.**

### 641. FIELD PRACTICUM II
3 hours credit
An advanced self-guided practicum. Students may continue their practicum experience in CADR 640 or create a new practicum experience with faculty approval. The course requires an average of five to six hours per week throughout the semester in addition to the time reserved for classroom activity, reading and research for the final project. **Prerequisite:** CADR 640. **Five-six hours per week.**

### 650. RESEARCH THESIS PROJECT
3 hours credit
A seminar that assists with the thesis process which leads to a project of publishable quality. Opportunities for peer review and establishing incremental goals are available in this course. Students wishing to conduct a thesis must make this known in their first year of study and must complete and publicly present their thesis prior to the end of their final semester. **Prerequisites:** CADR 550 and permission of instructor. **Three hours per week.**

### 651. PROFESSIONAL DEVELOPMENT
3 hours credit
A seminar that helps execute a professional development project. Opportunities for peer review and establishing incremental goals are available in this course. Students wishing to execute a professional development project must make this known in their first year of study and must complete and publicly present their professional development project prior to the end of their final semester. **Prerequisites:** CADR 610 and permission of instructor. **Three hours per week.**

---

**DANCE (DANC)**

### 106. DANCE COMPANY
1 hour credit
Ensemble study focuses on dance as a fine art in the rehearsal and performance of ballet, ethnic, jazz, modern and musical theatre dance works choreographed by resident faculty, professional guest artists and selected student members. May be taken for a total of eight credit hours with three applied to the creative arts minor. **Prerequisite:** Previous training and audition. **Four hours per week.**

### 150. YOGA
4 hours credit
Study and practice of yoga. Focuses on sequences for strength, flexibility, and balance and techniques for breath awareness, meditation and relaxation. **Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).**

### 162. CREATIVE MODERN DANCE I
4 hours credit
Introduction to beginning modern dance as a creative art form. Focuses on a biomechanical approach to movement and basic principles and techniques derived from the American founders of modern dance. **Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).**

### 167. BALLET I
4 hours credit
Introduction to beginning classical ballet technique. Focuses on placement and body alignment, barre work, and simple adagio and allegro movements. **Prerequisite:** Little to no previous training. **Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).**

### 168. JAZZ DANCE
4 hours credit
Introduction to beginning jazz dance technique. Focuses on placement, isolations and rhythmicality. **Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).**

### 202. DANCE APPRECIATION
4 hours credit
Study of traditions of dance in communities around the world. **Provide perspective for understanding and appreciating the**
function of dance in human societies. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

262. CREATIVE MODERN DANCE II
4 hours credit
Continuation of modern dance principles and techniques. Focuses on complex sequences and extended creative studies. Prerequisite: DANC 162 or equivalent. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

267. BALLET II
4 hours credit
Continuation of classical ballet principles and techniques. Focuses on complex adagio and allegro sequences. Prerequisite: DANC 167 or equivalent. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

268. MUSICAL THEATRE DANCE
4 hours credit
Survey of musical theatre dance from late 19th century African-based forms through 20th century Broadway show styles. Focuses on the study of ballroom, ballet, jazz and tap dance techniques and selected repertory. Prerequisite: DANC 167 or 168 or 267. Three hours per week with enhancement.

360. DANCE TEACHING
4 hours credit
Study applies lesson planning to practicum teaching and develops a theoretical framework for the art of teaching dance. Prerequisites: DANC 162 or 262, 167 or 267, 168 or 268, and dance minor status. Three hours per week with enhancement.

490. SELECTED TOPICS
4 hours credit
Intensive study of selected topics in dance. May be repeated for a maximum of four hours under different subtitles. Prerequisite: Permission of instructor. Three hours per week with enhancement.

491. INDEPENDENT STUDY
1-4 hours credit
Intensive research opportunity for dance minors on a selected subject. May be taken under different subtitles for a total of four hours. Prerequisite: Proposal and permission of instructor and department chair prior to registration. Three hours per week with enhancement.

ECONOMICS (ECON)

150. PRINCIPLES OF ECONOMICS
3 hours credit
A general introduction to economic ideas and analysis with emphasis on economic institutions and processes in the context of a market economy. Includes basic discussion of microeconomic and macroeconomic topics including economic decision making in the context of scarce resources, price theory, monetary and fiscal policy, etc. This course is intended for nonbusiness majors. This course may not be taken concurrently with or after having completed ECON 211 or 212. Three hours per week. Three hours per week. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

211. MICRO-ECONOMIC PRINCIPLES
3 hours credit
Introduction to the ideas and tools economists use to understand human behavior constrained by scarce resources. Analytical tools introduced include supply and demand analysis, elasticities, and models of perfect and imperfect competition. These tools will be used to study topics such as consumer and producer decision-making, taxation, environmental quality and health care. Three hours per week. Three hours per week. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

212. MACROECONOMIC PRINCIPLES
3 hours credit
Explores forces behind business consumer purchases, capital spending and the balance of payments and their relationship to unemployment, inflation and the value of the dollar abroad. Also examines the effect of government spending, taxation and money supply policies on the economy's performance. Prerequisite: ECON 211. Three hours per week. Three hours per week. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

220. INTRODUCTION TO ECONOMETRICS
3 hours credit
Introduction to measurement and empirical testing of economic theories. Principles and methods of statistical inference are reviewed and applied to such ideas as law of demand and the consumption function. Training on widely used statistical software. Prerequisites: MATH 155 “C” or better grade, ECON 212 as pre or Corequisite. Three hours per week.

300. ECONOMIC HISTORY OF THE UNITED STATES
3 hours credit
Study of major developments in the American economy from the founding of colonies to the present, with emphasis on the economic factors contributing to U.S. industrial growth. Prerequisites: C or better in ECON 211, 212. Three hours per week.

305. INTERMEDIATE MACRO-THEORY
3 hours credit
Study of the theory of economic aggregates through the use of national income accounts to determine the effect of certain key variables on employment and production. Key variables studied include savings and investment, the quantity of money, the velocity of money, the rate of interest and consumption. Prerequisites: C or better in ECON 211, 212; and MATH 155, 160 (or 201). Three hours per week.

306. INTERMEDIATE MICRO-THEORY
3 hours credit
Study of supply and demand relationships under the various market classifications. Major topics include the market forms, the principles of production, costs of production, resource allocation and income distribution with some discussion of welfare economics. Prerequisites: C or better in ECON 211, 212; and MATH 155, 160 (or 201). Three hours per week.

331. MONEY AND BANKING
3 hours credit
Study of financial institutions, economic aspects of commercial banking, monetary economics, and banking and fiscal policy. Prerequisites: C or better in ECON 211, 212. Three hours per week.

336. PUBLIC SECTOR ECONOMICS
3 hours credit
Study of the principles, techniques and effects of obtaining and spending funds by governments and the management of governmental debt. Taxes and expenditures of all levels of government in the United States considered. Prerequisites: C or better in ECON 211, 212; and MATH 155, 160 (or 201). Three hours per week.

338. SPECIAL TOPICS IN ECONOMICS
3 hours credit
In-depth study of varying economic issues not covered in other economics courses. Students may repeat this course under a different topic. Prerequisites: C or better in ECON 211, 212. Three hours per week.
370. INDUSTRIAL ORGANIZATION
3 hours credit
Examines differences in how firms behave and perform under alternative market structures including monopolistic competition, oligopoly, monopoly and pure competition. Analyzes problems created by industrial concentration and public policies for dealing with these problems. Prerequisites: C or better in ECON 211, 212; and MATH 155, 160 (or 201). Three hours per week.

381. LABOR ECONOMICS
3 hours credit
Examination of factors which influence the number of job seekers and the number of jobs in the aggregate, and the efficiency with which the economic system utilizes its labor resources. Topics include individual decision-making with regard to education, job search strategy and hours of work as well as government policies affecting labor compensation, welfare and the right to bargain collectively. Prerequisites: C or better in ECON 211, 212; and MATH 155, 160 (or 201). Three hours per week.

402. COMPARATIVE ECONOMIC SYSTEMS
3 hours credit
Comparison of contemporary economic systems in various parts of the world. Includes a review of the core economic principles used to analyze economic systems and adopts a country- or region-specific approach to examine the tri-pillars of the world economy: the U.S., Japan and EU; developing and emerging economies in East Asia and Latin America; and the transitional economies of China and Russia. Focus is on the international comparison of economic systems in terms of its influence on economic outcomes such as resource allocation and macroeconomic stability. Prerequisites: C or better in ECON 211, 212. Three hours per week.

403. MONETARY POLICY AND THE U.S. ECONOMY
3 hours credit
Introduction to how the Federal Reserve (the Fed) formulates and carries out monetary policy to achieve the twin goals of price stability and sustainable economic growth in order to expand and advance students’ understanding of monetary policy in the economy. Coverage includes how policy is transmitted to the nation’s economy through the banking system and financial markets, the domestic and international economic environment that influences monetary policymaking, and the implications of policy decisions for the domestic and international economies. Relevant macroeconomics and monetary theories to guide policy decisions are examined. Prerequisites: C or better in ECON 211, 212. Prerequisite/Corequisite: ECON 305. Three hours per week.

410. THE ECONOMICS OF HEALTH CARE
3 hours credit
Examines economic aspects of health care including special characteristics of the health care industry, economic behavior of health care consumers and providers, and the role of health insurance and government regulation. Compares health care finance and insurance in the U.S. and other advanced countries. Prerequisites: C or better in ECON 211, 212; and MATH 155, 160 (or 201). Three hours per week.

411. ECONOMIC DEVELOPMENT
3 hours credit
Study of the theory of economic development and its application to the underdeveloped regions and countries of the world. Emphasis on the technological, locational and financial aspects of economic growth. Prerequisites: C or better in ECON 211, 212; MATH 160. Three hours per week.

415. ENVIRONMENTAL AND NATURAL RESOURCE ECONOMICS
3 hours credit
Economics-based analysis of causes and consequences of environmental problems and environmental policy and a study of the critical issues in natural resource allocation. Topics include common pool resources, externalities, property rights, exhaustible and renewable resources, privatization and the economics of environmental policy formation. Students may not receive credit for both ECON 415 and 420. Prerequisite: C or better in ECON 211. Three hours per week.

430. ECONOMETRICS
3 hours credit
Principles of econometric model building, empirical testing and statistical inference. Introduction to the theory and application of time series and limited dependent variable models. Prerequisites: C or better in ECON 211, 212; MATH 155, 160 (or 201); INFO 281. Three hours per week.

441. INTERNATIONAL ECONOMICS
3 hours credit
Study of the basic economic concepts and theories for international business, international trade and finance, commercial policy, and foreign investment and multinational firms. Prerequisites: C or better in ECON 211, 212; MATH 155. Three hours per week.

460. APPLIED ECONOMICS WORKSHOP
3 hours credit
Practical experience with methods used by professional economists to measure economic conditions. Students collect, process, evaluate, interpret and report economic data. Satisfies ABLE requirement for business majors in economics track only. Prerequisites: C or better in ECON 211, 212; MATH 155, 160 (or 201); INFO 281. Three hours per week.

492. SENIOR SEMINAR IN CONTEMPORARY ECONOMIC PROBLEMS
3 hours credit
Economics majors research problems of their own choosing and present a seminar paper. Focus on problems facing the American and world economies. Prerequisite: Economics major with senior status. Three hours per week.

494. DIRECTED STUDY IN ECONOMICS
1-3 hours credit
Supervised study in an area of interest to the advanced student. May be taken twice under different course topics. Prerequisites: Junior/senior status and permission of the instructor.

520. GRADUATE SURVEY OF ECONOMICS
3 hours credit
Introduction to the macro- and micro-economic principles. Examines the constraints and choices imposed on the firm by resource limitations, technology, the domestic and international competitive environments, the growth and stability of aggregate income and a wide range of public policies. The rationale for policies to modify or augment private production and spending decisions will be considered. M.B.A. leveling course. Prerequisites: Provisional status in M.B.A. program and MATH 160 and 155 and INFO 111 (or equivalents). Three hours per week.

606. ECONOMICS OF MANAGERIAL DECISION MAKING
2 hours credit
Study of how firms make decisions within their organizations and how these decisions are influenced by different incentive structures. Applies economic principles and methodologies to business decision problems relating to costs, prices, revenues, profits and competitive strategies, and provides an analytical base for the study of the corporate strategy process. Basic economic theory and the application of this analysis to management decision making are covered first. The general model used for this application is organizational architecture consisting of three aspects of corporate organization. Theory is then applied to topics such as performance evaluation, leadership, understanding the business environ-
ment and ethics. **Prerequisites:** Admission to the M.B.A. program; ECON 150 or 211 (or equivalent) with a grade of C or better. **Four hours per week for half a semester.**

### 610. MONEY AND BANKING AND THE MACROECONOMY
**2 hours credit**
Examines a policy-oriented approach to analyzing the financial and monetary systems of the U.S. economy with focus on the Fed's monetary policy decisions. Includes examining the financial system and the role of money, the present value formula, interest rate risks, term structure of interest rates, real interest rates, and the commercial banking system and its regulation. Introduces money demand, international economic interdependence and the role of exchange rates in trade and financial international economic interdependence and trade and financial flows. Culminates in the study of the Fed's monetary control process, monetary policy instruments, functioning of the federal funds market and rules for monetary policy. **Prerequisites:** Admission to the M.B.A. program; ECON 150 or 211 (or equivalent) with a grade of C or better. **Four hours per week for half a semester.**

### 630. ECONOMIC ENVIRONMENT OF THE ORGANIZATION
**3 hours credit**
A study of the structure of the financial system and its evolution, money and banking financial institutions, financial capital, the role of the Federal Reserve, and the macroeconomic forces that shape the economy. **Prerequisite:** Admission to M.B.A. program. **Three hours per week.**

### 631. MANAGERIAL ECONOMICS
**3 hours credit**
Builds upon basic economic principles by addressing specific concerns of managers, such as pricing, forecasting and production decisions. Presents theoretical and empirical analysis of factors affecting behavior of business costs and revenues. **Prerequisite:** Admission to M.B.A. program. **Three hours per week.**

---

**EDUCATION (ECED, EDLD, EDUC, ELED, EMAT, REED, SCED)**

**NOTE:** Education courses may be repeated only once.

### ECED

#### 215. FOUNDATIONS OF EARLY CHILDHOOD EDUCATION
**3 hours credit**
Introduction to educational programs serving children ages birth to 8 years. Considers early childhood history, programs, models and belief systems. Attention given to professional ethics and current trends and issues. Field experience required. **Three hours per week.**

#### 320. DEVELOPING THE YOUNG CHILD
**3 hours credit**
Provides a foundation for examining, integrating and evaluating practical and theoretical issues related to constructing developmentally appropriate programs for infants and toddlers. Emphasis on infant/toddler development, quality of adult-child interactions and the physical environment. Looks at family-school-community partnerships that relate to the child's ability to develop and learn with a focus on the central role of family involvement in early childhood programs. Field experience required. **Prerequisites:** Admission to Professional Teacher Education Program, ECED 215. **Three hours per week.**

#### 324. PRIMARY CURRICULUM I
**3 hours credit**
Explores the teaching and learning of mathematics, science and health for first through third grades. Emphases include an integrated approach, family connections and child development principles. Focus is on the creation of effective learning environments for diverse learners through the examination of content, methods, materials and assessment. Field experience required. **Prerequisites:** Admission to Professional Teacher Education Program, ECED 215. **Three hours per week.**

#### 325. PRIMARY CURRICULUM II
**3 hours credit**
Explores the teaching and learning of social studies, creative arts and movement for grades first through third through an integrated approach with an emphasis on family and child development principles. Focus is on the creation of effective learning environments for diverse learners through the examination of content, methods, materials and assessment. Field experience required. **Prerequisites:** Admission to Professional Teacher Education Program, ECED 215. **Three hours per week.**

#### 327. INCLUSIVE EDUCATION FOR YOUNG CHILDREN
**3 hours credit**
Develops intervention tools and strategies that optimize the learning potential and well-being of young children in inclusive early childhood settings. Emphasis on collaborative efforts of educators, family and community agencies. Field experience required. **Prerequisites:** Admission to Professional Teacher Education Program, ECED 215. **Three hours per week.**

#### 421. LANGUAGE, LITERACY AND PLAY
**3 hours credit**
Focuses on the development of the young child's receptive and expressive language and emergent literacy through play and a rich array of content-related activities. The teacher's role in supporting and facilitating language and literacy development and community building is examined. Issues of language and literacy diversity are also explored. May not receive credit for both ECED 323 and ECED 421. **Prerequisites:** Admission to Professional Teacher Education Program, ECED 215. **Three hours per week.**

#### 422. DISCOVERY THROUGH INTERDISCIPLINARY STUDIES
**3 hours credit**
Developmentally appropriate practices and current research in early childhood curricula areas (including math, social studies and science) are emphasized through inquiry learning and the arts to engage all children, ages 4-6. Techniques in classroom management include the "responsive classroom." Field experience required. **Prerequisites:** Admission to Professional Teacher Education Program, ECED 215. **Three hours per week.**

#### 445. PREPRIMARY INTERNSHIP
**6 hours credit**
Supervised placement in public school prekindergarten or kindergarten classrooms. Students observe teaching, work with children, and teach and participate in activities for which regularly employed teachers are responsible. May not receive credit for both ELED 445 and ECED 445. **Prerequisites:** Early childhood major; early childhood internship criteria. Elementary education major: elementary directed teaching criteria, ECED 215, 323. (P/F)

#### 446. PRIMARY GRADES INTERNSHIP
**3 hours credit**
Supervised placement in grades one through three. Interns observe teaching, work with children, teach and participate in activities for which regularly employed teachers are responsible. **Prerequisites:** Admission to Professional Teacher
552. DIVERSITY AND GROUP DYNAMICS IN SCHOOL ADMINISTRATION
3 hours credit
Content consists of the study of diversity and group development within educational settings. An emphasis is placed on diverse communities, collaboration, decision making and communication theory, and the development of programs that address student diversity, community relations and the media. Prerequisites: EDLD 516, 517. Three hours per week.

555. PUBLIC SCHOOL FISCAL AND HUMAN RESOURCE MANAGEMENT
3 hours credit
Focuses on the need for educational leaders to use their knowledge of organizational theory to create a learning environment that promotes the success of all students. Emphasis is placed on the allocation of resources such as personnel, facilities and technology to create an effective learning environment. Students investigate management issues dealing with the alignment of fiscal and human resource functions to the success of all students. Prerequisites: EDLD 516, 517, 552. Three hours per week.

656. EDUCATIONAL LEADERSHIP / ISSUES ANALYSIS
3 hours credit
Provides significant opportunities for candidates to synthesize and apply the knowledge and practice of effective school leaders in educational settings. Each candidate selects an issue to analyze and develops appropriate strategies throughout the internship to improve student learning. Must be taken two successive semesters to successfully complete internship requirements. Grades are issued at the completion of the second semester. Repeatable for a maximum of six credits. Prerequisites: Completion of all courses in the M.Ed. in School Administration and Supervision Program sequence or by permission of the instructor. Nine hours internship per week.

EDUC

210. SCHOOL IN A DIVERSE SOCIETY
3 hours credit
Sociological, historical and philosophical approach to the role of the school in an increasingly diverse society. Emphasis on development of knowledge, values and skills needed to live, learn, interact and work in a global society. Field experience required. Credit may not be received for both EDUC 210 and 305. Three hours per week.

300. DEVELOPMENT, LEARNING AND ASSESSMENT
3 hours credit
Physical, intellectual, emotional and social development of children (ages 3-18) with emphasis on adolescent development. Attention is given to student learning and assessment. Required field observation. Credit may not be received for both EDUC 300 and 304. Prerequisite: PSYC 101. Three hours per week.

304. LEARNING AND ASSESSMENT
3 hours credit
Examines concepts, principles, theories and research related to teaching and learning for diverse populations across grade levels. Explores traditional and nontraditional strategies for assessing student learning. Field experience is included. Credit may not be received for both EDUC 300 and EDUC 304. Three hours per week.

318. COMPUTERS IN EDUCATION
3 hours credit
Overview of the role of computers in education. Examination of computer applications as they relate to specific teaching/learning operations and educational functions in the
pre-K-12 classroom. Prerequisite: Admission to Professional Teacher Education Program. Three hours per week.

319. TECHNOLOGY IN EDUCATION
1 hour credit
Overview of the role of technology in education. Examines computer applications and their use as tools in the constructivist classroom. Issues and classroom management techniques for using technology in the classroom will be explored. Field experience is required. Prerequisite: Admission to Professional Teacher Education Program, ability to create documents using word processing, spreadsheets, presentations with software such as PowerPoint and Web pages. One hour lecture, 50 minute laboratory per week.

409. LITERATURE FOR ADOLESCENTS
3 hours credit
Study of literature for and about contemporary adolescents. Emphasis on methods of teaching that build adolescent appreciation for the more established literary selections in secondary school curriculum. Prerequisite: Admission to the Professional Teacher Education Program. Three hours per week.

415. INSTRUCTIONAL TECHNIQUES FOR INCLUSION
3 hours credit
Develops skills for creating and implementing curricular, instructional and environmental modifications/accommodations to meet the social, affective, behavioral and cognitive needs of exceptional students. In depth study of collaborative processes involving family, community, school staff and special education teachers in developing and implementing IEPs as well as developing the support system necessary for inclusion. Prerequisite: Admission to Professional Teacher Education Program; ELED 310, 316, 317, EDUC 318. Corequisite: ELED 309. Three hours per week.

416. CLASSROOM MANAGEMENT
3 hours credit
Explores the ability to create and maintain productive learning environments. Emphasis on development of learner responsibility, promotion of positive social relationships, interdependence of effective instruction and management, and prevention/intervention strategies. Consideration given to accommodating diversity and communicating with families. Field experience included. Prerequisites: Admission to Professional Teacher Education Program; ELED 310, 316, 317, EDUC 318. Corequisite: ELED 309. Three hours per week.

440. INTRODUCTION TO EARLY CHILDHOOD EDUCATION
3 hours credit
Introduction to curriculum and methods in early childhood education, including theories, practices, techniques and materials. Attention to art, music, nutrition, safety, health education, motor activities and positive teacher-parent relations. Field experience required. Prerequisites: EDUC 300 and declared elementary education major. Three hours per week.

463. SEMINAR IN HEALTH EDUCATION
3 hours credit
Designed to facilitate the transition of candidates from the role of student to professional. Provides a forum for discussion of issues pertinent to current practices, trends and issues in health education during the student teaching experience. Prerequisites: Admission to Professional Teacher Education Program, student teaching criteria. Corequisite: EDUC 462. Three hours per week. (P/F)

470. PRACTICUM IN MIDDLE SCHOOL SCIENCE EDUCATION
3 hours credit
Provides theoretical background and practical experience with current trends and issues in middle school science education. Consists of a distributed practicum in which candidates take part in a series of encounters in middle school classrooms, schools and/or afterschool programs requiring at least three hours per week in field placements. Not all of those encounters are necessarily in the same placement, but all are under the mentorship of a middle school science teacher. In conjunction with the practical encounters, candidates read appropriate background literature relating to middle school science instruction and complete assignments that combine ideas from reflections from their practical experiences, readings and additional resources located by the candidate. Additional 1.5 hours per week meeting with the instructor may be scheduled as needed. Prerequisites: EDUC 210, 304; ELED 312; 15 credits of science from at least three science department prefixes and junior standing; admission to Professional Teacher Education Program (PTEP) or permission of instructor. Candidates not accepted into the PTEP have to demonstrate readiness to work directly with middle school candidates in terms of knowledge, skills and dispositions, and may have to meet other requirements imposed by the school system for individuals working with children in the school. Four hours per week.

475. METHODS AND MATERIALS IN ENVIRONMENTAL EDUCATION
3 hours credit
Increases students’ awareness of their immediate environment with the aim of developing a broad philosophy of environmental education. Existing teaching methods and materials analyzed and new methods developed for use in interdisciplinary, problem-focused situations. Prerequisite: Senior standing. Three hours per week.

491. INDEPENDENT STUDY
1-3 hours credit
Permits self-study of problems not considered in other courses. May be taken twice under different subtitles. Prerequisite: Approval of course instructor and department chair.

500. HISTORICAL, PHILOSOPHICAL AND SOCIAL FOUNDATIONS
3 hours credit
Selected topics in intellectual and educational history from the time of ancient Greece to the present. The relation of education to historic traditions and social trends. Three hours per week.

502. INTRODUCTION TO RESEARCH
3 hours credit
Introduction to quantitative and qualitative methods of scientific inquiry. Gain experience in the use, interpretation and application of research to solve organizational and instructional problems. Must be taken within the first 12 hours of M.Ed. program. Three hours per week.

503. CLASSROOM MANAGEMENT
3 hours credit
Aids teachers in developing practical skills needed to manage their classes more effectively. Recent research related to effective management techniques and its application in classrooms will be considered. Appropriate management strategies will be selected, implemented and evaluated in the classroom. Prerequisite: Admission to graduate study. Three hours per week.

504. DIVERSITY IN A DEMOCRACY
3 hours credit
Examination of contemporary cultural diversity within the United States educational environments. Special attention given to cultural problems and issues that influence opportunities and performance in educational institutions. Human relations skills considered for improving success within culturally diverse populations. Must be taken within the first 12 hours of M.Ed. program. Prerequisite: Admission to graduate study. Three hours per week.
506. SEMINAR IN TEACHING OF MATHEMATICS
3 hours credit
Analysis of recent theory and results of research for the teaching of mathematics. Students investigate developments at either the elementary or secondary school level. Three hours per week.

507. TESOL INTERNSHIP I
3 hours credit
One full-time, seven week clinical experience provides opportunity to actualize the latest educational research and theory into practice, including, but not exclusive to: observation, mini-teaching, macro-teaching, whole group lessons and action research. Conducted under the direct supervision of a clinical supervisor. Prerequisites: Completion of all course work in the M.A./TESOL certification sequence prior to the internship, with an overall program GPA of 3.0; passing scores on Praxis I. Corequisites: EDUC 509 and 511. Three hours per week.

508. SEMINAR: RESEARCH IN HUMAN DEVELOPMENT
3 hours credit
Survey of research techniques and findings in the field of human growth and development. Research related to developmental characteristics of students considered. Prerequisite: EDUC 300 or permission of instructor. Three hours per week.

509. TESOL INTERNSHIP II
3 hours credit
One full-time, seven week clinical experience provides opportunity to actualize the latest educational research and theory into practice, including, but not exclusive to: observation, mini-teaching, macro-teaching, whole group lessons and action research. Conducted under the direct supervision of a clinical supervisor. Prerequisites: Completion of all course work in the M.A./TESOL certification sequence prior to the internship, with an overall program GPA of 3.0; passing scores on Praxis I. Corequisites: EDUC 507 and 511. Three hours per week.

510. SEMINAR: RECENT ISSUES IN EDUCATION
3 hours credit
Analysis of selected issues in education. Students required to survey and critically evaluate pertinent research on at least one issue. Three hours per week.

511. TESOL INTERNSHIP SEMINAR
3 hours credit
Forum for discussing problems encountered during the internship. Colloquium for developing strategies to resolve problems. Prerequisites: Completion of all course work in the M.A./TESOL sequence prior to the internship and passing scores on the Praxis I. Corequisites: EDUC 507, 509. Three hours per week.

512. SEMINAR IN THE TEACHING OF SOCIAL STUDIES
3 hours credit
Analysis of theory and research in the social sciences as applied to developing and teaching social studies at either the elementary or secondary school level. Three hours per week.

513. SEMINAR IN THE TEACHING OF SCIENCE
3 hours credit
Analysis of recent advances in the teaching of science and the development of skills in applying these to classroom teaching at the elementary or secondary school level. Three hours per week.

515. EASTERN SHORE WRITING PROJECT SUMMER INSTITUTE
6 hours credit
Explores current theories about the composing process and their implications for teaching writing and using writing to teach other content areas. Focuses on adapting and evaluating classroom activities for different grade levels and educational settings. Cross-listed with ENGL 515. Prerequisite: Permission of the instructor.

533. FOUNDATIONS OF EARLY CHILDHOOD EDUCATION
3 hours credit
Explores the historical and philosophical foundations of early childhood education. Includes an introduction to curriculum and methods with an emphasis on theories, practices, strategies and materials. Three hours per week.

545. LEARNING, INSTRUCTION AND ASSESSMENT IN THE SCHOOLS
3 hours credit
Identification of classroom problems and issues related to and involving instruction, learning and student assessment; the development and application of strategies to aid in resolving issues and solving problems; and the coordination of student characteristics and environmental factors to improve the quality of learning experiences in the schools; and the exploration of the relationship between assessment and instruction. Must be taken within the first 12 hours of M.Ed. program. Prerequisite: Admission to graduate study. Three hours per week.

547. ESOL METHODS
3 hours credit
The study of philosophy, aims and methods of teaching English as a second language in grades 1-12 with emphasis upon theories, techniques and materials in current use. Graduate scholarship expected. Prerequisite: ENGL 538 or permission of instructor, admission to the Professional Education Program. Three hours per week.

558. PRACTICUM FOR TEACHING PROFESSIONALS
3 hours credit
A five-week course under the direction of an experienced teacher/mentor and a University supervisor that provides classroom experience in an additional area of teaching certification for those who already hold certification in one area. Interns will observe teaching, participate in work with children, participate in planning sessions, teach and participate in all activities for which regularly employed teachers are responsible. Prerequisites: Teaching certification, all requirements for the additional certification area sought, at least six graduate credits at SU, graduate GPA 3.0 or higher, permission of M.Ed program coordinator. Three hours per week.

560. COLLEGE TEACHING
3 hours credit
Research-based investigation of theories and practices involved in teaching in institutions of higher education. Intended for graduate students aspiring to college teaching or academic leadership positions. Examines the roles and responsibilities of college instructors with emphasis on practical applications in college and university settings. Three hours per week.

561. SEMINAR: ISSUES AND TRENDS IN POSTSECONDARY EDUCATION
3 hours credit
Opportunities for research-based examination of selected current issues in postsecondary education and for students to share the efforts of their investigations on topics of interests. Three hours per week.

562. COLLEGE STUDENT DEVELOPMENT THEORY
3 hours credit
Explores college student development, utilizing the approach of practice to theory to practice. Students conceptualize how college students grow and develop during the critical college years. Students are challenged to hypothesize and theorize en route to creating developmentally based practical applica-
563. TEACHING ADULTS
3 hours credit
For students in the post-secondary education track of the M.Ed. program and those in other fields seeking information and contemporary methods of effective adult instruction. Assumes no prior knowledge or experience about instructional methods, theories or practices. Three hours per week.

567. COLLABORATIVE TEACHING AND MENTORING
3 hours credit
Seeks to equip teachers with strategies for co-teaching and mentoring interns, novice teachers and paraprofessionals. While the primary focus will be on the intern-mentor relationship in professional development school (PDS) settings, the strategies of collaboration, differentiation of instruction and mentoring are relevant for all teachers. Three hours per week.

570. CURRENT ISSUES IN EDUCATIONAL TECHNOLOGY
3 hours credit
Examines selected current issues in educational technology. Focuses on the impact of technology on schools and global society, safety issues, the digital divide and the impact of distance learning. Introduces a framework for teacher knowledge of technology integration. Research topics and prepare multimedia presentations. Must be taken within the first 12 hours of M.Ed. program. Prerequisites: Admission to graduate study and basic computer skills (file management, word processing, Web-based communication and researching skills). Three hours per week.

571. WEB-BASED TEACHING AND LEARNING
3 hours credit
Examines the use of emerging Web-based technologies that enhance learning environments. Develops pedagogy to use Web-based tools that promote collaborative projects, global correspondence with teachers and students, gathering and analyzing data, and conducting research in K-16 learning environments. Explores lesson design for integrating Web-based technology into classrooms. Prerequisites: Admission to graduate study and basic computer skills (file management, word processing, Web-based communication and researching skills). Three hours per week.

578. SEMINAR IN TEACHING SECONDARY ENGLISH
3 hours credit
Engages students in in-depth examination of current issues in literacy instruction for secondary students. General nature of issues remains constant but particular focus varies semester to semester, to reflect current thought. Three hours per week.

579. TRENDS IN ELEMENTARY LITERACY EDUCATION
3 hours credit
Grounds methods of teaching language and literacy in current knowledge and theory of language and literacy acquisition. Students take an active role in building personal theory to guide their practice in elementary literacy instruction. Three hours per week.

580. TRENDS IN MATHEMATICS AND SCIENCE EDUCATION IN THE ELEMENTARY SCHOOL
3 hours credit
Critical review and analysis of current issues, research and practices in the teaching and learning of science and mathematics in the elementary school. Emphasis on exploring the expanding knowledge base in each discipline. Three hours per week.

581. TRENDS IN SOCIAL STUDIES EDUCATION IN THE ELEMENTARY SCHOOL
3 hours credit
Examines the current perspectives, trends, issues and controversies in the field of social studies education, both in relation to content and pedagogy. Considers social studies in terms of its relationship to the social science disciplines. Three hours per week.

582. TEACHING READING IN THE CONTENT AREAS: PART I
3 hours credit
Provides knowledge of the reading process, instructional strategies and materials used, drawn from research-based recommendations for using text in secondary content areas. Intended for M.Ed. candidates and other in-service teachers. Three hours per week.

583. TEACHING READING IN THE CONTENT AREAS: PART II
3 hours credit
Provides in-depth study of literacy needs of diverse populations. Includes instructional and assessment methods in reading and writing. Intended for all secondary and K-12 teachers. Three hours per week.

585. TECHNOLOGY TOOLS FOR TEACHING AND LEARNING
3 hours credit
Examines the use of graphics, productivity tools and interactive technologies to enhance learning. Develops ability to plan, organize and design products that effectively communicate information and challenges the use of specific tools to solve problems. Uses technology applications to design and develop interactive learning environments to support authentic, constructivist, problem-based learning for all learners. Critically evaluates tools appropriate for learners. Prerequisites: Admission to graduate study, EDUC 570 and basic computer skills (file management, word processing, Web development, Web-based communication and researching skills). Three hours per week.

588. SEMINAR: EDUCATING INDIVIDUALS WITH DISABILITIES
3 hours credit
Special education services and issues from the perspective of elementary and secondary teachers. Focus on the inclusion model for various categories of disability. Prerequisite: EDUC 502.

590. SEMINAR IN EDUCATION
3 hours credit
Topics vary semester to semester. May be taken twice under different course subtitles. Prerequisite: Permission of instructor.

592. SPECIAL TOPICS IN TECHNOLOGY
3 hours credit
Focuses on specific content areas and investigates strategies for integrating technology into performance-based teaching and learning to enhance student achievement. Students design performance-based teaching and assessment tasks that integrate technology into curriculum. Topics and issues will change to focus on different subject areas. May be repeated once under different topic. Prerequisites: EDUC 571, 589. Three hours per week.

619. THE LAW AND PUBLIC EDUCATION
3 hours credit
Study of school law which affects the teacher and the public school. Nature and scope of school law considered as generally applied to the purpose and functions of the school system. Prerequisite: EDUC 502 and any two 500-level EDUC courses. Three hours per week.
630. DIRECTED RESEARCH
3-6 hours credit
Preparation of optional research project in master’s degree program under direction of departmental supervision.

632. CLASSROOM ASSESSMENT
3 hours credit
Examination of the role of evaluation in assessing classroom learning. Evidence of student learning gathered from traditional and alternative assessment practices. Benefits and limitations of these assessment practices identified. Prerequisites: EDUC 502 and any two EDUC 500-level courses. Three hours per week.

634. EARLY CHILDHOOD CURRICULUM AND ASSESSMENT
3 hours credit
Analysis of early childhood program models, curricula and assessment methods. Examines philosophical and theoretical orientations, related research and societal needs. Prerequisite: EDUC 502 and any two EDUC 500-level courses. Three hours per week.

636. CREATIVITY IN EARLY CHILDHOOD EDUCATION
3 hours credit
In-depth study of the creative process and the techniques that will promote creativity. Prerequisite: EDUC 502 and any two EDUC 500-level courses. Three hours per week.

638. LANGUAGE DEVELOPMENT IN EARLY CHILDHOOD
3 hours credit
Advanced study of the development of language, literacy and communication skills in children, birth through age eight. Examines current issues and research with emphasis on classroom application. Prerequisite: EDUC 502 and any two EDUC 500-level courses. Three hours per week.

665. INTERNSHIP IN POSTSECONDARY EDUCATION
3 hours credit
Supervised, on-site field experiences and a series of seminars with other interns. Experimental learning enhanced by guided readings, interaction with professional practitioners, participation in activities of the host agency, completion of a major project and seminar discussions. Prerequisite: Permission of M.Ed. coordinator.

689. MULTIMEDIA IN THE CONSTRUCTIVIST CLASSROOM
3 hours credit
Examines advanced multimedia authoring tools for designing K-16 classroom instruction. Develops multimedia skills such as audio, video, graphics, interactive PowerPoint and Web 2.0 multimedia tools. Examines principles of constructivism, lesson design for project-based learning and assessment strategies. Prerequisite: Intermediate computer skills (file management, word processing, Internet searching, PowerPoint), EDUC 570, any two EDUC 500-level courses. Three hours per week.

691. DIRECTED INDEPENDENT STUDY
1-3 hours credit
Permits self-study of problems not considered in other courses. May be taken twice under different course subtitles. Prerequisites: Approval of course instructor and M.Ed. coordinator. EDUC 502 and six additional graduate credits.

694. LEADERSHIP AND TECHNOLOGY FOR SCHOOL IMPROVEMENT
3 hours credit
Examines the role of professional development in the process of school improvement. Focuses on research and best practices for most effective uses of technology, literature on the change process, professional development standards and use of technology to address goals for school improvement. Examines strategies for providing effective professional development and creates professional development plans for the school setting. Prerequisite: EDUC 570, any two additional graduate-level technology courses. Three hours per week.

695. RESEARCH SEMINAR
3 hours credit
Capstone experience for students in the M.Ed. program. Students utilize research skills in completing a project based on a topic related to their concentration. Project must be presented to a professional audience. Students also reflect on how the M.Ed. program has made a difference in their professional lives. Prerequisites: EDUC 502, 24 hours of M.Ed. graduate credit.

ELED

309. CLASSROOM VISITATIONS
0 hours credit
Full-time students in elementary education methods courses must take ELED 309 and observe in a classroom for at least one-half day per week. Students in the semester before internship observe in a classroom for a full day per week. Part-time students should consult with the elementary education program coordinator to establish an appropriate observations schedule. Prerequisite: Admission to Professional Teacher Education Program. Corequisite: Any of the following elementary professional education courses: ELED 310, 311, 312, 313, 316, 317 (One-half day per week) 408, 427, EDUC 415, 416 (One full day per week).

310. LANGUAGE ARTS INSTRUCTION
3 hours credit
Introduces the processes of communication and strategies for promoting growth in these areas in the elementary and middle school. Emphasis on language acquisition, oral and written language development, viewing, diverse language learners, and the relationship of language proficiency to literacy development. Field experiences and reflective evaluation included. Prerequisite: Admission to Professional Teacher Education Program. Corequisite: ELED 309. Three hours per week.

311. MATHEMATICS INSTRUCTION
3 hours credit
Selection and creation of meaningful mathematics learning experiences for elementary and middle school students. Attention given to use of technology, manipulatives, literature, and assessment that support mathematical thinking and learning in diverse classrooms. Field experiences and reflective evaluation included. Prerequisites: Admission to Professional Teacher Education Program, MATH 130, 150, 230. Corequisite: ELED 309. Three hours per week.

312. SCIENCE INSTRUCTION
3 hours credit
Introduces the processes of science that facilitate student learning in elementary and middle schools. Emphasis on planning, teaching and assessment with a focus on inquiry and understanding of everyday phenomena. Attention given to environmental education. Field experiences and reflective evaluation included. Prerequisites: Admission to the Professional Teacher Education Program, BIOL 101, CHEM/PHYS 101, GEOG 104. Corequisite: ELED 309. Three hours per week.

313. SOCIAL STUDIES INSTRUCTION
3 hours credit
Selection, organization, presentation and assessment of meaningful social studies learning experiences for elementary and middle school students. Attention given to technology, literature, and local resources that support learning in diverse classroom settings. Field experiences and reflective evaluations included. Prerequisite: Admission to
Professional Teacher Education Program. Corequisite: ELED 309. Three hours per week.

316. READING INSTRUCTION
3 hours credit
Introduction to balanced literacy instruction. Includes developmentally appropriate word recognition and comprehension strategies, activities, materials and programs coupled with organization and grouping procedures to maximize literacy learning for diverse populations. Field experiences and reflective evaluations included. Prerequisite: Admission to Professional Teacher Education Program. Corequisite: ELED 309. Three hours per week.

317. CREATIVE ARTS INSTRUCTION
3 hours credit
Provides a basic arts knowledge base along with reasons and techniques for incorporating the arts throughout the elementary and middle-school curriculum. Emphasizes infusing the arts in teaching, an alternative approach to the traditional view of the arts solely as enjoyable “add-ons.” Prerequisite: Admission to Professional Teacher Education Program. Corequisite: ELED 309. Three hours per week.

401, 402. DIRECTED TEACHING IN THE ELEMENTARY SCHOOL: I, II
6 hours credit each
Engages pre-service teachers in observation, planning, teaching, assessment, and collaboration in order to support and enhance student learning and well-being. Participation in activities required of fully employed teachers. Emphasis on reflective evaluation and professional growth. Placement in local schools. Prerequisite: Admission to Professional Teacher Education Program; fulfillment of directed teaching criteria. ELED 401 is a prerequisite to ELED 402; a grade of NR will be assigned to those who satisfactorily complete ELED 401 until successful completion of 402. Corequisite: ELED 411. (P/F)

408. CHILDREN’S LITERATURE
3 hours credit
Study of classic and contemporary literature for children. Emphasis on selecting and incorporating a wide variety of literature into the elementary and middle school curriculum. Technological and media resources are included. Prerequisite: Admission to Professional Teacher Education Program; ELED 310, 316, 317, EDUC 318. Corequisite: ELED 309. Three hours per week.

411. INSTRUCTIONAL ANALYSIS IN THE ELEMENTARY SCHOOL
3 hours credit
Seminar approach to current practices and trends in teaching. Involves interaction analysis, evaluation techniques and strategies, instructional planning, self-assessment and reflection, and preparation of professional portfolio. Prerequisite: Admission to Professional Teacher Education Program and directed teaching. Corequisites: ELED 401, 402. Three hours per week.

419. TEACHING MUSIC AND READING IN THE ELEMENTARY SCHOOL
3 hours credit
Techniques for teaching music and reading content in preschool through grade 6. Emphasis on vocal, instrumental and general music. Comprehensive overview of creative activities utilizing music/reading materials and their application to the elementary school curriculum. Offered for undergraduate credit. Prerequisite: Admission to Professional Teacher Education Program. Corequisite: ELED 309. Three hours per week.

427. CLASSROOM ASSESSMENT AND INTERVENTION IN READING
3 hours credit
Deals with a variety of formal and informal assessment techiques, processes and instruments from classroom, state, and national sources used to make appropriate instructional decisions in literacy for diverse populations. Includes early intervention strategies and reporting to parents. Prerequisite: Admission to Professional Teacher Education Program; ELED 310, 316, EDUC 318. Corequisite: ELED 309. Three hours per week.

430. DIRECTED TEACHING IN MUSIC IN THE ELEMENTARY SCHOOL
6 hours credit
Student teaching experience in all aspects of the elementary school music curriculum at several grade levels under the direction of public school music teacher, with supervision from the University staff. Includes observation and participation in the classroom as well as actual teaching and other activities and duties normally performed. Prerequisites: Completion of courses in the music concentration through the third year, ELED 419, SCED 429, written approval of the Music Department, admission to Professional Teacher Education Program. (P/F)

441. EARLY CHILDHOOD EDUCATION INTEGRATED CURRICULUM I
3 hours credit
Study of materials and methods for teaching language arts to kindergarten and pre-kindergarten level children. Emphasis on curriculum planning, use of space, class management and lesson planning. Prerequisites: EDUC 440 and admission to professional teacher education program. Three hours per week.

442. EARLY CHILDHOOD EDUCATION INTEGRATED CURRICULUM II
3 hours credit
Study of materials and methods for teaching science, social studies and math readiness to kindergarten and pre-kindergarten level children. Emphasis on curriculum planning, room design, class management, lesson planning, field trip planning and professional development. Prerequisites: EDUC 440 and admission to professional teacher education program. Three hours per week.

EMAT

500. RESEARCH AND TECHNOLOGY I
3 hours credit
Introduces students to the three basic forms of research: historical, descriptive and experimental, with an emphasis on incorporating them into classroom teaching. ERIC and other databases used in library research. Provides a technological base for the development of videotapes, portfolios and a research methodology for subsequent courses. Qualitative and quantitative data treatments developed within the context of individual student projects and the evaluation of the research literature. Prerequisite: Admission to M.A.T. program. Three hours per week.

501. DEVELOPMENT AND LEARNING APPLIED TO TEACHING
3 hours credit
Examines theory and research in human development and learning psychology with application to teaching in contemporary middle and secondary schools. Emphasis on translating theory into practice by integrating field experiences, class work, student projects, assignments and exams. Prerequisite: Admission to M.A.T. program. Three hours per week.

502. FOUNDATIONS OF EDUCATION IN A DIVERSE AND DEMOCRATIC SOCIETY
3 hours credit
A comprehensive overview of the foundation of education in a diverse and democratic society. It is an interdisciplinary
approach, incorporating the social, philosophical, economic, political, historical and curricular foundations to provide a clear understanding of the teaching profession. Special attention is given to cultural problems and issues that influence opportunities and performance in educational institutions, including controversies confronting American education today. Field experiences are required. Prerequisite: Admission to M.A.T. program. Three hours per week.

504. TEACHING READING IN THE CONTENT AREAS I
3 hours credit
Knowledge of the reading process, instructional strategies and materials used, drawn from research-based recommendations for using text in secondary content areas. Prerequisite: Admission to M.A.T. program. Three hours per week.

506. THE INCLUSIVE CLASSROOM
3 hours credit
Learn the fundamentals of inclusive teaching. Study the history of special education, legal and ethical foundations for individuals with disabilities; accommodations; modifications of students with high, low, multiple incidence disabilities; effective teaching/management skills; and an overview of specific strategies that promote learning within the content areas. Identify specific problems in content areas and learn how to effectively address them. Learn how to create assessments that provide immediate feedback in a variety of formats. Field experiences in inclusive content classrooms are required. Prerequisite: Admission to M.A.T. program. Three hours per week.

507, 509. M.A.T. INTERNSHIP I & II
3 hours credit each
Two full-time, eight-week clinical experiences providing opportunities to actualize the latest educational research and theory into practice, including but not exclusive to observation, mini-teaching, macro-teaching, whole group lessons and action research. Conducted under the direct supervision of a clinical supervisor (experienced public school teacher) with guidance and support from the university supervisor. Prerequisite: EMAT 501, 503, 505, 506, 512, 515 and required methods courses. Corequisite: EMAT 511.

508. TEACHING READING IN THE CONTENT AREAS II
3 hours credit
In-depth study of literacy needs of diverse populations. Includes instructional and assessment methods in reading and writing. Prerequisites: EMAT 501, 503, 505, 506, 512, 515 and required methods courses. Three hours per week.

510. APPLIED RESEARCH AND TECHNOLOGY II
3 hours credit
Complete and present portfolios, action research projects and seminar papers. Integrates educational technology, especially as it applies to teaching in the schools. Prerequisites: Successful completion of EMAT 507, 509, 511. Three hours per week.

511. M.A.T. INTERNSHIP SEMINAR
3 hours credit
Forum for discussing problems encountered during the internship. Colloquium for developing strategies to resolve these problems. Prerequisite: Admission to M.A.T. program. Corequisites: EMAT 507, 509. Three hours per week.

512. CLASSROOM MANAGEMENT: THEORY AND PRACTICE
3 hours credit
Provides the student with a repertoire of strategies to create a classroom environment that facilitates optimal learning. Different classroom management theories will be explored and evaluated for appropriateness in a given situation. Special attention is given to accommodating diversity and strategies for effectively communicating with families is considered. Prerequisite: Admission to M.A.T. program. Three hours per week.

514. SECONDARY SCHOOL PHYSICAL EDUCATION
3 hours credit
A study of methods used in teaching physical education, intended to develop a philosophy of teaching physical education that will enable the candidate to analyze and make decisions about students, curriculum and instruction. Prerequisite: Admission to M.A.T. program. Three hours per week.

516. ELEMENTARY SCHOOL PHYSICAL EDUCATION
3 hours credit
This course is designed for future physical education teachers. The purpose of this course is to provide the student with specific information about a developmental elementary physical education program. It allows students to learn and apply a skill/themes approach to movement concepts and generic levels of skill proficiency by developing a variety of age-appropriate activities for various grade levels. Prerequisite: Admission to M.A.T. program. Three hours per week.

517. TEACHING MUSIC AND READING IN THE ELEMENTARY SCHOOL
3 hours credit
Techniques for teaching music and reading content in pre-school through grade 6. Emphasis on vocal, instrumental and general music. Comprehensive overview of creative activities utilizing music/reading materials and their application to the elementary school curriculum. Development of a sound rationale for teaching music in elementary schools and will include a half day per week of classroom observations. Prerequisite: Admission to M.A.T. program. Three hours per week.

518. MATHEMATICS AND READING METHODS IN THE SECONDARY SCHOOL, PART I
3 hours credit
First of a two course sequence for analysis of the secondary school program in mathematics, with an emphasis on methods of teaching mathematical concepts and understandings. Also an emphasis on strategies, skills and instruction in content area reading. Prerequisite: Admission to M.A.T. program. Three hours per week.

519. TEACHING MUSIC AND READING IN THE SECONDARY SCHOOL
3 hours credit
Techniques for teaching music and reading content in grades 7 through 12. Emphasis on vocal, instrumental and general music. Comprehensive overview of creative activities utilizing music/reading content II materials and their application to the secondary school curriculum. Development of a sound rationale for teaching music in the secondary schools and will include one full day a week of classroom observations. Prerequisite: Admission to M.A.T. program. Three hours per week.

520. MATHEMATICS AND READING METHODS IN THE SECONDARY SCHOOL, PART II
3 hours credit
Continuation of EMAT 518, including organization of teaching units, assessment, observation and evaluation of teaching in school settings. In-depth study of literacy needs of diverse students populations including instructional and assessment strategies in reading and writing. Prerequisites: Admission to M.A.T. program and successful completion of EMAT 518. Three hours per week.

526. ENGLISH AND READING IN THE SECONDARY SCHOOL, PART I
3 hours credit
Study of materials and methods for teaching language arts in the high school, with attention to strategies and materials that
support reading and writing in content area of study. Various models and strategies for teaching the language arts—language, literature and media—at this level are demonstrated and analyzed. Prerequisite: Admission to M.A.T. program. Three hours per week.

527. SCIENCE AND READING IN THE SECONDARY SCHOOL, PART I
3 hours credit
Analysis of secondary school science teaching methods, materials and existing programs. Curricula and materials for the middle school and senior high school levels investigated by the students in biology, chemistry, earth science, physics and science. Prerequisite: Admission to M.A.T. program. Three hours per week.

528. ENGLISH AND READING IN THE SECONDARY SCHOOL, PART II
3 hours credit
Study of materials and methods for teaching language arts in the high school, with attention to strategies and materials that support reading and writing in content area study. Various models and strategies for teaching language arts, specifically writing—at this level demonstrated and analyzed. Focus on diverse classroom populations and assessment. Prerequisites: Admission to M.A.T. program and successful completion of EMAT 526. Three hours per week.

529. SCIENCE AND READING IN THE SECONDARY SCHOOL, PART II
3 hours credit
Analysis of secondary school science teaching methods, materials and existing programs. Curricula and materials for the middle school and senior high school levels investigated by the students in biology, chemistry, earth science, general science, physical science and physics. In-depth study of literacy needs of diverse student populations, which includes instructional and assessment strategies in reading and writing. Prerequisites: Admission to M.A.T. program and successful completion of EMAT 527. Three hours per week.

530. SOCIAL STUDIES AND READING METHODS IN THE SECONDARY SCHOOL, PART I
3 hours credit
Analysis of the secondary school program in social studies, with an emphasis on methods of teaching history, geography and citizenship. Current curriculum trends are considered, Emphasis on strategies, skills and instruction in reading. Prerequisite: Admission to M.A.T. program. Three hours per week.

531. FOREIGN LANGUAGE AND READING IN THE SECONDARY SCHOOL, PART I
3 hours credit
The study of the philosophy, aims and methods of foreign language teaching in the middle and secondary school with an emphasis on theories, techniques and materials in current use. Emphasis on strategies, skills and instructions in reading. Prerequisite: Admission to the M.A.T. program. Three hours per week.

532. SOCIAL STUDIES AND READING METHODS IN THE SECONDARY SCHOOL, PART II
3 hours credit
Analysis of the secondary school program in social studies, with an emphasis on methods of teaching history, geography and citizenship. Current curriculum trends are considered. In-depth study of literacy needs of diverse student populations including instructional and assessment strategies in reading and writing. Prerequisites: Admission to M.A.T. program and successful completion of EMAT 530. Three hours per week.

533. FOREIGN LANGUAGE AND READING IN THE SECONDARY SCHOOL, PART II
3 hours credit
The continued study of philosophy, aims and methods of teaching foreign languages in the middle or secondary school with emphasis on the theories, techniques and materials in current use. Emphasis is on developing a coherent literacy program based on appropriate materials and strategies. For instruction and assessment in reading. Prerequisites: Admission to M.A.T. program and successful completion of EMAT 531. Three hours per week.

534. SCHOOL HEALTH AND READING METHODS I
3 hours credit
Analysis of middle and high school health education instructional planning, materials and teaching strategies. Examination of literacy needs of diverse student populations, including instructional strategies in reading and writing in the content area. Prerequisite: Admission to M.A.T. program. Three hours per week.

536. SCHOOL HEALTH AND READING METHODS II
3 hours credit
Provides preparation for public school teaching in areas such as sex education, drug use and abuse, and other current health problems. Involves reading in the content area, curriculum planning, methods and materials. Prerequisite: Admission to M.A.T. program. Three hours per week.

537. EDUCATIONAL RESEARCH
3 hours credit
Introduction to quantitative and qualitative methods of inquiry as they apply to the needs of teacher-researchers. Attention is given to reading, analyzing and interpreting scholarly research to solve instructional problems. Includes the design of an action research project that addresses an area of current concern in the field of P-12 education. Prerequisite: Admission to M.A.T. program. Three hours per week.

538. TECHNOLOGY IN EDUCATION
3 hours credit
Examines educational technology and its current and potential impact on schools. Provides an introduction to the role of technology in the teaching and learning process as well as how to the use of technology can enhance teacher productivity and professional development. Examines current issues in the use of educational technology, the impact of technology on society and techniques for integrating technology into the classroom. Examines Internet, audio, video and graphic technologies, as well as tools for collecting and analyzing student data. Prerequisite: Admission to M.A.T. program. Three hours per week.

539. INSTRUCTION AND ASSESSMENT FOR STUDENT LEARNING
3 hours credit
Focuses on the appropriate selection, construction, administration and use of effective educational assessment, particularly as it impacts student learning. Using the curriculum-instruction-assessment cycle, explores these important connections to better understand roles and responsibilities as classroom teachers in the assessment process. Prerequisite: Admission to M.A.T. program. Three hours per week.

540. TEACHING LANGUAGE IN MIDDLE AND HIGH SCHOOL ENGLISH CLASSROOMS
3 hours credit
Study of materials and methods for teaching language arts in middle and high schools, with attention to aspects of language study for native speakers of standard English, speakers of non-standard English and English language learners. Various models and strategies for teaching language arts at this level are demonstrated and analyzed. Field experience
500. RESEARCH IN READING EDUCATION
3 hours credit
Introduction to elements of major research methodologies used in the study of education. Application of various methodologies in study of selected topics in reading field; evaluation of selected studies in reading education. Prerequisite: Admission to graduate study. Three hours per week.

515. WRITTEN AND ORAL LANGUAGE DEVELOPMENT
3 hours credit
Current theories of language and literacy development as related to instructional practices, grades K-12. Emphasizes the development of compositional and technical elements of writing as it relates to total language and literacy development. Three hours per week.

516. ELEMENTARY FOUNDATIONS OF READING
3 hours credit
Designed to provide a broad-ranging perspective of contemporary literacy instruction, methods, strategies and practices employed in the elementary classroom. Focus on balanced literacy instruction and best practices, as determined by observation, research and informed decision-making. Intended for all school personnel seeking a contemporary perspective on elementary literacy instruction and to provide a foundation for M.Ed. reading specialist certification candidates. Prerequisite: Admission to graduate study. Three hours per week.

517. SECONDARY FOUNDATIONS OF READING
3 hours credit
Knowledge of the reading process, instructional and assessment strategies, and materials use, drawn from research-based recommendations for reading and writing in secondary content areas. Prerequisite: Admission to graduate study. Three hours per week.

518. DIVERSITY AND LITERACY
3 hours credit
Explores the relationship between mainstream literacy and students who are traditionally marginalized by their diverse learning needs as well as by socioeconomic, political and cultural factors. Investigates local educational reforms for at-risk readers and their families. Three hours per week.

520. LITERATURE FOR CHILDREN AND ADOLESCENTS
3 hours credit
Studies the works, topics and issues in literature written specifically for children and adolescents, with an emphasis on best practices in selecting and using authentic literature in a balanced instructional program. Especially pertinent to reading specialists in its K-12 perspective. For the purposes of this course, literature is defined broadly to encompass print, non-print and media sources of reading materials. Three hours per week.

610. ASSESSMENT OF LITERACY DEVELOPMENT
3 hours credit
Designed for professional personnel seeking experience with assessment instruments and diagnostic techniques. Examines various instruments and strategies for the collection an analysis of data about literacy development. Quantitative and qualitative measures will be examined. Prerequisites: REED 500, 515, 516, 517. Three hours per week.

611. CLINICAL PRACTICUM I
3 hours credit
Designed for professional personnel seeking experience in remedial literacy techniques. Includes the transfer of diagnostic data into teaching strategies and materials for programs of remediation. Prerequisites: REED 518, 610. Three hours per week.

612. CLINICAL PRACTICUM II
3 hours credit
Designed for professional personnel seeking advanced work in clinical assessment and interactive instruction techniques. Includes work with small groups of children who experience difficulty in literacy learning. Promotes professional development as a reading consultant. Prerequisite: REED 611. Three hours per week.

614. LEADERSHIP FOR READING PROFESSIONALS
3 hours credit
Designed for professional personnel seeking certification as reading teachers and reading specialists. Includes organizing and enhancing a reading program, developing curricula, communicating and collaborating with diverse constituencies, providing for the professional development of self and others, and supervising professionals and paraprofessionals. Prerequisite: REED 612. Three hours per week.

620. SEMINAR IN READING EDUCATION
3 hours credit
Participation in professional reading and discussion of selected issues of literacy development and instruction. Demonstration of achievement of competencies of a reading professional through portfolio presentation and professional conference and/or publication preparation. Prerequisite or Corequisite: REED 612. Three hours per week.
legal, social and ethical issues that surround inclusion and prepares them with a repertoire of instructional methods associated with inclusive education for students with high incidence disabilities. Field experience required. May not receive credit for both EDUC 467 and SCED 367. Prerequisites: Admission to Professional Teacher Education Program, EDUC 300. Pre- or Corequisite: SCED 371 or 372 or 373 or 374 or 376. Three hours per week.

371. TEACHING READING AND TEXTS IN MIDDLE AND HIGH SCHOOL ENGLISH CLASSROOMS
4 hours credit
Study of materials and methods for teaching language arts in the middle and high school, with attention to strategies and materials that support reading. Various models and strategies for teaching traditional and young adult literature and media for these levels demonstrated and analyzed. Required classroom visitations and field experiences for students in order to complete assignments. Prerequisite: Admission to Professional Teacher Education Program. Pre- or Corequisite: EDUC 318 or 319. Three hours lecture, three hours field experience per week. (spring semester only)

372. SOCIAL STUDIES AND READING METHODS IN MIDDLE AND HIGH SCHOOL, PART I
4 hours credit
Analysis of middle and high school programs in social studies; emphasis on methods of teaching history, geography and citizenship. Current curriculum trends are considered. Course includes emphasis on strategies, skills and instruction in reading. Required classroom visitations and field experience in order to complete assignments. Prerequisite: Admission to Professional Teacher Education Program. Corequisite: EDUC 318 or 319. Three hours lecture, three hours field experience per week. (spring semester only)

373. MATHEMATICS AND READING METHODS IN MIDDLE AND HIGH SCHOOL, PART I
4 hours credit
First course of a two-course sequence for analysis of middle and high school programs in mathematics; emphasis on methods of teaching mathematical concepts and understandings. Course includes strategies, skills and instruction in reading in the content area. Required classroom visitations and field experience as necessary to complete assignments. Prerequisite: Admission to Professional Teacher Education Program. Pre- or Corequisite: SCED 320. Three hours lecture, three hours field experience per week. (spring semester only)

374. SCIENCE AND READING METHODS IN MIDDLE AND HIGH SCHOOL, PART I
4 hours credit
Analysis of middle and high school science teaching methods, materials and programs. Emphasis on instruction in biology, chemistry, earth science and physics. In-depth study of literacy needs of diverse student populations including instructional and assessment strategies in reading and writing. Required classroom visitations and field experiences as necessary to complete assignments. Prerequisite: Admission to Professional Teacher Education Program. Corequisite: EDUC 318 or 319. Three hours lecture, three hours field experience per week. (spring semester only)

376. WORLD LANGUAGE AND READING METHODS IN MIDDLE AND HIGH SCHOOLS, PART I
4 hours credit
Study of the philosophy, aims and methods of teaching world languages in the middle and high school with emphasis on the theories, techniques and materials in current use. Emphasis on strategies, skills and instruction in reading. Required classroom visitations and field experience as necessary to complete assignments. Prerequisite: Admission to Professional Teacher Education Program. Pre- or Corequisite: EDUC 318 or 319. Three hours lecture, three hours field experience per week. (spring semester only)

422. TEACHING READING IN THE CONTENT AREAS: PART I
3 hours credit
Knowledge of the reading process, instructional strategies and materials used is drawn from research-based recommendations for using text in secondary content areas. Intended for all secondary and K-12 teacher education candidates. Prerequisite: Admission to Professional Teacher Education Program. Three hours per week.

424. TEACHING READING IN THE CONTENT AREAS: PART II
3 hours credit
In-depth study of literacy needs of diverse student populations. Includes instructional and assessment methods in reading and writing. Intended for Secondary and K-12 teacher certification candidates. Prerequisite: Admission to Professional Teacher Education Program. Three hours per week.

426. DIRECTED TEACHING IN MIDDLE AND HIGH SCHOOLS
6 hours credit
Teacher candidate is assigned to mentor teacher in a middle or high school for one-half semester. Mentor teacher and University supervisor guide candidate in participating in all activities for which classroom teachers are responsible. Prerequisite: Admission to internship. Corequisites: SCED 428, 433. (P/F)

428. DIRECTED TEACHING IN MIDDLE AND HIGH SCHOOL
6 hours credit
Teacher candidate is assigned to mentor teacher in a middle or high school for one-half semester. Mentor teacher and University supervisor guide candidate in participating in all activities for which classroom teachers are responsible. Prerequisite: Admission to internship. Corequisites: SCED 426, 433. (P/F)

429. TEACHING MUSIC AND READING IN THE SECONDARY SCHOOL
3 hours credit
Techniques for teaching music and reading content in grades 7-12. Emphasis on vocal, instrumental and general music. Comprehensive overview of creative activities utilizing music/reading content II materials and their application to the secondary school curriculum. Offered for undergraduate credit. Prerequisite: Admission to Professional Teacher Education Program. Corequisite: SCED 339. Three hours per week.

431. INTERNSHIP IN MUSIC IN THE SECONDARY SCHOOL
6 hours credit
Student teaching experience in all aspects of the secondary school music curriculum including the areas of choral, instrumental and general music. Observation, participation, teaching and other activities and duties normally performed by professional teachers done under the direction of public school music teacher(s), with supervision from the University staff. Prerequisites: Completion of courses in the music concentration through the third year, ELED 419, SCED 429. (P/F)

433. REFLECTION AND INQUIRY IN TEACHING PRACTICE
2 hours credit
Forum for discussion of issues pertinent to current practices, trends and issues in the middle and high school during the internship. Prerequisite: Admission to internship. Corequisites: SCED 426, 428. Three hours per week for 10 weeks. (spring semester only)
434. CLASSROOM MANAGEMENT
3 hours credit
Explores the ability to create and maintain productive learning environments in the middle and high schools. Emphasis on development of learner responsibility, promotion of positive social relationships, interdependence of effective instruction and management, and prevention/intervention strategies. Consideration given to accommodating diversity and communicating with families. Field activity required. Prerequisite: Admission to Professional Teacher Education Program. Three hours per week.

447. ESOL METHODS
3 hours credit
Introduces students to the study, philosophy, aims and methods of teaching English as a foreign or second language with an emphasis upon the techniques and materials in current use. Co- or prerequisites: ENGL 433, 528. Prerequisites: ENGL 430, 431 and 439; admission to the professional teacher education program; passing scores on Praxis I Examinations as defined by the University and Seidel School; GPA of 2.75 in ESOL courses; or permission of the instructor for non-teachers. Three hours per week.

462. ESOL INTERNSHIP I - ELEMENTARY
6 hours credit
A full-time eight-week clinical experience at an elementary school setting providing opportunities to actualize the latest educational research and theory into practice for teaching English Language Learners (ELL), including, but not exclusive to: observation, mini-teaching, macro-teaching, whole group lessons and action research. Conducted under the direct supervision of a mentor teacher (experienced public school teacher) with guidance and support from the University supervisor. Prerequisites: Completion of all required coursework in the B.A. ESOL/K-12 Certification sequence prior to the internship, admission to Professional Teacher Education Program, compliance with student teaching criteria. Corequisites: SCED 463, 465. (P/F)

463. ESOL INTERNSHIP II - SECONDARY
6 hours credit
A full-time eight-week clinical experience at a middle/sec-
yondary school setting providing opportunities to actualize the latest educational research and theory into practice for teaching English Language Learners (ELL), including, but not exclusive to: observation, mini-teaching, macro-teaching, whole group lessons and action research. Conducted under the direct supervision of a mentor teacher (experienced public school teacher) with guidance and support from the University supervisor. Prerequisites: Completion of all required coursework in the B.A. ESOL/K-12 Certification sequence prior to the internship, admission to Professional Teacher Education Program, compliance with student teaching criteria. Corequisites: SCED 463, 465. (P/F)

465. ESOL INTERNSHIP - SEMINAR
3 hours credit
Forum for discussing issues and problems pertinent to cur-
cent ESL practices encountered during the student teaching internship. Colloquium for developing strategies to resolve these problems and address classroom management concerns. Prerequisites: Completion of all coursework in the B.A. ESOL sequence prior to the internship, admission to Professional Teacher Education Program, compliance with student teaching criteria. Corequisites: SCED 462, 463. Three hours per week. (P/F)

471. INTEGRATING WRITING AND READING IN MIDDLE AND HIGH SCHOOL ENGLISH CLASSROOMS
4 hours credit
Study of strategies and materials that support reading and writing in content area study of English language arts, with emphasis on methods of teaching writing. Long-range planning and assessment are examined as elements for integrat-
ing the language arts. Required classroom visitations and field experiences as necessary to complete assignments. Prerequisites: Admission to Professional Teacher Education Program, SCED 371. Corequisite: SCED 340. Pre- or Corequisite: SCED 367. Three hours lecture, six hours internship per week. (Fall semester only)

472. SOCIAL STUDIES AND READING METHODS IN MIDDLE AND HIGH SCHOOL, PART II
4 hours credit
Continuing analysis of middle and high school programs in social studies. Emphasis on methods of teaching history, geography, economics and citizenship. Current curriculum trends are considered. In-depth study of literacy needs of diverse student populations including instructional and assessment strategies in reading and writing. Continuation of SCED 372. Required classroom visitations and field experience as necessary to complete assignments. Prerequisites: Admission to Professional Teacher Education Program, SCED 320, 373. Three hours lecture, six hours internship per week. (Fall semester only)

473. MATHEMATICS AND READING METHODS IN MIDDLE AND HIGH SCHOOL, PART II
4 hours credit
Continuation of SCED 373, including organization of teaching units, assessment, observation and evaluation of teaching in middle and high school settings. In-depth study of literacy needs of diverse student populations including instructional and assessment strategies in reading and writing. Continuation of SCED 374. Required classroom visitations and field experiences as necessary to complete assignments. Prerequisites: Admission to Professional Teacher Education Program, SCED 320, 373. Three hours lecture, six hours internship per week. (Fall semester only)

474. SCIENCE AND READING METHODS IN MIDDLE AND HIGH SCHOOL, PART II
4 hours credit
Continuing analysis of middle and high school science teaching methods, materials and existing programs. Emphasis on instruction in biology, chemistry, earth science and physics. In-depth study of literacy needs of diverse student populations including instructional and assessment strategies in reading and writing. Continuation of SCED 374. Required classroom visitations and field experiences as necessary to complete assignments. Prerequisites: Admission to Professional Teacher Education Program, SCED 374. Pre- or Corequisite: SCED 367. Three hours lecture, six hours internship per week. (Fall semester only)

476. WORLD LANGUAGE AND READING METHODS IN MIDDLE AND HIGH SCHOOLS, PART II
4 hours credit
The study of the philosophy, aims and methods of teaching world languages in the middle and high school setting with emphasis on the theories, techniques and materials in current use. Emphasis on strategies, skills and instruction in reading in the content area. Required classroom visitations and field experience as necessary to complete assignments. Prerequisites: Admission to Professional Teacher Education Program, SCED 376, 377. Pre- or Corequisite: SCED 367. Three hours lecture, six hours internship per week. (Fall semester only)

ENGINEERING (ENGR)

100. INTRODUCTION TO ENGINEERING DESIGN
3 hours credit
Introduction to the art and science of engineering design. Students work in teams to design, manufacture, assemble and test a product. Examples of products include a postal scale, solar cooker and human-powered water pumping sys-
tems. CAD and modeling software will also be used. Four hours lecture/activity per week.

110. STATICS
3 hours credit
The equilibrium of stationary bodies under the influence of various kinds of forces. Forces, moments, couples, equilibri- um, trusses, frames and machines, centroids; moment of inertia, beams and friction. Vector and scalar methods used to solve problems. Prerequisites: MATH 201, PHYS 221. Three hours per week.

220. MECHANICS OF MATERIALS
3 hours credit
Study stress and deformation of beams, shafts, columns, tanks and other structural, machine and vehicle members. Topics include stress transformation using Mohr’s circle, centroids and moments of inertia, shear and bending moment diagrams, derivation of elastic curves, and Euler’s buckling formula. Complete design project related to the material. Prerequisite: ENGR 110. Three hours per week.

221. DYNAMICS
3 hours credit
Systems of heavy particles and rigid bodies at rest and in motion. Force acceleration, work energy and impulse-momentum relationships. Motion of one body relative to another in a plane and in space. Prerequisite: MATH 202, ENGR 110. Three hours per week.

482. MICROWAVE ENGINEERING
3 hours credit
Laboratory experiments and theoretical principles will be seamlessly blended. A modeling software will be used. Topics include transmission lines; Smith Chart; Z, Y, T, S and ABCD matrices; waveguides; antennas; and microwave amplifier design. Prerequisites: PHYS 315 or ENEE 380 and PHYS 311 or ENEE 206. Four hours lecture/activity per week.

ENGLISH (ENGL)

103. COMPOSITION AND RESEARCH
4 hours credit
A course in college-level academic writing. Focus on argument, critical reading and writing, and information literacy. Three hours per week with enhancement. Meets General Education IA (required C or better).

220. INTRODUCTION TO FILM
4 hours credit
Introduction to the art of film. Concepts of organization, structure, and editing techniques through viewing and discussing short films. Literary and dramatic influences in feature films. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

221. LITERATURE AND FILM
4 hours credit
The relation of film to literature as narrative, dramatic and poetic means of expression; the translation of literary works into film. Prerequisite: C or better in ENGL 102 or 103. Two hours lecture, two hours screening per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

240. INTRODUCTION TO THE STUDY OF LANGUAGE
4 hours credit
Study of the ways language works and an introduction to the scientific study of language and linguistics. Presupposes no formal study or knowledge of language. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

250. UNDERSTANDING POETRY (GENRE)
4 hours credit
Reading and interpreting a wide variety of poems, examining the features of the poem as a form, variations of the form throughout history. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

251. THE ART OF THE DRAMA (GENRE)
4 hours credit
An introduction to the types of drama in the American, British and Continental traditions. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

252. ASPECTS OF THE NOVEL (GENRE)
4 hours credit
Analysis of American, British and Continental novels; the form of the novel and its variations. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

253. THE SHORT STORY (GENRE)
4 hours credit
A study of the historical development of the short story, its forms, characteristics and its most successful practitioners. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

254. SATIRE (GENRE)
4 hours credit
The nature of satire and its historical forms. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

300. STUDIES IN ENGLISH LITERATURE
4 hours credit
Study of a literary figure, period, genre, movement or theme. May be repeated under different subtitles. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

301. STUDIES IN ENGLISH: LANGUAGE, FILM OR WRITING
4 hours credit
Study of a topic in language, film or writing. May be repeated under different subtitles. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

302. INTERNSHIP IN ENGLISH I
1-4 hours credit
Provides students practical experience in using English course skills through work in a business, public service agency or professional office. A maximum of four credits may be applied to English major. May be taken for a maximum of four hours credit. Prerequisites: ENGL 102 or 103; junior standing English major or minor with minimum 3.0 cumulative GPA; written permission of department chair.

303. INTERNSHIP IN ENGLISH II
1-4 hours credit
Provides students practical experience in using English course skills through work in a business, public service agency or professional office different from that used for ENGL 302: Internship in English I. May be taken for a maximum of four hours of elective credit toward degree requirements and not major requirements. Prerequisites: ENGL 102 or 103, 302; junior standing English major or minor with minimum 3.0 cumulative GPA; written permission of department chair.
305. TECHNICAL WRITING AND EDITING
4 hours credit
Effective writing and editing technique applied to, among oth-
ers, formal proposals, mechanical descriptions, user manu-
als, investigative reports, field reports, feasibility reports and
articles for publication. Prerequisite: C or better in ENGL 102
or 103. Three hours per week with enhancement.

306. WRITING FOR THE DISCIPLINES
4 hours credit
Helps students improve their writing to meet career demands
of particular majors. Students examine styles and forms of
writing and evaluate options and requirements for particular
writing tasks. Not acceptable for General Education credit.
Prerequisite: C or better in ENGL 102 or 103. Three hours
per week with enhancement.

307. WRITING FOR THE WORLD WIDE WEB
4 hours credit
Focuses on writing content for Web sites. Students learn how
to plan, write, design and evaluate Web pages and Web sites.
Prerequisite: C or better in ENGL 102 or 103. Three hours
per week with enhancement.

308. COMPOSITION III
4 hours credit
Focuses on the practice and theory of writing, advanced
strategies of writing, and the forms and aims of discourse.
Emphasis on effective assignments, evaluation of prose, and
the nature and analysis of style. Prerequisite: C or better in
ENGL 102 or 103. Three hours per week with enhance-
ment.

317. GERMAN SHORT STORIES
4 hours credit
Survey of the German short story (Deutsche Novelle) from its
inception in the 18th century to the present. Taught in English.
Cross listed with GERM 350. Prerequisite: C or better in
ENGL 102 or 103. Three hours per week with enhance-
ment. Meets General Education IB (Prior to Fall 2008: IA).

318. TOPICS IN HISPANIC LITERATURE
IN TRANSLATION
4 hours credit
Reading, analysis and discussion of some of the classic
works of Spanish and Latin American literature. Taught in
English. Does not count toward the Spanish minor. May be
taken only once for credit toward the Spanish major. Cross
listed with SPAN 330. Prerequisite: C or better in ENGL 102
or 103. Three hours per week with enhance-
ment. Meets General Education IB (Prior to Fall 2008: IA).

323. MAJOR FILM DIRECTORS
4 hours credit
Intensive study of individual American and foreign auteur
directors, singly or in groups. Focus on those artists who write
their own screenplays and direct their own films. May be
repeated twice if different directors are studied. May not
receive credit for ENGL 405 and 323. Prerequisite: C or bet-
er in ENGL 102 or 103. Three hours per week with enhance-
ment.

324. FILM GENRE
4 hours credit
An introduction to the concept of film genre and to the study
of specific film genres including comedies, musicals, west-
erns, gangster films, horror films and science fiction films.
May not receive credit for both ENGL 324 and ENGL 403.
Prerequisite: C or better in ENGL 102 or 103. Three hours
per week with enhancement.

335. GOTHIC FICTION
4 hours credit
A study of the Gothic strain in English and American fiction
from the late 18th through the 20th centuries—its genesis, ini-
tial manifestations, popular mutations and periodic reinvigora-
tion. Among authors studied are Horace Walpole, Ann
Radcliffe, “Monk” Lewis, Poe, James, Bram Stoker and
Stephen King. Prerequisite: C or better in ENGL 102 or 103.
Three hours per week with enhancement. Meets General
Education IB (Prior to Fall 2008: IA).

336. LITERATURE OF THE QUEER
4 hours credit
Study of literature written by and about “queers,” including
gay, lesbian, bisexual, transgender, gender-transcendent
and intersexed identities. Selected readings derive from antiquity
though the present, and are considered in their proper cultur-
al and historical contexts. Prerequisite: C or better in ENGL
102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

341. THE BIBLE AS LITERATURE
4 hours credit
The literature of the Bible: various forms, stylistic features and
relation to culture. Emphasis on the Old Testament, King
James version. Prerequisite: C or better in ENGL 102 or
103. Three hours per week with enhancement. Meets
General Education IB (Prior to Fall 2008: IA).

342. WOMEN IN LITERATURE
4 hours credit
A study in literature written by American and British women,
primarily during the 19th and 20th centuries. Among writers
studied are Bronte, Eliot, Chopin, Wharton, Woolf, Plath,
Walker. Prerequisite: C or better in ENGL 102 or 103. Three
hours per week with enhancement. Meets General
Education IB (Prior to Fall 2008: IA).

344. LITERATURE OF A DECADE
4 hours credit
In-depth study of literary works of a particular decade with
special emphasis on cultural and historical context. (Decade
and texts selected by instructor.) May be repeated under dif-
ferent subtitles. Prerequisite: C or better in ENGL 102 or
103. Three hours per week with enhancement. Meets General
Education IB (Prior to Fall 2008: IA).

345. SCIENCE FICTION
4 hours credit
A survey of representative works of science fiction on a per-
sistent theme or theme, such as artificial intelligence, time
travel or alien cultures by major authors of the genre.
Prerequisite: C or better in ENGL 102 or 103. Three hours
per week with enhancement. Meets General Education IB
(Prior to Fall 2008: IA).

347. THE WILDERNESS IN LITERATURE
4 hours credit
A study of evolving ideas of wilderness in journals and other
non-fiction, along with readings in fiction and poetry which
dramatize civilized humanity’s relationships with wilderness.
Nineteenth and 20th century American authors including
Thoreau, John Muir, Fenimore Cooper, Edward Abbey, Jack
London, Faulkner, James Dickey and Gary Snyder.
Prerequisite: C or better in ENGL 102 or 103. Three hours
per week with enhancement. Meets General Education IB
(Prior to Fall 2008: IA).

348. NATURE IN LITERATURE
4 hours credit
A detailed study of attitudes toward and representations of
nature and the natural in literature, especially of the 19th and
20th centuries. Topics may include the hostile relationship
between nature and culture, the image of the animal “other,”
the human as animal, the personification of nature and/or the
animal, the perilous position of human in nature, and the
impact of eco-criticism. Prerequisite: C or better in ENGL
102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008 IA).
349. NORTHERN LITERATURE IN TRANSLATION
4 hours credit
Survey of northern European literature from the pagan era through the Middle Ages, including Germanic myths and Icelandic sagas. Supporting materials from archaeology, folklore and popular culture. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008 IA).

351. CREATIVE WRITING
4 hours credit
Techniques of writing fiction and poetry through reading, analysis and directed writing. Students submit work-in-progress for class discussion and a portfolio of poems or stories. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

356. BRITISH LITERATURE I: BEGINNINGS TO 1660
4 hours credit
Survey of British literature from the Beowulf poet to the Restoration. Readings may include, but are not limited to, The Canterbury Tales, Spenser, Marlowe and Milton. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008 IA).

357. BRITISH LITERATURE II: 1660-PRESENT
4 hours credit
Survey of British literature from the Restoration in 1660 to the present day. Readings may include, but are not limited to, Swift, Pope, Austen, Wordsworth, Keats, the Bunrinnings, Hardy, Yeats, Woolf and Greene. Poetry and fiction included. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008 IA).

363. WORLD LITERATURE I
4 hours credit
A study of major western and non-western cultural heritages from antiquity through the Renaissance Europe and ends with the exploration/conquest literature of the "early" Americas. This course gives you a foundation in the classics of western literature and introduces you to the classical traditions of Native American peoples, India, China and the Middle East. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008 IA).

364. WORLD LITERATURE II
4 hours credit
A study of western and non-western cultural heritages from the 17th century to contemporary works. The texts will cover various literary periods from neoclassicism and romanticism to modernism and post-modernism. The course provides a foundation in the classics of modern western literature and introduces modern non-western literature. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008 IA).

365. LITERATURE OF THE "THIRD WORLD"
4 hours credit
Survey of novels, poems, short stories and plays by "third world" authors. Covers writers from South Asian, African and Middle Eastern nations. Explore the rise of "three worlds theory" in the context of the Cold War and the decolonization struggles in the 1950s and 1960s. Topics include imperialism, colonialism/neocolonialism, identity, nationalism, race and the validity of the "third world" as a political and literary-historical category. Authors may include, but are not limited to, Achebe, Anand, Dangerambga, Habiby, Head, Ngugi, Rachlin, Singh and Soyinka. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008 IA).

366. WORLD MYTHOLOGY
4 hours credit
Primitive, oriental and Occidental mythology, emphasis on classical, Nordic and Judeo-Christian myths. Application of principles of myth and folklore criticism to Western literature, ancient through modern. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008 IA).

368. PHILOSOPHICAL CONCEPTS IN LITERATURE
4 hours credit
An examination of a philosophical theme, such as existentialism or tragedy, as reflected in literature. Can be repeated for credit with different themes. Prerequisites: C or better in ENGL 102 or 103 and a philosophy course, or permission of instructor. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008 IA).

379. LITERATURE OF THE HARLEM RENAISSANCE
4 hours credit
Study in literature written by American authors during the Harlem Renaissance period, beginning with the key concept of the period, W.E.B. DuBois' Double Consciousness. Readings include, but not limited to, the poetry of Hughes, McKay, Bennet, Faustet and Cullen; the fiction of Nugent, Fisher, Toomer, Larsen and Walter White. Prerequisites: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008 IA).

380. AMERICAN LITERATURE I: BEGINNINGS TO 1860
4 hours credit
Study of major American literature from the nation's origins to 1860. Authors to be studied may include, but are not limited to, Edwards, Franklin, Hawthorne, Irving, Melville, Poe and Whitman. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008 IA).

381. AMERICAN LITERATURE II: 1860-PRESENT
4 hours credit
Study of major American literature from 1860 to the present. Authors to be studied may include, but are not limited to, Crane, London, Chopin, T.S. Eliot, Gilman, Faulkner, O'Neill, Hurston, Hughes, Welty, Ellison, Baldwin, Barthelme and Morrison. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008 IA).

383. AFRICAN-AMERICAN LITERATURE
4 hours credit

384. NATIVE AMERICAN LITERATURE
4 hours credit
Study of the literature that grew out of the unique perceptions and experiences of the Native Americans with particular emphasis on poetry, short stories and novels. Authors include Erdrich, Silko, Momaday, Black Elk, Welch and Ortiz. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008 IA).

385. ETHNIC LITERATURE IN AMERICA
4 hours credit
Explores literature of America's ethnic cultures and their historical and literary contexts. Emphasizes but not limited to literature of African-, Asian-, Jewish-, Mexican- and Native-
386. AMERICAN WOMEN WRITERS OF COLOR
4 hours credit
Study of Native American, African-American, U.S., Latina and Asian American women’s writing, emphasizing 19th and 20th century issues which influenced their writing. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

387. LITERATURE OF THE AMERICAN WEST: 1820-PRESENT
4 hours credit
A study of journals and travel narratives and popular, regional and historical novels of the American West. Works of writers such as Cooper, Twain, Steinbeck, Anaya, Cather and Silko. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

388. AMERICAN DRAMA
4 hours credit
Historical survey of American drama from its beginnings to the present. Includes works by major American dramatists, such as Hellman, O’Neill, Williams, Miller and Henley. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

389. TOPICS IN NATIVE AMERICAN LITERATURE
4 hours credit
Study of select topics in Native American literature. Such topics may include a specific period, region, native group, set of authors, theme or issue. May be taken twice under different subtitles. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

390. INTERNATIONAL STUDIES IN LITERATURE
4 hours credit
On-site study of the literature, drama, theatre, and culture of selected countries. Field study preceded by pre-tour lectures. May be taken twice for credit under different subtitles. The objective of the course is to better understand the culture and the history of a foreign country through experimental learning and intelligent mentoring. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

401. STUDIES IN FILM
4 hours credit
Study of a director, period, genre, movement or theme in the area of film. May be repeated twice under different subtitles. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

402. FILM HISTORY
4 hours credit
The history of motion pictures with a focus on technical and artistic trends and the work of important artists and directors. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

404. INTERNATIONAL CINEMA
4 hours credit
Study of a wide range of films made around the world, with special emphasis on historical development of selected national cinemas, cultural and economic determinants that affect the production of film and the contrasting conventions of film style in contrasting contexts of production. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

406. FILM THEORY
4 hours credit
Introduction to influential theoretical approaches to film such as psychoanalysis, auteurism, feminism, reception and spectatorship theories, genre studies, queer theory and post-Colonial criticism. Includes a range of screenings and encourages students to read films in terms of various cultural, ideological and personal perspectives. Prerequisite: ENGL 220 or 221 or 402 or 403 or 404 or 405. Three hours per week with enhancement.

410. INDIVIDUAL AUTHORS
4 hours credit
An intensive study of one to three writers of major stature (choice to be made by the instructor). Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

411. CHAUCER
4 hours credit
Study of representative works by the 14th-century poet Chaucer, taught in their original language, Middle English, with a special emphasis on The Canterbury Tales. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

412. MILTON
4 hours credit
An intensive study of one to three writers of major stature (choice to be made by the instructor). Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

414. JANE AUSTEN
4 hours credit
A study of the major comedies and histories with an emphasis on the tragedies. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

415. FICTION WORKSHOP
4 hours credit
Students analyze in a workshop setting readings in contemporary fiction to observe techniques in craftsmanship and present their own fiction for intensive examination by workshop participants. May be taken twice for credit. Prerequisite: ENGL 351 or permission of instructor. Three hours per week with enhancement.

428. ESOL TESTS AND MEASUREMENTS
4 hours credit
Focuses on present-day language theory and practice. Objectives are not only to increase students’ skills in writing classroom language tests and assessing standardized instru-
ments intended for second language learners, but also to improve their ability to evaluate language research in which testing plays a part. Prerequisite: ENGL 432 or 434 or permission from instructor. Three hours per week with enhancement.

430. PRINCIPLES OF LINGUISTICS
4 hours credit
Detailed study of the primary linguistic systems, including phonology, morphology, semantics, syntax and pragmatics. Introduces important sociolinguistic research concerns. As the course is designed for teachers in training, students apply those linguistic concepts to practical language learning problems. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

431. SURVEY OF MODERN ENGLISH GRAMMAR
4 hours credit
Study of modern English grammar accomplished through a variety of language analysis approaches, including traditional, structural and transformational. Prerequisite: ENGL 240 or 430 or permission of instructor. Three hours per week with enhancement.

432. LITERACY AND ESOL READING
4 hours credit
Introduces students interested in questions of language acquisition to the theories and practices relating to learning to read in a second language or second dialect. Topics included are models for acquiring foreign language reading skills, teaching strategies for second language/dialect literacy, evaluating literacy skills, current research about acquisition of literacy skills, and political and social implications of second language/dialect literacy. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

433. LANGUAGE AND CULTURE
4 hours credit
Linguistics approach to the peculiar relationship between a language and the cultural total of which the language is a part. Examines language variations within a community according to gender, age, geography, ethnicity, socioeconomic class and level of education. Considers the educational, political and economic implications. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

434. LITERACY AND ESOL WRITING
4 hours credit
Introduces students interested in questions of language acquisition to the theories and practices of learning to write in a second language or second dialect. Topics include writing theory, writing strategies, evaluating writing, and writers and rhetorical concerns. Students develop a literacy project, writing materials for specific ESOL students. Prerequisite: ENGL 431 or permission of instructor. Three hours per week with enhancement.

438. BILINGUALISM
4 hours credit
Study of what it means to be a bilingual child or adult. Explores the mind’s role in bilingualism and in language acquisition. Surveys educational systems’ response to language variance among students and explores the social, academic and language learning consequences of growing up bilingual in the U.S.A. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

439. SECOND LANGUAGE ACQUISITION
4 hours credit
Introduction to second language acquisition (SLA) theory and the application of SLA theory to second/foreign language teaching practices. Explores what it means to know a language and, hence, how one learns a second language. Prerequisites: C or better in ENGL 102 or 103. Three hours per week with enhancement.

447. CURRENT APPROACHES IN ESOL INSTRUCTION
4 hours credit
Familiarizes students with the foundations of teaching English to speakers of other languages (ESOL). Provides for examination of current theory and empirical data on language learning and teaching. Examines pedagogical implications/applications of teaching methodologies intended for non-native speakers of English by examining the latest research data. Seeks to meet the needs of practicing or prospective teachers enrolled in an undergraduate program. Prerequisite: ENGL 428 or permission of instructor. Three hours per week with enhancement.

453. MODERN POETRY
4 hours credit
A study of British and American poetry from Yeats through World War II. Poets include Hopkins, Yeats, Eliot, Pound, Frost, Williams, Robinson, Crane, Stevens, Auden and Dylan Thomas. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

454. WRITING CENTERS: THEORY AND PRACTICE
4 hours credit
Introduces students to peer tutoring as a mode of collaborative learning. Focuses on preparing students to lead writing center consultations. Prerequisite: C or better in ENGL 102 or 103, consent of instructor. Three hours per week with enhancement.

455. NON-FICTION WORKSHOP
4 hours credit
Students analyze in a workshop setting readings in contemporary nonfiction to observe techniques in craftsmanship and present their own nonfiction for intensive examination by workshop participants. May be taken twice for credit. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

461. FEMINIST LITERATURE AND THEORY
4 hours credit
A survey of the growth and transformation of feminist literature and theory from the birth of the woman’s movement in the nineteenth century to contemporary cultural feminist writings. We will also investigate modern and contemporary images and representations of women in literature, film and popular culture from a critical perspective that celebrates cultural diversity and alternative viewpoints. Prerequisites: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

462. LITERARY ANALYSIS
4 hours credit
Analytical approaches to literature designed to teach teachers and prospective teachers traditional, formal, psychological, mythological and exponential analyses of narrative fiction, drama and poetry applied to the various genres. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

464. RHETORICAL CRITICISM
4 hours credit
Introduces critical methods for analyzing persuasive messages in a variety of genres and contexts. Prerequisite: C or better in ENGL 306 or 308. Three hours per week with enhancement.

465. RESEARCH IN COMPOSITION
4 hours credit
Explores current theories and research on writing process and product. Topics include: definitions of writing; rhetorical contexts; heuristics for pre-writing, writing and revision; questions of arrangement, style, grammar, mechanics and assessment. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.
466. CURRENT PROBLEMS IN COMPOSITION RESEARCH
4 hours credit
Applies theoretical concepts from ENGL 465 to current issues in composition and rhetoric research (such as basic writing, methods of responding to student writing and audience adaptation). Emphasizes modes of research for continuing investigation of these issues. Prerequisite: ENGL 465 or approval of the instructor. Three hours per week with enhancement.

467. HISTORY AND THEORY OF RHETORIC
4 hours credit
Study of how changing views of rhetoric affect public attitudes toward writing and influence writing instruction in schools and universities. Emphasizes shifting views toward style, argument and the relationship between persuasion and knowledge. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

471. MEDIEVAL ENGLISH LITERATURE
4 hours credit
A survey of literature produced in and around the British Isles between the 8th and 15th centuries of the Common Era. Anglo-Saxon and other early medieval selections presented in translation although the course includes instruction in rudimentary Old English. Middle English works (excluding Chaucer) presented in the original. Primary texts historized and contextualized through secondary readings in history, etymology, the arts, criticism. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

472. LITERATURE OF THE BRITISH RENAISSANCE
4 hours credit
A study of English literature, exclusive of Shakespeare, from 1500 to 1660. Authors studied may include, but are not limited to, More, Sidney, Spenser, Marlowe, Donne, Jonson, Langyer, Marvell and Milton. Pays special attention to the period's rich and varied modes of poetry, fiction, drama and non-fictional prose. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

473. RESTORATION AND 18TH CENTURY LITERATURE
4 hours credit
A study of English literature from 1660 through the 18th century. Writers studied include Behn, Rochester, Dryden, Defoe, Swift, Pope, Johnson, Boswell, Goldsmith, Burns and Blake. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

474. ROMANTIC LITERATURE
4 hours credit
Study of British poetry and aestheticism from the French Revolution through the first third of the 19th century. Primary readings from Blake, Wordsworth, Coleridge, Byron, Shelley, Keats. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

475. VICTORIAN LITERATURE
4 hours credit
A study of major British literature during the reign of Queen Victoria. Writers studied may include Tennyson, Browning, Arnold, Carlyle, Newman and Ruskin. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

476. BRITISH NOVEL I: BEGINNINGS TO 1837
4 hours credit
Study of the history and development of the British novel from the beginnings to the coronation of Victoria. Novels may include, but are not limited to, works by Sidney, Behn, Defoe, Richardson, Fielding, Sterne, Burney, Austen and Mary Shelley. A variety of theoretical models are considered. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

477. BRITISH NOVEL II: 1837 TO THE PRESENT
4 hours credit
A study of the British novel from the coronation of Queen Victoria to the present day. Authors may include, but are not limited to, Charles Dickens, George Eliot, Thomas Hardy, Joseph Conrad, Virginia Woolf, Graham Greene and Martin Amis. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

479. CONTEMPORARY TRENDS IN BRITISH LITERATURE
4 hours credit
Contemporary trends in British literature from 1970 to the present. Writers may include Penelope Fitzgerald, Anita Brookner, A. S. Byatt, Seamus Heaney, Geoffrey Hill, Tom Stoppard, William Trevor, Martin Amis, Graham Swift, Ian McEwan and Brian Friel. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

480. COLONIAL AMERICAN LITERATURE
4 hours credit
A study of American literature prior to 1820. Writers studied may include Bradford, Bradstreet, Taylor, Edwards, Franklin, Irving and Cooper. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

481. THE AMERICAN RENAISSANCE
4 hours credit
A study of the Transcendental Movement and literature between 1830 and 1870. Emphasis on the works of Emerson, Thoreau, Hawthorne, Melville, Whitman and Dickinson. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

482. AMERICAN REALISM AND NATURALISM (1865-1925)
4 hours credit
Investigates the rise of Realism and Naturalism (1865-1925) in American literature and the relationship between the development of these forms and the historical and cultural atmospheres from which they emerged. Authors to be studied may include Henry James, William Dean Howells, Frank Norris, Stephen Crane, Charles Chesnutt, Edith Wharton and Theodore Dreiser. Prerequisite: C or better in ENGL 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

483. AMERICAN SOUTHERN WRITERS: MODERN TO PRESENT
4 hours credit
A study of literature produced in the South from 1930 to the present. Writers may include Faulkner, O'Connor, Welty, Porter, Warren, Percy, Capote, Taylor, Grau, Styron and Young. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

484. AMERICAN NOVEL I: BEGINNINGS TO 1900
4 hours credit
A study of major American novels through 1900. Writers studied may include Crane, Hawthorne, Melville and Twain. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).
485. AMERICAN NOVEL II: 1900-PRESENT
4 hours credit
A study of major American novels from 1900 to the present, with a focus on Realism, Modernism and Postmodernism. Authors to be studied may include, but are not limited to, Wharton, Dreiser, Faulkner, Barnes, Capote, DeLillo and Morrison. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

488. CONTEMPORARY TRENDS IN AMERICAN LITERATURE
4 hours credit
Contemporary trends in U.S. literature from 1970 to the present. Writers may include McCarthy, DeLillo, Shepard, Tyler, Vonnegut, C. Johnson, Albee, Kincaid, Morrison, Walker, Silko. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

491. TOPICS IN LINGUISTICS AND LANGUAGE LEARNING
4 hours credit
An examination of selected topics of linguistics as they relate directly to first and second language learning. The course may focus in different semesters on such topics as phonology and language learning, syntactic theory and language learning, or discourse and language learning. This course may be repeated once under different course subtitles. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement.

492. PRACTICUM IN ENGLISH
1-4 hours credit
Under the close supervision of a master teacher, an advanced student in an English option intern as a teaching assistant in a lower-division course in that option. Prerequisites: Nine hours of coursework in that option and approval of department chair. Variable hours per week.

493. INDEPENDENT STUDY
4 hours credit
Tutorial course in any area of English. Open to junior and senior English majors with superior English grades. Prerequisite: Permission of the department chair prior to registration. One conference weekly. May be taken twice. Not for graduate credit. Three hours per week with enhancement.

494. TOPICS IN ENGLISH: WRITING OR FILM
4 hours credit
Intensive study in language or film. May be repeated for credit in different areas of study. Prerequisite: C or better in ENGL 102 or 103 or permission of instructor. Three hours per week with enhancement.

495. TOPICS IN WRITING AND RHETORIC
4 hours credit
Intensive study of selected topics in writing and rhetoric. May be repeated in different areas of study for a maximum of six hours of credit. Prerequisite: C or better in ENGL 306 or 308. Three hours per week with enhancement.

497. UNDERGRADUATE RESEARCH
1-4 hours credit
Designed to encourage students to pursue an important area of research under the supervision of an English faculty member. Students will have the opportunity to study a topic in depth and design their own research project to contribute to that area’s body of knowledge. Specific topics are indicated on student transcripts. Public presentation required. May be taken for a maximum of four credits. Prerequisites: C or better in ENGL 102 or 103, permission of instructor and department chair.

499. ENGLISH HONORS
3 hours credit
Independent study in an area of English leading to an honors thesis. Prerequisite: invitation by the Department of English.

500. SEMINAR IN AMERICAN LITERATURE THROUGH THE 19TH CENTURY
3 hours credit
A study of selected topics in American literature through the 19th century. Emphasizes one or more authors, genres or literary themes. May be repeated under different course subtitles. Three hours per week.

501. SEMINAR IN AMERICAN LITERATURE OF THE 20TH CENTURY
3 hours credit
A study of selected topics in American literature of the 20th century (up to 1945). Emphasizes one or more authors, genres or literary themes. May be repeated under different course subtitles. Three hours per week.

502. SEMINAR IN ENGLISH LITERATURE I
3 hours credit
A study of selected topics in English literature from the beginnings to 1660. Emphasizes one or more authors, genres or literary themes. May be repeated under different course subtitles. Three hours per week.

503. SEMINAR IN ENGLISH LITERATURE II
3 hours credit
A study of selected topics in English literature of the Restoration and 18th century. Emphasizes one or more major authors, genres or literary themes. May be repeated under different course subtitles. Three hours per week.

504. SEMINAR IN ENGLISH LITERATURE III
3 hours credit
A study of selected topics in English literature of the 19th century. Emphasizes one or more major authors, genres or literary themes. May be repeated under different course subtitles. Three hours per week.

505. SEMINAR IN ENGLISH LITERATURE IV
3 hours credit
A study of selected topics in English literature of the 20th century. Emphasizes one or more major authors, genres or literary themes. May be repeated under different course subtitles. Three hours per week.

507. STUDIES IN FILM
3 hours credit
Study of a director, period, genre, movement or theme in the area of film. May be repeated twice under different subtitles. Three hours per week.

508. METHODS AND THEORIES FOR LITERARY RESEARCH
3 hours credit
Introduces students to the methods and theories that are foundational to the study of literature at the graduate level and the application of those theories to literature. Beginning with New Criticism, the course explores dominant theoretical trends of the 20th century, including, but not limited to, Marxism, Feminism, Psychoanalysis and Multiculturalism. Examine key literary, critical and theoretical terms/concepts as well as learn to analyze secondary sources in the process of producing critically informed work. Three hours per week.

509. SEMINAR IN LANGUAGE STUDY
3 hours credit
A study in selected topics in language and linguistics. The course focuses in different semesters on such topics as the new English, descriptive or historical linguistics, morphology, syntax, or phonetics and phonemics, teaching standard
532. LITERACY AND ESOL READING
3 hours credit
Introduces students interested in questions of language acquisition to the theories and practices relating to learning to read in a second language or second dialect. Topics include models for acquiring foreign language reading skills, teaching strategies for second language/dialect literacy, evaluating literacy skills, investigating current research about acquisition of literacy skills, and exploring political and social implications of second/language/dialect literacy. Three hours per week.

533. ESOL PROGRAM DEVELOPMENT
3 hours credit
Introduces students to the theory, practice and special needs in developing and implementing an ESOL curriculum in a public, private or business enterprise for language learners K-adult. Allows students to explore the complexities involved in planning and developing a language curriculum; sensitize themselves to the cultural conflicts and biases, both sociolinguistic and linguistic, which are faced by limited English-proficient students; and to prepare for the actual writing and implementing of an ESOL curriculum where needed. Three hours per week.

534. LITERACY AND ESOL WRITING
3 hours credit
Introduces students interested in questions of language acquisition to the theories and practices of learning to write in a second language or second dialect. Topics include writing theory, writing strategies, and second language writers and rhetorical concerns. In addition, students will examine teaching methodologies for second language/dialect literacy, evaluating literacy skills, current research about acquisition of literacy skills, and political and social implications of second language/dialect literacy. Prerequisite: ENGL 537 or permission of instructor. Three hours per week.

535. LANGUAGE AND CULTURE
3 hours credit
Introduces students interested in questions of language acquisition to the theories and practices relating to learning to read in a second language or second dialect. Topics include models for acquiring foreign language reading skills, teaching strategies for second language/dialect literacy, evaluating literacy skills, investigating current research about acquisition of literacy skills, and exploring political and social implications of second/language/dialect literacy. Prerequisite: ENGL 537 or permission of instructor. Three hours per week.

536. PRINCIPLES OF LINGUISTICS
3 hours credit
An introductory study of nature of language from both a theoretical and applied perspective. The focus is on the study of sounds and articulation (phonetics), sound systems (phonology), word structure and formation (morphology), phrase and sentence structure (syntax), aspects of meaning (semantics) and will also concentrate on applied aspects of linguistic study such as neurolinguistics, psycholinguistics, sociolinguistics, computational linguistics, and first and second language acquisition. To provide students with a fundamental understanding of core areas of linguistics and to equip students with the analytical techniques and methods required to solve questions about language. Three hours per week.

537. SURVEY OF MODERN ENGLISH GRAMMAR
3 hours credit
To provide an understanding of the systematic structure and rules of English, i.e., the system underlying the construction of possible sentences in the English language; the grammatical terminology and concepts necessary for the analysis of English structures, i.e., the metalanguage of analysis; the application of such a theoretical background in the actual linguistic analysis of English constructions; the utility of such a knowledge in the future teaching of English, to both native and ESOL speakers; and some typical fallacies concerning the structure and pedagogical applications of English grammar. Three hours per week.
536. BILINGUALISM
3 hours credit
To familiarize students with various aspects of bilingual education and language contact from a social-psychological perspective. Explore the role of the mind in bilingualism and in language acquisition. Content addresses the societal, political and cultural implications of bilingualism and the cognitive and educational implications. It aims to provide analysis and evaluation of current theory and research on bilingualism, as well as for examination of pertinent pedagogical implications/applications. Three hours per week.

539. SECOND LANGUAGE ACQUISITION
3 hours credit
An introduction to second language acquisition (SLA) theory and application of SLA theory to second/foreign language teaching practices. Explores what it means to know a language and, hence, how one learns a second language. Three hours per week.

547. CURRENT APPROACHES IN ESOL INSTRUCTION
3 hours credit
Familiarizes students with the foundations of teaching English to speakers of other languages (ESOL). It provides for examination of current theory and empirical data on language learning and teaching. Participants will examine pedagogical implications/applications of teaching methodologies intended for non-native speakers of English by examining the latest research data. This course seeks to meet the needs of practicing or prospective teachers enrolled in a graduate program. Prerequisite: ENGL 428/528 or permission of instructor. Three hours per week.

553. MODERN POETRY
3 hours credit
A study of British and American poetry from Yeats through World War II. Poets include Hopkins, Yeats, Eliot, Pound, Frost, Williams, Robinson, Crane, Stevens, Auden and Dylan Thomas. Three hours per week.

561. FEMINIST LITERATURE AND THEORY
3 hours credit
A survey of the growth and transformation of feminist literature and theory from the birth of the woman's movement in the nineteenth century to contemporary cultural feminist writings. We will also investigate modern and contemporary images and representations of women in literature, film and popular culture from a critical perspective that celebrates cultural diversity and alternative viewpoints. Three hours per week.

564. RHETORICAL CRITICISM
3 hours credit
Introduces critical methods for analyzing persuasive messages in a variety of genres and contexts. Three hours per week.

565. RESEARCH IN COMPOSITION
3 hours credit
Explores current theories and research on writing process and product. Topics include: definitions of writing; rhetorical contexts; heuristics for pre-writing, writing and rewriting; questions of arrangement, style, grammar, mechanics and assessment. Three hours per week.

566. CURRENT PROBLEMS IN COMPOSITION RESEARCH
3 hours credit
Applies theoretical concepts from ENGL 465 to current issues in composition and rhetoric research (such as basic writing, methods of responding to student writing and audience adaptation). Emphasizes modes of research for continuing investigation of these issues. Prerequisite: ENGL 465/565 or approval of the instructor. Three hours per week.

567. HISTORY AND THEORY OF RHETORIC
3 hours credit
Study of how changing views of rhetoric affect public attitudes toward writing and influence writing instruction in schools and universities. Emphasizes shifting views toward style, argument and the relationship between persuasion and knowledge. Three hours per week.

571. MEDIEVAL ENGLISH LITERATURE
3 hours credit
A survey of literature produced in and around the British Isles between the 8th and 15th centuries of the Common Era. Anglo-Saxon and other early medieval selections presented in translation although the course includes instruction in rudimentary Old English. Middle English works (excluding Chaucer) presented in the original. Primary texts historicized and contextualized through secondary readings in history, ethnography, the arts, criticism. Three hours per week.

572. ELIZABETHAN AND JACOBEAN LITERATURE
3 hours credit
A study of major British literature, exclusive of Shakespeare, from 1500-1660. Authors include Sidney, Spenser, Donne and Milton. Three hours per week.

573. RESTORATION AND 18TH CENTURY LITERATURE
3 hours credit
A study of British literature from 1660 through the 18th century. Writers studied include Behn, Rochester, Dryden, Defoe, Swift, Pope, Johnson, Boswell, Goldsmith, Burns and Blake. Three hours per week.

574. ROMANTIC LITERATURE
3 hours credit
Study of British poetry and aesthetics from the French Revolution through the first third of the 19th century. Primary readings from Blake, Wordsworth, Coleridge, Byron, Shelley, Keats. Three hours per week.

575. VICTORIAN LITERATURE
3 hours credit
A study of major British literature during the reign of Queen Victoria. Writers studied may include Tennyson, Browning, Arnold, Carlyle, Newman and Ruskin. Three hours per week.

576. BRITISH NOVEL I: BEGINNINGS TO 1800
3 hours credit
A study of the British novel through the 18th century. Novelists studied include Defoe, Richardson, Fielding, Sterne, Smollett and Austen. Three hours per week.

577. BRITISH NOVEL II: 1800-1945
3 hours credit
A study of the British novel from the coronation of Queen Victoria to the present day. Authors may include, but are not limited to, Charles Dickens, George Eliot, Thomas Hardy, Joseph Conrad, Virginia Woolf, Graham Greene and Martin Amis. Three hours per week.

578. BRITISH NOVEL III: 1945 TO THE PRESENT
3 hours credit
A study of the British novel of the second half of the 20th century, with works chosen from Orwell, Golding, Amis, Murdoch, Spark, Byatt, Rushdie, McEwan, Barnes, Carter, Graham Swift and others. Three hours per week.

579. CONTEMPORARY TRENDS IN BRITISH LITERATURE
3 hours credit
Contemporary trends in British literature from 1970 to the present. Writers may include Penelope Fitzgerald, Anita Brookner, A. S. Byatt, Seamus Heaney, Geoffrey Hill, Tom
580. COLONIAL AMERICAN LITERATURE
3 hours credit
A study of American literature prior to 1820. Writers studied may include Bradford, Bradstreet, Taylor, Edwards, Franklin, Irving and Cooper. Three hours per week.

581. THE AMERICAN RENAISSANCE
3 hours credit
A study of the Transcendental Movement and literature between 1830 and 1870. Emphasis on the works of Emerson, Thoreau, Hawthorne, Melville, Whitman and Dickinson. Three hours per week.

582. AMERICAN REALISM AND NATURALISM (1865-1925)
3 hours credit
Investigation of the rise of Realism and Naturalism (1865-1925) in American literature and the relationship between the development of these forms and the historical and cultural atmospheres from which they emerged. Authors to be studied may include Henry James, William Dean Howells, Frank Norris, Stephen Crane, Charles Chesnutt, Edith Wharton and Theodore Dreiser. Three hours per week.

583. AMERICAN SOUTHERN RENAISSANCE: 1930-1970
3 hours credit
A study of fiction produced in the South between 1930 and 1970. Writers may include Glasgow, Faulkner, O'Connor, Welty, Porter, Warren, Percy, Capote, Taylor, Grau, Styron and Young. Three hours per week.

584. AMERICAN NOVEL I: BEGINNINGS TO 1900
3 hours credit
A study of major American novels through 1900. Writers studied may include Crane, Hawthorne, Melville and Twain. Three hours per week.

585. AMERICAN NOVEL II: 1900-1945
3 hours credit
A study of major American novels from 1900 to the present, with a focus on Realism, Modernism and Postmodernism. Authors to be studied may include, but are not limited to, Wharton, Dreiser, Faulkner, Barnes, Capote, Delillo and Morrison. Three hours per week.

586. AMERICAN NOVEL III: 1945-PRESENT
3 hours credit
A study of major American novels since World War II. Writers may include Pynchon, Roth, Morrison, McCarthy, Mukherjee, Delillo, Kerouac, Nabokov. Three hours per week.

587. CONTEMPORARY TRENDS IN AMERICAN LITERATURE
3 hours credit
Contemporary trends in U.S. literature from 1970 to the present. Writers may include McCarthy, Delillo, Shepard, Tyler, Vonnegut, C. Johnson, Albee, Kincaid, Morrison, Walker, Silko. Three hours per week.

590. TOPICS IN ENGLISH: LITERATURE
1-3 hours credit
Intensive study of a literary genre, figure or period. May be repeated for credit in different areas of study.

591. TOPICS IN LINGUISTICS AND LANGUAGE LEARNING
3 hours credit
An examination of selected topics of linguistics as they relate directly to first and second language learning. The course may focus in different semesters on such topics as phonology and language learning, syntactic theory and language learning, or discourse and language learning. This course may be repeated once under different course subtitles. Three hours per week.

592. PRACTICUM IN ENGLISH
1-3 hours credit
Under the close supervision of a master teacher, an advanced student in an English option interns as a teaching assistant in a lower-division course in that option. Prerequisites: Nine hours of course work in that option, approval of department chair. Variable hours per week.

594. TOPICS IN ENGLISH: WRITING OR FILM
1-3 hours credit
Intensive study in language or film. May be taken for credit in different areas of study.

595. TOPICS IN WRITING AND RHETORIC
3 hours credit
Intensive study of selected topics in writing and rhetoric. May be taken in different areas of study for a total of six hours of credit. Three hours per week.

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL)

400. BUSINESS ENGLISH FOR INTERNATIONALS
3 hours credit
Introduction to the specific English language skills needed in the genre of business and in technical communication for students for whom English is not a native language. The course aims at augmenting English skills through contextualized vocabulary and language enrichment via exposure to content-rich materials in the area of marketing, international business, management and computer applications. Students will be exposed to both formal and informal protocols of the discourse of business English via a variety of media. Prerequisite: Permission of the instructor. Three hours per week.

ENVIRONMENTAL HEALTH SCIENCE (ENVH)

110. INTRODUCTION TO ENVIRONMENTAL SCIENCE
3 hours credit
Introduction to the interactions of living organisms and the environment, with an emphasis on human interactions. Environmental science principles, consequences of environmental pollution and resource depletion that lead to environmental degradation are presented. Global environmental challenges, such as global stratospheric ozone depletion and biodiversity loss are examined, along with air and water pollution and population issues. May not be used to satisfy requirements for the environmental health science major. Three hours per week. Meets General Education IVB (Prior to Fall 2008: IIIB).

210. INTRODUCTION TO ENVIRONMENTAL HEALTH SCIENCE
3 hours credit
Introduces students to aspects of human impact on the environment and means of monitoring, controlling and regulating detrimental practices. Topics include food technology and production; housing, industrial, occupational and recreational environments; air quality, waste management; and water quality and pollution control programs. May be taken for biology credit by non-environmental health science majors. Prerequisite: BIOL 210 or 212 or 213. Three hours per week.
301. PRINCIPLES OF EPIDEMIOLOGY
3 hours credit
Introduction to basic principles, history and scope of epidemiology. Emphasis on study of patterns of diseases related to environmental factors. May be taken for biology credit by non-environmental health science majors. Prerequisites: ENHV 210 and MATH 155 or 213. Three hours per week.

302. FOOD ASPECTS OF ENVIRONMENTAL HEALTH SCIENCE
3 hours credit
Study of food and dairy products process, handling, preparation, storage, preservation, associated illnesses and regulatory programs as they impact human health and environmental health control programs. May be taken for biology credit by non-environmental health science majors. Prerequisite: ENHV 210. Three hours per week.

310. SHELTER AND INSTITUTIONAL ENVIRONMENTS
3 hours credit
Study of environmental health problems associated with human dwellings. Emphasizes sociological and educational principles as important to problem solution. Considers environmental health problems of hospitals, nursing homes, jails, schools, colleges and other public institutions. Prerequisite: ENHV 301. Three hours per week.

320. SAFETY AND OCCUPATIONAL HEALTH
3 hours credit
Study of health and safety problems found in industry and analysis of acute and chronic diseases associated with various occupations and industrial settings. Considers Occupational Safety and Health Administration (OSHA) regulations and other federal and state mandates in depth. Prerequisite: ENHV 301. Three hours per week.

330. SOLID AND HAZARDOUS WASTE MANAGEMENT
3 hours credit
Study of the generation, collection and disposal of solid and hazardous waste materials. Considers Toxic Substance Control Act, Department of Transportation Regulation, the Resource Conservation and Recovery Act in detail. Prerequisite: CHEM 221. Three hours per week.

415. RESEARCH IN ENVIRONMENTAL HEALTH SCIENCE
3 hours credit
Research experience as an independent study under the supervision of a faculty member. Prerequisite: Permission of instructor. Schedule to be arranged individually.

420. READINGS IN ENVIRONMENTAL HEALTH SCIENCE
1-2 hours credit
Selected readings in a specific area of environmental health science. Process of gathering, interpreting and communicating specific information is emphasized. Ten pages of research report(s) are required for each credit hour. Prerequisites: Junior or senior standing and approval of the instructor.

425. TOXICOLOGY
3 hours credit
Introduction to basic principles, history and scope of modern toxicology, and to the effects and to the mechanisms of toxicants. Includes applications to risk assessment, regulations and industry. Cross-listed with BIOL 425. May not be taken for credit if student has credit for BIOL 425. Prerequisite: Junior standing, eight hours of chemistry or eight hours of biology or permission of instructor. Three hours per week.

430. GROUND AND SURFACE WATER QUALITY
4 hours credit
Study of the science and management of ground and surface water quality. Emphasis on health effects exposure assessment, regulation and public health policy. Local, regional and global water quality issues covered. Prerequisites: ENHV 210, junior standing and 16 hours of science courses. Three hours lecture, three hours laboratory per week.

440. AIR QUALITY
4 hours credit
Study of the science and management of ambient and indoor air quality. Emphasis on health effects, exposure assessment, regulation and public health policy. Local, regional and global air quality issues covered. Prerequisites: ENHV 210, junior standing and 16 hours of science courses. Three hours lecture, three hours laboratory per week.

450. PUBLIC HEALTH ADMINISTRATION
3 hours credit
In-depth analysis of management practices and policies for environmental health programs. Considers relationship of these programs to federal and state government agencies. Prerequisites: ENHV 301 and either senior standing as an environmental health major or approval of program director. Three hours per week.

475. ENVIRONMENTAL ADMINISTRATION AND INTERNSHIP
6 hours credit
Basic concepts of environmental management, law, economics and risk analysis are presented during the spring, followed in the summer by an approved internship for a minimum of 40 hours a week for five weeks and participation in the fall seminar series of presentations by student interns in the class. Prerequisite: Permission of the program director. One hour per week in spring and fall, plus minimum of 40 hours per week for five weeks in summer.

490. SPECIAL TOPICS IN ENVIRONMENTAL HEALTH SCIENCE
1-4 hours credit
Study of a specific area in environmental health science. Topic varies semester to semester. May be taken for up to eight credit hours under different subtitles. Prerequisite: ENHV 301.

495. ENVIRONMENTAL HEALTH FIELD EXPERIENCE OPTION
1-3 hours credit
Work experience in an environmental health science or environmental protection office or agency. Does not substitute for the required ENHV 475 internship. Prerequisites: Junior standing, environmental health major and approval of advisor. Three hours work per week per credit hour up to three credit hours.

ENVIRONMENTAL STUDIES (ENVR)

102. EARTH LITERACY
3 hours credit
Experiential examination of the effects human activities have on the environment. Field trips may include: aquaculture facilities, commercial fishing operations, factory farms (of both plants and animals), organic farms, large-scale composting operations, sewage treatments plants, pine plantations, chip mills and power plants. Web enhanced, many readings and homework assignments will require Internet access. May not receive credit for both BIOL 105 and ENVR 102 without permission of instructor. Three hours per week. Meets General Education IVB (Prior to Fall 2008: IIIB).

150. ENVIRONMENTAL PERSPECTIVES
3 hours credit
Interdisciplinary study of environmental issues with content that may vary semester to semester. A selected environmental topic is covered in depth from the perspective of different
disciplines. Challenges students to evaluate environmental issues under differing contexts and perspectives. May be taken twice under different course topics. Three hours per week. Three hours per week. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIIB).

200. ENVIRONMENTAL STUDIES IN THE AMAZON
3 hours credit
Central course for the environmental studies winter program in Brazil. An intensive five-week introduction to the history, politics, geography, culture and biology of the Amazonian region of Brazil. Interdisciplinary approach includes lectures, field excursions and applied projects in Brazil. Over five weeks, 15 three-hour classes and 10 extended day trips.

460. TOPICS IN CHESAPEAKE BAY STUDIES
3-4 hours credit
Interdisciplinary investigation of the social, cultural and physical aspects of the Chesapeake Bay and its associated human communities. Special attention to the environmental impacts of human actions and decisions in the Chesapeake Bay watershed and the ways in which environmental factors have in turn impacted human communities. May be taken twice under different course titles. Prerequisites: Sophomore standing. Three to four hours per week.

480. INTERNSHIP IN ENVIRONMENTAL STUDIES
3-6 hours credit
Provides opportunities to apply theory, principles and knowledge within a practical experience in a local, state, federal or private organization. Major paper and journal required. Prerequisite: Permission of environmental studies advisor. Eight hours a week for 14 weeks or equivalent.

495. ENVIRONMENTAL FIELD STUDIES
1-4 hours credit
Field course taught abroad or in a remote setting within the United States. Particular attention to the interdisciplinary environmental issues associated with a particular location in which the field study occurs from a primarily humanistic or social science perspective. May be taken twice for different field courses. Prerequisites: Sophomore standing. Variable hours per week.

499. ENVIRONMENTAL SENIOR SEMINAR
3 hours credit
Seminar and practicum focused on local environmental issue. Students will analyze the issue by doing background research and interviewing stakeholders. The seminar will culminate with a formal presentation in which students present their analysis and suggestions. Suggestions will be implemented if time and topic permits. Prerequisites: Junior status and completion of 20 core credits in environmental studies major. Three hours per week.

EXERCISE SCIENCE (EXSC)

102. EMERGENCY PREPAREDNESS
3 hours credit
Techniques of cardiopulmonary resuscitation (CPR) for the professional rescuer. AED, standard first aid and safety concepts are presented. Acquire and develop the knowledge, skills and abilities (KSA) necessary to give proper care in an emergency situation through readings, classroom discussions, video presentations, practical skills and injury scenarios. Students who meet the standards receive certification. Personal safety in society and disaster preparedness issues also are addressed. Prerequisite: Admission to the Exercise Science Program or instructor’s permission. Three hours per week.

185. INTRODUCTION TO EXERCISE SCIENCE
1 hour credit
Introduces the student to the exercise science discipline. Examination of concepts including professionalism, ethics, certification and licensure, employment opportunities and scientific foundations of the various subdisciplines. One hour per week.

213. PREVENTION AND MANAGEMENT OF EXERCISE INJURIES
3 hours credit
Prevention, treatment and management of injuries and physical disabilities that affect exercise. Influence of training and program design on adaptations associated with diseases, functional disabilities and injuries that affect strengthening techniques. Theoretical and practical experience in exercise design and prescription for healthy and special-needs populations. Crosslisted with PHEC 213. Three hours per week.

237. EXERCISE LEADERSHIP
3 hours credit
Comparison of fitness programs currently offered in community settings. Emphasis on leading exercise for individuals and groups within these settings. Credit may not be received for both EXSC 237 and PHEC 237 or 482. Prerequisite: PHEC 108. Three hours per week.

240. FITNESS TESTING
3 hours credit
Presents practical as well as theoretical knowledge about the various models and protocols used in health-related fitness assessment. Focuses on developing expertise in preparation of clients for fitness testing, utilization of various modes of exercise testing and test interpretation. Prerequisite: EXSC 102. Three hours per week.

301. RESEARCH METHODS IN EXERCISE SCIENCE
3 hours credit
Designed to help students understand, evaluate and conduct exercise science research. Class members will learn basic concepts and procedures used for conducting research and will become better consumers of research. Students will collaborate to design and present their original research study proposal. Prerequisite: Fifteen hours in exercise science and/or athletic training. Three hours per week.

308. RESEARCH IN EXERCISE SCIENCE
3 hours credit
Designed to help students understand, evaluate and conduct exercise science research. Examine the basic concepts and procedures used for conducting research, acquire skills required to become better consumers of research and develop an understanding of how to apply research findings. Collaborate to design and present an original research study. Prerequisite: Permission of the instructor. Nine hours per week.

312. STRENGTH TRAINING TECHNIQUES AND PROGRAM DESIGN
3 hours credit
Examination of strength training techniques and program design. Emphasis placed on proper form and utilization of various workout designs to complement larger training goals. Students will gain experience in the theoretical and practical aspects of designing individual workout sessions, periodization and programming to enhance progression. The course is designed to assist the student in meeting the requirements to be eligible for and pass the Strength and Conditioning Association’s Certified Strength and Conditioning Specialist exam. Prerequisite: PHEC 108. Three hours per week.

332. EXERCISE PHYSIOLOGY
4 hours credit
In-depth study of changes that occur due to acute and chronic exercise. Emphasis on circulatory, nervous and muscular
333. KINESIOLOGY
4 hours credit
Examination of the structure and function of the human body and the mechanical principles affecting its movement. Review of the musculoskeletal system followed by an in-depth study of how human movement occurs. Presentation of nomenclature of the body planes, axes and movement. May not receive credit for both PHEC 333 and PHEC 433. Prerequisites: BIOL 215, 216. Five hours per week.

335. HEALTH-FITNESS PROGRAMS
3 hours credit
Examines the health-fitness specialist's role in facility administration and program management. Review of needs assessment techniques, health promotion programming, evaluation and marketing strategies, equipment maintenance, and legal implications of documented safety procedures. May receive credit for only one of the following: PHEC 435 or HLTH 335 or HLTH 435. Prerequisite: EXSC 185. Three hours per week.

462. EXERCISE AND SPECIAL POPULATIONS
4 hours credit
In-depth study of changes that occur due to acute and chronic exercise and the influence of aging on these processes. Examination of physiologic differences among individuals with various medical conditions. Behavioral modification counseling skills for various populations are developed. Prerequisites: EXSC 240, 332. Four hours per week.

479. INTERNSHIP IN EXERCISE SCIENCE
1-12 hours credit
Internship experience designed to provide students with an opportunity to gain real-world experience in exercise science settings. Students select an internship site and complete 540 hours of work, completing assignments as outlined in the Exercise Science Internship Manual. Prerequisite: Completion of exercise science core course work or instructor consent. Corequisite: EXSC 480. Three to 36 hours per week for a total of 540 hours. (P/F)

480. EXERCISE SCIENCE CREDENTIALING
2 hours credit
Review of the American College of Sports Medicine's knowledge, skills and abilities (KSA) for a Health-Fitness Specialist (HFS). Exercise science majors must pass a national credentialing exam in the health-fitness field. Prepares students for the American College of Sports Medicine's HFS examination. Prerequisite: Completion of exercise science core course work or instructor consent. Corequisite: EXSC 480. Three to 36 hours per week for a total of 540 hours. (P/F)

481. STRESS TESTING AND EXERCISE PRESCRIPTION
4 hours credit
Presents practical as well as theoretical knowledge about the various modes and protocols used in graded exercise testing, basic electrocardiography and exercise prescription based on testing results. Laboratory sessions provide opportunities for students to gain practical experience in performing various physiological testing procedures. Prerequisite: EXSC 240, 332. Three hours lecture, two hours lab per week. (P/F)

490. SELECTED TOPICS IN HEALTH
3 hours credit
Provides opportunities to investigate special themes or issues of interest to students and the health profession. Topics will vary each semester. May be repeated once under different course subtitles for a total of six credits. Prerequisite: Designated by topic. Three hours per week.

FINANCE (FINA)

104. PERSONAL FINANCE
3 hours credit
Comprehensive survey of personal financial topics including budgeting; borrowing; savings and investments; life, health and casualty insurance; and home buying. Emphasis on lifetime economic cycle. Three hours per week.

311. FINANCIAL MANAGEMENT
3 hours credit
Addresses fundamental concepts in financial management such as security markets, interest rates, taxes, risk analysis, time value of money, valuation models and related global issues. Explains how financial managers help maximize the value of a firm by making capital budgeting, cost of capital and capital structure decisions. Prerequisites: Majors: Admission to the professional program, ECON 211, 212. Minors or others: junior status, ACCT 201, MATH 155, ECON 150 or 211. Three hours per week.

312. RISK MANAGEMENT AND INSURANCE
3 hours credit
Examines principles and practices of asset and income conservation for businesses and individuals through various risk management techniques including insurance. Prerequisite: FINA 311 with grade of B or better. Three hours per week.

338. SPECIAL TOPICS IN FINANCE
3 hours credit
Advanced study of varying finance topics based on students' interests and needs. May be repeated once for credit under different subtitle. May substitute for finance major elective depending on the topic (see director of undergraduate studies). Major Prerequisites: Varies by topics and admission to Professional Program. Non-Major Prerequisites: Varies by topics and junior standing. Three hours per week.

440. CORPORATE FINANCE
3 hours credit
Study of corporate financial policy issues within the context of value creation. Topics include in-depth analysis of advanced capital budgeting methods, capital structure policy, dividend policy, derivatives and hedging risk within the context of corporate financial policy. Case studies, application-oriented articles and daily media reports used to bridge the academic/theoretical arguments to the real life problems/situations. Prerequisite: FINA 311 with grade of B or better. Three hours per week.

441. INVESTMENTS I
3 hours credit
Examines the capital market and marketable securities traded in the market, with emphasis on stocks and fixed income securities. Topics include portfolio theory, the efficient market hypothesis and evaluation of portfolio performance. Prerequisite: FINA 311 with grade of B or better. Three hours per week.

442. FINANCIAL DERIVATIVES
3 hours credit
Advanced study of security markets and investment alternatives. Topics include options, futures, advanced security analysis, portfolio theory, portfolio management and international dimensions of investing. Prerequisite: FINA 441 with C or better. Three hours per week.

443. ESSENTIALS OF REAL ESTATE
3 hours credit
Analysis of the structure of real estate markets. Study of principles of mortgage lending, property appraisal and real estate investments. Prerequisite: FINA 311 with grade of B or better. Three hours per week.
445. FINANCIAL INSTITUTIONS AND MARKETS
3 hours credit
Examines the structure and functions of depository and non-
depository financial institutions, the money and capital mar-
kets, and the role of government in the financial markets. Prerequisite: FINA 311 with grade of B or better or econom-
ics major with senior status. Three hours per week.

446. RETIREMENT PLANNING
3 hours credit
Introduces the student to the study and application of contem-
porary techniques for individual retirement planning. The in-
struction will include the retirement field as a profession, as
well as the personal financial planning process (budgeting,
emergency fund planning, credit and debt management) and
personal financial statements. Other specific topics covered
include: the Social Security system and Medicare, defined
benefit plans versus defined contribution plans, vesting, tax
effects of investing, qualified versus nonqualified plans and
tax-advantaged retirement plans (401K, 403b, etc. accounts).
Prerequisite: FINA 311 with grade of B or better. Three hours per week.

447. INTERNATIONAL FINANCIAL MANAGEMENT
3 hours credit
Analysis of the foreign exchange markets, exchange rate
behavior and risk management, international trade financing,
country risk analysis, international banking and the role of
direct foreign investment. Prerequisite: FINA 311 with grade
of B or better. Three hours per week.

448. ESTATE PLANNING
3 hours credit
Introduces the student to the study and application of contem-
porary techniques for individual estate planning. The instruc-
tion will include the estate-planning field as a profession, as
well as relevant financial services industry regulation. The
course covers: the personal financial planning process (bud-
geting, emergency fund planning, credit and debt manage-
ment), personal financial statements, property titling (types
and consequences), monetary settlement, property transfer
at death and estate documents. Prerequisite: FINA 311 with
grade of B or better. Three hours per week.

449. PRACTICUM IN PORTFOLIO MANAGEMENT
3 hours credit
Practical experience in managing an investment portfolio in a
teamwork environment, with emphasis on economic, industry
and company analysis; report preparation; security selection;
daily decision making; record keeping; and performance eval-
uation. Students will be responsible for making all material
decisions in managing the Perdue School Student Managed
Investment Fund and interact regularly with external advisors
for feedback on their research. Completion of this course sat-
sifies the ABLE requirement. May be repeated for an addition-
al three hours credit. Prerequisites: FINA 441 and permis-
son of instructor. Three hours per week.

535. HEALTH CARE FINANCE
3 hours credit
Introduction to financial management in the health care envi-
ronment. Designed for nurse/managers, this course covers
financial accounting and analysis, financial management
(including the mathematics of finance), cost accounting,
budgeting, control systems, forecasting, working capital man-
agement and third party reimbursements. Three hours per
week.

540. GRADUATE SURVEY OF FINANCE
3 hours credit
Comprehensive course in modern financial management. In-
cludes financial theories, working capital management,
capital acquisition, international finance, mergers and acqui-
sitions, bankruptcy and reorganization and leasing. M.B.A.
leveling course. Prerequisite: Provisional status in M.B.A.
program and BUAD 510, 520, 530 or permission of M.B.A.
director. Three hours per week.

626. MANAGERIAL FINANCE
2 hours credit
Review of financial theory and techniques. Topics include
capital acquisition, risk analysis, use of the capital asset price-
ing model, advanced capital budgeting and multinational cor-
porate finance. Prerequisites: Admission to the M.B.A. pro-
gram; completion of IVY Software Finance Assessment;
ACCT 618; FINA 311 (or equivalent) with a grade of C or bet-
ter. Four hours per week for half a semester.

650. CORPORATE FINANCIAL MANAGEMENT
3 hours credit
Review of financial theory and techniques. Topics include
long-term investment decisions, capital structure and divi-
dend policy, long-term financing decisions, financial analysis
and planning, short-term financial management, and multina-
tional financial management. Prerequisite: Admission to
M.B.A. program. Three hours per week.

685. INTERNATIONAL FINANCE SEMINAR
3 hours credit
Study of international aspects of business management and
the environment of international business. Topics selected
from international finance, the economics of international
finance, the economics of international trade, environmental
factors (e.g., cultural, legal, political) and the major aspects of
business operations in the global environment. Pre-
requisite: Admission to M.B.A. program. Three hours per
week.

FRENCH (FREN)

101. ELEMENTARY FRENCH I
4 hours credit
Beginning spoken and written French with emphasis on the
sound system and the basic structures of the language. Any
student with two or more years of high school French or
equivalent experience is ineligible for this course without
expressed permission of the instructor. Three hours per
week with enhancement. Meets General Education IIIA or
IIIC (Prior to Fall 2008: IB).

102. ELEMENTARY FRENCH II
4 hours credit
Continuation of skill development in spoken and written
French with further study of major structures. Recommended
Prerequisite: FREN 101 or at least one year of high school
French. Three hours per week with enhancement. Meets
General Education IIIA or IIIC (Prior to Fall 2008: IB).

201. INTERMEDIATE FRENCH
4 hours credit
Continued development and refinement of language skills
with emphasis on reading, writing and vocabulary development. Recommended Prerequisite: FREN 102 or at least two years of high school French. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

202. INTERMEDIATE AND APPLIED FRENCH
4 hours credit
Continued development, refinement and application of language skills with emphasis on reading, writing and vocabulary development. Satisfies the language requirement for English majors. Recommended Prerequisite: FREN 201 or at least three years of high school French. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

310. FRENCH GRAMMAR AND COMPOSITION
4 hours credit
Intensive review and application of grammar using exercises, compositions, dictation and papers to strengthen proficiency in writing. Continued acquisition of vocabulary and oral skills. Recommended Prerequisite: FREN 202 or equivalent experience. Three hours per week with enhancement.

312. FRENCH CONVERSATION
4 hours credit
Proficiency-based conversation focusing on the refinement of listening and speaking skills and vocabulary acquisition through role playing, small group and class discussion, oral reports and presentations. Introduction to phonetics. Recommended Prerequisite: FREN 202 or equivalent experience. Three hours per week with enhancement.

316. FRENCH CULTURE AND CIVILIZATION I
4 hours credit
Study of geography of France and French civilization tracing major historical, cultural and artistic themes from the 16th and 17th century. Prerequisite: FREN 202 or equivalent experience. Three hours per week with enhancement.

317. FRENCH CULTURE AND CIVILIZATION II
4 hours credit
Study of French civilization tracing major historical, cultural and artistic themes from the 18th to the 20th century. Prerequisite: FREN 202 or equivalent experience. Three hours per week with enhancement.

325. FRANCOPHONE CULTURE THROUGH LITERATURE
4 hours credit
A selection of short fiction, poetry and drama in French from the 19th and 20th centuries, centering on major cultural themes such as religion, chauvinism, honor, the family, etc. in the French-speaking world. Prerequisite: FREN 310 or consent of instructor. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

350. SENSUALITY IN FRENCH LITERATURE FROM 1000 TO 1700
4 hours credit
The theme of sensuality in major works from the Middle Ages to the Enlightenment: medieval conflict, humanistic synthesis, classic rigidly. ("Song of Roland," Lays of Marie de France, Essays-Montaigne, Gargantua-Rabelais, Racine, Corneille, Moliere.) Taught in French. Prerequisite: FREN 310 or consent of instructor. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

351. FRENCH LITERATURE OF PROTEST 1700 TO PRESENT
4 hours credit
Study of the emergence of France as a nation through the revolutionary literature of 1789, the intense emotionalism of the romantics, the realist observations and the existential absurd of France today. Taught in French. Prerequisite: FREN 310 or consent of instructor. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

403. ADVANCED COMPOSITION AND CONVERSATION WITH MEDIA
4 hours credit
Use a variety of current French media to assist students in the improvement oral and written skills to an advanced level. Prerequisites: FREN 310, 312. Three hours per week with enhancement.

410. FRANCOPHONE TOPICS
4 hours credit
An in-depth study of an author, movement or series of works that have come to define a particular segment of the Francophone world. Taught in French. Prerequisite: Complete at least two 300-level French courses with grades of C or better. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

480. SENIOR SEMINAR
1-4 hours credit
For senior French majors. Research encompassing several areas of French life and culture, language and literature is brought to bear upon a single theme or issue. Prerequisite: Senior standing.

496. FRENCH INDEPENDENT STUDY
1-4 hours credit
Individual study in any area of language, culture or literature of the French-speaking world with the advice and direction from a member of the department. May be repeated with new content for a maximum of eight credits. Prerequisites: Junior standing and permission of department chair.

501. ADVANCED COMPOSITION AND MORPHOLOGY
3 hours credit
Synthesis on an intense, advanced level of all of the principles of morphology, syntax, sentence development and sentence structure through translation and detailed composition. Prerequisite: Graduate standing. Three hours per week.

502. ADVANCED CONVERSATION
3 hours credit
Provides greater flexibility in the spoken language by intense oral practice to correct the defects of pronunciation and diction through phonetics. Prerequisite: Graduate standing. Three hours per week.

596. FRENCH INDEPENDENT STUDY
1-6 hours credit
Individual study in any area of language, culture or literature of the French-speaking world with the advice and direction from a member of the department. May be repeated with new content for a maximum of six credits. Prerequisites: Graduate standing, permission of department chair.

GENERAL STUDIES (GENL)

001. NEW STUDENT SEMINAR
0 hours credit
Orients new students to the university experience. Required of all new students with fewer than 24 hours of university credit. Nine to 13 hours per semester.

090. EFFECTIVE STUDY TECHNIQUES
0 hours credit
Presentation and practice of a variety of established study methods: note taking, time management, concentration, memorizing, test taking and report writing. May be offered for two hours per week all semester or for three hours per week for 10 weeks. Offered on an S/U basis, for internal credit only.
101. HUMAN SEXUALITY  
3 hours credit  
Study of the human sexual nature, with emphasis on the biological, philosophical, psychological and sociological aspects of human sexuality. Team-taught by faculty from two or more disciplines. Students may not receive credit for both this course and PSYC 325. Three hours per week. (P/F)

110. PERSONAL CAREER PLANNING  
2 hours credit  
The career search process. Goal oriented toward the planned process of selecting a major or occupational direction. The history, theory, philosophy and economics of the world of work. Occupational testing, decision making, values clarification skills and guest lectures employed. Recommended for freshmen, sophomores and undeclared majors. Three hours per week.

120. COLLEGE READING SKILLS  
3 hours credit  
Extensive practice in reading, analyzing and critically evaluating nonfiction texts. The student will outline and summarize articles and books through written and oral methods. Techniques of reading comprehension will be discussed and practiced. Projects will relate the skills of this class to the readings in the student’s other courses. Three hours per week.

150. SELECTED TOPICS IN DEVELOPMENTAL EDUCATION  
1-3 hours credit  
Innovative approaches to developmental education. Provides opportunities for curricular experimentation in the developmental studies areas of reading behavior, writing, foundational math skills and critical thinking.

152. RESIDENCE HALL LEADERSHIP  
1 hour credit  
An examination of models of community development with special emphasis on residence halls. Interactive problem-solving emphasized. Prerequisite: Selection into Resident Assistant Program. Two hours per week for eight weeks.

191. SPECIAL TOPICS: TV, COLLEGE OF THE AIR COURSES  
1-3 hours credit  
Study of a specific academic area. Topic may vary semester to semester. Course may be repeated under different subtitles.

---

**GEOGRAPHY**

**Geography - Human (GEOG)**

100. INTRODUCTION TO HUMAN GEOGRAPHY  
3 hours credit  
Introduction to the variable human character of the earth. Contemporary world problems such as population, growth, economic development, urbanization, resource utilization and human alteration of the natural environment are examined from a locational perspective. Three hours per week. Three hours per week. Three hours per week. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

101. WORLD GEOGRAPHY: EUROPE AND ASIA  
3 hours credit  
A geographic study of the countries of Europe and Asia emphasizing their physical and cultural characteristics. Special attention to contemporary issues/problems. Three hours per week. Three hours per week. Three hours per week. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

102. WORLD GEOGRAPHY: AFRICA AND AMERICA  
3 hours credit  
Geographic study of countries of Africa and the Americas emphasizing their physical and cultural characteristics. Special attention to contemporary issues/problems. May not receive credit for both GEOG 301 and GEOG 102. Three hours per week. Three hours per week. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

202. CULTURAL GEOGRAPHY  
3 hours credit  
Examination of some of the basic concepts of human geography. Emphasis on such subjects as cultural origins and diffusion, perception, settlement forms and the relationship between humans, their culture and the physical environment. Three hours per week. Three hours per week. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

203. ECONOMIC GEOGRAPHY  
3 hours credit  
Analysis of the locational factors explaining the geographic distribution of economic activity: rural and urban land use, cities, industry, transport and trade, economic development. Three hours per week. Three hours per week. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

220. HUMANS AND THE ENVIRONMENT  
4 hours credit  
Interdisciplinary laboratory course in conjunction with the departments of Biology and Chemistry designed for non-science majors to develop awareness of ways earth’s environment is influenced by human activities and effects of the environment on human society. May not be repeated for credit in the Biology or Chemistry departments; may not be used to satisfy course requirements within the major. For students in the Honors Program. Three hours lecture, two hours laboratory per week.

301. WORLD REGIONS  
3 hours credit  
Examination of contemporary patterns of life in selected areas of the world from a regional viewpoint. Attention given to the physical environment, resource use, economic activities, demographic and sociocultural characteristics and regional problems. Prerequisite: GEOG 100 or 101 or 102 or 104 or 105. Three hours per week. Three hours per week. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

302. GEOGRAPHY OF THE UNITED STATES AND CANADA  
3 hours credit  
Analysis of contemporary patterns of life from a regional perspective. Major topics include the physical environment, resource and land use, economic activities, demographic and sociocultural characteristics, and regional problems. Prerequisite: GEOG 100 or 101 or 102 or 104 or 105. Three hours per week.

306. PRINCIPLES OF PLANNING  
3 hours credit  
Analysis of the theory and practice of planning at various spatial levels (local, regional, state and federal). Emphasis on planning processes, responsibilities of professional planners, and detailed examination of contemporary issues like control of sprawl and coastal zone management. May not receive credit for both GEOG 208 and GEOG 308. Prerequisite: Junior standing. Three hours per week.

309. GEOGRAPHY OF THE MID-ATLANTIC  
3 hours credit  
Study of the U.S. mid-Atlantic region encompassing human and physical aspects of its geography, particularly in the relationship between humans and their physical environment. Course has two field trips. Prerequisite: One physical geog-
raphy/geology course and one human geography course. Three hours per week.

310. REGIONAL GEOGRAPHY OF EUROPE 3 hours credit
Regional analysis of contemporary geographic patterns of Europe. Emphasis on physical, economic and political patterns and regional problems. Prerequisite: GEOG 100 or 101 or 102 or 104 or 105. Three hours per week.

325. CONSERVATION AND RESOURCE MANAGEMENT 3 hours credit
An integrative look at the co-evolution of resource exploitation, use and conservation, and the changing ideology that drives trends in resource management. Special emphasis on scalar dilemmas in resource management, the effective role of our legal infrastructure in resource management and shifting values regarding the role of human-nature interactions in America. Prerequisite: One physical geography/geology course and one human geography course. Three hours per week.

327. POLITICAL GEOGRAPHY 3 hours credit
Survey of the sub-discipline of political geography. Emphasis on spatial organization and conflict at various scales; geographies of elections; and analyses of international relations from a geographical perspective, with a consideration of geographic, economic and cultural aspects of global conflicts. Prerequisite: GEOG 100, 101, 102 or 203. Three hours per week.

328. APPLIED PLANNING 3 hours credit
Application of planning principles and theories to real world land-use issues. Particular attention will be paid to the subdivision plat review process, zoning ordinances, and the role of citizens and local government in planning. Several actual planning case studies will be examined. Prerequisite: GEOG 308. Three hours per week.

389. REGIONAL FIELD STUDY OF THE UNITED STATES 3 hours credit
On-site study of the geography, history and culture of selected regions of the United States. Pre-tour lectures and other activities required. May be repeated once for credit. Prerequisite: Six hours in GEOG and/or GEOL or consent of instructor. Three hours per week.

399. INTERNATIONAL FIELD STUDY 3-6 hours credit
On-site study of the geography, history and culture of selected countries. Pre-tour lectures and other activities required. May be repeated once for credit. Prerequisite: Permission of instructor.

402. ENVIRONMENTAL PLANNING 3 hours credit
Translation of responsible environmental policies and principles into practical land-use regulations and local and regional planning tools. Emphasis on the landscape and land-use dimensions of environmental planning. Prerequisite: GEOG 308 or BIOL 310. Three hours per week may include three one-day field trips.

403. ENVIRONMENTAL HAZARDS 3 hours credit
Introduces students to the geographic principles and theories of natural and technological hazards. Both the physical properties of hazards and the human actions and reactions to hazards will be emphasized. Prerequisite: Six credits of geography. Three hours per week.

404. RURAL GEOGRAPHY AND LAND-USE PLANNING 3 hours credit
Analysis of the economic, demographic and spatial patterns of the rural United States. Special attention given to the problems and potentialities of non-metropolitan areas and to land use planning. Prerequisite: GEOG 203. Three hours per week.

406. REGIONAL ECONOMIC DEVELOPMENT 3 hours credit
Analysis of the spatial incidence of economic growth. Emphasis on the spatial dimension as an important consideration in the theory and practice of economic development. Prerequisites: GEOG 203, 308. Three hours per week.

408. URBAN THEORY 3 hours credit
Examination of theories and policies explaining urban development along with methods for evaluation. Assessment of the urban planning process with case studies. Prerequisite: GEOG 203, 101, 102 or consent of instructor. Three hours per week.

415. SELECTED PROBLEMS 3 hours credit
Independent study permitting research or in-depth work on a selected topic to be indicated on student’s transcript. May be taken twice for credit under different subtitles. Intended for seniors with 18 or more hours in geography. Prerequisite: Permission of department chair.

416. SMART GROWTH 3 hours credit
Explanations of smart growth program addressing urban challenges such as sprawl, lack of open space and central city decline. Introduction of early efforts to manage urban growth and growth management programs at the state and local levels. Prerequisite: GEOG 308 or permission of instructor. Three hours per week.

417. WATER RESOURCES 3 hours credit
Exploration of water resources in America that looks at water in all of its facets as a physical resource and a nexus of human-environment interactions. Designed for multiple disciplines and presumes a variable knowledge base at the beginning. Weaving together the hydrologic flow of water and the social structures that capture, divert, buy, sell, steal, manipulate and exploit water resources form the basis of exploration. Prerequisite: One course in physical geography and one course in human geography and junior standing. Three hours per week.

422. READINGS IN GEOGRAPHY 3 hours credit
Permits in-depth study of a selected topic to be indicated on student’s transcript. May be taken twice for credit under different subtitles. Intended for seniors with 18 or more hours in geography. Prerequisite: Permission of department chair.

435. GIS PROGRAMMING 3 hours credit
Theory and application of computer programming solutions in geography. Focuses on developing custom computer programs addressing classical problems in geography and spatial analysis not ordinarily solved using out-of-the box GIS software. Introduction to basic programming techniques, object model diagrams, component object modeling (COM) and spatial databases. Prerequisite: GEOG 320 and COSC 117, 118 or 120. Three hours per week.

450. TOPICS IN GEOGRAPHY 3 hours credit
Analysis of a selected systematic/regional topic to be entered on the student’s transcript. May be taken three times for credit under different subtitles. Prerequisite: Permission of department chair. Three hours per week.
460. INTERNSHIP
1-3 hours credit
Provides students with opportunities to apply geographic/planning theory, techniques and knowledge as practicing professionals. Intended for seniors with 18 or more hours in geography. May not be used to satisfy requirements for the major. Prerequisite: Permission of department chair. Three hours per week for each credit hour. (P/F)

475. FIELD PROBLEMS IN GEOGRAPHY
3-6 hours credit
Geographic research field experience. Development of a research proposal, collection and analysis of data and the integration of such in a formal research paper. Prerequisite: Permission of instructor.

499. GEOGRAPHY HONORS
6 hours credit
Two-semester independent study leading to preparation of an honors thesis and graduation with honors in geography. Students may enroll by invitation of the department only. Specific topic indicated on the student’s transcript. Prerequisite: Permission of department chair.

503. ENVIRONMENTAL HAZARDS
3 hours credit
Introduces students to the geographic principles and theories of natural and technological hazards. Both the physical properties of hazards and the human actions and reactions to hazards will be emphasized. Prerequisite: Graduate standing. Three hours per week.

505. RURAL GEOGRAPHY AND LAND-USE PLANNING
3 hours credit
Analysis of the economic, demographic and spatial patterns of the rural United States. Special attention given to the problems and potentialities of non-metropolitan areas and to land use planning. Prerequisites: Graduate standing and GEOG 203 or permission of instructor. Three hours per week.

507. REGIONAL PLANNING
3 hours credit
Analysis of the spatial incidence of economic growth. Emphasis on the spatial dimension as an important consideration in the theory and practice of economic development planning. Prerequisites: Graduate standing and GEOG 203 or permission of instructor. Three hours per week.

508. URBAN PLANNING
3 hours credit
Examination of theories and policies related to urban development and land use planning, along with techniques for evaluation. Assessment of the urban planning process with case studies. Prerequisites: Graduate standing and GEOG 308 or permission of instructor. Three hours per week.

515. SELECTED PROBLEMS
3 hours credit
Independent study permitting research or in-depth work on a selected topic to be indicated on student’s transcript. May be taken twice for credit under different subtitles. Intended for seniors with 18 or more hours in geography. Prerequisites: Graduate standing and permission of department chair.

522. READINGS IN GEOGRAPHY
3 hours credit
Permits in-depth study of a selected topic to be indicated on student’s transcript. May be taken twice for credit under different subtitles. Intended for seniors with 18 or more hours in geography. Prerequisites: Graduate standing and permission of department chair.

530. DIRECTED RESEARCH
3 hours credit
Preparation of optional research project in master’s degree program under departmental direction. Prerequisites: Graduate standing and permission of department chair.

535. GIS PROGRAMMING
3 hours credit
Theory and application of computer programming solutions in geography. Focuses on developing custom computer programs addressing classical problems in geography and spatial analysis not ordinarily solved using out-of-the box GIS software. Introduction to basic programming techniques, object model diagrams, component object modeling (COM) and spatial databases. Prerequisites: Graduate standing and permission of department chair. Three hours per week.

550. TOPICS IN GEOGRAPHY
3 hours credit
Analysis of a selected systematic/regional topic to be entered on the student’s transcript. May be taken three times for credit under different subtitles. Prerequisites: Graduate standing and permission of department chair. Three hours per week.

560. INTERNSHIP
1-3 hours credit
Provides students with opportunities to apply geographic/planning theory, techniques and knowledge as practicing professionals. Intended for seniors with 18 or more hours in geography. May not be used to satisfy requirements for the major. Prerequisite: Approval of the department. Three hours per week for each credit hour. (P/F)

575. FIELD PROBLEMS IN GEOGRAPHY
3-6 hours credit
Geographic research field experience. Development of a research proposal, collection and analysis of data and the integration of such in a formal research paper. Prerequisites: Graduate standing and permission of department chair.

Geography - Methodology (GEOG)

200. APPLICATIONS IN GEOGRAPHIC INFORMATION SYSTEMS
3 hours credit
Introduction to the current practices in GIS, focusing on their application in the sciences, the development of public policy and business. Basic theory and practice is supported by hands-on experience with ArcView software. May not be taken for credit if student has credit for GEOG 319. Prerequisites: Sophomore standing and GEOG 100 or 102 or 104 or 105 or GEOL 103 or BIOL 310. Two hours lecture, two hours laboratory per week.

204. SPATIAL ANALYSIS
4 hours credit
Introduction to the basic principles of quantitative analysis in geography. Emphasis on the geographic applications of various techniques rather than on the underlying statistical theory. Prerequisite: MATH 155 or 213. Three hours lecture, two hours laboratory per week.

219. MAP INTERPRETATION AND ANALYSIS
3 hours credit
Introduction to mapping science principles and practice, focusing on the application of methods to map interpretation. Topics covered include surveying (compass and pace), map projections, fundamentals of GPS, map compilation and design, and an introduction to GIS. Two hours lecture, two hours laboratory per week.

318. LOCAL FIELD COURSE
3 hours credit
Familiarizes students with some of the basic field techniques of geography. Land use field studies and mapping of the rural and urban areas of eastern Maryland scheduled for Sundays.
Prerequisite: Twelve hours in geography or permission of instructor. Four hours per week including five one-day field trips.

319. GEOGRAPHIC INFORMATION SCIENCE
4 hours credit
Study of automated information handling using geographical data to support spatial analysis. Consideration of and experience in the collection, storage and display of computer manipulated data. Includes hands-on experience with a variety of commercial software GIS packages. Prerequisite: GEOG 219. Three hours lecture, two hours laboratory per week.

320. CARTOGRAPHIC VISUALIZATION
3 hours credit
Theory and application of cartographic principles and practices to advanced cartographic design. Lectures emphasize theory and principles. Laboratory provides practical experience in designing maps. Prerequisite: GEOG 200 or 219. Two hours lecture, two hours laboratory per week.

321. REMOTE SENSING OF THE ENVIRONMENT
3 hours credit
Analysis of satellite imagery of the earth's surface. Includes techniques necessary for collection, storage and processing of digital images to analyze environmental problems. Prerequisite: 12 hours in geography. Two hours lecture, two hours laboratory per week.

414. RESEARCH AND WRITING
3 hours credit
Development of research methods in geography. Topics include formulation of problems, establishment of hypotheses, development of structures for testing hypotheses and practice with forms of geographic presentation. Maps, numerical and field methods are used. May not receive credit for both GEOG 300 and GEOG 414. Prerequisites: GEOG 204, junior-level standing, 12 credits in geography. Three hours per week.

415. SELECTED PROBLEMS
3 hours credit
Independent study permitting research or in-depth work on a selected topic to be indicated on the student's transcript. May be taken twice for credit. Intended for senior students with 18 or more hours in geography. Prerequisite: Permission of department chair.

419. ADVANCED GEOGRAPHIC INFORMATION SCIENCE
4 hours credit
Study of current theories and development trends in GIS technology. Emphasis on hands-on working knowledge utilizing ARC/INFO software. Prerequisites: GEOG 319 and COSC 118 or 120. Three hours lecture, two hours laboratory per week.

422. READINGS IN GEOGRAPHY
3 hours credit
Permits in-depth study of a selected topic to be indicated on student's transcript. May be taken twice for credit under different subtitles. Intended for seniors with 18 or more hours in geography. Prerequisite: Permission of department chair.

450. TOPICS IN GEOGRAPHY
3 hours credit
Analysis of a selected systematic/regional topic to be entered on student's transcript. May be taken three times for credit under different subtitles. Prerequisite: Permission of department chair. Three hours per week.

460. INTERNSHIP
1-3 hours credit
Provides students with opportunities to apply geographic/planning theory, techniques and knowledge as practicing professionals. Intended for seniors with 18 or more hours in geography. May not be used to satisfy requirements for the major. Prerequisite: Permission of department chair. Three hours per week for each credit hour. (P/F)

475. FIELD PROBLEMS IN GEOGRAPHY
3-6 hours credit
Geographic research field experience. Development of a research proposal, collection and analysis of data and the integration of such in a formal research paper. Prerequisite: Permission of instructor.

499. GEOGRAPHY HONORS
6 hours credit
Two-semester independent study leading to preparation of an honors thesis and graduation with honors in geography. Students may enroll by invitation of the department only. Specific topic indicated on the student's transcript. Prerequisite: Permission of department chair.

515. SELECTED PROBLEMS
3 hours credit
Independent study permitting research or in-depth work on a selected topic to be indicated on the student's transcript. May be taken twice for credit under different subtitles. Intended for seniors with 18 or more hours in geography. Prerequisites: Graduate standing and permission of department chair.

519. ADVANCED GEOGRAPHIC INFORMATION SCIENCE
4 hours credit
Study of current theories and development trends in GIS technology. Emphasis on hands-on working knowledge utilizing ARC/INFO software. Prerequisites: Graduate standing and permission of instructor. Three hours lecture, two hours laboratory per week.

522. READINGS IN GEOGRAPHY
3 hours credit
Permits in-depth study of a selected topic to be indicated on student's transcript. May be taken twice for credit under different subtitles. Intended for seniors with 18 or more hours in geography. Prerequisites: Graduate standing and permission of department chair.

530. DIRECTED RESEARCH
3 hours credit
Preparation of optional research project in master's degree program under departmental direction. Prerequisites: Graduate standing and permission of department chair.

550. TOPICS IN GEOGRAPHY
3 hours credit
Analysis of a selected systematic/regional topic to be entered on student's transcript. May be taken three times for credit under different subtitles. Prerequisites: Graduate standing and permission of department chair.

560. INTERNSHIP
1-3 hours credit
Provides students with opportunities to apply geographic/planning theory, techniques and knowledge as practicing professionals. Intended for seniors with 18 or more hours in geography. May not be used to satisfy requirements for the major. Prerequisites: Graduate standing and permission of department chair. Three hours per week for each credit hour. (P/F)

575. FIELD PROBLEMS IN GEOGRAPHY
3-6 hours credit
Geographic research field experience. Development of a research proposal, collection and analysis of data and the integration of such in a formal research paper. Prerequisites: Graduate standing and permission of department chair.
619. MANAGING GISYSTEMS
3 hours credit
Study of strategies for successful GIS management and implementation in an organization-wide context. Implementation management strategies are introduced through systematic user needs assessment, requirements specification, database design, application development, pilot project testing, implementation, operation and maintenance. Public policy requirements and legal responsibilities for geographic records management are also examined. Prerequisites: Graduate standing and GEOG 419 or GEOG 519. Three hours per week.

630. GISYSTEMS AND PUBLIC ADMINISTRATION
3 hours credit
Examines practical approaches for incorporating geographic information systems (GIS) technology into a public administration setting. Discusses implementation strategies, cost-benefit analyses, and strategies for overcoming technical and organizational boundaries. Case studies illustrate how public officials have successfully applied GIS to their specific needs. Prerequisites: Graduate standing, POSC 540, and GEOG 419 or GEOG 519. Three hours per week.

640. GISYSTEMS CO-OPERATIVE EXPERIENCE
6 hours credit
A directed field study program which provides students with an opportunity to apply GIS skills acquired in the classroom to real-world projects in the community. Additionally, a weekly seminar discussion gives participants a chance to peer-review the co-operative projects as well as receive expert guidance. Students are under the supervision of an advisor from the GIS faculty while participating in a short-term experience program in a business or government agency. Prerequisites: GEOG 619, 630. Six hours per week.

650. CAPSTONE GISYSTEMS SEMINAR
3 hours credit
Summarizes and synthesizes the skills, knowledge and experience gained in the program. Students review a peer GIS implementation project, organizing and completing an assessment of the likelihood that the project achieved its goals. In addition, students support their analyses using the most current literature regarding GIS and public administration, emphasizing their particular area of interest. Prerequisite: GEOG 640. Three hours per week.

Geography - Physical (GEOG)

104. EARTH AND SPACE SCIENCE
4 hours credit
An introductory course in earth and space science for prospective elementary school teachers. An examination of the physical character of the Earth and its place in the solar system. Students can not receive credit for both GEOG 104 and GEOG 105. This course is intended for elementary education majors. Three hours lecture, two hours laboratory per week. Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIB).

105. INTRODUCTION TO PHYSICAL GEOGRAPHY
4 hours credit
Introduction to the variable physical character of the earth. Treatment of weather, climate, soil, vegetation, landforms and oceanic circulation with emphasis on processes, interrelationships and distributional patterns. Students can not receive credit for both GEOG 104 and GEOG 105. Three hours lecture, two hours laboratory per week. Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIB).

107. WEATHER AND HUMAN AFFAIRS
3 hours credit

141. CURRENT ISSUES IN EARTH SCIENCE
3 hours credit
Teaches non-science majors how to critically evaluate contemporary earth science topics of public interest as reported in the media. Learn about the science behind issues, such as terminology, processes, data analysis and underlying assumptions. Differing viewpoints and ethical considerations are discussed. Two hours lecture, two hours discussion per week. Meets General Education IVB (Prior to Fall 2008: IIB).

201. WEATHER AND CLIMATE
4 hours credit
Examination of weather and climate with emphasis on processes and distributional patterns. Interrelationships between climatic controls stressed. Three hours lecture, two hours laboratory per week. Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIB).

311. COASTAL PROCESSES
3 hours credit
The study of coastlines and the geological forces that shape them. Two mandatory half-day Saturday field trips to Assateague Island. Prerequisite: GEOG 104 or 105 or GEOG 103 or permission of instructor. Three hours lecture per week. Meets General Education IVB (Prior to Fall 2008: IIB).

312. SEVERE AND HAZARDOUS WEATHER
3 hours credit
Examines the physical and societal aspects of severe and hazardous weather in an effort to better knowledge of the atmospheric environment around us. Specific topics include extratropical cyclones, thunderstorms, tornadoes, severe winter weather, hailstorms, lightening and tropical weather systems. Case studies are used to investigate human, economic and environmental consequences of severe and hazardous weather events. Prerequisite: GEOG 201. Three hours lecture per week.

316. BIOGEOGRAPHY
3 hours credit
Study of spatial distribution of plants and animals, including the processes that led to those distributions. The course synthesizes knowledge from the fields of ecology, geology, climatology, paleontology and physical anthropology. Topics include patterns of biodiversity, evolution and extinction, communities and ecosystems, life on islands, earth history, paleoecology, human impacts and conservation. Two mandatory field trips to local natural areas. Prerequisite: A combined total of 12 hours in geography and/or biology, including at least one introductory physical geography course, or consent of the instructor. Three hours lecture per week.

401. SOIL, WATER AND ENVIRONMENT
3 hours credit
Study of basic chemical and physical properties of soil, focusing on surface hydrology of small watersheds and the related techniques used in environmental planning. Prerequisite: GEOG 103 or GEOG 104 or 105 or BIOL 310 or ENVH 210. Two hours lecture, two hours laboratory or one field trip per week.

410. METEOROLOGY
3 hours credit
Analysis of physical processes and dynamics of the atmosphere. Topics include upper atmospheric flow, forecasting and severe weather. Prerequisite: GEOG 201. Three hours per week.
411. GEOMORPHOLOGY
3 hours credit
Study of the surface of the earth and the geologic processes that modify it. Topics include the weathering and erosion of rocks, the deposition of sediments, the classification of landforms and the long-term evolution of landscapes. One three-day weekend field-trip is part of the course. Prerequisite: GEOL 103 and junior-level standing. Three hours lecture per week.

412. WEATHER ANALYSIS AND FORECASTING
3 hours credit
Introduction to the basic tools of weather analysis and techniques of weather forecasting. Acquire the skills needed to analyze and interpret surface and upper-air observations, data from satellites and radar, atmospheric soundings, and severe weather indices. Make forecasts of temperature, precipitation and other meteorological conditions. Prerequisites: GEOG 201, 410. Three hours lecture per week.

413. APPLIED CLIMATOLOGY
3 hours credit
Analysis of the impact of climate on the physical environment and human behavior. Topics include climatic change, contemporary climatic problems and the influence of climate on agriculture, and energy use. Prerequisite: GEOG 201 or permission of instructor. Three hours per week.

415. SELECTED PROBLEMS
1-3 hours credit
Independent study permitting research or in-depth work on a selected topic to be indicated on student's transcript. May be taken twice for credit under different subtitles. Intended for seniors with 18 or more hours in geography and/or geology. Prerequisite: Permission of department chair. Three hours per week for each credit hour.

422. READINGS IN GEOGRAPHY
1-3 hours credit
Permits in-depth study of selected topics to be indicated on student's transcript. May be taken twice for credit under different subtitles. Intended for seniors with 18 or more hours in geography and/or geology. Prerequisite: Permission of department chair. Three hours per week for each credit hour.

450. TOPICS IN GEOGRAPHY
3 hours credit
Analysis of a selected systematic/regional topic to be entered on student's transcript. May be taken three times for credit under different subtitles. Prerequisite: Permission of department chair. Three hours per week.

460. INTERNSHIP
1-3 hours credit
Provides students with opportunities to apply geographic/planning theory, techniques and knowledge as practicing professionals. Intended for seniors with 18 or more hours in geography. May not be used to satisfy requirements for the major. Prerequisite: Permission of the department chair. Three hours per week for each credit hour. (P/F)

475. FIELD PROBLEMS IN GEOGRAPHY
3-6 hours credit
Geographic research field experience. Development of a research proposal, collection and analysis of data and the integration of such in a formal research paper. Prerequisite: Permission of instructor.

499. GEOGRAPHY HONORS
6 hours credit
Two-semester independent study leading to preparation of an honors thesis and graduation with honors in geography. Specific topic indicated on the student's transcript. Prerequisite: Permission of department chair.

501. SOIL, WATER AND ENVIRONMENT
3 hours credit
Study of basic chemical and physical properties or soil, focusing on surface hydrology of small watersheds and the related techniques used in environmental planning. Prerequisite: Graduate standing. Two hours lecture, two hours laboratory or one field trip per week.

504. SEMINAR: PHYSICAL GEOGRAPHY
3 hours credit
Seminar deals with current problems in the areas of meteorology, climatology, soils, geomorphology and vegetation. Topics selected with permission of instructor. May be taken twice for credit under different subtitles. Prerequisites: Graduate standing and permission of department chair. Three hours per week.

506. SEMINAR IN REGIONAL GEOGRAPHY
3 hours credit
Analysis of selected topics on the physical and/or human geography of specified geographic regions. The region under consideration varies from semester to semester. Topics chosen with permission of instructor. May be taken twice for credit under different subtitles. Prerequisites: Graduate standing and permission of department chair. Three hours per week.

510. METEOROLOGY
3 hours credit
Analysis of physical processes and dynamics of the atmosphere. Topics include upper atmospheric flow, forecasting and severe weather. Prerequisites: Graduate standing and GEOG 201 or permission of instructor. Three hours per week.

511. GEOMORPHOLOGY
3 hours credit
Study of the surface of the earth and the geologic processes that modify it. Topics include the weathering and erosion of rocks, the deposition of sediments, the classification of landforms and the long-term evolution of landscapes. One three-day weekend field-trip is part of the course. Prerequisites: Graduate standing and GEOG 201 or permission of instructor. Three hours lecture per week.

513. APPLIED CLIMATOLOGY
3 hours credit
Analysis of the impact of climate on the physical environment and human behavior. Topics include climatic change, contemporary climatic problems and the influence of climate on agriculture, and energy use. Prerequisites: Graduate standing and GEOL 103 or permission of instructor. Three hours per week.

515. SELECTED PROBLEMS
3 hours credit
Independent study permitting research or in-depth work on a selected topic to be indicated on student's transcript. May be taken twice for credit under different subtitles. Intended for seniors with 18 or more hours in geography. Prerequisites: Graduate standing and permission of department chair.

522. READINGS IN GEOGRAPHY
3 hours credit
Permits in-depth study of selected topics to be indicated on student's transcript. May be taken twice for credit under different subtitles. Intended for seniors with 18 or more hours in geography. Prerequisites: Graduate standing and permission of department chair.
530. DIRECTED RESEARCH
3 hours credit
Preparation of optional research project in master's degree program under departmental direction. **Prerequisites:** Graduate standing and permission of department chair.

550. TOPICS IN GEOGRAPHY
3 hours credit
Analysis of a selected systematic/regional topic to be entered on student's transcript. May be taken three times for credit under different subtitles. **Prerequisites:** Graduate standing and permission of department chair. **Three hours per week.**

560. INTERNSHIP
1-3 hours credit
Provides students with opportunities to apply geographic/planning theory, techniques and knowledge as practicing professionals. Intended for seniors with 18 or more hours in geography. May not be used to satisfy requirements for the major. **Prerequisites:** Graduate standing and permission of department chair. **Three hours per week for each credit hour. (P/F)**

575. FIELD PROBLEMS IN GEOGRAPHY
3-6 hours credit
Geographic research field experience. Development of a research proposal, collection and analysis of data and the integration of such in a formal research paper. **Prerequisites:** Graduate standing and permission of department chair.

GEOL

103. INTRODUCTION TO PHYSICAL GEOLOGY
4 hours credit
Introduction to the nature and character of the Earth's crust and the geological processes that generate and shape landform features. Topics include minerals, rocks, earth structure and plate tectonics, geological processes and associated landforms. **Three hours lecture, two hours laboratory per week. Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIIB).**

206. HISTORICAL GEOLOGY
4 hours credit
Study of the history of the earth and the principles used to decipher the earth's past from rock record. Includes study of stratigraphic principles, key fossil groups, and relative and absolute dating techniques. One weekend field trip is required. **Prerequisite:** GEOL 103 with C or better. **Three hours lecture, two hours laboratory per week.**

405. ENVIRONMENTAL GEOLOGY
3 hours credit
Study of the fundamental principles and applications of environmental geology. Emphasis on environmental hazards, associated impact risks, and the dynamic interactions between humans and the environment. The topics covered include natural hazards, resources and the environment, land use and the environment, and environmental geology research methods. **Prerequisite:** GEOL 103 or GEOG 104 or 105. **Two hours lecture, two hours laboratory per week.**

GERM

101. ELEMENTARY GERMAN I
4 hours credit
Beginning spoken and written German with emphasis on the sound system and the basic structures of the language. Any student with two or more years of high school German or equivalent experience is ineligible for this course without expressed permission of the instructor. **Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).**

102. ELEMENTARY GERMAN II
4 hours credit
Continued skill development in spoken and written German with further study of major structures. **Recommended Prerequisite:** GER 101 or at least one year of high school German. **Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).**

201. INTERMEDIATE GERMAN
4 hours credit
Continued development and refinement of language skills with emphasis on reading, writing and vocabulary development. **Recommended Prerequisite:** GER 102 or at least two years of high school German. **Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).**

202. INTERMEDIATE AND APPLIED GERMAN
4 hours credit
Continued development, refinement and application of language skills with emphasis on reading, writing and vocabulary development. Satisfies the language requirement for English majors. **Recommended Prerequisite:** GER 201 or at least three years of high school German. **Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).**

310. ORAL AND WRITTEN COMPOSITION
4 hours credit
Develops facility to sustain oral and written discussion in German. Students practice the basic patterns of German syntax and develop vocabulary by preparing frequent oral and written compositions. **Recommended Prerequisite:** GER 202 or equivalent experience. **Three hours per week with enhancement.**

312. GERMAN CONVERSATION
4 hours credit
Develops confidence and correctness in spoken German through practice in pronunciation, dialogues, discussions and oral reports and presentations. **Recommended Prerequisite:** GER 202 or equivalent experience. **Three hours per week with enhancement.**

350. GERMAN SHORT STORIES
4 hours credit
Survey of the German short story (Deutsche Novelle) from its inception in the 18th century to the present (in translation). Cross listed with ENGL 317. Taught in English. **Prerequisite:** C or better in ENGL 102 or 103. **Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).**

496. GERMAN INDEPENDENT STUDY
1-4 hours credit
Individual study in any area of the language, culture or literature of the German-speaking world with the advice and direction from a member of the department. May be repeated with new content for a maximum of six credits. **Prerequisites:** Junior standing and permission of department chair.

HLTH

101. BASIC HEALTH
3 hours credit
Factors involved in maintaining and improving personal health; analysis of individual health problems. **Three hours per week.**
102. FIRST AID AND SAFETY
1 hour credit
Introduction to basic information and skills required to administer care in emergency situations. Students may be certified in community CPR and first aid by the American Red Cross. May not receive credit for both HLTH 102 and 201. Two hours per week.

110. FOUNDATIONS OF HEALTH EDUCATION
3 hours credit
Examines the concepts that form the foundation of standards-based comprehensive school health education. Review of the National Health Education Standards (NHES) for Pre-K-12, the Access and Equity Principles, Unified Code of Ethics for Health Professionals, and the areas of responsibility for entry-level health educators as identified in the Competency Update Project (CUP). Gain experience in designing rubrics to assess pre-K-12 students’ mastery of the NHES. Three hours per week.

120. CONSUMER HEALTH AND SAFETY
3 hours credit
Overview of the health marketplace and safety procedures. Examination of strategies essential for analyzing health products, health services and maintaining safety. Emphasis placed on information and concepts required as foundation knowledge for school health educators. Three hours per week.

217. NUTRITION, HEALTH AND HUMAN PERFORMANCE
3 hours credit
Examines human metabolism in relation to health and human performance. Analysis of nutrient pathways from ingestion, digestion, absorption and utilization provides the foundation for an understanding of nutrition, weight control, eating disorders and thermoregulatory processes. Prerequisite: PHEC 108. Three hours per week.

225. HEALTH BEHAVIOR
3 hours credit
Examination of health behavior theories and models of behavior change. Reviews the major theories of health behavior and strategies used to implement health interventions for individuals and organizations. Prerequisite: HLTH 110 or permission of instructor. Three hours per week.

230. CHRONIC AND COMMUNICABLE DISEASES
3 hours credit
Overview of chronic and communicable diseases. Examination of the processes used in modern society to assist in identification, prevention and control of disease. Emphasis placed on information and concepts required as foundation knowledge for school health educators. Prerequisite: HLTH 110. Three hours per week.

240. DRUG EDUCATION
3 hours credit
Examination of the social, psychological, physical and emotional aspects of alcohol, tobacco, over-the-counter drug and illegal drug use and associated behaviors. Emphasis placed on information and concepts required as foundation knowledge for school health educators. Prerequisite: HLTH 110 or permission of instructor. Three hours per week.

311. HUMAN SEXUALITY EDUCATION
3 hours credit
Provides strategies for teaching about human sexuality at individual and group levels in a variety of settings. Topics covered will include content, issues, methodology and materials relating to human sexuality education. Three hours per week.

325. PLANNING AND ASSESSING HEALTH PROGRAMS
3 hours credit
Overview of needs assessment, program planning and evaluation of health education programs. Provides candidates with the opportunity to plan, implement and evaluate a health education experience. Emphasis placed on information and concepts required for school health educators. Prerequisites: HLTH 225, 230, 240. Three hours per week.

360. SCHOOL HEALTH AND READING METHODS I
3 hours credit
Analysis of middle and high school health education instructional planning, materials and teaching strategies. Examination of literacy needs of diverse student populations including instructional strategies in reading and writing in the content area. Prerequisite: Admission to the Professional Teacher Education Program. Three hours per week.

401. COMMUNITY HEALTH
3 hours credit
Study of the community dynamics as it affects the health status of community residents. Examine the role that various agencies’ policies and practices have in maintaining optimal health and well-being of community members. Emphasis placed on information and concepts required as foundation knowledge for school and community health educators. Prerequisite: HLTH 120. Three hours per week.

461. SCHOOL HEALTH AND READING METHODS II
3 hours credit
Analysis of middle and high school health education instructional planning, materials and teaching strategies. Examination of literacy needs of diverse student populations including instructional strategies in reading and writing in the content. May receive credit for only one of the following: EDUC 361, HLTH 361 or HLTH 461. Prerequisite: Admission to Professional Teacher Education Program. Three hours per week.

470. INTERNSHIP I IN HEALTH EDUCATION
6 hours credit
Directed student teaching experience under the supervision of the public school mentor teacher and University supervisor. One-half semester in middle school or high school teaching. Credit may not be received for both EDUC 462 and HLTH 470.

471. INTERNSHIP II IN HEALTH EDUCATION
6 hours credit
Directed student teaching experience under the supervision of the public school mentor teacher and University supervisor. One-half semester in middle school or high school teaching. Credit may not be received for both EDUC 462 and HLTH 471.

480. INTERNSHIP IN COMMUNITY HEALTH
12 hours credit
Practical health education experience under the supervision of a local, professional mentor and University supervisor. A minimum of 540 supervised hours of service in a community-based health setting. Prerequisites: Completion of all required major core curriculum courses with a C or better and a cumulative GPA of at least 2.50. Thirty-six hours per week.

490. SELECTED TOPICS IN HEALTH
3 hours credit
Investigates themes and issues related to the health profession. Topics will vary each semester. May be repeated once under different course subtitles for a total of six credits. Prerequisite: Designated by topic. Three hours per week.
HISTORY (HIST)

101, 102. WORLD CIVILIZATIONS
4 hours credit each
Examination of global progress in major civilizations from prehistoric times to the present emphasizing the economic, social, cultural, intellectual and political trends motivating human beings. Three hours per week with enhancement. Meets General Education IIA or IIB (Prior to Fall 2008: IIA).

103. FIRST-YEAR SEMINAR IN WORLD HISTORY
4 hours credit each
Topics change each semester. Requires extensive reading, writing and class discussion on a topic in world history. In addition to traditional course curriculum, the course includes the ASAP orientation program. Four hours per week. Meets General Education IIA or IIB.

201, 202. HISTORY OF THE UNITED STATES
4 hours credit each
Survey of the political, economic, social and cultural factors that have shaped the pattern of life in the United States. Particular problems examined in the light of their sources and historical development. HIST 201 goes through 1865 and HIST 202 from 1865 to the present. Three hours per week with enhancement. Meets General Education IIB.

210. INTRODUCTION TO WORLD RELIGIONS
4 hours credit
Introductory survey of the historical development of world religions. Specific examples drawn from such diverse cultural traditions as ancient Babylonian, Judeo-Christian, imperial Chinese and modern American religious movements. Fertility gods and spirits of nature, augury, omens, possession and prophecy are among the topics analyzed. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

213. INTRODUCTION TO GENDER STUDIES
4 hours credit
Examines the historic roots of gender studies, how various disciplines approach gender issues and how concepts of gender affect lives. May not be taken for credit if student has credit for IDS 213. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

215. TOPICS IN HISTORY
4 hours credit
Historical study of particular periods; groups; economic, intellectual and/or social movements; and institutions. May be taken twice under different course titles. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

224. HITLER AND THE THIRD REICH
4 hours credit
Examines the major causes, personalities, policies, events and significance of the Third Reich. Focuses on Hitler and the rise of the Nazi Party, the instabilities and collapse of the Weimar Republic, the Nazi “seizure of power,” the Nazi “racial state,” World War II in Europe, the Holocaust and the destruction and legacy of the Third Reich. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

225. HOLOCAUST: THE EXTERMINATION OF THE EUROPEAN JEWS
4 hours credit
Examination of European anti-Semitism from its origins to its culmination in the Holocaust; major emphasis on the treatment of Jews by Nazi Germany and on the reaction of Jews and the outside world to this treatment. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

250. AMERICA IN THE 1970S
4 hours credit
Archie Bunker, bell bottoms, The Exorcist, Nixon, Grease and disco—the 1970s conjure memories of such personalities, fads and other pop-cultural phenomena. This introductory course surveys American history during the so-called “Me Decade” using films, documentaries, readings, discussions, lectures and primary sources to explore political, diplomatic, economic, social, intellectual and cultural trends. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

300. THE HISTORIC ARCHAEOLOGY OF MARYLAND’S EASTERN SHORE
4 hours credit
Introduction to the theory and methodology of historic archaeology. Interdependence of documentary and archaeological evidence stressed. Examines material culture of the period 1600-1850 for the lower Eastern Shore region and relates developments within the region to the general themes influencing the Anglo-American community as a whole. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

301. HISTORY OF AMERICAN BUILDINGS
4 hours credit
Survey of the history of American building traditions, considering construction, form and style in historical, social, economic and cultural contexts. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

302. COLONIAL AND REVOLUTIONARY AMERICA
(1607-1783)
4 hours credit
Detailed study of foundations of American civilization. Economic, political, social, cultural and religious factors are emphasized. Consideration of English policy and the revolution are included. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

306. THE EMERGENCE OF A NEW NATION:
U.S. (1789-1860)
4 hours credit
Covers such topics as the new government and its policies, nationalism and economic expansion, the common man and the new democracy, social ferment and reform movements, Manifest Destiny, wars and sectional crises. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

308. SECTIONAL CONFLICT AND CIVIL WAR
4 hours credit
Study of the origins, development and outcome of the struggle between the North and South to the end of the Civil War. Emphasis on the clash of national and sectional interests and the course of the military conflict to its conclusion. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.
308. RECONSTRUCTION AND GILDED AGE
4 hours credit
Study of the policies and application of presidential and congressional reconstruction; examination of the influence of the post-Civil War industrial boom on politics and society. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

310. HISTORY OF ENGLAND TO 1702
4 hours credit
Survey of England from Roman times through the reign of William and Mary emphasizing political, legal, economic, social and cultural institutions and trends. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

311. HISTORY OF ENGLAND AND GREAT BRITAIN, 1702 TO THE PRESENT
4 hours credit
Survey of England and Great Britain from the reign of Queen Anne to the present, emphasizing institutional growth and development, the expansion of the empire and Britain's rise to a major world power. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

312. HISTORY OF IRELAND IN MODERN TIMES
4 hours credit
Introduction to the cultural, political, economic and social growth and problems in Ireland since circa 1500. Emphasis is on the development of Ireland's nationalism, separate and distinct from Great Britain with which it was entwined and involved for so many generations. Attention focuses on the history and problems in Northern Ireland and its position in the United Kingdom. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

318. HISTORY OF THE ANCIENT NEAR EAST
4 hours credit
Survey of social, political and religious institutions of the ancient Mesopotamian civilizations of the Sumerians, Babylonians, Hebrews, Assyrians, Hittites and Dynastic Egypt, with emphasis on cultural contributions. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

319. ROMAN HISTORY
4 hours credit
Portrays the rise of Rome from city-state to empire. Emphasis on social and cultural achievements from eighth century B.C. to fourth century A.D. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

320. HISTORY OF THE EARLY CHRISTIAN CHURCH
4 hours credit
Traces the history of Christianity from its origins in Jerusalem to its full organization in the reign of the emperor Justinian. Focus on the rise of episcopal authority, the origins and popular appeal of monasticism and the early papacy. Includes selections from the New Testament, the church fathers of the East and Saint Augustine. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

321. HISTORY OF MEDIEVAL EUROPE
4 hours credit
Survey of culture and institutions of eastern and western Europe from the Age of Constantine to the end of the Hundred Years' War and the fall of Constantinople to the Turks. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

322. RENAISSANCE TO REVOLUTION (1450-1815)
4 hours credit
European developments from the Age of Exploration through the French Revolution, emphasizing the development of early nationalism, absolutism, colonialism, capitalism, the middle classes, religious wars, cultural change and scientific thought. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

323. EUROPE IN THE 19TH CENTURY
4 hours credit
Analysis of developments from the time of Napoleon to 1900 with emphasis on the industrial revolution and imperialism. Considers reorganization of the European state system and origins of the great ideological conflicts. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

324. GERMAN HISTORY SINCE 1815
4 hours credit
History of German-speaking Europe from the Napoleonic period to the present concentrating on the problems of German nationalism within the framework of modern European society. Social, economic and cultural developments also emphasized. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

325. HISTORY OF EUROPEAN REVOLUTIONS SINCE 1815
4 hours credit
Examination of representative revolutions since the time of Napoleon. Assesses the influence of the French revolution on 19th century uprisings; explores the changed character of revolutions in the 20th century; attempts to construct a revolutionary model. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

326. THE FRENCH REVOLUTION AND NAPOLEON, 1789-1815
4 hours credit
Study of the French Revolution and the Napoleonic period. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

327. THE HABSBURG EMPIRE, 1740-1918
4 hours credit
Examination of the Habsburg lands and peoples emphasizing the political, cultural, economic, dynastic and ethnic problems of the monarchy. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

330. PROSEMINAR IN HISTORY
4 hours credit
Survey of selected historians and their philosophies of history. Guides students in the preparation of a formal research paper using primary and secondary sources. Prerequisites: HIST 101, 102 and 201 or 202. Three hours lecture, one hour laboratory per week. Meets General Education IIB. (Required C or better.)

332. NATIONAL HISTORY OF MEXICO
4 hours credit
Development of the Mexican nation with special attention to the war for independence, Caudillo government, reform movement, the dictatorship of Porfirio Diaz and the Revolution of 1910. United States-Mexican diplomatic rela-
334. COLONIAL LATIN AMERICA
4 hours credit
History of Colonial Latin America, focusing on the interaction between various Native American groups and the Spanish and Portuguese, as well as political and economic movements which accompanied colonization. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

335. MODERN LATIN AMERICA 1800-PRESENT
4 hours credit
Survey of Latin American history from the age of independence from Spain and Portugal through the early 2000s. The primary focus is the origins and development of natural wealth and social deprivation in political, social and cultural developments in several different regions. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

340. HISTORY OF AFRICA TO 1870
4 hours credit
Development of indigenous political and social institutions leading to the formation of states and empires. The slave trade and the onset of European imperialism emphasized. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

341. HISTORY OF AFRICA: 1870-PRESENT
4 hours credit
Emphasizes the history and politics of imperialism from the “scramble” for Africa to decolonization. Emphasis on the interaction of African and European institutions. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

342. HISTORY OF INDIA TO 1857
4 hours credit
Study of the early political, social, cultural and religious history of the Indian subcontinent until 1857. Focus is on the development of Indian institutions, the rise of Hinduism and Buddhism, the Mauryan, Gupta and Mughal empires, and the arrival of Europeans. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

343. HISTORY OF INDIA: 1857 TO PRESENT
4 hours credit
Study of political, social and cultural history of India from the mid-19th century to the present. Emphasis on the period of British rule, growth of Indian nationalism and the emergence of independent India and Pakistan. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

350. THE MIDDLE EAST TO 1800
4 hours credit
Survey of the political, social and economical history of the Middle East from the rule of Islam to the 19th century. Emphasis on the rise and decline of the Arab Caliphates, Persia and the Ottomans. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

355. THE MIDDLE EAST SINCE 1800
4 hours credit
History of the strategic region from the beginnings of nationalism through the fall of the Ottoman Empire to the current existence of independent states. Emphasis on the historical understanding of the modern situation. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

362. CHINESE CIVILIZATION
4 hours credit
Chinese civilization from its origins in the Bronze Age to the rise of nationalism and communism in the 20th century. Attention divided equally between political and cultural history, emphasizing the development of traditional institutions in Chinese society, as well as art, literature, religion and philosophy. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

363. JAPANESE CIVILIZATION
4 hours credit
Japanese culture and political development from the Familial Age to the present. Equal emphasis on politics, economics, art and architecture, drama and literature, philosophy, and religion as persistent and evolving traditions. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

364. MODERN JAPAN
4 hours credit
Economic, social, cultural and political study of the evolution of Japan from a traditional, isolated and closed society to a Westernized superpower. Emphasis on the 19th and 20th centuries. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

370. GREEK HISTORY
4 hours credit
Historical survey of classical Greek civilization, including political, socioeconomic and religious institutions. Particular emphasis on cultural and artistic aspects of Hellenic civilization. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

371. INTRODUCTION TO CLASSICAL MYTHOLOGY
4 hours credit
Introduces the student to major figures in classical Greek and Roman mythology and demonstrates the interconnectedness of classical mythology and history from ancient times until the present. A general knowledge of classical mythology is indispensable for an understanding of social and political history of both the ancient and modern worlds. Also, without this knowledge, much of literature and art, past and present, would remain unintelligible. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

375. TOPICS IN AMERICAN STUDIES
4 hours credit
Historical study of a particular aspect of American society and culture. May be taken twice under different course titles. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

376. VIOLENCE AND NONVIOLENCE IN AMERICA
4 hours credit
Explores the paradoxical history of violence and nonviolence in America through lectures, readings and films. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement.

377. WOMEN IN EARLY AMERICAN HISTORY
4 hours credit
Examines the role of women in U.S. history from Colonial
times to 1890, with particular attention to the family and to tradi-
tional politics, economic and cultural institutions. 
Prerequisite: Sophomore standing or permission of instruc-
tor. Three hours per week with enhancement. Meets General Education IIB.

378. WOMEN IN MODERN AMERICA
4 hours credit
Charts the course of the women’s movement in 20th-century America, examining the relationship between organized fem-
nism and changes in public and private lives of women from
different class, racial and ethnic backgrounds. Prerequisites: 
Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

379. WOMEN AND FAMILY IN EUROPE
AND THE UNITED STATES
4 hours credit
Explores a variety of themes in the history of women and the
family during the 19th and 20th centuries. Themes studied
include women and religion, middle-class female values, the
working-class experience, feminism, and gender roles in var-
ious political and cultural contexts. Prerequisites: 
Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

380. THE AMERICAN MILITARY EXPERIENCE
4 hours credit
Military history enables students to understand better the role
played by the armed forces in American society today through
a study of the origins and development of military institutions,
traditions and practices in the United States, 1775 to the pres-
ent. Prerequisites: Sophomore standing or permission of instruc-
tor. Three hours per week with enhancement. Meets General Education IIB.

382. AMERICAN RELIGIOUS HISTORY
4 hours credit
Survey of religious developments in America from pre-
European settlement to the 20th century. Special attention to
relationships among social, cultural and religious changes. 
Prerequisites: Sophomore standing or permission of instruc-
tor. Three hours per week with enhancement. Meets General Education IIB.

383. HISTORY OF AMERICAN ENTERPRISE
4 hours credit
Study of the development of the American entrepreneurial
spirit and its influence on culture, society and politics from the
European heritage to the present. Prerequisites: 
Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

384. NATIVE AMERICAN HISTORY
4 hours credit
Explores Native American history before contact with
Europeans, through struggles with the emerging new nation,
forced reservations and Indian activism, to current status of
tribal members. Examines the political, economic, social and
cultural aspects of Native Americans. Prerequisites: 
Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

386. WILDERNESS AND U.S. CULTURE, 1492-PRESENT
4 hours credit
Study of historical factors that contributed to attitudes toward
wilderness and preservation efforts. Particular emphasis on
American thought with special attention to Thoreau, Cole, 
Muir and Leopold. Prerequisites: Sophomore standing or
permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

387. RACISM AND DISCRIMINATION
4 hours credit
Multiperspective historical examination of the nature, origins
and growth of racism and discrimination in America, with par-
ticular emphasis on the 20th century. Prerequisites: 
Sophomore standing or permission of instructor. Three hours per week with enhancement.

388. CIVIL RIGHTS IN AMERICAN HISTORY
4 hours credit
History of civil rights in America from the colonial period to the
present; emphasis on the application of civil rights legislation
to African-Americans and Indians and expansion to include
women and others. Prerequisites: Sophomore standing or
permission of instructor. Three hours per week with enhancement.

389. U.S. ENVIRONMENTAL HISTORY
4 hours credit
History of rural and urban land use. Topics include the rise of
the public lands movement and environmentalism in the
United States, the history of ecology and the cultural roots of
the modern environmental crisis. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

390. STUDIES IN WESTERN EUROPE
4 hours credit
Focused study on particular periods, places, trends or prob-
lems in Western Europe. May be taken twice under different
course titles. Prerequisites: Sophomore standing or permis-
sion of instructor. Three hours per week with enhance-
ment. Meets General Education IIB.

392. GLOBAL ENVIRONMENTAL HISTORY
4 hours credit
Whether one is discussing the Chernobyl disaster, the crab
fishery in Maryland or global warming, the problems, as well
as the proposed solutions, of contemporary environmental-
ism are all couched in international terms. As such, environ-
mentalism is at the center of 20th century debates about the
limits of the nation-state. The emergence of this contempo-
rary international environmentalism, is closely linked to the
history of the modern world. Topics ranging from the Industrial
Revolution, European expansion and colonialism, to revolt,
nationalism and the politics of the Cold War will be examined.
Although the roots of current environmental politics will be
discussed, the course will focus on the recent past, from the
1880s to the present, and on the challenges to modernity
posed by environmental change. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

395. MATERIAL CULTURE STUDIES
IN AMERICAN HISTORY
4 hours credit
Introduction to the specialized study of the American past
through examination of cultural artifacts and documents relat-
ing to them. Prerequisites: Sophomore standing or permis-
sion of instructor. Three hours per week with enhance-
ment. Meets General Education IIB.

399. INTERNATIONAL FIELD STUDY
4-8 hours credit
On-site study of the geography, history and culture of select-
ed countries. Work in the field preceded by pre-tour lectures. 
May be taken twice for credit under different subtitles.
Prerequisites: Sophomore standing or permission of instruc-
tor. Meets General Education IIB.

400. HISTORY OF MARYLAND
4 hours credit
Study of Maryland history and government from the colonial
period to present. Places special stress on the leaders, insti-
tutions and contributions made in Maryland and by Maryland
to the nation. Prerequisites: Sophomore standing or permis-
sion of instructor. Three hours per week with enhancement. Meets General Education IIB.

401. HISTORY OF U.S. FOREIGN RELATIONS
4 hours credit
Historical study of U.S. foreign relations from independence to the present, focusing on the global impact of the nation as an economic, cultural, political and military superpower. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement.

405. THE UNITED STATES IN THE 20TH CENTURY I
4 hours credit
Progressivism to 1945. Study of the major political, diplomatic, economic, intellectual and social forces that shaped America during the first part of the 20th century, including the Progressive Movement, World War I, Roaring '20s, Great Depression and World War II. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement.

406. THE UNITED STATES IN THE 20TH CENTURY II
4 hours credit
U.S. history from 1945 to 2000. Study of the major diplomatic, economic, intellectual and social forces that shaped America in the years following World War II, including the Cold War, Civil Rights Movement, tumultuous 1960s, and trends in the 1970s, 1980s and 1990s. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement.

407. THE WESTWARD MOVEMENT
4 hours credit
Study of the westward movement from the Atlantic to the Trans-Allegheny and Trans-Mississippi West, with emphasis upon the influence of the frontiers in shaping American civilization. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

408. HISTORY OF THE SOUTH
4 hours credit
History of the South from the colonial period to the present, covering developments in politics, economics, culture and society. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

412, 413. SOCIAL AND CULTURAL HISTORY OF THE UNITED STATES I AND II
4 hours credit each
Studies of American thought as reflected by the people and leaders. Development of American heritage from the colonial period to the present, emphasizing the intellectual, social, religious and economic movements. The first course covers from the colonial period to reconstruction and the second course, from about 1876 to present. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

415 HISTORY AND FILM
4 hours credit
Examines the impact of film on the study and understanding of history. Includes a study of how film has been used to portray 20th century events, how it has captured major events on film and how its power can be used to manipulate public opinion. Documentaries, narrative films and scholarly works will be used as resources. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education requirement IIB.

417. HISTORY OF SCIENCE AND TECHNOLOGY
4 hours credit
Survey of evolution of scientific achievements and technology in the Western world, with particular emphasis on the cultural, economic and social implications of these developments. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

421. EUROPE IN THE 20TH CENTURY WORLD
4 hours credit
Study of the economic, social, intellectual and political development of Europe, viewed in the context of world wars, depression and conflicting political ideologies, showing the decline of European dominance and the rise of America and Asia. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

423. IMPERIAL RUSSIA
4 hours credit
Study of the Russia empire from Peter the Great to the 1917 revolution focusing on the political, economic and social developments, Russia’s expansion and the conditions that led to revolution. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement.

424. MODERN RUSSIA
4 hours credit
Survey of the 20th century Russia and the Soviet Union, emphasizing the growth to global power, continuity and change, and the inherent problems that led to Soviet collapse and the rise of a new Russia. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

430. READINGS IN HISTORY
4 hours credit
Readings course for students who have achieved above average in at least 18 hours of history courses. May be taken twice under different course titles. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

433. HISTORY OF TUDOR-STUART BRITAIN
4 hours credit
History of Tudor and Stuart Britain, 1485-1707. Surveys the dramatic period of the 16th and 17th centuries in England and the turning point between medieval and modern worlds. Course examines the Reformation, the rise of Parliament, the English Civil Wars, the emergence of Great Britain and the English Renaissance. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement.

435. SENIOR THESIS
4 hours credit
Individual research and preparation of a thesis by history majors. Prerequisite: Permission of department chair. Three hours per week with enhancement.

438. AMERICA IN THE GREAT DEPRESSION
4 hours credit
The songs “Brother Can You Spare a Dime” and “Happy Days Are Here Again” caught the despair and hope of Americans during the 1930s. This course considers American society, politics and culture during the 1930s. The first half explores the Crash of 1929, the social impact of the Depression, and the effectiveness of the Hoover and Roosevelt administrations in handling the national emergency. The second half explores aspects of the New Deal era: the experience of minorities, women and workers, the arts and popular culture. Prerequisite: HIST 330 or permission of instructor. Three hours per week with enhancement.
446. MINORITY GROUPS IN UNITED STATES HISTORY
4 hours credit
Attention to the role and contribution of minority groups in general, with special emphasis on some of the larger and older minority groups. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

444. AFRICAN-AMERICAN HISTORY TO 1865
4 hours credit
Explores African-American history from the Colonial period to 1865. Focuses on the beginnings of enslavement, the development of the slavery institution and the role of African-Americans in the Civil War. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

445. AFRICAN-AMERICAN HISTORY FROM 1865
4 hours credit
Explores African-American history from 1865 to present. Focuses on the struggle for acceptance, patterns of discrimination and current challenges. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

446. READINGS IN AFRICAN-AMERICAN HISTORY
4 hours credit
Introduction to past and current literature on African-Americans from 1619 to the present. Students critique, evaluate and discuss readings that depict various facets of the African experience in America. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement.

451. WORLD WAR I
4 hours credit
Study of the events that occurred during World War I, from the assassination of Franz Ferdinand at Sarajevo to the peace of 1919. Emphasis on political developments, social and intellectual implications of the war, and its significance in shaping the 20th century. May not receive credit for both HIST 381 and HIST 451. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

452. THE SECOND WORLD WAR: A GLOBAL HISTORY
4 hours credit
The Second World War has shaped the contemporary world as no other 20th century event has. Through discussion and study of texts and film, this course examines the global political, military and economic aspects of the conflict as well as its social and cultural impact. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

453. THE COLD WAR: A GLOBAL HISTORY
4 hours credit
After 1945 the fierce rivalry between the United States and the Soviet Union threatened the world with nuclear destruction and dominated global politics for almost 50 years. This course examines the political and cultural impact of the Cold War on the United States, Europe and the developing world. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

460. HISTORY OF CHINA SINCE 1800
4 hours credit
The revolutionary transformation of China from the 19th century to the present, with emphasis on the impact of imperialism, the profound effects of Western technology and foreign policy wrought by the history of its relations with the West. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

470. HISTORY OF THE EARLY ROMAN EMPIRE
4 hours credit
Study of particular institutions and movements in Roman history. Emphasis on family history and social and religious trends during the early imperial period of Roman history. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

471. BRONZE AGE AEGEAN
4 hours credit
Study of the Bronze Age Aegean archaeology of the Minoan, Mycenaean and Trojan civilizations. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

472. STUDIES IN CLASSICAL ARCHAEOLOGY
4 hours credit
Assorted topics and archaeological sites of the ancient Mediterranean world (Crete, Greece and Italy). May be taken twice under different subtitles. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

473. ROMAN ARCHAEOLOGY
4 hours credit
Study of Roman archaeology from the early Iron Age through the Republican and Imperial periods. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

474. HISTORY OF ANCIENT EGYPT
4 hours credit
Intensive study of three eras of Egyptian history: the Pyramid Age, the chaotic Middle Kingdom and New Kingdom. Absolutism. Emphasis on cultural, religious and artistic contributions. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

475. GREEK ARCHAEOLOGY
4 hours credit
Study of Greek archaeology from the Protogeometric and Archaic periods through the Classical (Hellenic) and Hellenistic eras. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

477. MILITARY HISTORY OF THE MODERN WORLD
4 hours credit
Examines the military history of the modern world from 1500 AD to the present. The focus is on the strategy and tactics used by modern armies, how these affected the lives of populations and how new developments in these fields have influenced the history of the modern world. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement.

478. ANCIENT MILITARY HISTORY
4 hours credit
Explores the history of the great battles and campaigns of antiquity. Emphasis is placed on developments in strategy and tactics, the lives of the men in the ranks, the careers of leaders, and the decisive nature of these conflicts on the course of history. Special attention is given to the interaction between military realities and the functioning of society as a whole. Prerequisites: Sophomore standing or permission of instructor. Three hours per week with enhancement. Meets General Education IIB.

479. MEDIEVAL MILITARY HISTORY
4 hours credit
Explores the military history of the medieval world from the
fall of the Roman Empire in the fourth century A.D. and the establishment of the Germanic kingdoms to the decline of the supremacy of mounted warrior at the beginning of the sixth century. Students will be encouraged to understand the relationship between military realities and the social structure of medieval societies. The course will also outline the strategy and tactics used by medieval armies, how these tactics affected the lives of populations and how new developments in these fields led to the creation of nation-states in the early modern period. Time will also be spent studying the ideas of the period through the lives of some of the medieval world’s greatest soldiers, statesmen, philosophers and historians. 

**Prerequisites:** Sophomore standing or permission of instructor. **Three hours per week with enhancement. Meets General Education II.B.**

### 480. MUSEUM STUDIES

**4 hours credit**

Work experience course that invites students to learn techniques of museology. Students work in cooperation with various local or regional museums under the supervision and direction of a museum curator. May be taken twice with the permission of the instructor. **Prerequisite:** Written approval of department chair to register. **Three hours per week with enhancement. Meets General Education II.B.**

### 483. ENVIRONMENTAL HISTORY OF DELMARVA

**4 hours credit**

Through class discussions, students will gain an understanding of the natural history of Delmarva and Chesapeake, the changing patterns of land and resource use, environmental conflicts, the growth of 20th century conservation efforts and the implication of burgeoning growth in the Eastern metropolitan corridor of Delmarva. This course draws upon the resources of the Salisbury area through local speakers, environmental activists, foresters, authors and farmers. The course will utilize: the Ward Museum of Wildfowl Art, the Nanticoke Indian Museum, Furnace Town, Wye Island NWMA, Pemberton Park, and Crisfield and Smith islands. Research paper is required. **Prerequisites:** Sophomore standing or permission of instructor. **Three hours per week with enhancement. Meets General Education II.B.**

### 490. STUDIES IN HISTORY

**4 hours credit**

Intensive historical study of particular periods and groups, economic, intellectual, cultural, social movements and/or institutions. May be taken twice under different course titles. **Prerequisites:** Sophomore standing or permission of instructor. **Three hours per week with enhancement. Meets General Education II.B.**

### 496. INDEPENDENT STUDY/HISTORIOGRAPHY

**4 hours credit**

Advanced students will read in depth on a chosen subject under the guidance of a faculty mentor. Focus is on secondary sources to gain understanding of the range of historical interpretations on a given subject. **Prerequisite:** HIST 330 or permission of instructor and department chair.

### 497. UNDERGRADUATE RESEARCH

**4 hours credit**

Research opportunity for advanced students of history to reconstruct aspects of the past using primary documentation under the guidance of a faculty member knowledgeable of the chosen subject. **Prerequisites:** HIST 330 and permission of instructor or department chair.

### 498. INTERNSHIP

**1-4 hours credit**

This course is intended to provide advanced undergraduate history majors with the opportunity to gain professional experience in a history-related field under the supervision of an on-site professional and a faculty member. Open to juniors and seniors, it offers excellent preparation for professional development in history related fields or for graduate study. **Prerequisites:** HIST 330 and permission from instructor or department chair.

### 499. HONORS

**4 hours credit**

Independent study, research and conferences undertaken by history majors for departmental honors at the invitation of the department. May not be taken on a pass/no credit basis. **Prerequisites:** Approval of department, 20 hours of coursework in history including HIST 330, minimum 3.5 average in history.

### 500. HISTORY OF MARYLAND

**3 hours credit**

Study of Maryland history and government from the colonial period to present. Places special stress on the leaders, institutions and contributions made in Maryland and by Maryland to the nation. **Three hours per week.**

### 511. THE UNITED STATES IN THE 20TH CENTURY I

**3 hours credit**

Progressivism to 1945. Study of the major political, diplomatic, economic, intellectual and social forces that shaped America during the first part of the 20th century, including the Progressive Movement, World War I, Roaring ‘20s, Great Depression and World War II. **Three hours per week.**

### 513. THE UNITED STATES IN THE 20TH CENTURY II

**3 hours credit**

U.S. history from 1945 to 2000. Study of the major diplomatic, economic, intellectual and social forces that shaped America in the years following World War II, including the Cold War, Civil Rights Movement, tumultuous 1960s, and trends in the 1970s, 1980s and 1990s. **Three hours per week.**

### 514. THE WESTWARD MOVEMENT

**3 hours credit**

Study of the westward movement from the Atlantic to the Trans-Allegheny and Trans-Mississippi West, with emphasis upon the influence of the frontiers in shaping American civilization. **Three hours per week.**

### 515. HISTORY AND FILM

**3 hours credit**

Examines the impact of film on the study and understanding of history. Includes a study of how film has been used to portray 20th century events, how it has captured major events on film and how its power can be used to manipulate public opinion. Documentaries, narrative films and scholarly works will be used as resources. **Three hours per week.**

### 516. HISTORY OF THE SOUTH

**3 hours credit**

History of the South from the colonial period to the present, covering developments in politics, economics, culture and society. **Three hours per week.**

### 517. HISTORY OF SCIENCE AND TECHNOLOGY

**3 hours credit**

Survey of evolution of scientific achievements and technologies in the Western world, with particular emphasis on the cultural, economic and social implications of these developments. **Three hours per week.**

### 518, 519. SOCIAL AND CULTURAL HISTORY OF THE UNITED STATES I AND II

**3 hours credit each**

Studies of American thought as reflected by the people and leaders. Development of American heritage from the colonial period to the present, emphasizing the intellectual, social, religious and economic movements. The first course covers from the colonial period to reconstruction and the second course from about 1876 to present. **Three hours per week.**
521. EUROPE IN THE 20TH CENTURY WORLD  
**3 hours credit**  
Study of the economic, social, intellectual and political development of Europe, viewed in the context of world wars, depression and conflicting political ideologies, showing the decline of European dominance and the rise of America and Asia. **Three hours per week.**

522. THE SECOND WORLD WAR: A GLOBAL HISTORY  
**3 hours credit**  
The Second World War has shaped the contemporary world as no other 20th century event has. Through discussion and study of texts and film, this course examines the global political, military and economic aspects of the conflict as well as its social and cultural impact. **Three hours per week.**

523. IMPERIAL RUSSIA  
**3 hours credit**  
Study of the Russian empire from Peter the Great to the 1917 revolution focusing on the political, economic and social developments, Russia's expansion and the conditions that led to revolution. **Three hours per week.**

524. MODERN RUSSIA  
**3 hours credit**  
Survey of the 20th century Russia and the Soviet Union, emphasizing the growth to global power, continuity and change, and the inherent problems that led to Soviet collapse and the rise of a new Russia. **Three hours per week.**

525. HISTORY OF U.S. FOREIGN RELATIONS  
**3 hours credit**  
Historical study of U.S. foreign relations from independence to the present, focusing on the global impact of the nation as an economic, cultural, political and military superpower. **Three hours per week.**

533. HISTORY OF TUDOR-STUART BRITAIN  
**3 hours credit**  
History of Tudor and Stuart Britain, 1485-1707. Surveys the dramatic period of the 16th and 17th centuries in England and the turning point between medieval and modern worlds. Course examines the Reformation, the rise of Parliament, the English Civil Wars, the emergence of Great Britain and the English Renaissance. **Three hours per week.**

538. AMERICA IN THE GREAT DEPRESSION  
**3 hours credit**  
The songs “Brother Can You Spare a Dime” and “Happy Days Are Here Again” caught the despair and hope of Americans during the 1930s. This course considers American society, politics and culture during the 1930s. The first half explores the Crash of 1929, the social impact of the Depression, and the effectiveness of the Hoover and Roosevelt administrations in handling the national emergency. The second half explores aspects of the New Deal era: the experience of minorities, women and workers, the arts and popular culture. **Three hours per week.**

540. MINORITY GROUPS IN UNITED STATES HISTORY  
**3 hours credit**  
Attention to the role and contribution of minority groups in general, with special emphasis on some of the larger and older minority groups. **Three hours per week.**

544. AFRICAN-AMERICAN HISTORY TO 1865  
**3 hours credit**  
Explores African-American history from the colonial period to 1865. Focuses on the beginnings of enslavement, the development of the slavery institution and the role of African-Americans in the Civil War. **Three hours per week.**

545. AFRICAN-AMERICAN HISTORY FROM 1865  
**3 hours credit**  
Explores African-American history from 1865 to present. Focuses on the struggle for acceptance, patterns of discrimination and current challenges. **Three hours per week.**

551. WORLD WAR I  
**3 hours credit**  
Study of the events that occurred during World War I, from the assassination of Franz Ferdinand at Sarajevo to the peace of 1919. Emphasis on political developments, social and intellectual implications of the war, and its significance in shaping the 20th century. **Three hours per week.**

552. THE COLD WAR: A GLOBAL HISTORY  
**3 hours credit**  
After 1945 the fierce rivalry between the United States and the Soviet Union threatened the world with nuclear destruction and dominated global politics for almost 50 years. This course examines the political and cultural impact of the Cold War on the United States, Europe and the developing world. **Three hours per week.**

560. HISTORY OF CHINA SINCE 1800  
**3 hours credit**  
The revolutionary transformation of China from the 19th century to the present, with emphasis on the impact of imperialism, the profound effects of Western technology and foreign policy wrought by the history of its relations with the West. **Three hours per week.**

571. BRONZE AGE AEGEAN  
**3 hours credit**  
Study of the Bronze Age Aegean archaeology of the Minoan, Mycenaean and Trojan civilizations. **Three hours per week.**

572. STUDIES IN CLASSICAL ARCHAEOLOGY  
**3 hours credit**  
Assorted topics and archaeological sites of the ancient Mediterranean world (Crete, Greece and Italy). May be taken twice under different subtitles. **Three hours per week.**

573. ROMAN ARCHAEOLOGY  
**3 hours credit**  
Study of Roman archaeology from the early Iron Age through the Republican and Imperial periods. **Three hours per week.**

574. HISTORY OF ANCIENT EGYPT  
**3 hours credit**  
Intensive study of three eras of Egyptian history: the Pyramid Age, the chaotic Middle Kingdom and New Kingdom. Emphasis on cultural, religious and artistic contributions. **Three hours per week.**

575. GREEK ARCHAEOLOGY  
**3 hours credit**  
Study of Greek archaeology from the Protogeometric and Archaic periods through the Classical (Hellenic) and Hellenistic eras. **Three hours per week.**

577. MILITARY HISTORY OF THE MODERN WORLD  
**3 hours credit**  
Examines the military history of the modern world from 1500 AD to the present. The focus is on the strategy and tactics used by modern armies, how these affected the lives of populations and how new developments in these fields have influenced the history of the modern world. **Three hours per week.**
575. ANTIQUITY}

3 hours credit

Explores the history of the great battles and campaigns of antiquity. Emphasis is placed on developments in strategy and tactics, the lives of the men in the ranks, the careers of leaders, and the decisive nature of these conflicts on the course of history. Special attention is given to the interaction between military realities and the functioning of society as a whole. Three hours per week.

579. MEDIEVAL MILITARY HISTORY

3 hours credit

Explores the military history of the medieval world from the fall of the Roman Empire in the fourth century A.D. and the establishment of the Germanic kingdoms to the decline of the supremacy of mounted warrior at the beginning of the sixth century. Students will be encouraged to understand the relationship between military realities and the social structure of medieval societies. The course will also outline the strategy and tactics used by medieval armies, how these tactics affected the lives of populations and how new developments in these fields led to the creation of nation-states in the early modern period. Time will also be spent studying the ideas of the period through the lives of some of the medieval world’s greatest soldiers, statesmen, philosophers and historians. Three hours per week.

580. MUSEUM STUDIES

3 hours credit

Work experience course that invites students to learn techniques of museology. Students work in cooperation with various local or regional museums under the supervision and direction of a museum curator. May be taken twice with the permission of the instructor. Three hours per week.

583. ENVIRONMENTAL HISTORY OF DELMARVA

3 hours credit

Through class discussions, students will gain an understanding of: the natural history of Delmarva and Chesapeake, the changing patterns of land and resource use, environmental conflicts, the growth of 20th century conservation efforts and the implication of burgeoning growth in the Eastern metropolitan corridor of Delmarva. This course draws upon the resources of the Salisbury area through local speakers, environmental activists, foresters, authors and farmers. The course will utilize: the Ward Museum of Wildfowl Art, the Nanticoke Indian Museum, Furnace Town, Wye Island NWMA, Pemberton Park, and Crisfield and Smith islands. Research paper is required. Three hours per week.

590. STUDIES IN HISTORY

3 hours credit

Intensive historical study of particular periods and groups, economic, intellectual, cultural, social movements and/or institutions. May be taken twice under different course titles. Three hours per week.

601. METHODS OF HISTORICAL RESEARCH

3 hours credit

Students will examine first hand the vast original documentation relating to the Lower Delmarva Peninsula at the Nabb Research Center and what sort of social, political, educational, economic, religious or cultural material(s) may be included in each record type. Familiarity with 17th and 18th century language and handwriting (similar to learning a foreign language) must also be included to understand the documents. Research and interpretation will focus on creating a more complete picture of what life was like during the century after the initial settlement of the Lower Eastern Shore area. May be taken only once. Three hours per week.

602. SEMINAR: COLONIAL AND REVOLUTIONARY AMERICA

3 hours credit

A study of Colonial institutions and the American Revolutionary movement. Emphasis is placed upon the study of specific topics through individual research projects. May be taken twice under different course subtitles. Three hours per week.

603. SEMINAR IN 19TH CENTURY AMERICA

3 hours credit

An opportunity to explore in-depth 19th century American society, via themes selected by the instructor. May be taken twice under different course subtitles. Three hours per week.

604. SEMINAR IN EUROPEAN HISTORY

3 hours credit

Designed to enable the student to explore, through intensive research, basic problems in European history. The period or topics to be studied will be selected by the instructor. May be taken twice under different course subtitles. Three hours per week.

605. SEMINAR: MARYLAND HISTORY

3 hours credit

Designed to acquaint students, through readings and research, with some of the major problems and developments in the history of Maryland. May be taken twice under different course subtitles. Three hours per week.

606. SEMINAR IN 20TH CENTURY AMERICA

3 hours credit

 Enables intensive exploration of specific periods and/or problems in this century through individual research. May be taken twice under different course subtitles. Three hours per week.

607. SEMINAR IN CHESAPEAKE AND MIDDLE ATLANTIC HISTORY

3 hours credit

Intensive seminar exploring comparative facets of Chesapeake history (economic, social, cultural, religious and political) in Maryland, Virginia, Delaware, New Jersey, Pennsylvania and New York. The impact of the Chesapeake area (and Delmarva) within the broader context of the Middle Atlantic community will be understood. May be taken twice under different subtitles. Three hours per week.

608. SEMINAR IN AMERICAN DIPLOMACY

3 hours credit

Permits investigation, through reading and research, of selected problems in the history of American diplomacy. May be taken twice under different course subtitles. Three hours per week.

609. STUDIES IN EARLY DELMARVA

3 hours credit

Intensive seminar which explores life on early Colonial Delmarva through examination of primary records of the Lower Eastern Shore including settlers, settlement patterns, and social and familial networks. In-depth analysis will result in the reconstruction of this Eastern Shore social and economic world. May be taken twice under different subtitles. Three hours per week.

610. SEMINAR IN LATIN AMERICAN HISTORY

3 hours credit

An intensive study of major institutions and specific periods in Latin America through reading and research. May be taken twice under different course subtitles. Three hours per week.

612. SPECIAL TOPICS SEMINAR

3 hours credit

An intensive readings or research course on a special topic selected by the instructor. May be taken twice under different course subtitles. Three hours per week.
613. SEMINAR IN ANCIENT HISTORY
3 hours credit
An intensive seminar exploring ancient civilizations such as Greece, Rome, Egypt and the Near East as selected by the instructor. May be taken twice under different course subtitles. Three hours per week.

614. SEMINAR IN ASIAN HISTORY
3 hours credit
An intensive seminar exploring in-depth Asian societies via themes selected by the instructor. May be taken twice under different course subtitles. Three hours per week.

615. SEMINAR IN AFRICAN HISTORY
3 hours credit
An in-depth study of specific topics in African history as selected by the instructor. May be taken twice under different course subtitles. Three hours per week.

629. INDIVIDUAL RESEARCH/HISTORIOGRAPHY
3 hours credit
Specialized historiography and/or research course for graduate students (either thesis or non-thesis options). May be taken only once. Prerequisite: Permission of the graduate director. Three hours per week.

630. DIRECTED RESEARCH
3 hours credit
Preparation of optional research project in master’s degree program under departmental supervision. Prerequisites: May be taken only once and only in conjunction with HIST 631. Permission of the graduate director. Three hours per week.

631. THESIS
3 hours credit
May be taken only once and may be taken without HIST 630. Prerequisite: Permission of the graduate director.

HONORS (HONR)

111. CRITICAL THINKING AND WRITING
4 hours credit
Examines processes for developing clear and sound arguments. Emphasizes critical thinking, writing, oral debate information literacy and research skills. Prerequisite: Admission to the Honors Program. Three hours per week with enhancement. Meets General Education IA.

112. ISSUES IN THE SOCIAL SCIENCES
4 hours credit
Introduces students to fundamental aspects of the social sciences through a study of a particular issue chosen from a range of disciplines. May be taken up to three times under different topics. Prerequisite: Admission to the Honors Program. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

211. ISSUES IN THE HUMANITIES
4 hours credit
Introduces students to fundamental aspects of the humanities through a study of a particular cultural issue chosen from a range of disciplines. May be taken up to three times under different topics. Prerequisite: Admission to the Honors Program. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

212. ISSUES IN THE NATURAL SCIENCES
4 hours credit
Introduces students to fundamental aspects of the natural sciences through a study of a particular scientific issue chosen from a range of disciplines. May be taken up to three times under different topics. Prerequisite: Admission to the Honors Program. Three hours per week with enhancement. Meets General Education IVB (Prior to Fall 2008: IIIB).

311. HONORS INTERDISCIPLINARY SEMINAR
4 hours credit
Addresses topics that transcend individual disciplinary boundaries. Taught by professors from a wide variety of disciplines to appeal to Honors students of all majors. May be taken up to three times under different topics. Prerequisites: Admission to the Honors Program, permission of Honors director. Three hours per week with enhancement.

312. HONORS RESEARCH/CREATIVE PROJECT
1 hour credit
Develop a research or creative project suitable for presentation at an undergraduate research conference or equivalent public venue. Work one-on-one with a faculty mentor from a department of the student’s choosing and with Honors administrative faculty to complete and present the independent project. Prerequisite: Admission to Honors Program. One hour per week. (P/F)

490. HONORS THESIS PREPARATION
1 hour credit
Designed to set up the framework and faculty support for the thesis. It usually is taken the semester before the students write their thesis. Required for those who wish to complete a thesis. Prerequisite: Permission of the Honors director. One hour per week. (P/F)

495. HONORS THESIS
3-4 hours credit
Independent study culminating in substantial original research, scholarly or creative work. Students may apply to the Honors faculty administrators for permission to substitute another department’s thesis or independent study course for HONR 495. The thesis must be completed with a B or better to fulfill the Honors program requirement. Prerequisite: HONR 490. Corequisite: HONR 496. Three hours per week.

496. HONORS THESIS CONSULTATION
0 hours credit
Designates the Honors thesis consultation with thesis director and committee. Prerequisite: HONR 490. Corequisite: HONR 495 or departmental research/creative course approved by Honors administrator.

INFORMATION SYSTEMS (INFO)

111. BUSINESS MICROCOMPUTER USE
1 hour credit
Laboratory course that familiarizes students with current end-user software such as word processors, spreadsheets and databases. Two hours per week.

211. INFORMATION SYSTEMS CONCEPTS FOR MANAGEMENT
3 hours credit
Examines use of information technology to meet management challenges within the business environment. Computer-based labs and class discussions promote understanding of the technical aspects of information systems and an appreciation for the relationship between systems and organizational processes. Prerequisite: Demonstrated proficiency in office productivity tools through examination or approved coursework (INFO 111 or COSC 116 or COSC 118 or COSC 120 or equivalent). Three hours per week.
281. INTERMEDIATE BUSINESS STATISTICS
3 hours credit
Study of modern statistical technique with emphasis on data analysis in a computer-assisted environment. Topics include analysis of variance and experimental design, categorical data analysis, regression analysis, model building, time series analysis and index numbers. Prerequisites: INFO 111 or COSC 116, MATH 160 and a C or better in MATH 155. Three hours per week.

301. BUSINESS APPLICATIONS DEVELOPMENT
3 hours credit
Introduction to the development of business applications using software development languages and tools commonly used in industry. Topics include design and implementation of user interfaces, business process automation and data stores. Major Prerequisites: Admission to Professional Program, INFO 211. Non-Major Prerequisites: Junior standing, INFO 211. Three hours per week.

311. BUSINESS SYSTEMS ANALYSIS
3 hours credit
Study of the methods and techniques for conducting a systems project that solve business problems with information technology. Plan, analyze, design and implement a business system as a member of a project team. Computer-based systems analysis and design tool is available for use in the lab. May not receive credit for both INFO 475 and INFO 311. Major Prerequisites: INFO 211, admission to Professional Program, Non-Major Prerequisites: INFO 211, junior standing. Three hours per week.

315. PROJECT MANAGEMENT
3 hours credit
Introduces students to formal project management methods, tools and processes, including scope, quality, scheduling, cost estimation, communication, risk and change management. Follows the Project Management Body of Knowledge. Although case examples focus on information systems, it can apply to any major. Includes teamwork, guest lectures from industry project leaders and software applications. Prerequisites: Junior standing, computer literacy. Three hours per week.

326. OPERATIONS MANAGEMENT
3 hours credit
Study of productivity, quality control, cost-effectiveness and profitability of manufacturing and service organizations from the managerial perspective. Topics include product design, resource requirements and flow, facility layout, distribution system design, quality control, forecasting techniques and inventory policy. Major Prerequisite: Admission to Professional Program, INFO 281. Non-Major Prerequisite: Junior standing, INFO 281. Three hours per week.

338. SPECIAL TOPICS
3 hours credit
Advanced study of varying information systems topics based on students' interests and needs. May be repeated once for credit under different subtitle. May substitute for an information systems major elective. Prerequisite: Varies by topic. Three hours per week.

340. DATA MINING FOR BUSINESS INTELLIGENCE
3 hours credit
A high-growth area, data mining is used by organizations to better understand their situations as well as the world in which they function in order to devise effective strategies and policy options. Learn the concepts, software tools and related skills to help students become professional data analysts. A term project and presentation adopts a real-world, problem-solving context. Major Prerequisites: Admission to Professional Program, INFO 211, 281. Non-Major Prerequisite: Junior standing. Three hours per week.

350. WEB ANALYSIS AND DESIGN
3 hours credit
Investigates the current state of the Web by analyzing best practices. Includes formal theories for analysis and design. Students will participate in usability studies. The theories and studies of renowned usability, design and technical experts will be highlighted throughout the course. Major Prerequisites: Admission to Professional Program, INFO 211. Non-Major Prerequisites: Junior standing, INFO 211. Three hours per week.

385. DATA COMMUNICATIONS AND NETWORKING
3 hours credit
Concepts and characteristics of data communication systems including network architectures, network operating systems, OSI Reference Model and network trends. Examination of wired and wireless networks, network security and network management. Major Prerequisites: Admission to Professional Program, INFO 211 or COSC 116 or COSC 120. Non-Major Prerequisites: Junior standing, INFO 211 or COSC 116 or COSC 120. Three hours per week.

386. DATABASE MANAGEMENT SYSTEMS
3 hours credit
Study of the design, implementation and application of database management systems. Examination of several commercially available systems. Major Prerequisites: Admission to Professional Program, INFO 211. Non-Major Prerequisites: Junior standing, INFO 211 or COSC 118 or COSC 120. Three hours per week.

395. ADVANCED MANAGEMENT SUPPORT SYSTEMS
3 hours credit
Study and development of computerized technologies to support managerial decision-making. Topics include decision support systems and expert systems as implemented in and integrated with spreadsheet business software for rapid applications development. Major Prerequisites: Admission to Professional Program, INFO 211. Non-Major Prerequisites: Junior standing, INFO 211. Three hours per week.

440. STORAGE TECHNOLOGY FUNDAMENTALS
3 hours credit
Comprehensive coverage of modern storage technology which enables students to make informed decisions in an increasingly complex IT environment. Learn the latest storage architectures, such as Storage Subsystems, SAN, NAS, DAS, CAS, IP-SAN and data security. Prerequisite or Corequisite: INFO 386. Three hours per week.

450. COMPUTER HARDWARE AND OS TECHNOLOGIES
3 hours credit
Study of technical topics related to computer systems. Emphasis is placed on hardware architecture, operating systems, basic networking and application software compatibilities issues. May not receive credit for both INFO 450 and INFO 455. Major Prerequisites: Admission to Professional Program, INFO 211. Non-Major Prerequisites: Junior standing, INFO 211. Three hours per week.

455. ADVANCED MICROCOMPUTER APPLICATIONS IN BUSINESS
3 hours credit
Advanced study of microcomputer applications in business with extensive coverage of database management, decision support and operating systems and the use of standard business software. May not receive credit for both INFO 450 and INFO 455. Major Prerequisites: INFO 211, admission to Professional Program. Non-Major Prerequisites: INFO 211, junior standing. Three hours per week.

465. GLOBAL INFORMATION SYSTEMS MANAGEMENT
3 hours credit
Analysis of technical, cultural, organizational and geopolitical
challenges facing business and IT professionals in implementing and managing IT in an increasingly global, technological environment. Current readings and case studies are used to examine infrastructure, e-business, global teamwork, and transborder and cross-cultural information systems issues. **Major Prerequisites:** INFO 211, admission to Professional Program. **Non-Major Prerequisites:** INFO 211, junior standing. **Three hours per week.**

470. ENTERPRISE SYSTEMS 3 hours credit Overviews and applies enterprise systems and investigates such questions as: What are the different enterprise systems and what do they do? What types of changes are associated with implementing such technology? What is involved in an implementation? **Prerequisite:** INFO 326. **Three hours per week.**

476. INFORMATION SYSTEMS DEVELOPMENT AND IMPLEMENTATION 3 hours credit Design, implementation, and documentation of an information system. The development project is in the form of field-study or in-depth case-study. Successful completion of this course satisfies the ABLE requirement. **Major Prerequisites:** INFO 311, admission to Professional Program. **Non-Major Prerequisites:** INFO 311, junior standing. **Three hours per week.**

480. SEMINAR IN INFORMATION SYSTEMS 3 hours credit Study of major research findings, case studies and current issues relevant to management in the era of computer-based information systems and use of standard business software. **Prerequisites:** Information systems major and junior standing. **Three hours per week.**

485. ADVANCED SEMINAR ON NETWORKING 3 hours credit Advanced study of designing, implementing, administering and troubleshooting networks that incorporate major network operating systems. Discussion on effectiveness of networks and general IT. Assists students working toward entry-level general networking (Network+, Network Security, etc.) or vendor-specific (Cisco, Microsoft, Linux, etc.) certifications. **Prerequisites:** INFO 385, admission to Professional Program. **Non-Major Prerequisites:** INFO 385, junior standing. **Three hours per week.**

490. INFORMATION SYSTEMS INTERNSHIP 3 hours credit Professional work experience in information systems. **Prerequisites:** INFO 311, placement approval and permission of the department chair, completion of ABLE administrative requirements, admission to Professional Program.

494. DIRECTED STUDY IN INFORMATION SYSTEMS 1-3 hours credit Intensive research or study of a selected topic in information systems. May be used as an information systems elective if approved by the department chair. May be repeated once for credit under different subtitles. **Prerequisites:** Junior standing and permission of instructor prior to registration.

602. MANAGEMENT DECISION MAKING 2 hours credit Examines contemporary quantitative methodologies for optimizing firm initiatives and enhancing efficiency. Topics include multicriteria decision making, linear programming, forecasting, neural networks and Monte Carlo simulation. The use of these methodologies for strategic advantage and profit enhancement is emphasized. **Prerequisites:** Admission to the M.B.A. program; completion of MyClasses Excel Assessment; INFO 326 (or equivalent) with a grade of C or better. **Four hours per week for half a semester.**

**INTERDISCIPLINARY STUDIES (IDIS)**

100. FRESHMAN SEMINAR 3 hours credit Focus on themes, issues and questions of importance in the liberal arts and sciences. Students must co-register for three General Education courses designated as part of the General Education learning community. Meets the objectives of the college orientation seminar. May be repeated once for credit. **Three hours per week.**

213. INTRODUCTION TO GENDER STUDIES 4 hours credit Examines the historic roots of gender studies, how various disciplines approach gender issues and how concepts of gender affect lives. May not be taken for credit if student has credit for HIST 213. **Three hours per week with enhancement. Meets General Education IIIb or IILC (Prior to Fall 2008: IIIb).**
258. COMPARATIVE RELIGIONS
4 hours credit
Comprehensive overview of major religious traditions, including Judaism, Islam, Christianity, Hinduism, Buddhism, Taoism, and religions of the ancient world. Focus on structural concepts such as the experience of the sacred, the roles of myth and symbolic systems, cosmologies and definitions of the religious community. Three hours per week with enhancement.

278. INTERDISCIPLINARY GENERAL EDUCATION: HUMANITIES
3 hours credit
Introductory-level General Education interdisciplinary course offered through the cooperation of at least two departments. Topic varies semester to semester. Develops students’ abilities to integrate and synthesize ideas about the beauty and truth embodied in the traditional disciplines of the humanities. Students may use only one of the following courses to satisfy General Education IIIA or IIIC (Prior to Fall 2008: IB) requirements: IDIS 278 or 478. Three hours per week. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

279. INTERDISCIPLINARY GENERAL EDUCATION: SOCIAL SCIENCE
3 hours credit
Introductory-level General Education interdisciplinary course offered through the cooperation of at least two departments. Topic varies semester to semester. Develops students’ abilities to integrate and synthesize ideas about the interaction of humans in the social world. Students may use only one of the following courses to satisfy General Education IIIB or IIIC (Prior to Fall 2008: IIB) requirements: IDIS 279 or 479. Three hours per week. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

409 and junior class standing.

413. CURRENT TOPICS IN CONFLICT
3 hours credit
In-depth, interdisciplinary examination of a current case of domestic or international conflict through investigation of its economic, sociocultural, political and historical roots, and exploration of the philosophical, political and sociocultural aspects of its resolution. Prerequisites: SOCI 225 or POSC 409 and junior class standing. Three hours per week.

478. INTERDISCIPLINARY GENERAL EDUCATION: HUMANITIES
3 hours credit
Upper-level General Education interdisciplinary course offered through the cooperation of at least two departments. Topic varies semester to semester. Expands students’ abilities to integrate and synthesize ideas about the beauty and truth embodied in the traditional disciplines of the humanities. Students may use only one of the following courses to satisfy General Education IIIA or IIIC (Prior to Fall 2008: IB) requirements: IDIS 278 or 478. Prerequisite: Junior standing. Three hours per week. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

479. INTERDISCIPLINARY GENERAL EDUCATION: SOCIAL SCIENCE
3 hours credit
Upper-level General Education interdisciplinary course offered through the cooperation of at least two departments. Topic varies semester to semester. Expands students’ abilities to integrate and synthesize ideas about the interactions of humans in the social world. Students may use only one of the following courses to satisfy General Education IIIB or IIIC (Prior to Fall 2008: IIB) requirement: IDIS 279 or 479. Prerequisite: Junior standing. Three hours per week. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

485. GENDER STUDIES CAPSTONE SEMINAR
4 hours credit
Examines the central issues and questions in women’s studies/gender studies from a contemporary perspective. Addresses the constructs of masculinity and femininity in psychology, education, philosophy, history, English, sociology and art. Readings, lectures and discussion provide a theoretical framework for capstone projects in spring semester. Prerequisite: Permission of gender studies coordinator. Three hours per week with enhancement.

497. UNDERGRADUATE RESEARCH
3 hours credit
Independent student research under the supervision of the Interdisciplinary Studies Coordinator. Students will have the opportunity to study a topic in depth and design their own research project to add to that area’s body of knowledge. Specific topics are indicated on student transcripts. Public presentation required. Prerequisites: Junior standing, permission of interdisciplinary studies coordinator. Three hours per week.

LATIN (LATN)

101. ELEMENTARY LATIN I
3 hours credit
Introductory study of the Latin language with emphasis on basic structures including a history of Latin language from the classical period to medieval Latin. Three hours per week. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

102. ELEMENTARY LATIN II
3 hours credit
Continuation of the beginning study of the Latin language with on-going emphasis on basic structures, translation and the history of the Latin language. Prerequisite: LATN 101 or at least one year of high school Latin. Three hours per week. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

MANAGEMENT (MGM)

320. MANAGEMENT AND ORGANIZATIONAL BEHAVIOR
3 hours credit
Study of the general nature, behavior and functions of organization and management in business. Emphasis on planning,
organizing, leading, motivating and controlling. Major Prerequisites: Admission to Professional Program. Non-Major Prerequisites: Junior standing and ECON 150 or 211 with C or better. Corequisite: BUAD 300. Three hours per week.

325. BUSINESS AND SOCIETY
3 hours credit
Addresses social and ethical problems facing business today. Ethical principles and problem solving models are applied to issues of profit maximization, workplace diversity, consumerism, risk management, product liability, government-business interface, environmental economics, global business, financial management and other key business areas. Focus is on analyzing these problems and developing alternative ethical solutions through case studies, formal debates and class discussions. May not receive credit for both MGMT 420 and 325. Prerequisite: MGMT 320 or MKTG 330. Three hours per week.

338. SPECIAL TOPICS IN MANAGEMENT
3 hours credit
Advanced study of varying management topics based on students’ interest and needs. May be repeated once for credit under different subtitles. May substitute for a management major elective depending on the topic (see director of undergraduate studies). Major Prerequisites: Varies by topics, admission to Professional Program. Non-Major Prerequisites: Varies by topics, junior standing. Three hours per week.

350. HUMAN RESOURCE MANAGEMENT
3 hours credit
Study of management of human resources in organizations. Topics include recruiting, selecting, developing and compensating personnel; labor union relations; and development of personnel policy. May not receive credit for both MGMT 450 and 350. Prerequisite: MGMT 320. Three hours per week.

422. MANAGEMENT OF THE MULTINATIONAL BUSINESS
3 hours credit
Provides students with an understanding of the unique features that characterize the multinational enterprise. Emphasis on the changing context in which business is conducted on a global basis. Prerequisite: MGMT 320. Three hours per week.

425. APPLIED ORGANIZATIONAL SCIENCE
3 hours credit
Use of understandings about human behavior to motivate employees to work together in harmony. Topics include fundamentals of organizational behavior, leadership and its development, organizational environment and communications, and group processes. Prerequisite: MGMT 320. Three hours per week.

428. ENTREPRENEURSHIP
3 hours credit
Practical analysis of the viability of a business venture and development of a business plan to fund such a venture. Emphasis on reducing risk and uncertainty under competitive economic conditions. Prerequisites: MGMT 320, MKTG 330. Three hours per week.

429. SMALL BUSINESS CONSULTING
3 hours credit
Study of methods and techniques for consulting with small and independent businesses. Students work with business owners under faculty supervision to study real problems of small business organizations and devise and recommend solutions. Prerequisites: MGMT 320, MKTG 330 and senior status. Three hours per week.

451. STAFFING ORGANIZATIONS
3 hours credit
Detailed examination of recruitment, selection and placement as human resources management activities. Emphasis on functional and strategic staffing topics. Topics include position advertising, interviewing and selection testing. Prerequisite: MGMT 350. Three hours per week.

452. EMPLOYEE-MANAGEMENT RELATIONS
3 hours credit
Detailed examination of human resource areas covering the relationship between employees and management. Course covers unions/collective bargaining, employee rights/responsibilities and employment law. Prerequisite: MGMT 350. Three hours per week.

453. COMPENSATION
3 hours credit
Addresses various aspects of compensation, focusing primarily on private sector organizations. Explores legal, strategic and applied aspects of the subject. Discusses the importance of compensation strategy. Prerequisite: MGMT 350. Three hours per week.

490. MANAGEMENT INTERNSHIP
3 hours credit
Intern experience in management. May substitute for a management major elective if approved by the school dean. Prerequisites: Junior status, management major, placement approval and permission of the department chair, completion of ABLE administrative requirements, and admission to Professional Program.

491. ADVANCED MANAGEMENT INTERNSHIP
3 hours credit
Research associated with an internship experience in management. Prerequisite: Placement approval and permission of the department chair, completion of ABLE administrative requirements. Pre- or Corequisite: MGMT 490.

492. STRATEGIC MANAGEMENT
3 hours credit
Seminar in strategic business decision making. Emphasizes evaluating and integrating appropriate marketing, financial and management information. Prerequisites: FINA 311, INFO 326, MGMT 320, MKTG 330, business/accounting/information systems/finance/management/marketing major in their last semester before graduation. Corequisite: BUAD 400. (C or better required for graduation.) Three hours per week.

550. GRADUATE SURVEY OF MANAGEMENT
3 hours credit
Study of the interrelationship of various management functions: principles of general management, production management, information systems and management of international operations. Introduces various schools of management, modern organizational theories and the elements of decision-making. M.B.A. leveling course. Prerequisite: Provisional status in M.B.A. program. Three hours per week.

608. PERSONAL SKILLS ANALYSIS AND DEVELOPMENT
2 hours credit
Study of individual behavior in organizations, including extensive self-assessment, personal development planning and skills practice. Topics include personality, learning, perception, attitudes, decision-making, creativity, motivation, stress, career development and selected current topics. Prerequisites: Admission to the M.B.A. program; MGMT 320 (or equivalent) with a grade of C or better. Four hours per week for half a semester.
612. MANAGING THE FIRM: INTEGRATIVE PERSPECTIVES
1 hour credit
Examines different perspectives for viewing the organization as a whole by exploring broad concepts and differing models in order to see how they contribute to the broader purpose and functioning of the firm. Prerequisites: Admission to the M.B.A. program; MGMT 320 (or equivalent) with a grade of C or better. Two hours per week for half a semester.

616. THE GLOBAL ENVIRONMENT OF BUSINESS
2 hours credit
Examines the world of international business. Provides the future international manager with analytical skills to understand better economic and political aspects of the global business environment and how these affect firms. Designed to be a foundation for further studies in international business and related fields. Prerequisite: Admission to the M.B.A. program. Four hours per week for half a semester.

620. ORGANIZATIONAL THEORY
3 hours credit
Development of a framework for understanding the modern business enterprise. Includes a review of management thought and organizational theory, the functions of management and recent trends in management theory and practice in the U.S. and abroad. The contributions of behavioral science, management science, systems theory, contingency theory and other relevant theories are examined. Prerequisite: Admission to M.B.A. program. Three hours per week.

622. BUSINESS ETHICS AND CORPORATE SOCIAL RESPONSIBILITY
2 hours credit
Study of the environmental forces influencing organizations. Emphasis is primarily on ethical issues originating in the external environment, but also examines other topical social issues and their impact on organizations and the managers who run them. Examines the ethical decision-making process and how it is influenced by environmental factors. Prerequisites: Admission to the M.B.A. program; MGMT 320 (or equivalent) with a grade of C or better. Four hours per week for half a semester.

624. ORGANIZATIONAL TEAMWORK, LEADERSHIP AND CHANGE
2 hours credit
Focuses on developing effective teaming, managerial and leadership skills; initiating the development of an effective organizational culture and structure; and exploring the role that effective human resource management plays in developing organizations that can respond to ever-changing conditions. Prerequisites: Admission to the M.B.A. program; MGMT 320 (or equivalent) with a grade of C or better. Four hours per week for half a semester.

625. ORGANIZATIONAL BEHAVIOR SEMINAR
3 hours credit
Study of individual and group behavior in organizational structures to understand the interaction of managers with other members of the organization. Prerequisite: Admission to M.B.A. program. Three hours per week.

628. MANAGING STRATEGICALLY
2 hours credit
A capstone to the formal business program which provides an internal thought process for continuing an informal business education. Focuses on demonstrating previous course work in accounting, finance, economics, management and marketing into a useful and congruent pattern for problem solving. Learn how to analyze any given situation, separate facts from opinion and separate self-serving opinion from thoughtful evaluation. Prerequisites: Admission to the M.B.A. program. Course must be taken in the final spring semester of the student’s M.B.A. requirements. Four hours per week for half a semester.

635. EXTERNAL ENVIRONMENT OF THE ORGANIZATION
3 HOURS CREDIT
Study of how external environment influences organizational strategy and how business influences society. Topics include ethics, legal environment, corporate governance, corporate social responsibility, government-business relationships, consumerism, globalization and human capital. Prerequisite: Admission to M.B.A. program. Three hours per week.

665. ENTREPRENEURSHIP
3 hours credit
Analyzes organized and systematic entrepreneurship in new enterprises, established large enterprises and nonbusiness institutions. Emphasis is on applying concepts and techniques from the functional areas of business to the new venture development environment in independent and corporate settings. Prerequisite: Admission to M.B.A. program. Three hours per week.

680. CORPORATE STRATEGIC PLANNING AND POLICY
3 HOURS CREDIT
Capstone course focusing on critical issues affecting the success of the total enterprise in domestic and multinational environments. Emphasis on the functions, responsibilities and ethical values of top managers as they determine the direction of the organization and shape its future. Strategy is the unifying theme in case discussions. Prerequisite: Completion of 12 semester hours at the 600 level in SU’s M.B.A. program, including either ACCT 640, 650 or FINA 650. To be taken in the final semester before graduation. Three hours per week.

685. INTERNATIONAL MANAGEMENT SEMINAR
3 hours credit
Study of international aspects of business management and the environment of international business. Topics selected from environmental factors (e.g., cultural, legal, political) and the major aspects of managing business operations in the global environment (e.g., organizational behavior, human resource management and strategic management). Prerequisite: Admission to M.B.A. program. Three hours per week.

MARKETING (MKTG)

330. PRINCIPLES OF MARKETING MANAGEMENT
3 hours credit
Survey of basic marketing concepts and principles from a managerial perspective. Topics include the marketing concept, environment and demand analysis, marketing mix (product, price distribution and promotion) and an introduction to marketing strategy and international marketing. Major Prerequisite: Admission to Professional Program. Non-Major Prerequisites: Junior standing and ECON 150 or 211 or 212 with a C or better. Three hours per week.

331. PROMOTION MANAGEMENT
3 hours credit
Managerial overview of advertising and sales promotion as they relate to economic and social systems. Topics include promotional planning, research, media selection, creative implementation, retail, business/professional and consumer advertising. Prerequisite: MKTG 330. Three hours per week.

332. CONSUMER BEHAVIOR
3 hours credit
Examination of the buyer (individual consumer and organizational agent) as problem solver. Topics include buying decision processes and social, psychological, anthropological and economic factors that influence behavior in the market-
place. Examines principles, theories, models and research
techniques related to purchasing behavior. Prerequisite:
MKTG 330. Three hours per week.

333. SALES MANAGEMENT
3 hours credit
Introduction to sales management and the personal selling
component of marketing management. Emphasis on both the
selling process as well as managing sales personnel. Topics
will include market analysis, sales strategies, sales presenta-
tions and creating/administering a sales program.
Prerequisite: MKTG 330. Three hours per week.

334. PRINCIPLES OF RETAILING
3 hours credit
Evaluation of retailing in our economy with emphasis on
change in a dynamic environment. Topics such as structure,
organization, merchandising, planning policy, inventory, pric-
ing, record keeping, communication, personnel and location
are reviewed, discussed and analyzed. Prerequisite: MKTG
330. Three hours per week.

335. MARKETING RESEARCH
3 hours credit
Collection and analysis of marketing data viewed in context of
identifying the market demand (methods of decision making
for marketing management). Topics include Bayesian deci-
sion theory, sampling techniques, and regression and corre-
lation analysis. May not receive credit for both MKTG 438 and
335. Prerequisites: INFO 281, MKTG 330. Three hours per
week.

338. SPECIAL TOPICS IN MARKETING
3 hours credit
Advanced study of varying marketing topics based on stu-
dents’ interests and needs. May be repeated once for credit
under different subtitles. May substitute for a marketing major
elective depending on the topic (see director of undergradu-
ate studies). Major Prerequisites: Varies by topics, admis-
sion to Professional Program. Non-Major Prerequisites:
Varies by topics, junior standing. Three hours per week.

401. BUSINESS MARKETING
3 hours credit
Study of concepts, techniques and problems in organization-
al marketing. Topics include organizational buying process,
buyer-seller relationships, business market segmentation,
market planning, sales forecasting and design of marketing
mix strategies. Considers a variety of business marketing sit-
suations. Prerequisite, MKTG 330. Three hours per week.

423. INTERNATIONAL MARKETING
3 hours credit
Study of the decision-making process in marketing products
and services across national boundaries. Examination of the
design and modification of marketing strategies. Identification
of potential markets with consideration of product, price, pro-
motion and distribution decisions within the constraints of a
particular cultural, economic and political setting.
Prerequisite: MKTG 330. Three hours per week.

430. MARKETING MANAGEMENT STRATEGY
3 hours credit
Comprehensive managerial analysis of the marketing func-
tion. Emphasis on strategic planning and implementation and
control of marketing mix activity. Students apply overall
knowledge to analyze and propose solutions to marketing
problems/opportunities. Prerequisites: Senior status, MKTG
330, six additional hours of marketing electives. Three hours
per week.

439. SENIOR MARKETING SEMINAR
3 hours credit
Students address contemporary marketing issues and prac-
tice marketing management by using an experimental
approach to assess the marketing plans and programs of
marketing organizations. Prerequisites: Senior status,
MKTG 335 or 430. Three hours per week.

490. MARKETING INTERNSHIP
3 hours credit
Intern experience in marketing. May substitute for a market-
ing major elective if approved by the school dean.
Prerequisites: Junior status, marketing major, placement
approval and permission of the department chair, completion
of ABLE administrative requirements, admission to
Professional Program.

491. ADVANCED MARKETING INTERNSHIP
3 hours credit
Research associated with an internship experience in market-
ing. Prerequisite: Placement approval and permission of the
department chair, completion of ABLE administrative require-
ments. Pre- or Corequisite: MKTG 490.

560. GRADUATE SURVEY OF MARKETING
3 hours credit
Examination of markets and marketing functions responding
to a dynamic environment. An overview of domestic and inter-
national marketing functions and institutions adapting to
social, economic, legal and technical change. Special empha-
sis will be placed on the ramifications of consumerism and
regulation of marketing activities. M.B.A. leveling course.
Prerequisite: Provisional status in M.B.A. program. Three
hours per week.

614. STRATEGIC MARKETING MANAGEMENT
2 hours credit
Examines the role of marketing strategy within the overall
strategic framework of the organization; how to gather infor-
mation, perform in-depth analyses, and make and present
strategic marketing management decisions; and strategies
for dealing with change, uncertainty, conflict, limited informa-
tion, time pressures, and other common hurdles and obsta-
cles to quick and effective decision making. Prerequisites:
Admission to the M.B.A. program; MKTG 330 (or equivalent)
with a grade of C or better. Four hours per week for half a
semester.

660. MARKETING STRATEGY
3 hours credit
Study of classic and contemporary marketing strategies for
both profit and nonprofit organizations. Considers the organi-
zational-environmental interface as a shaping factor in plan-
ning and implementing the marketing mix. Emphasis placed
on planning in dynamic domestic and international environ-
ments. Prerequisite: Admission to M.B.A. program. Three
hours per week.

661. CONSUMER AND BUYER BEHAVIOR
3 hours credit
Studies the process of customer decision-making, consump-
tion and post-consumption activities. Both internal and exter-
nal influences on those processes are examined to provide
an overall foundation of buyer behavior. Prerequisite:
Admission to M.B.A. program. Three hours per week.

662. PROMOTIONAL STRATEGY
3 hours credit
Examines the development of promotional strategy.
Advertising, sales promotion, personal selling and publicity
are explored. Emphasis on planning, designing and imple-
menting promotional strategies. Prerequisite: Admission to
M.B.A. program. Three hours per week.

685. INTERNATIONAL MARKETING SEMINAR
3 hours credit
Study of international aspects of marketing management and
the environment of international marketing. Topics selected
from international finance, international trade, environmental
factors (e.g., cultural, legal, political) and the major aspects of
marketing management operations in the global environment (e.g., combining application-oriented analyses requiring the utilization of various marketing management concepts). **Prerequisite:** Admission to M.B.A. program. Three hours per week.

**MATHEMATICS (MATH)** Three units of high school mathematics (including Algebra II and geometry) or college algebra is a prerequisite for all math courses.

1. LIBERAL ARTS MATHEMATICS 4 hours credit Study of the beauty and structure of mathematics, with emphasis on quantitative and analytical reasoning skills. Various areas of mathematics or its applications will be used as a vehicle for this study. Designed for students whose major area of study does not have specific requirements in mathematics. May not receive credit for both MATH 190 and 200. **Prerequisites:** Three years of high school mathematics including plane geometry or college-level intermediate algebra. Four hours per week. Meets General Education IVB or IVC (Prior to Fall 2008: IIIB or IIIc).

2. FUNDAMENTAL CONCEPTS I 3 hours credit For prospective elementary school teachers, the course provides a thorough understanding of the mathematical concepts covered in grades one through eight. Moves through the mathematical content into the ability to explain the mathematical ideas and relationships. Emphasizes the ability to explain the concepts in everyday language appropriate for the listener, using correct vocabulary, and the ability to demonstrate these ideas using physical models and/or activities. Use of technology is required. Includes non-routine problem solving. May not receive credit for both MATH 103 and MATH 130. Three hours per week. Does not meet General Education.

3. COLLEGE ALGEBRA: A MODELING APPROACH 3 hours credit A modeling approach to algebraic topics used in problem solving. Topics include equations and functions; polynomial, exponential and logarithmic functions; graphing and data analysis/modeling. Emphasis on skill development, problem solving, critical thinking, working in teams, use of graphing calculators and communicating effectively. Credit may not be received for more than one of the following: MATH 100, 135, 140. **Prerequisites:** High school Algebra I and II. Three hours per week. Meets General Education IVB or IVC (Prior to Fall 2008: IIIB or IIIc).

4. COLLEGE ALGEBRA AND TRIGONOMETRY 4 hours credit Applications-oriented college algebra and trigonometry course for students planning to study science or additional mathematics. Emphasizes computational, qualitative, visual and symbolic approaches. Topics include functions and graphs; exponential, logarithmic and trigonometric functions; and difference equations. Credit may not be received for more than one of the following: MATH 102, 118, 122, 140. **Prerequisites:** High school Algebra II and plane geometry. Four hours per week. Meets General Education IVB or IVC (Prior to Fall 2008: IIIB or IIIc).

5. ENVIRONMENTAL MATHEMATICS 3 hours credit Systems approach to environmental concepts and problems. A principal tool is the Odum diagrammatic systems language, translated into flow equations which are then implemented by computer models. **Prerequisites:** High school Algebra II and plane geometry. Three hours per week. Meets General Education IVB or IVC (Prior to Fall 2008: IIIB or IIIc).

6. DATA AND PROBABILITY CONNECTIONS 3 hours credit Provides prospective teachers with a conceptual understanding of statistics and probability. Includes concepts for which elementary curricula lay a foundation, bivariate data analysis, conditional probability, formal inference, relevant educational software and guidelines for teaching statistics as set forth by the American Statistical Association and the National Council of Teachers of Mathematics. **Prerequisites:** High school Algebra II and geometry (recommended). Three hours per week.

7. MODERN STATISTICS WITH COMPUTER ANALYSIS 3 hours credit Descriptive and inferential analysis of raw data, emphasizing appropriate assumptions, computer use and interpretation. Consideration of parametric and nonparametric methods and comparison of their powers. Intended for students in the social and natural sciences. Credit may not be received for more than one: MATH 151, 155 or 213. **Prerequisites:** High school Algebra II and plane geometry. Three hours per week. Meets General Education IVB or IVC (Prior to Fall 2008: IIIB or IIIc).

8. INTRODUCTION TO APPLIED CALCULUS 3 hours credit Introductory study of differential and integral calculus with emphasis on techniques and applications. For students in the biological, management, social and behavioral sciences. **Prerequisites:** High school Algebra II and plane geometry. Three hours per week. Meets General Education IVB or IVC (Prior to Fall 2008: IIIB or IIIc).

9. CALCULUS I, II 4 hours credit each Introduction to analytic geometry, limits, continuity, derivatives of elementary functions, applications of the derivative, integrals, infinite series, applications and techniques of integration. MATH 202 is a continuation of 201. **Prerequisites:** Trigonometry and MATH 140 or equivalent. Four hours per week each. Meets General Education IVB or IVC (Prior to Fall 2008: IIIB or IIIc).

10. INTRODUCTION TO DISCRETE MATHEMATICS 4 hours credit Introduction to basic techniques and modes of reasoning for discrete problem solving. Set theory, recurrence relations, counting, graphs and lattice number theory. **Prerequisite:** MATH 140 or equivalent. Four hours per week. Meets General Education IVB or IVC (Prior to Fall 2008: IIIB or IIIc).

11. STATISTICAL THINKING 3 hours credit Descriptive and inferential analysis of data, emphasizing appropriate assumptions, computer use and interpretation. Parametric and non parametric methods will be compared and contrasted throughout the course. May not be taken for credit if student has credit for MATH 151 or 155. Concurrent registration with MATH 214 is required. **Prerequisites or Corequisites:** MATH 214 and 160 or 201. Three hours per week.

12. STATISTICS LABORATORY 1 hour credit Laboratory activities to reinforce topics covered in MATH 213. Must be taken during the same semester that students register for MATH 213. Students having completed MATH 155 or equivalent may also take MATH 214. **Prerequisite or Corequisite:** MATH 213 or MATH 155. **Two hours per week.**

13. INTRODUCTION TO FINANCIAL MATHEMATICS 4 hours credit Introduction to basic financial mathematics focusing on equivalent rates of interest and their use in discounted cashflow.
analysis. Topics include annuities, loans, projects, bonds, duration and convexity, the yield curve, and the fundamentals of financial derivatives such as European call and put options. **Prerequisite:** MATH 160 or equivalent. **Four hours per week.** Meets General Education IVB or IVC (Prior to Fall 2008: IIB or IIC).

230. FUNDAMENTAL CONCEPTS II 3 hours credit
Continuation of the process begun in MATH 130 of preparing prospective elementary school teachers to teach mathematics. Like MATH 130, it fosters a thorough understanding of fundamental mathematics and emphasizes the ability to communicate this. May not receive credit for both MATH 104 and 230. **Prerequisite:** MATH 130 completed with a C or better. **Three hours per week.** Meets General Education IVB or IVC (Prior to Fall 2008: IIB or IIC).

300. INTRODUCTION TO ABSTRACT MATHEMATICS 3 hours credit
Designed for students majoring and minoring in mathematics. Students experience the power of mathematical thought and develop facility with mathematical expression, both written and oral. Assignments make use of both inductive and deductive reasoning. **Prerequisite:** A course in discrete mathematics (MATH 210) with a C or better. **Three hours per week.**

306. LINEAR ALGEBRA 4 hours credit
Basic concepts of linear algebra: linear equations and matrices, vector spaces and subspaces, similar matrices, basis and dimension, linear transformations, eigenvalues, determinants, orthogonality, coordinate systems, and applications to geometry. **Prerequisite:** MATH 202. **Four hours per week.**

310. CALCULUS III 4 hours credit
Arc length, indeterminate forms, Euclidean spaces, functions of several variables, partial differentiation, multiple integrals. **Prerequisite:** MATH 202. **Four hours per week.**

311. DIFFERENTIAL EQUATIONS I 4 hours credit
Solutions of first and second order equations and their applications: separable, exact, homogeneous, linear. Numerical and series solutions of ordinary and partial differential equations. **Prerequisite:** MATH 202. **Four hours per week.**

313. SURVEY DESIGN AND SAMPLING 3 hours credit
Particularities of sampling and inference commonly encountered in business, the social sciences and natural resources management. Methods for selecting the sample from an existing population and ways for circumventing various difficulties. **Prerequisite:** MATH 151 or 155 or 213 or 314. **Three hours per week.** Meets General Education IVB or IVC (Prior to Fall 2008: IIB or IIC).

314. INTERMEDIATE APPLIED STATISTICS 3 hours credit
Optimal allocation of sampling units to treatments in order to provide the highest accuracy and lowest cost. Designs compared and contrasted for advantages and disadvantages. Introduces standard computer packages (SPSS, BMD, Minitab, etc.). **Prerequisite:** MATH 151 or 155 or 213. **Three hours per week.** Meets General Education IVB or IVC (Prior to Fall 2008: IIB or IIC).

362. THEORY OF COMPUTATION 3 hours credit
Applications of discrete mathematics to computer science and introduction to the theory of computation. Topics include automata and formal languages, computability by Turing machines and recursive functions, undecidability and computational complexity. Cross-listed as COSC 362. **Prerequisites:** COSC 120, MATH 210. **Three hours per week.**
spective. Considers contributions from diverse cultures as students examine the historical development of numbers and number systems, algebra, Euclidean and non-Euclidean geometries, calculus, discrete mathematics, statistics, probability, and measurements. **Prerequisite:** SCED 373 and MATH 441 or MATH 451. **Four hours per week.**

441. **ABSTRACT ALGEBRA I**  
**3 hours credit**  
Introduction to the theory of groups, rings, integral domains and fields, including basic properties of polynomials. **Prerequisite:** MATH 210 or 306 (both recommended). **Three hours per week.** Meets General Education IVB or IVC (Prior to Fall 2008: IIB or IIIc).

442. **ABSTRACT ALGEBRA II**  
**3 hours credit**  
Modern abstract algebra including such topics as rings, polynomials and fields. Other topics may include algebraic coding, Boolean algebras, symmetry and mathematical crystallography, applications of finite fields to computer science. **Prerequisite:** MATH 441. **Three hours per week.**

451. **ANALYSIS I**  
**3 hours credit**  
Modern abstract analysis including topology of the real number system, sequences, continuity and differentiability. **Prerequisites:** MATH 202, 210. **Three hours per week.**

452. **ANALYSIS II**  
**3 hours credit**  
Modern abstract analysis including such topics as convergence of infinite series, sequences of functions, metric spaces, integration, topology of the real number system and continuity. **Prerequisites:** MATH 310 and either MATH 210 or PHYS 309. **Three hours per week.**

458. **COMPLEX ANALYSIS**  
**3 hours credit**  
Introduction to complex variables accessible to juniors and seniors in mathematics and the physical sciences. Topics will include the algebra of the complex number system, analytic functions, contour integrals, elementary functions, sequences, series and residues. More advanced topics may include conformal mapping, the Schwarz-Christoffel transformation, integral formulas of the Poisson type and Riemann surfaces. **Prerequisites:** MATH 310 and either MATH 210 or PHYS 309. **Three hours per week.**

460. **OPERATIONS RESEARCH**  
**3 hours credit**  
Introduction to the fundamental problems of operations research. Topics include mathematical programming, network analysis, simulation, probabilistic decision models, queuing and inventory models. **Prerequisite or Corequisite:** MATH 306. **Three hours per week.**

465. **MATHEMATICAL MODELS AND APPLICATIONS**  
**3 hours credit**  
Mathematical basis for model building; examples of simple models for uncomplicated systems in biology, psychology, business and other fields; finite Markov process; models for growth process. **Prerequisite or Corequisite:** MATH 306. **Three hours per week.**

471. **NUMERICAL METHODS**  
**3 hours credit**  
Interpolation, functional approximation, numerical differentiation and integration, nonlinear equations, systems of linear equations, analysis of error. **Prerequisites:** COSC 117 or 118 or 120 and one of the following: MATH 306 or MATH 310 or MATH/PHYS 309. **Three hours per week.**

475. **INTRODUCTION TO DYNAMICS AND CHAOS**  
**3 hours credit**  
Topics include orbits, bifurcations, Cantor sets and horse-shoes, symbolic dynamics, fractal dimensions, notions of stability, flows and chaos. Includes motivation and historical perspectives, as well as examples of fundamental maps studied in dynamics and applications of dynamics. **Prerequisites:** MATH 202, 210. **Three hours per week.**

480. **HISTORY OF MATHEMATICS**  
**3 hours credit**  
Study of the chronological development of mathematics with emphasis on both the mathematical concepts and the principal contributors to the development of those concepts. **Prerequisite:** MATH 202 or 210 (both recommended). **Three hours per week.**

482. **COMPUTER GRAPHICS**  
**3 hours credit**  
Generate and manipulate graphic information using the computer. Emphasis on the analysis of fundamental problems associated with these activities and on the structured design of solutions. Cross-listed with COSC 482. May not be taken for credit if student has credit for COSC 482. **Prerequisites:** COSC 120 and MATH 306. **Three hours per week.**

490. **SPECIAL TOPICS**  
**3 hours credit**  
Enables study in specialized areas such as complex variables, logic, non-Euclidean geometry or other topics suggested by faculty or students. May be taken twice under different titles. **Prerequisites:** (For most topics) MATH 306, 310. **Three hours per week.**

493. **ADVANCED TOPICS IN STATISTICS**  
**3 hours credit**  
Study in specialized areas of statistics such as time series, stochastic processes, quality control designs and analyses or other topics suggested by faculty or students. May be repeated once under different subtitles. **Prerequisites:** MATH 213 and permission of instructor. **Three hours per week.**

495. **DIRECTED CONSULTING**  
**4 hours credit**  
Provides teams of 3-12 students with experience in using mathematical and computing tools to solve real-world problems posed by a client organization, such as a research institute, business or industry. Combines individual and group work and requires presentation of a written and oral report to the client organization and the department. Cross-listed with COSC 495. MATH/COSC 495 may be taken twice for a maximum of eight credit hours, but used only once toward a major in mathematics or computer science. **Prerequisite:** Invitation by the department chair. **Four hours per week. (P/F)**

500. **FOUNDATIONS OF NUMBER THEORY**  
**3 hours credit**  
Designed for mathematics teachers, with emphasis on the development of the real number system in elementary number theory. Graduate credit only. **Prerequisite:** One course in college mathematics or permission of instructor. **Three hours per week.**

501. **NUMBER THEORY FROM A MULTICULTURAL AND HISTORICAL PERSPECTIVE**  
**3 hours credit**  
Designed for middle-school teachers of mathematics, with emphasis on number systems, historical contexts, multi-cultural contributions to mathematics and middle-school curriculum. Graduate credit only. **Prerequisite:** Admission to graduate study. **Three hours per week.**

502. **APPLIED STATISTICS**  
**3 hours credit**  
The use of linear models in the analysis of data, starting with simple models and going to more complex models. Special attention given to the use and abuse of these models by researchers. Graduate credit only. **Prerequisite:** MATH 151 or 155 or 213. **Three hours per week.**
503. DATA ANALYSIS
3 hours credit
Designed for middle-school teachers of mathematics, with emphasis on the proper collection and analysis of data to draw meaningful conclusions. Descriptive statistics and statistical inference are both included. Explorations will be accomplished using computer software. Graduate credit only. Prerequisite: Admission to graduate study. Three hours per week.

506. SELECTED TOPICS
3 hours credit
Designed for students with a major in mathematics to develop topics in mathematics not included in their undergraduate program, or to extend areas previously studied. Specific topic may be indicated on transcript. May be taken twice under different course subtitles. Graduate credit only. Prerequisite: Department chair approval.

507. SEMINAR: ALGEBRA
3 hours credit
A seminar dealing with selected topics from linear and abstract algebra. A seminar paper is required. Graduate credit only. Prerequisite: Department chair approval.

508. SEMINAR: GEOMETRY
3 hours credit
A seminar dealing with selected topics from geometry. Topics which support course material in the secondary school curriculum will be included. A seminar paper is required. Graduate credit only. Prerequisite: Admission to graduate study. Three hours per week.

510. MATHEMATICAL REASONING
3 hours credit
Designed for middle-school mathematics teachers and others who want to enhance their capabilities in mathematical reasoning. Selected topics from discrete mathematics, including sets, logic and proof, relations, graphs, recursion and combinatorics, with a special focus on constructing and presenting well-organized arguments and justifications of mathematical statements. Graduate credit only. Prerequisite: Admission to graduate study (student does not have to be admitted to graduate program). Three hours per week.

512. THEORY OF NUMBERS
3 hours credit
Basic concepts: integers, prime numbers, divisibility, congruences and residues. Credit may not be received for more than one: MATH 402, MATH 512. Prerequisites: MATH 210 or 306 (both recommended), graduate standing required. Three hours per week.

513. MATHEMATICAL STATISTICS I
3 hours credit
Axioms and algebra of probability, discrete and continuous random variables, multivariate distributions, limit theorems. Credit may not be received for more than one: MATH 413, 513. Prerequisites: MATH 213, MATH 310, graduate standing required. Three hours per week.

514. MATHEMATICAL STATISTICS II
3 hours credit
Methods of estimating, properties of estimator, hypothesis testing, linear models, least squares, analysis of variance, enumerative data, nonparametric statistics. Credit may not be received for more than one: MATH 414, MATH 514. Prerequisites: MATH 413 or 513, graduate standing required. Three hours per week.

515. MATHEMATICAL MODELS AND APPLICATIONS
3 hours credit
Mathematical basis for model building; examples of simple models for uncomplicated systems in biology, psychology, business and other fields; finite Markov process; models for growth process. Credit may not be received for more than one: MATH 465, MATH 515. Prerequisites or Corequisites: MATH 306, graduate standing required. Three hours per week.

516. GEOMETRIC STRUCTURES
3 hours credit
Axiomatic development of incidence, ordered incidence, affine and absolute geometries; investigation of Euclidean and non-Euclidean geometries. Credit may not be received for more than one: MATH 406, MATH 516. Prerequisites: MATH 210, graduate standing required. Three hours per week.

520. MIDDLE-SCHOOL MATHEMATICS IN A TEACHING CONTEXT WITH INSTRUCTIONAL TECHNOLOGY
3 hours credit
Designed for middle-school teachers of mathematics, with emphasis on experimentation with instructional technology and the creation of middle-school curriculum that incorporates mathematical understandings developed in other graduate courses. Prerequisite: Admission to graduate study (student does not need to be admitted to a graduate program) Three hours per week.

530. DIRECTED RESEARCH
3 hours credit
Preparation of optional research project in a master’s program under departmental supervision. Graduate credit only.

531. MATHEMATICAL CONNECTIONS FOR SECONDARY SCHOOL TEACHERS
4 hours credit
Connects the undergraduate mathematical curriculum to the secondary mathematics curriculum by examining high school curriculum topics from an advanced and historical perspective with the goal of deepening understanding of mathematics required for teaching in secondary schools. Considers contributions from diverse cultures in the examination of historical development of numbers and number systems, algebra, Euclidean and non-Euclidean geometries, calculus, discrete mathematics, statistics, probability, and measurements. Prerequisite: Mathematics teaching experience. Four hours per week.

541. CONCEPTUAL ALGEBRA FOR TEACHERS
3 hours credit per week
Designed for middle-school mathematics teachers or those who wish to teach middle-school mathematics. Emphasis on conceptual aspects of algebra and the meanings that underlie it. Graduate credit only. Prerequisite: Admission to graduate study. Three hours per week.

551. ANALYSIS I
3 hours credit
Modern abstract analysis including topology of the real number system, sequences, continuity and differentiability. Prerequisites: MATH 202, 210, graduate standing required. Credit may not be received for more than one: MATH 451, MATH 551. Three hours per week.

552. ANALYSIS II
3 hours credit
Modern abstract analysis including such topics as convergence of infinite series, sequences of functions, metric spaces, integration, topology of the real number system and continuity. Credit may not be received for more than one: MATH 452, MATH 552. Prerequisites: MATH 451 or 551, graduate standing required. Three hours per week.

555. CARTESIAN TRIAD
3 hours credit
Designed for middle-school teachers of mathematics, with emphasis on the coordinate geometry of the Euclidean plane. Topics include functions, equations and inequalities, limit concepts and matrices. Hands-on exploration with computer soft-
ware is included in the course. Graduate credit only. **Prerequisite:** Admission to graduate study. **Three hours per week.**

558. **COMPLEX ANALYSIS**  
3 hours credit  
Introduction to complex variables accessible to juniors and seniors in mathematics and the physical sciences. Topics will include the algebra of the complex number system, analytic functions, contour integrals, elementary functions, sequences, series and residues. More advanced topics may include conformal mapping, the Schwarz-Christoffel transformation, integral formulas of the Poisson type and Riemann surfaces. **Prerequisites:** MATH 310 and MATH 210 or PHYS 309. **Three hours per week.**

560. **OPERATIONS RESEARCH**  
3 hours credit  
Introduction to the fundamental problems of operations research. Topics include mathematical programming, network analysis, simulation, probabilistic decision models, queuing and inventory models. Credit may not be received for more than one: MATH 460, MATH 560. **Prerequisite or Corequisite:** MATH 306, graduate standing required. **Three hours per week.**

561. **ABSTRACT ALGEBRA I**  
3 hours credit  
Introduction to the theory of groups, rings, integral domains and fields, including basic properties of polynomials. Credit may not be received for more than one: MATH 441, MATH 561. **Prerequisites:** MATH 210 or 306 (both recommended), graduate standing required. **Three hours per week.**

562. **ABSTRACT ALGEBRA II**  
3 hours credit  
Modern abstract algebra including such topics as rings, polynomials and fields. Other topics may include algebraic coding, Boolean algebras, symmetry and mathematical crystallography, applications of finite fields to computer science. Credit may not be received for more than one: MATH 442, MATH 562. **Prerequisites:** MATH 441 or 561, graduate standing required. **Three hours per week.**

565. **MATHEMATICAL MODELING FOR MIDDLE-SCHOOL TEACHERS**  
3 hours credit  
Designed for middle-school teachers of mathematics, with emphasis on expressing mathematical relationships found in the real world. The models studied will vary. Examples of technology to support the course include spreadsheets, simulation packages, graphing calculators and electronic devices to gather for laboratory exercises. Graduate credit only. **Prerequisite:** Admission to graduate study. **Three hours per week.**

566. **GEOMETRY: FROM EUCLID TO MODERN DAY**  
3 hours credit  
Designed for middle-school teachers of mathematics. Topics include axiomatic formulations, Euclidean and non-Euclidean geometry, spirals, symmetry, coordinate geometry, graphs, networks, fractals and geometry in art. Graduate credit only. **Prerequisite:** Admission to graduate study. **Three hours per week.**

571. **NUMERICAL METHODS**  
3 hours credit  
Interpolation, functional approximation, numerical differentiation and integration, nonlinear equations, systems of linear equations, analysis of error. Credit may not be received for more than one: MATH 471, MATH 571. **Prerequisites:** COSC 117 or 118 or 120 and one of the following: MATH 306 or MATH 310 or MATH/PHYS 309, graduate standing required. **Three hours per week.**

575. **INTRODUCTION TO DYNAMICS AND CHAOS**  
3 hours credit  
Introduction to mathematical dynamics and chaos. Topics include orbits, bifurcations, Cantor sets and horseshoes, symbolic dynamics, fractal dimension, notions of stability, flows and chaos. Includes motivation and historical perspectives, as well as examples of fundamental maps studied in dynamics and applications of dynamics. Credit may not be received for more than one: MATH 475, MATH 575. **Prerequisites:** MATH 202 or 210, graduate standing required. **Three hours per week.**

580. **HISTORY OF MATHEMATICS**  
3 hours credit  
Study of the chronological development of mathematics with emphasis on both the mathematical concepts and the principal contributors to the development of those concepts. Credit may not be received for more than one: MATH 480, MATH 580. **Prerequisites:** MATH 202 or 210 (both recommended), graduate standing required. **Three hours per week.**

582. **COMPUTER GRAPHICS**  
3 hours credit  
Generate and manipulate graphic information using the computer. Emphasis on the analysis of fundamental problems associated with these activities and on the structured design of solutions. Cross-listed with COSC 482/582. Credit may not be received for more than one: COSC 482, COSC 582, MATH 482, MATH 582. **Prerequisites:** COSC 120, MATH 306, graduate standing required. **Three hours per week.**

590. **SPECIAL PROBLEMS IN MATHEMATICS**  
3 hours credit  
Individually designed programs including summer workshops and special seminars. Specific topic indicated on transcript. May be taken twice under different course subtitles. Graduate credit only. **Prerequisite:** Permission of instructor.

593. **ADVANCED TOPICS IN STATISTICS**  
3 hours credit  
Study in specialized areas of statistics such as time series, stochastic processes, quality control designs and analyses or other topics suggested by faculty or students. May be repeated once under different course subtitles. Graduate credit only. **Prerequisites:** MATH 213, permission of instructor, graduate standing required. **Three hours per week.**

**MEDICAL LABORATORY SCIENCE (MDTC)**

101. **SAFETY IN THE BIOLOGICAL, CHEMICAL AND CLINICAL LABORATORY**  
1 hour credit  
Review of laboratory safety. Summary of government laws and regulatory bodies and their effect on lab policy. Illustrations of proper procedures for laboratory hazards. Topics include chemicals, infectious microbes, animals, fire, electrical equipment, radiation, glassware and compressed gases. Training in the use of safety equipment, protective clothing and general first aid. Student may not earn credit for both MDTC 101 and BIOL 115. **One hour per week.**

201. **MEDICAL PHYSIOLOGY**  
4 hours credit  
Presentation of human physiology at the cell and organ levels to include the nervous, skeletalmuscular, cardiovascular, excretory, digestive, respiratory and endocrine systems. Emphasis on normal function and medical relevance. Students may not earn credit for BIOL 214 and MDTC 201. This course will not count for credit in the biology major. **Prerequisite:** BIOL 101 or 210 or permission of instructor. **Three hours lecture, two hours laboratory per week.**
300. PRINCIPLES OF MEDICAL LABORATORY SCIENCE
4 hours credit
Introduction to medical laboratory science including use of laboratory equipment, safety, ethics, diagnostic and prognostic use of testing, specimen collection and handling, statistics, quality assurance and quality control, microscopy, particle counting techniques, components of blood, spectrophotometry and methods comparison, lab math, lab computerization, and professional communication methods. Prerequisites: CHEM 121 and 122, BIOL 215 and 216 or BIOL 210 and MDTC 201, and admission to the major; or permission of instructor. Three hours lecture, two hours laboratory per week.

301. HEMATOLOGY I
4 hours credit
Hematopoiesis, red blood cell production and destruction, non-neoplastic leukocyte disorders and lupus erythematosus; blood cell metabolism and hemoglobin synthesis. Laboratory focuses on normal/abnormal patient differentiation using CBC, microscopic analysis and clinical correlations. Prerequisite: MDTC 300 and 331 or permission of instructor. Three hours lecture, three hours laboratory per week.

311. CLINICAL MICROBIOLOGY I
4 hours credit
Study of bacteria causing disease in humans, with emphasis on methods used for isolation and identification of clinically significant organisms. Review of classification, physiology, biochemistry of, and host response to, infectious organisms. Prerequisites: BIOL 211, MDTC 300, 331. Three hours lecture, three hours laboratory per week.

331. DIAGNOSTIC IMMUNOLOGY
4 hours credit
Basic biology and pathological disorders of the human system are reviewed. Presentation and performance of medical laboratory and techniques for clinical diagnosis utilizing immunochemical, molecular and automated techniques. Prerequisites/Corequisite: MDTC 300 and admission to the major or permission of instructor. Three hours lecture and three hours laboratory per week.

341. CLINICAL BIOCHEMISTRY I
5 hours credit
Clinical analyses assayed on a routine basis in the clinical chemistry laboratory. Normal physiology and change of analyze in disease are presented related to carbohydrate, protein and mineral metabolism, liver, cardiac and pancreatic function, enzymology, electrolyte and acid-base balance; blood gases; body fluid analysis; and evaluation of kidney function via chemical and microscopic methods. Prerequisites: MDTC 300 and 331 or permission of instructor. Four hours lecture, three hours laboratory per week.

401. HEMATOLOGY II
3 hours credit
Lymphomas, leukemias, myeloproliferative and myelo-dysplastic syndromes, plasma cell dyscrasias, special hematology procedures and hemostasis. Topics include cytochemical staining, coagulation assays, bleeding disorders and quality control. Prerequisite: MDTC 301 or permission of instructor. Two hours lecture, three hours laboratory per week.

402. HEMATOLOGY III
3 hours credit
Advanced instruction and laboratory experience in hematology and coagulation. Lecture and laboratory conducted in a clinical laboratory under the supervision of registered laboratory scientists. Students apply knowledge of prerequisite coursework to the daily operation of the hematology laboratory. Prerequisite: MDTC 401 or permission of instructor. Five hours lecture, 35 hours laboratory per week.

403. URINE AND BODY FLUID ANALYSIS
1 hour credit
Advanced study of the physical, chemical and microscopic analysis of urine and body fluids under the supervision of registered laboratory scientists in a clinical setting. Students apply knowledge of prerequisite coursework to daily operation to include instrument training, quality assurance and significance of normal and abnormal results. Prerequisite: MDTC 341 or permission of instructor. Five hours lecture, 35 hours laboratory per week.

411. CLINICAL MICROBIOLOGY II
4 hours credit
Study of human bacterial, viral, fungal and parasitic pathogens. Emphasis on body sites where these pathogens cause disease, antibiotic susceptibility testing, and on microscopic, biochemical, automated and molecular methods utilized to identify them. Prerequisite: MDTC 311 or permission of instructor. Three hours lecture, three hours laboratory per week.

412. CLINICAL MICROBIOLOGY III
3 hours credit
Advanced study of clinical microbiology conducted in a clinical setting under the supervision of registered laboratory scientists. Students apply knowledge of prerequisite courses to the operation of automated equipment, processing and interpretation of routine, fungal and mycobacterial cultures, antimicrobial susceptibility testing, virology, parasitology specimens and quality control. Prerequisite: MDTC 411 or permission of instructor. Five hours lecture, 35 hours laboratory per week.

413. CLINICAL IMMUNOLOGY
1 hour credit
Advanced study of diagnostic immunology in a clinical setting under the supervision of registered laboratory scientists. Students apply knowledge of prerequisite coursework to problems of instrumentation, quality assurance and significance of normal and abnormal results. Prerequisites: MDTC 331, 411 or permission of instructor. Five hours lecture, 35 hours laboratory per week.

431. INTRODUCTION TO TRANSFUSION SERVICES
3 hours credit
Lecture and laboratory related to the study of blood group antigens, antibodies and transfusion therapy. Topics include antigen typing, atypical antibody identification, donor screening and phlebotomy, component preparation and therapy, cell metabolism and preservation, HLA typing and paternity testing, quality control, hazards of transfusion and medicolegal issues. Prerequisites: MDTC 301, 331 or permission of instructor. Two hours lecture, three hours laboratory per week.

432. CLINICAL PRACTICE IN TRANSFUSION SERVICES
3 hours credit
Advanced instruction and laboratory experience in immunohematology. Lecture and laboratory conducted in a transfusion service under the supervision of registered laboratory scientists. Students apply knowledge of prerequisite coursework to the daily operation of a transfusion service laboratory including component therapy, cellular antigen and antibody identification and compatibility testing, transfusion risks, and quality control. Prerequisite: MDTC 431 or permission of instructor. Five hours lecture, 35 hours laboratory per week.

441. CLINICAL BIOCHEMISTRY II
4 hours credit
Advanced clinical chemistry topics including immunochemistry, radioactivity, chromatography, toxicology, therapeutic drug monitoring, quality control and method evaluation. Emphasis related to human endocrinology, gastric and muscle function, genetic defects, vitamin and lipid metabolism.
Prerequisite: MDTC 341 or permission of instructor. Three hours lecture, three hours laboratory per week.

442. AUTOMATED CLINICAL CHEMISTRY
2 hours credit
Advanced study of clinical chemistry, respiratory therapy and computer operations in a clinical setting under the supervision of registered laboratory scientists. Students apply knowledge from prerequisite courses to the operation of automated and manual equipment, troubleshooting, assessment of normal and abnormal values as related to routine analyze pathology, assurance of accuracy and precision of laboratory data. Prerequisites: MDTC 341, 441 or permission of instructor. Five hours lecture, 35 hours laboratory per week.

443. SPECIAL CLINICAL CHEMISTRY
3 hours credit
Advanced instruction and laboratory experience in specialized clinical chemistry. Lecture and laboratory conducted in a clinical laboratory under the supervision of registered laboratory scientists. Students apply knowledge of prerequisite coursework to the daily operation of the clinical laboratory to include operation of automated and manual equipment, troubleshooting, assessment of normal and abnormal laboratory data as related to pathology for analytes measured on a non-routine basis. Study of specialized procedures involving endocrinology and therapeutic drug monitoring. Prerequisites: MDTC 341, 441 or permission of instructor. Five hours lecture, 35 hours laboratory per week.

461. ORGANIZATION AND MANAGEMENT OF THE LABORATORY
2 hours credit
Lecture and practical applications of theories of management and administration to the organization of the clinical laboratory. A unit on education including educational theory, adult education and continuing education. Students prepare written reports on projects concerning these topics throughout the course. Topics include medicolegal issues, impacts of federal regulations on health care, and budget and finance. Prerequisite: Senior standing in major or permission of instructor. Two hours per week.

470. RESEARCH METHODS IN MEDICAL LABORATORY SCIENCE
1 hour credit
An introduction to methods in research design/practice with emphasis on evaluation of published laboratory science research literature for the purpose of research design, publication and presentation. Should be taken the fall semester prior to MDTC 471. Prerequisites: Senior standing in major, permission of instructor. One hour per week.

471. CLINICAL SEMINAR
1 hour credit
Capstone experience including case studies, seminars, interdisciplinary lab operations, comprehensive evaluations and phlebotomy competence. Prerequisite: Senior standing in major. Two and one-half hours per week.

498. INDEPENDENT STUDY
1-3 hours credit
Intensive study in a specific area of medical laboratory technology negotiated between student and faculty member. May be taken twice under different course subtitles. Prerequisite: Permission of instructor. Lecture, laboratory hours per week depend on topic.

MILITARY SCIENCE (MLSC)

105. INTRODUCTION TO LEADERSHIP I
1 hour credit
Study of concepts of leadership and management skills at basic organizational levels. Topics include leadership principles, basic management strategies, physical fitness and time management. Designed to give an accurate insight into the Army profession and the officer’s role within the Army. Material covered combines both civilian and military principles and concepts. Prerequisite: Enrolled in the Army ROTC program. One hour per week.

106. INTRODUCTION TO LEADERSHIP II
1 hour credit
Examines leadership and management. Introduces concepts of leadership and management. Introduces issues and competencies that are central to the responsibilities of a commissioned officer. Addresses life skills including physical fitness and time management. Prerequisite: Enrolled in the Army ROTC program. One hour per week.

205. BASIC LEADERSHIP I
1 hour credit
Foundations of basic leadership designed to provide students with the skills, knowledge and attributes necessary to become great leaders within their community and nation. Examines the definition and tenets of leadership; examines the importance of ethical decision making in a setting positive climate to enhance core values and team performance; and applies lessons from leadership case studies to explore effective utilization of communication, problem-solving and decision-making skills. Prerequisite: Enrolled in the Army ROTC program. One hour per week.

206. BASIC LEADERSHIP II
1 hour credit
Examines communication, problem solving, decision-making, writing and briefing skills. Develops teambuilding cohesion to gain a basic foundation of tactical leadership based on the Army core values. Prerequisite: Enrolled in the Army ROTC program. One hour per week.

305. TACTICAL LEADERSHIP I
2 hours credit
Learn adaptive leadership skills and use self-awareness and critical thinking skills to address challenging scenarios related to small unit tactical operations. Gain practice in providing effective constructive criticism as a team leader as well as developing interpersonal skills for working as an effective team player. Prerequisite: Enrolled in the Army ROTC program. Two hours per week.

306. TACTICAL LEADERSHIP II
2 hours credit
Exposes adaptive leadership skills. Develops self awareness and critical thinking skills through study of challenging scenarios related to small unit tactical operations. Prerequisite: Enrolled in the Army ROTC program. Two hours per week.

405. ADVANCED LEADERSHIP I
2 hours credit
Practice leadership skills as they lead the Cadet battalion. Responsibilities include conducting staff and training meetings, preparing written and oral operations orders, and supervising the execution of leadership plans. Work to enhance administrative skills, improve communication skills as it relates to leadership abilities and apply decision-making skills to assess situations for the purpose of making effective decisions. Prerequisites: Enrolled in the Army ROTC program. Two hours per week.

406. ADVANCED LEADERSHIP II
2 hour credit
Examines the importance of values and ethics, personal development, and leadership skills. Practical leadership skills practiced as a leader within the Fighting Blue Hen Battalion. Prerequisite: Enrolled in the Army ROTC program. Two hours per week.
MODERN FOREIGN LANGUAGES (MDFL)

101. ELEMENTARY LANGUAGE STUDY I
4 hours credit
Exploration and study of languages not normally in the fixed curriculum. May be repeated once under a different subtitle. Three hours per week with enhancement. Meets General Education IIIA or IICC (Prior to Fall 2008: IB).

102. ELEMENTARY LANGUAGE STUDY II
4 hours credit
Second semester opportunity for exploration and study of languages not normally offered in the fixed curriculum. May be repeated once under a different subtitle. Three hours per week with enhancement. Meets General Education IIIA or IICC (Prior to Fall 2008: IB).

111. ELEMENTARY SIGN LANGUAGE I
4 hours credit
Beginning study of American Sign Language including the culture of deaf people. Three hours per week with enhancement. Meets General Education IIIA or IICC (Prior to Fall 2008: IB).

112. ELEMENTARY SIGN LANGUAGE II
4 hours credit
Continuation of skill development and vocabulary and sign acquisition of American Sign Language including the culture of deaf people. Prerequisite: MDFL 111 or one year of high school sign language or equivalent experience. Three hours per week with enhancement. Meets General Education IIIA or IICC (Prior to Fall 2008: IB).

241. THE FRENCH PEOPLE
4 hours credit
Study of contemporary French culture. The uniqueness of French mentality is studied through the language, the traditions and customs of the people. Taught in English. Three hours per week with enhancement. Meets General Education IIIA or IICC (Prior to Fall 2008: IB).

245. THE GERMAN PEOPLE
4 hours credit
Cross-cultural approach to the study of the German culture through the language, traditions and the lifestyle of the people. Taught in English. Three hours per week with enhancement. Meets General Education IIIA or IICC (Prior to Fall 2008: IB).

246. THE RUSSIAN PEOPLE
4 hours credit
Focus on the people of Russia. Major topics include culture, politics, nationalism, health care, education, religion, ethnic conflict. Provides students with a well rounded view of Russian society as it exists today. Taught in English. Three hours per week with enhancement. Meets General Education IIIA or IICC (Prior to Fall 2008: IB).

248. STUDIES IN CONTEMPORARY CULTURES
4 hours credit
Exploration and study of the ways of life and contemporary culture of peoples of the industrialized world not normally studied as a part of the fixed curriculum. May be repeated once under a different subtitle. Taught in English. Three hours per week with enhancement. Meets General Education IIIA or IICC (Prior to Fall 2008: IB).

300. STUDIES IN FRENCH LITERATURE IN TRANSLATION
4 hours credit
Study of an author, period, movement, genre or theme. Topic varies semester to semester. Taught in English. May be repeated once with new content and different subtitle. Prerequisite: ENGL 102 or 103 or permission of department chair. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

399. INTERNATIONAL FIELD STUDY
1-8 hours credit
On-site study of the geography, history and culture of selected foreign countries. Work in field preceded by pre-tour lectures. May be repeated with new content and different subtitle.

MUSIC (MUED, MUMT, MUSA, MUSC)

MUED

319. TECHNOLOGY IN MUSIC EDUCATION
1 hour credit
Overview of the essential role of music technology in education. Techniques for using music technology in teaching music are explored. Prerequisite: Admission to Professional Teacher Education Program or permission of instructor. Two hours per week.

MUMT

200. INTRODUCTION TO THE MUSIC BUSINESS AND INDUSTRY
4 hours credit
Examine how the music industry operates, delving into a wide range of areas such as publishing, record labels, retail, agents and managers, and looking at current issues in the industry. Explore entrepreneurship in the music industry. Create a practical music business with an accompanying detailed business plan. Examine the current music industry from the perspective of an existing music business. Using traditional as well as new technological tools, explore and create strategies that can assist in strengthening existing businesses, discussing techniques and practices of operations, marketing, finance and other management sectors. Non-profit organizations are examined. Three hours per week with enhancement.

234. BEGINNING AUDIO PRODUCTION
4 hours credit
Covers the basic skills and techniques required for audio production in media. Emphasis is on the aesthetics, principles and practices in producing and designing audio program for media. Cross listed with CMAT 234. Prerequisite: C or better in CMAT 131. Three hours per week with enhancement.

300. EAR TRAINING FOR RECORDING ENGINEERS
1 hour credit
Critical listening skills are developed through class demonstration and ear-training exercises. Specific skills include hearing and discriminating frequencies, mixes, etc. while listening musically to various production styles. The ear, the mechanics of hearing and how the brain interprets sound are explored. Critical definition of what constitutes good versus bad sound and how to incorporate the definition into music production are discussed. Deep listening skills are developed. Prerequisite: MUSC 311, 312. Two hours per week.

354. ADVANCED AUDIO PRODUCTION
4 hours credit
Intensive advanced level audio production course. Advances broad audio knowledge and production abilities in creative sound recording/mixing/processing/editing and sound design. Emphasizes audio for media, applied media aesthetics, sound design, creative and artistic approaches to various
types of sophisticated audio production including music recording, radio production and audio for other media—video, film, new media. Cross listed with CMAT 354. Prerequisite: MUMT 234/CMAT 234. Three hours per week with enhancement.

400. MUSIC ACOUSTICS
3 hours credit
Provides a broad overview of various aspects of acoustics. Musical acoustics is a very unique area of study where both science and music unite. Explore the science of sound and how the ear responds to it. The study of sound generated from various types of musical instruments, the human voice, real world acoustical experiences, electronic-generated sound and their application to musical acoustics are explored. Prerequisite: PHYS 121. Three hours per week.

495. INTERNSHIP IN MUSIC TECHNOLOGY
4 hours credit
Provides an occupational setting that relates to students’ career aspirations in the music technology field. Workplace duties are negotiated with an employer who serves as mentor and supervisor. Provides an outlet for students to gain practical, hands-on experience in a professional setting by applying theoretical, technical and musical skills learned in previous coursework. Prerequisite: Senior standing and permission of department. Four hours per week.

MUSA

100. UNIVERSITY CHORALE
1 hour credit
A non-auditioned ensemble of mixed SATB voices which performs a variety of choral literature from all style periods. Sight-reading fluency and small ensemble work are achieved in rehearsals. Some singing ability and understanding of musical notation expected. Fulfills large ensemble requirement for majors. Three hours per week.

101. UNIVERSITY BAND
1 hour credit
Non-auditioned ensemble open to all University wind and percussion students who wish to continue their performance experience at the university level. Performances include select athletic events, on-campus functions and special activities. Two hours per week.

102. JAZZ ENSEMBLE AND IMPROVISATION
1 hour credit
Study and performance of a variety of jazz styles, including swing, bebop, cool, hard bop, contemporary, blues, fusion and Latin in big band and small and large combo contexts. Study and application of improvisation skills as an integral part of the ensemble experience. Open to all students and community players. Fulfills large ensemble requirement for music major and minor. Performance background, sight-reading skills preferred. Prerequisite: Placement audition required. Contact instructor immediately after registration. Three hours per week.

103. CHAMBER MUSIC ENSEMBLES
1 hour credit
Study, rehearsal and performance of selected works for small ensembles, both vocal and instrumental (designated by the department for any given semester). Advanced students with prior performing experience and full-time undergraduate students only. Prerequisites: Audition, approval of the instructor/departments in writing. Two hours per week.

104. MUSICAL THEATRE WORKSHOP
1 hour credit
Research, study, rehearse and perform songs (duets, trios, small ensembles and choruses) and scenes from American musical theatre. Study of vocal and audition techniques, performance practice, staging, “characterizing” a song, musical theatre styles and performance etiquette. Open to all students. Fulfills large ensemble requirement for music major and ensemble requirement for music minor. Prerequisite: Audition. Three hours per week.

105. SYMPHONY ORCHESTRA
1 hour credit
Study and performance of standard orchestral literature and contemporary compositions. Repertoire may also include chamber orchestra/chamber wind literature as well. The orchestra is a full-size symphonic ensemble comprised of students, faculty, professionals and community players. Fulfills large ensemble requirement for music minor. Prerequisite: Non-string players need permission from instructor. Three hours per week.

106. CHAMBER CHOIR
1 hour credit
Selected choral ensemble whose members assume individual responsibility for professionalism, commitment, awareness of musical objectives and excellence in performance. Attendance at all rehearsals mandatory; outside preparation required to equalize differing levels of ability. Open to all students by audition only. Fulfills small ensemble requirement for majors. Three hours per week.

107. CONCERT BAND
1 hour credit
Select ensemble of wind and percussion instrumentalists. Performance of “chamber” and “large” ensemble repertoire spanning all musical epochs. Open to all majors. Fulfills large ensemble requirement for majors. Attendance at all rehearsals and performances is mandatory. Three hours per week.

108. CLASS VOICE I
1 hour credit
Introduction to vocal techniques through voice placement, breathing, tone production and diction. Recommended for the general student as well as students interested in musical theatre and communication arts. Includes introduction to art song literature and musical theatre repertoire. Two hours per week.

110. SALISBURY CHORALE
1 hour credit
Salisbury Chorale is a mixed—soprano, alto, tenor, bass—choral ensemble whose membership is comprised of persons from the community and University faculty, staff and students. Members assume individual responsibility for professionalism, commitment, awareness of musical objectives and excellence in performance. Provides an opportunity for all members of the greater community to sing the masterworks of choral literature. Two hours per week.

131. ACCOMPANYING
1 hour credit
Designed for ensemble work in instrumental and vocal studies. Two semesters required for majors with keyboard emphasis. Prerequisite: Permission of instructor. Two hours per week.

138. APPLIED MUSIC I
1-2 hours credit
Study of fundamental skills appropriate to the instrument or voice with survey of basic literature. Prerequisite: Entrance audition, permission of department chair. Corequisite: MUSA 391. One half-hour meeting per week per credit.

139. APPLIED MUSIC II
1-2 hours credit
Continues MUSA 138 with study of fundamental voice or instrument skills and survey of relevant literature. Prerequisite: Successful panel evaluation at the conclusion
of MUSC 138. Corequisite: MUSA 391. One half-hour meeting per week per credit.

205, 206. CLASS PIANO I AND II
1 hour credit each
Group piano instruction with individual help. To develop fundamental piano skills for students with little or no piano experience. Basic skills included are reading, harmonization, transposition, improvisation and compositional techniques. Each course may be repeated once for credit. Prerequisite: MUSC 201 or equivalent; Piano I a prerequisite to Piano II. Two hours per week.

209, 210. CLASSICAL GUITAR I AND II
2 hours credit each
Fundamentals of six-string guitar techniques, chords and basic classical guitar using musical notation, accompaniment styles, melodies and appropriate literature. Each may be repeated once for credit. Prerequisite: None for Guitar I. Guitar I is a prerequisite to Guitar II. Two hours per week.

213. SINGER’S DICTION I
1 hour credit
Introduction to the international phonetic alphabet (IPA) and the application of English and Italian diction to contemporary English and 18th century Italian art song literature. Required for all voice majors. Corequisite: Applied voice study. Two hours per week.

214. SINGER’S DICTION II
1 hour credit
Continued study of diction through application of the international phonetic alphabet (IPA) and German and French diction to German “Lieder” and French “Melodies.” Required for all voice majors. Prerequisite: MUSA 213. Corequisite: Applied voice study. Two hours per week.

238. APPLIED MUSIC III
1-2 hours credit
Continues MUSA 139 with study of fundamental voice or instrument skills and survey of relevant literature. Prerequisite: Successful panel evaluation at the conclusion of MUSA 139. Corequisite: MUSA 391. One half-hour meeting per week per credit.

239. APPLIED MUSIC IV
1-2 hours credit
Continues MUSA 238 with study of fundamental voice or instrument skills and survey of relevant literature. Prerequisite: Successful panel evaluation at the conclusion of MUSA 238. Corequisite: MUSA 391. One half-hour meeting per week per credit.

338. APPLIED MUSIC V
1-2 hours credit
Continues MUSA 239 with study of fundamental voice or instrumental skills and survey of relevant literature. Prerequisite: Successful panel evaluation at the conclusion of MUSA 239. Corequisite: MUSA 391. One half-hour meeting per week per credit.

339. APPLIED MUSIC VI
1-2 hours credit
Continuation of MUSA 338. Prerequisites: Successful panel evaluation at the conclusion of MUSA 338, permission to prepare for a public recital. Corequisite: MUSA 391. One half-hour meeting per week per credit.

390. APPLIED STUDY
1-2 hours credit
Individual studio lessons in an instrument or voice as a minor specialty. Open to majors and non-majors. Repeatable under all sections. Prerequisite: Permission of instructor. One-half our meeting per week per credit.

391. PERFORMANCE CLASS
0 credit
Designed as a repertory and performance preparation class for all music majors. All majors are required to take this class while studying their major applied area in the following courses: MUSA 138, 139, 238, 239, 338, 339, 438, 439 or 390. One hour per week.

438. APPLIED MUSIC VII
2 hours credit
Continues MUSA 339 with study of fundamental voice or instrument skills and survey of relevant literature. Prerequisite: Successful panel evaluation at the conclusion of MUSA 339. Corequisite: MUSA 391. One half-hour meeting per week per credit.

439. APPLIED MUSIC VIII
2 hours credit
Continuation of MUSA 438 with a concentration on selected literature appropriate for a public recital. Must be approved by chair. Prerequisite: Successful panel evaluation at the conclusion of MUSA 339. Corequisite: MUSA 391. One half-hour meeting per week per credit.

501. SYMPHONY ORCHESTRA
1 hour credit
Research and performance of major works in orchestral literature. Prerequisite: Audition. Four hours rehearsal per week.

502. SYMPHONY ORCHESTRA
1 hour credit
Continued research and performance of major works in the field of orchestral literature. Prerequisite: Audition. Four hours rehearsal per week.

503. SYMPHONY ORCHESTRA
1 hour credit
Research and performance of major works in the field of orchestral literature using advanced conducting techniques. Prerequisite: Audition. Four hours studio per week.

507. CHAMBER CHOIR
1 hour credit
Research and performance of major works in choral literature. Prerequisite: Audition. Four hours rehearsal per week.

508. CHAMBER CHOIR
1 hour credit
Continued research and performance of major works in the field of choral literature. Prerequisite: Audition. Four hours rehearsal per week.

509. CHAMBER CHOIR
1 hour credit
Research and performance of major works in the field of choral literature using advanced conducting techniques. Prerequisite: Audition. Four hours rehearsal per week.

516. WIND ENSEMBLE
1 hour credit
Research and performance of major works in wind ensemble literature. Prerequisite: Audition. Four hours rehearsal per week.

517. WIND ENSEMBLE
1 hour credit
Continued research and performance of major works in the field of wind ensemble literature. Prerequisite: Audition. Four hours rehearsal per week.

518. WIND ENSEMBLE
1 hour credit
Research and performance of major works in the field of wind ensemble literature using advanced conducting techniques. Prerequisite: Audition. Four hours rehearsal per week.
538. APPLIED MUSIC IX
1-2 hours credit
Individual studio instruction providing a graduate extension of an undergraduate major performing area. Prerequisite: Audition.

539. APPLIED MUSIC X
1-2 hours credit
Continued individual studio instruction at graduate level in a major performing area. Prerequisites: Audition, MUSA 538.

540. APPLIED MUSIC XI
1-2 hours credit
Continued individual studio instruction at graduate level in a major performing area. Prerequisites: Audition, MUSA 539.

541. APPLIED MUSIC XII
1-2 hours credit
Continuation of MUSA 540 with a concentration in advanced literature appropriate for a graduate-level recital. Prerequisites: Audition, MUSA 540.

MUSC

112. CREATIVITY AND ELECTRONIC /ACOUSTIC MUSIC
4 hours credit
Stylistic, technical and intuitive aspects of music examined through listening, discussion and creative exercises. Students explore their creative potential in music and are familiarized with newer techniques of composition including synthesized music. Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).

114. MUSIC APPRECIATION
4 hours credit
A general historical survey of musical styles and genres from around the world. Topics may include Western classical music, non-Western cultures, folk music and jazz. May not be repeatable for credit under different topics. Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).

201. INTRODUCTION TO MUSIC THEORY
4 hours credit
Principles of music construction based on a historical perspective of music theory in Western culture. Emphasis on the nature of modes and/or tonal centers and the organization of melody, harmony and voice leading utilizing basic elements of keys, scales, chords, notation and ear training. Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).

202. INTRODUCTION TO MUSIC TECHNOLOGY
4 hours credit
A broad overview of various hardware and software applications in music. Through composition and presentation projects, online forums, Web page design and other forms of production, explore historical and current uses of music and technology. Basic consideration of ethical, aesthetic, economic and social issues involving music technology also are explored. Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).

203. THEORY I
3 hours credit
Intermediate music fundamentals including rhythm, basic melodic and harmonic relationships, voice leading, harmonic function and basic composition. Prior knowledge of music notation key signatures, scales and triads recommended. Prerequisites: MUSC 201 for non-majors and permission of instructor. Three hours per week.

204. THEORY II
3 hours credit
Continuation of MUSC 203 with added emphasis on voice leading with complex diatonic chords, localized musical formal features, non-chord tones, analysis and composition. Prerequisite: MUSC 203 or permission of instructor. Three hours per week.

210. SPECIAL TOPICS IN MUSIC
4 hours credit
An introductory course on a special topic in music. Topics include emphases on specific genres and sub-genres such as Western classical, world music, folk music, jazz, rock, blues and other music history, musicology and interdisciplinary topics. Prior musical experience and/or knowledge is helpful but not necessary. May be taken three times under different course titles. Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).

215. INSTRUMENTAL TECHNIQUES-WOODWINDS
1 hour credit
Introduction of traditional woodwind instruments and their development in the Western culture. Basic cognitive and psychomotor techniques that involve instrument handling, embouchure, breathing, articulation and fingering combinations are discussed, practiced and demonstrated. Prerequisite: Music major or permission of instructor. Two hours per week.

216. INSTRUMENTAL TECHNIQUES-PERCUSSION
1 hour credit
Introduction to traditional percussion instruments and their development in Western culture. Basic cognitive and psychomotor techniques that involve proper handling and traditional performance practices are discussed, practiced and demonstrated. Prerequisite: Music major or permission of instructor. Two hours per week.

217. INSTRUMENTAL TECHNIQUES-STRINGS
1 hour credit
Introduction to traditional orchestral string instruments and their development in Western culture. Basic cognitive and psychomotor techniques involving instrument handling, bowing, finger patterns and shifting are discussed, practiced and demonstrated. Prerequisite: Music major or permission of instructor. Two hours per week.

218. INSTRUMENTAL TECHNIQUES-BRASS
1 hour credit
Introduction to traditional brass instruments and their development in Western culture. Basic cognitive and psychomotor techniques that involve embouchure, breathing, articulation, fingering combinations and tone production are discussed, practiced and demonstrated. Prerequisite: Music major or permission of instructor. Two hours per week.

220. INTRODUCTION TO MUSIC OF THE WORLD
4 hours credit
Introduction to world musical traditions and practices, such as Africa, China, India, Japan and the Americas. Ability to read music is not necessary. Open to non-music majors, music majors and minors. Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).

221. BLUES; ROOTS OF ROCK AND ROLL
4 hours credit
The study of the development of blues as a song style and the effect it has on modern American music. Traces the historical origins and traditions that developed into a style of its own and the influence the blues had on rock and roll, gospel, country R&B and soul. Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).
222. POPULAR MUSIC AFTER 1945
4 hours credit
An historical survey of pop, rock and soul music from the 1920s to the present. The student will develop an understanding of the different musical styles as well as the social and cultural issues associated with each. Prior knowledge of music is helpful but not required. Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).

225. MUSIC AND LANDSCAPE
4 hours credit
An introduction to the study of landscape interpretations through music analysis. Focuses on the study of 'soundscapes' as aural dimension to the study of past, present or imagined places. No prior knowledge of music or cultural geography is required. Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).

230. MUSIC FOR CHILDREN
4 hours credit
Introduction to the role of music in the lives of children. Emphasizes the acquisition of musical skills, experiences and information needed to help students become nurturing, self-directed and competent facilitators of musical experiences in the lives of children. Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).

301. JAZZ THEORY
4 hours credit
An introduction to jazz melody and harmony with particular emphasis on the innovations of bebop and its resultant styles. A historical perspective, analytical approaches to harmony and melody and short compositional and arranging exercises provide students with the tools to synthesize materials. Prerequisite: MUSC 201 or permission of instructor. Three hours per week with enhancement.

303. THEORY III
3 hours credit
Study of chromatic harmonies and their voice leading tendencies and modulation with added emphasis on analysis, composition and musical interpretation. Prerequisite: MUSC 204 or permission of instructor. Three hours per week.

304. THEORY IV
3 hours credit
Theories of advanced chromaticism in late Romantic and 20th-century music. Study of analytical and compositional techniques used to interpret uniquely structured neotonal, nontonal and atonal music. Prerequisite: MUSC 303 or permission of instructor. Three hours per week.

305, 306. MUSIC HISTORY I AND II
3 hours credit each
A historical survey of musical style from the earliest times to the present. Music History I covers music from Gregorian chant through the Baroque period. Music History II covers music from the Pre-Classical through the Modern periods. Non-Western music is also included in both classes. Analysis, listening and discussion of music in a cultural context is covered. Ability to read music is necessary. Prerequisite: Permission of instructor for non-music majors. Three hours per week. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).

308. INSTRUMENTAL TECHNIQUES AND METHODS
2 hours credit
Designed to examine techniques for administering a school instrumental music program. Emphasizes rehearsal techniques, literature, material for school use and the role of instrumental music in the public and the development of skills for teaching beginning instrumentalists. Prerequisite: Permission of instructor. It is recommended students have taken one or more of the following: MUSC 215, 216, 217 or 218. Two hours per week.

309. CHORAL TECHNIQUES AND METHODS
2 hours credit
Designed to examine rehearsal techniques for developing appropriate diction, tone, production, intonation, phrasing and interpretation in a choral ensemble. Explores the examination of materials, methods and procedures in organizing school choral ensembles. Prerequisite: Permission of instructor. Two hours per week.

310. CONDUCTING AND SCORE READING
1 hour credit
Application of basic conducting patterns in expressing a variety of styles, dynamics and tempi; analysis of conductor's score and rehearsal techniques in both choral and instrumental music. Prerequisite: Permission of instructor. Two hours per week.

311. MUSIC PERCEPTION I
1 hour credit
Develops the ability of the musician to visually and aurally perceive fundamentally organized musical events for the purpose of accurately performing and notating them. Focuses on the prominent musical constructs, including all aspects of simple melody, simple harmony and progression and basic rhythm. Prerequisite: MUSC 201 or proficiency equivalence. Corequisite: MUSC 203. Two hours per week.

312. MUSIC PERCEPTION II
1 hour credit
Develops the ability of the intermediate musician to visually and aurally perceive organized musical events for the purpose of accurately performing and notating them. Melodic materials outline diatonic chords and large functional progressions embellished by light chromaticism. Harmonic study culminates in inverted diatonic seventh chords being contextualized within tonic, dominant preparation and dominant relationships. Rhythmic materials explore such concepts as syncopation in complex compound meters and two-against-three patterns. Prerequisites: MUSC 203 and 311 or proficiency equivalence. Corequisite: MUSC 204. Two hours per week.

313. MUSIC PERCEPTION III
1 hour credit
Develops the ability of the intermediate musician to visually and aurally perceive complex musical events for the purpose of accurately performing and notating them. Melodic materials explore chromatic alterations within the tonal contexts of the secondary functions and modulation. Harmonic study emphasizes secondary functions and modulations to closely related keys. Meter changes, simple metric modulations and simple polyrhythms are considered. Prerequisites: MUSC 204 and 312 or proficiency equivalence. Corequisite: MUSC 303. Two hours per week.

314. MUSIC PERCEPTION IV
1 hour credit
Develops the ability of the advanced musician to visually and aurally perceive complex musical events for the purpose of accurately performing and notating them. Melodic materials involve advanced chromaticism, modulations and intervals, as well as modal idioms. Harmonic study culminates in highly chromatic progressions involving secondary leading-tone, Neapolitan and augmented-sixth chords. Rhythmic materials incorporated advanced tuplets, meters with unequal beats, complex meter changes and tempo modulation. Prerequisites: MUSC 303 and 313 or proficiency equivalence. Corequisite: MUSC 304. Two hours per week.

315. TOPICS IN MUSIC THEORY/ANALYSIS
4 hours credit
Analysis and discussion of a particular past or contemporary musical style, compositional or analytical techniques, composer or aspect of music. May be used as an upper-level
Music (MUSC)

music theory requirement for the music major. May be repeat-
eted for degree credit under different course titles. Prerequisite: MUSC 201 or permission of instructor. Three hours per week with enhancement.

316. TOPICS IN MUSIC HISTORY
4 hours credit
Special topics course. Studies and discussion of a particular past or contemporary period or aspect of music literature. Such topics may include world music, folk music, jazz, rock, blues and modern music. May be used as an upper-level music literature requirement for the music major. May be taken three times under different course titles. Three hours per week with enhancement. Meets General Education IIIA or IIOC (Prior to Fall 2008: IB).

318. WELLNESS IN PERFORMANCE
3 hours credit
Designed to address the physiological and psychological issues that are encountered by all types of performers. Specific issues concerning injury/illness, wellness concepts, practice techniques and performance preparation will be examined. The course addresses all students who need pedagogical help with performance preparation, regardless of instrument. Open to all students in the area of music, acting, musical theatre, sports, dance and public speaking. Three hours per week. Meets General Education IIIA or IIOC (Prior to Fall 2008: IB).

403. THE HISTORY OF THE PIANOFORTE AND ITS LITERATURE
4 hours credit
Comprehensive study of the piano and its predecessors. Traces the history of keyboard instruments, emphasizing the ways in which the development of the instruments interacted with the development of keyboard literature and performance practices. Includes familiarization with the principal keyboard composers, performers and instrument makers from earliest times to the present. Examine the history of piano technique, piano pedagogy and how it relates to the development of the piano and its literature. Prerequisite: Permission of instructor. Three hours per week with enhancement.

413. ADVANCED CONDUCTING
2 hours credit
Continues MUSC 310 with review and refinement of skills in conducting. Students develop a common language in which cognitive understanding and psychomotor skills can be aesthetically communicated to an ensemble via the conducting gesture. Prerequisite: MUSC 310. Two hours per week.

420. HISTORY OF THE ART SONG
4 hours credit
Surveys the diverse history, interpretation and poetic content of Italian, French, German and English/American art song (including folk songs and spirituals) from the Renaissance to the present. Includes text and musical analysis of representa-
tive works with emphasis on compositional styles and per-
formance practices. Performance and pedagogical compo-
nents including the mastering of art song recital program-
ing. Prerequisite: Permission of instructor. Three hours per week with enhancement.

425. MUSICAL FORM AND ANALYSIS
2 hours credit
Study of the organizing principles of musical composition and their application to the most prevalent forms through the sonata-allegro and fugue. Analysis of music literature illustrat-
ing the basic vocal and instrumental forms and some original composition in these forms. Prerequisite or Corequisite: MUSC 303. Two hours per week.

426. ARRANGING FOR VOICES AND INSTRUMENTS
2 hours credit
Fundamental techniques of scoring for various cappella and accompanied voice combinations, special characteristics of each choir of instruments, range of voices, selection on suit-
able literature for treatment in different ensembles, with con-
siderations of style. Prerequisite or Corequisite: MUSC 304. Two hours per week.

435. CHORAL LITERATURE
4 hours credit
Class investigation and evaluation of choral music for all voice combinations appropriate for elementary school through senior high school and adult ensembles. Prerequisite: permission of instructor. Three hours per week with enhancement.

441. INSTRUMENTAL LITERATURE
4 hours credit
Class investigation and evaluation of new methods and mate-
rials for bands, orchestras and instrumental ensembles. Prerequisite: permission of instructor. Three hours per week with enhancement.

450. STUDIES IN MUSIC
4 hours credit
Study of a single composer, musical form, performance medi-
um or technique, or topic in music education. Topic varies semester to semester. May be taken twice for credit. Possible prerequisite(s) listed according to topic by semester. Three hours per week with enhancement.

490. DIRECTED INDEPENDENT STUDY
1-4 hours credit
Tutorial in any area of music; open to seniors and graduate students. May include continuation of a skills development program begun in the lower-level independent study course, or any type of individual research in music not normally included in courses offered by the department, or individual study of an area needed for teacher certification but not offered by the department in the current semester. Prerequisites: Approval in writing of department chair and supervising faculty member prior to registration, with the area of study to be specified in writing. May be repeated for a max-
imum of six credits.

497. UNDERGRADUATE RESEARCH
1-4 hours credit
Designed to encourage students to pursue an important area of original research in either music history, theory, composi-
tion or performance. Allows students to study a subject area in more depth than possible in the traditional classroom setting. Public presentation required. May be repeated for a maxi-
mum of eight credits. Prerequisite: permission of instructor. One to four hours per week.

498. SENIOR PROJECT
4 hours credit
Required of music majors in senior year of the B.A. in music (traditional and music technology tracks), but open to all music majors. Designed to be a research paper, recital or composition. This project is of the student's choice in consul-
tation with a faculty mentor. Students meet weekly with their faculty mentor. Sign up in music office one term in advance. Prerequisites: Senior standing, completion of core and per-
mission of chair. Three hours per week with enhancement.

503. THE HISTORY OF THE PIANOFORTE AND ITS LITERATURE
3 hours credit
Comprehensive study of the piano and its predecessors. Traces the history of keyboard instruments, emphasizing the ways in which the development of the instruments interacted with the development of keyboard literature and performance practices. Includes familiarization with the principal keyboard composers, performers and instrument makers from earliest times to the present. Examine the history of piano technique, piano pedagogy and how it relates to the development of the piano and its literature. Prerequisites: MUSC 114, 201 or permission of instructor. Three hours per week.
510. RECENT ISSUES AND TRENDS IN MUSIC EDUCATION
3 hours credit
Student-researched seminar presentations on pertinent current issues in general, vocal and instrumental music education. The seminar presentations will, through researching current trends, arrive at conclusions compatible with current practices in music education. Prerequisites: ELED 419 and SCED 429 or equivalent. Three hours per week.

515. GRADUATE Conducting
3 hours credit
Graduate-level conducting designed for the practicing choral conductor and teacher of bands, choruses, orchestras and musical theatres. Focuses on advanced skill building in the areas of baton technique, stylistic interpretation, repertoire and organizational problem analysis. Prerequisite: MUSC 310 or equivalent. Three hours lecture, two hours laboratory per week.

520. PHILOSOPHICAL AND PSYCHOLOGICAL PERSPECTIVES IN MUSIC EDUCATION
3 hours credit
A review of philosophical tenets and psychological principles as applied to contemporary music education practices, including the standard and recently developed musical aptitude and achievement tests. Prerequisite: Graduate status. Three hours per week.

530. DIRECTED RESEARCH IN MUSIC/MUSIC EDUCATION
3 hours credit
Preparation of optional research project in the M.Ed. program under the direction of departmental faculty. Weekly conference with faculty sponsor.

535. CHORAL LITERATURE
3 hours credit
Class investigation and evaluation of choral music for all voice combinations appropriate for elementary school through senior high school and adult ensembles. Prerequisite: Permission of instructor. Three hours per week.

541. INSTRUMENTAL LITERATURE
3 hours credit
Class investigation and evaluation of new methods and materials for bands, orchestras and instrumental ensembles. Prerequisite: Permission of instructor. Three hours per week.

550. STUDIES IN MUSIC
3 hours credit
Study of a single composer, musical form, performance medium or technique, or topic in music education. Topic varies semester to semester. May be taken twice for credit. Possible prerequisite(s) listed according to topic by semester. Prerequisite: Permission of instructor. Three hours per week.

580. DIRECTED INDEPENDENT STUDY
1-3 hours credit
An individual, graduate tutorial course including research topics not covered in available courses. May be repeated for a maximum of three hours credit under difference course subtitles. Prerequisite: Written specified area of study approved in writing by department chair and supervising faculty member prior to registration.

NURSING (NURS)

310. NURSING CARE OF ADULTS I
3 hours credit
Theory related to nursing care of adults with common health problems who need to maintain or regain optimal levels of functioning. Emphasizes problem solving through use of a variety of resources; examines trends and issues relevant to health care in rural communities. Intended for students admitted to undergraduate nursing program. Corequisite: NURS 311. Three hours per week.

311. NURSING CARE OF ADULTS I CLINICAL
3 hours credit
Application of beginning health assessment skills, nursing knowledge and concepts from the biological and behavioral sciences. Students provide nursing care to adults with common health alterations in acute and long-term care settings and examine trends in gerontological nursing. Intended for students admitted to undergraduate nursing program. Corequisite: NURS 310. Nine hours per week.

312. INTRODUCTION TO PROFESSIONAL NURSING PRACTICE
3 hours credit
Introduces students to professional nursing practice including history, legal, ethical, economic, cultural issues and nursing process. Discussion of roles and responsibilities in communication, documentation and use of clinical technologies with the application through Web, campus-based and selected field experiences. Prerequisites: Admission to nursing major or second bachelor’s degree program, BIOL 334 with C or better. Corequisites: NURS 310, 311, 319. Three hours per week.

319. HEALTH ASSESSMENT
3 hours credit
Functional health assessment of individuals from adolescence through older adulthood. Students practice health assessment skills in clinical settings with people of varied ages, social, cultural and economic backgrounds. Intended for students admitted to undergraduate nursing program. Five hours per week.

325. LIFE AND DEATH ISSUES IN HEALTH CARE: THE ETHICAL PERSPECTIVE
4 hours credit
Identification, analysis and evaluation of contemporary problems that have resulted from new breakthroughs in biomedicine. Topics include physician-patient relationship, euthanasia, social control, experimentation, genetic engineering, the health care system. Emphasis on developing an ethical framework to deal with these and future biomedical issues. Students may not receive credit for both NURS 325 and PHIL 315. Four hours per week. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

329. RESEARCH METHODS IN NURSING
3 hours credit
Provides an understanding of the research process with opportunities to develop critical analysis skills in reading current nursing research and opportunities for conducting limited clinical research projects at a beginning level. Intended for students admitted to a nursing program. Prerequisites: NURS 312, MATH 155 with C or better. Three hours per week.

350. NURSING CARE OF ADULTS II
3 hours credit
Advanced study of the theory necessary for providing nursing care to seriously ill adults from illness through rehabilitation and recovery. Examines trends in provision of critical and
rehabilitative care in rural settings and selected issues relat-
ed to women’s health. Prerequisites: NURS 310, 311, 319
with C or better. Prerequisite/Corequisite: NURS 329.
Three hours per week.

351. NURSING CARE OF ADULTS II CLINICAL
3 hours credit
Advanced clinical course in caring for adults as they progress
from serious illness through rehabilitation and recovery.
Clinical sites include acute care, specialty rotations (ICU, per,
CCU), home health agencies and rehabilitation settings.
Prerequisites: NURS 310, 311, 319. Corequisites: NURS
329, 350. Nine hours per week.

360. NURSING CARE OF CHILDREN AND
ADOLESCENTS: A FAMILY CENTERED APPROACH
3 hours credit
Study of theory related to nursing care of children and adoles-
cents with acute and chronic disorders. Integrates concepts
from previous courses in the natural, behavioral and nursing
sciences and introduces theories of structure, development
and function of families. Prerequisites: NURS 310, 311, 319
with C or better. Prerequisite/Corequisite: NURS 329.
Corequisite: NURS 361. Three hours per week.

361. CARE OF CHILDREN AND
ADOLESCENTS CLINICAL
2 hours credit
Prepares beginning practitioners to provide nursing care to
children, adolescents and their families in a variety of rural
health settings. Clinical practice will be guided by the objec-
tives of Healthy People 2010. Prerequisites: NURS 310,
311, 312, 319 with C or better. Prerequisite/Corequisite:

370. MATERNAL NEWBORN NURSING:
A FAMILY CENTERED APPROACH
3 hours credit
Study of theory related to nursing care of childbearing fami-
lies in rural communities. Applies selected theories related to
structure, development and function of families. Clinical prac-
tice will be guided by the objectives of Healthy People 2010.
Prerequisites: NURS 310, 311, 319 with C or better.
Prerequisite/Corequisite: NURS 329. Corequisite: NURS
371. Three hours per week.

371. MATERNAL NEWBORN NURSING CLINICAL
3 hours credit
Provides nursing care to the childbearing family in primary
and acute care settings. Applies selected theories related to
structure, development and function of families. Clinical prac-
tice will be guided by the objectives of Healthy People 2010.
Prerequisites: NURS 310, 311, 319. Corequisites: NURS
329, 370. Nine hours per week.

380. PSYCHIATRIC-MENTAL HEALTH
3 hours credit
Study of theory related to the prevention and nursing care of
individuals and families with psychosocial problems. Focuses
on communication with clients in community and hospital set-
tings with emphasis on mental illness in rural areas.
Considers mental health needs of all age groups with special
regard for cultural differences. Prerequisites: NURS 310,
311, 312, 319, 329 with C or better. Corequisite: NURS
381. Three hours per week.

381. PSYCHIATRIC-MENTAL HEALTH CLINICAL
3 hours credit
Clinical application of nursing theory and process focused on
the prevention and nursing care of psychosocial problems in
individuals and families. Focus on therapeutic communication
with clients in a psychiatric hospital and clients with psy-
chosocial needs in the community. Prerequisites: NURS
310, 311, 312, 319, 329 with C or better. Corequisite: NURS
380. Nine hours per week.

405. NURSING EXTERN SEMINAR
3 hours credit
Discussions of timely topics in nursing and health care.
Explores concerns in nursing career development including
role conflict, role transition and reality shock. Refine skills in
assertiveness, clinical decision making, time management
and conflict resolution. Prerequisites: NURS 350, 351 with
a C or better or permission of instructor.

408. COMPLEMENTARY AND ALTERNATIVE
APPROACHES TO HEALTH PROMOTION
3 hours credit
An introductory overview of complementary modalities to the
promotion of wellness through a holistic approach. The
dynamic interplay between each person’s physical, psycho-
logical, social and spiritual elements will be discussed.
Opportunities for experiential learning and practice of select-
ed modalities during designated class time will be provided.
Additional exploration of individual areas of interest will be
encouraged, culminating in a final project presentation to
class participants. Students may not receive credit for both
NURS 408 and 508. Prerequisite: Junior standing or permis-
sion of instructor. Three hours per week.

415. SPECIAL TOPICS IN NURSING
1-3 hours credit
Study of a selected area of nursing. Topics may vary semes-
ter to semester. Provides an opportunity for curriculum inno-
vation or meeting the special needs or interests of undergrad-
uate and graduate students. May be repeated for credit under
different subtitles. One to three hours lecture, zero to two
hours laboratory per week.

422. NURSING OF CHILDBEARING
AND CHILDBEARING FAMILIES
3 hours credit
Focus on nursing care to childbearing and childrearing fami-
lies, and exploration of current, applicable research. Self-care
and participation of family members emphasized. Topics
include conditions that place the client at risk and selected
acute and chronic childhood disorders. Prerequisites: NURS
310, 311, 312, 319 with C or better. Corequisite: NURS
423. NURSING OF CHILDBEARING
AND CHILDBEARING FAMILIES CLINICAL
3 hours credit
Focus on use of nursing process with childbearing and chil-
drearing families in rural community settings and in acute
care settings, both rural and urban. Emphasis on assisting
clients in promoting, maintaining and/or regaining health.
Students focus on clinical practice as they develop knowl-
edge, psychomotor skills and professional values.
Developmental and family theories stressed. Prerequisites:
NURS 310, 311, 312, 319 with C or better. Corequisite:
NURS 423. Three hours per week.

430. COMMUNITY HEALTH NURSING:
A RURAL PERSPECTIVE
3 hours credit
Focus on the theory of health of families, aggregated and
communities with complex needs. Explores political, ethical,
legal and sociocultural climates and theory related to the
health care needs of an aging population. Prerequisites:
NURS 329, 350, 351, 360, 361, 370, 371, 380, 381 with C or
better. Corequisite: NURS 431. Three hours per week.

431. COMMUNITY HEALTH NURSING
PRACTICUM: A RURAL PERSPECTIVE
3 hours credit
Prepares beginning practitioners to work with families, aggre-
gates and communities in rural settings. Clinical practice
guided by the objectives of Healthy People 2010 and the use
of critical thinking skills. Prerequisites: NURS 329, 350, 351,
360, 361, 370, 371, 380, 381. Corequisite: NURS 430. Three hours per week.

440. SENIOR SEMINAR
3 hours credit
Provides a conceptual understanding of leadership and management processes in the health care system. Explores past, present and emerging roles of the professional nurse including political, economic and professional issues. Prerequisites: NURS 310, 311, 329, 350, 351, 360, 361, 370, 371, 380, 381 with C or better or permission of instructor. Three hours per week.

441. INTERNSHIP
3 hours credit
Precepted practicum emphasizing integration of knowledge, skills and values needed to care for groups of clients. Opportunities to develop beginning understanding of unit management issues within the context of a health care organization. Fosters increased independence in providing care to clients facilitating the transition to the role of graduate nurse. Prerequisites: NURS 329, 351, 361, 371, 381 with C or better. Corequisite: NURS 440.

442. NURSING LEADERSHIP AND MANAGEMENT
2 hours credit
Explores roles in nursing within the health care system with particular emphasis on leadership and management functions. Provides students with a conceptual understanding of the social, political, legislative and economic forces shaping the U.S. health care system and its impact on the rural environment. Prerequisites: NURS 310, 311, 312, 319, 329, 350, 351, 422, 423 with C or better. Prerequisites/Corequisites: NURS 380, 381, 430, 431, 443. Two hours per week.

443. NURSING LEADERSHIP PRACTICUM
2 hours credit
Emphasizes integration of nursing knowledge, values and skills in caring for groups of clients. Students experience various professional nursing roles and apply leadership and management strategies. Prerequisites: NURS 310, 311, 312, 319, 329, 350, 351, 422, 423 with C or better. Prerequisites/Corequisites: NURS 380, 381, 430, 431, 442. Six hours per week.

454. HEALTH EDUCATION OF CLIENTS
3 hours credit
Theoretical content and practical application of the principles and methodologies of effective health education of individuals, families and groups. Emphasis on use of the teaching-learning process in assisting client adaptation and promoting quality health care. Through use of a micro-teaching laboratory the student can demonstrate and analyze a variety of teaching skills. Development of teaching plans, behavioral objectives and evaluation tools also stressed. Three hours per week.

456. PHARMACOTHERAPEUTICS
3 hours credit
Nursing interventions relating to application of pharmacotherapeutic principles in assisting client adaptation in primary, secondary and tertiary health care settings. Special emphasis on drug interactions, drug dependence, toxicity. Three hours per week.

457. CULTURAL CONSIDERATIONS FOR NURSING
2 hours credit
A basis for application of concepts, theories and methodologies from transcultural nursing to the practice of the health professional. Particular emphasis on the influence of culture on human response to health and illness. Prerequisite: Junior standing or permission of instructor. Two hours per week.

458. CRITICAL CARE: A MULTI-PROFESSIONAL APPROACH
3 hours credit
Introduces students to collaborative critical care practice. Prepares students interested in critical care clinical practice to recognize and categorize causes of sudden deterioration of the critically ill patient. Teaches appropriate treatment and interventions for the deteriorating critically ill patient. Prerequisites: Admission to nursing or respiratory therapy major; Nursing: NURS 310, 311, 350, 351 with C or better; Respiratory Therapy: Senior status with successful completion of all junior-level courses and concurrent enrollment in all senior-level coursework; or permission of instructor. Cross-listed with RESP 458. Three hours per week.

485. SCHOOL HEALTH
3 hours credit
Current issues relevant to the health of school-age children and adolescents. Topics include roles of teachers and health professionals, current health problems and approaches to specific health problems. Intended for students in education and health-related professions. Prerequisite: PSYC 300 or EDUC 300 or permission of instructor. Three hours per week.

490. INDEPENDENT STUDY
1-3 hours credit
Intensive study in a specific area of nursing agreed upon by the student and faculty member. Open to senior and graduate students. May be taken twice under different course subtitles. Prerequisite: Permission of instructor.

508. COMPLEMENTARY AND ALTERNATIVE APPROACHES TO HEALTH PROMOTION: APPLICATIONS
3 hours credit
Explores the application of complementary modalities to the promotion of wellness through a holistic approach. The dynamic interplay between each person’s physical, psychological, social and spiritual elements will be discussed. Opportunities for experiential learning and practice of selected modalities during designated class time will be provided. Additional exploration of individual areas of interest will be encouraged, culminating in final project presentation to class participants. Students will also integrate research findings reported in the literature. Students may not receive credit for both NURS 408 and 508. Prerequisite: Graduate standing or permission of instructor. Three hours per week.

512. ADVANCED HEALTH ASSESSMENT
4 hours credit
Provides learning for a comprehensive physical, psychosocial, developmental, occupational and cultural assessment as foundational to advanced nursing practice. Application of history taking and interviewing skills essential for a comprehensive examination are demonstrated. Physical assessment skills focus on distinguishing normal findings from abnormal findings. Analyzes history, physical examination and laboratory data to formulate an accurate assessment of clients’ status and establish priorities of care. Prerequisite: Admission to the master’s program or permission of instructor. Prerequisite/Corequisite: NURS/BIOL 552. Two hours lecture, 10 hours clinical practice per week, for a total of 150 hours.

514. ISSUES IN ADVANCED PRACTICE NURSING
3 hours credit
Focuses on transition into the advanced practice nurse role including ethical issues, standards of care and the delivery of health care in rural settings. The organization of health care delivery systems, health care policy and the economic implications of health care are explored. Students develop their roles as advocates for change in the health care delivery system. Clinical practice guidelines, protocols and/or collabora-
tive agreements are developed for the advanced practice nurse. Information technology is used where appropriate in an advanced practice role. Three hours per week.

515. EPIDEMIOLOGY
3 hours credit
Focuses on epidemiology as the basic science of disease prevention and the role of epidemiology in public health clinical practice and the evaluation of public policy. Provides an introduction to epidemiology and the epidemiologic approach to problems of health and disease. The basic principles and methods of epidemiology are presented together with its applications to public health and clinical medicine. Prerequisite: Admission to graduate program or permission of instructor. Three hours per week.

516. FAMILY NURSING
5 hours credit
Explores theory and research relevant to family nursing assessment and intervention. Family health, illness and the impact of stressful events on the family system are examined. Clinical situations with families are analyzed based on classic family theory, developing theory and published research. Students develop strategies for serving as advocates for families as they explore beginning role requirements of advanced practice nurses. Three hours lecture, six hours clinical practice per week, for a total of 90 hours.

522. PHARMACOTHERAPEUTICS
3 hours credit
Provides advanced-practice nurses with knowledge of pharmacotherapeutics for acute and chronic conditions. Focuses on knowledge and skills necessary to assess, diagnose and manage common health problems. Legal, socioeconomic and client-safety considerations are discussed. Client-education factors and salient aspects of research are incorporated. Critical thinking is employed in the analysis and determination of pharmacological regimens. Prerequisites or Corequisite: Admission to an advanced practice track of the graduate nursing program or permission of the instructor. Three hours per week.

525. HEALTH CARE SYSTEM
3 hours credit
Explores the structure and functions of the health care system and the legal, ethical and economic forces that impact it. Special attention is given to health insurance and managed care, the formulation and impact of health policy and the context in which policy decisions are made. Prerequisite: Admission to a graduate program or permission of the instructor. Three hours per week.

526. HEALTH CARE INFORMATICS
3 hours credit
Introduces the student to the field of health care informatics via a Web-based instructional format. History of health care informatics, interrelated concepts such as classification systems and languages and ethical and confidentiality concerns are explored. Informatics applications in clinical practice, education and administration are discussed. Prerequisite: Admission to a graduate program or permission of instructor. Three hours per week.

538. NURSING THEORIES
3 hours credit
Examines the nature of concepts, models and theories in the context of scientific development and the historical development of nursing knowledge. A comparative analysis of evolving nursing theories will be made in regard to meeting criteria for theory building; major concepts used; theoretical perspective used; testability and practicality for application with the nursing process in clinical practice, teaching and research. Three hours per week.

542. QUALITATIVE RESEARCH IN HEALTH CARE
3 hours credit
Focuses on the importance of the theoretical foundations of research and on qualitative methods of scientific inquiry. Emphasis is placed on the accumulation of scientific evidence in health care and on the critical analysis and communication of evidence related to a specific topic. Prerequisite: Admission to a graduate program or permission of the instructor. Three hours per week.

544. QUANTITATIVE RESEARCH IN HEALTH CARE
3 hours credit
Focuses on quantitative research methods as a foundation for evidence-based health care. Includes problem identification, formulation of hypotheses, research design, sampling analyses and interpretation of quantitative data. Provides practice using a statistical package as a tool to analyze quantitative research data. Research findings are communicated both orally and in writing to health professionals using current technology. Prerequisite/Corequisite: MATH 502.

552. ADVANCED HUMAN PHYSIOLOGY/PATHOPHYSIOLOGY
3 hours credit
Advanced study of system-focused physiology and pathophysiology. Analyzes the relationship between normal physiology and pathological phenomena produced by altered health states across the life span. Emphasis is on application in the clinical areas of practice. Students may not receive credit for both NURS 552 and BIOL 552. Prerequisite: B.S. in biology, health-related field or education with biology emphasis. Three hours per week.

555. CULTURAL CONSIDERATIONS FOR NURSING
2 hours credit
A basis for application of concepts, theories and methodologies from transcultural nursing to the practice of the health professional. Particular emphasis on the influence of culture on human response to health and illness. Two hours per week.

558. ADULT HEALTH CARE MANAGEMENT
5 hours credit
Focuses on primary care of adult clients including health promotion and disease prevention within the context of the family. Incorporates critical thinking and clinical reasoning to establish diagnoses for and provide therapeutic management of adult clients with common short-term and chronic stable health problems. Emphasizes quality and cost-effective care of diverse populations in a wide variety of settings. Prerequisite: NURS 512. Prerequisite/Corequisite: NURS 522. Two hours lecture, 12 hours clinical per week for a total of 180 hours.

559. WOMEN’S AND CHILDREN’S HEALTH CARE MANAGEMENT
5 hours credit
Focuses on primary care of women and children including health promotion and disease prevention within the context of the family. Incorporates critical thinking and clinical reasoning to establish diagnoses for and provide therapeutic management of women and children with common short-term and chronic stable health problems. Includes care of women during normal pregnancy and the postpartum period. Emphasizes quality and cost-effective care of diverse populations in a wide variety of settings. Prerequisites/Corequisites: NURS 512, 522. Two hours lecture, 12 hours clinical per week for a total of 180 hours.

560. INDEPENDENT STUDY
1-3 hours credit
Focused study on a specific area of advanced practice nursing agreed upon by the student and the faculty. May include preliminary work directed toward a thesis/capstone area of interest, a specialized area of study, or clinical practice. May
580. SPECIAL TOPICS IN NURSING  
**1-3 hours credit**

Intensive study of a selected topic relevant to nursing in rural areas. May be taken twice under different course subtitles. **Prerequisite:** Permission of the graduate nursing program faculty member. **One to three hours lecture, zero to two hours laboratory per week.**

585. SCHOOL HEALTH  
**3 hours credit**

Current issues relevant to the health of school-age children and adolescents. Topics include roles of teachers and health professionals, current health problems and approaches to specific health problems. Intended for students in education and health-related professions. **Prerequisite:** Graduate standing. **Three hours per week.**

590. THESIS  
**1-3 hours credit**

Provides an opportunity for the master’s level student to conduct formal research related to nursing. Reflects a culminating research study as an independent project under the direction of a thesis chair and committee. Incorporates knowledge from research methodology and analysis learned throughout the program. Requires that the student demonstrate critical thinking, a proficiency in oral and written communication, and use of appropriate information technology. Traditional defense of thesis required. May be repeated; no limit to the number of repeats. **Prerequisites:** MATH 502, NURS 544, and permission of the instructor.

591. CAPSTONE PROJECT  
**1-3 hours credit**

Provides an opportunity for the master’s level student to pursue a scholarly study of a clinical case, a topic or an issue relevant to the student’s advanced practice role. Reflects a culminating synthesis of knowledge from graduate courses as an independent project under the direction of a project chair and committee. Requires that the student demonstrate critical thinking, a proficiency in oral and written communication, and use of appropriate information technology. May be repeated; no limit to the number of repeats. **Prerequisites:** MATH 502, NURS 544, and permission of the instructor.

592. INTERNSHIP  
**3 hours credit**

Provides an opportunity for the graduate nursing student to synthesize knowledge and experience from graduate courses and to enhance or expand preparation for advanced nursing practice through an internship. **Prerequisites:** Completion of all practicum courses in track or permission of the instructor. Requires 126 precepted hours.

PHILOSOPHY (PHIL)

101. INTRODUCTION TO PHILOSOPHY  
**4 hours credit**

Invites students to philosophize, asking and creatively responding to basic questions about human existence which are usually left unasked, e.g., are we free, what is the self, what value should we live for? **Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).**

103. CRITICAL THINKING  
**4 hours credit**

Develops abilities to reason effectively, analyze problems, identify issues, critically evaluate evidence, argue logically and reach and defend justifiable conclusions. **Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).**

202. INTRODUCTION TO SYMBOLIC LOGIC  
**4 hours credit**

Provides a basic introduction to logic, emphasizing modern symbolic methods. Nature of formal deductive proof is given special attention. **Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).**
203. ETHICS
4 hours credit
Helps students develop a personal framework for ethical action. Emphasis on identification of ethical theories; applications to contemporary problems utilized as exercises to strengthen each student’s own ethical position. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

209. PHILOSOPHY AND CULTURE
4 hours credit
A reflection on the significance of culture and the difficulties posed when one seeks to translate other cultural perspectives into one’s own world view. Emphasis is on cultivating knowledge of particular cultures outside the American scene, as well as on the struggle within our own nation to form a culture in which intercultural relationships can flourish. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

300. PHILOSOPHY OF THE ARTS
4 hours credit
Analysis of the complexity of problems concerning the nature of beauty and artistic value. Topics include attempts to define “the aesthetically pleasing,” the role of formal and sensuous components in a work of art, the relationships of art to emotions and to intellect, the debate about the “moral” component of art, the dialogue between the artist and the beholder, the nature of value judgments and role of the critic. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

301. VIOLENCE AND NONVIOLENCE
4 hours credit
Explores and analyzes the philosophical meaning of violence and nonviolence, the ethics of just and unjust wars, and the moral efficacy of pacifism. Applies to issues such as capital punishment, nonviolent resistance and specific wars. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

305. POLITICAL PHILOSOPHY
4 hours credit
Examines political reality as the public place where people come together to speak and act, freely and equally, and thereby become more fully human. Students develop a model of political speech and action (from a dialogue with the tradition) and apply that model to contemporary political problems. Prerequisite: One philosophy course or permission of instructor. Three hours per week with enhancement.

306. ANIMALS AND ETHICS
4 hours credit
Examines fundamental moral questions concerning our interactions with nonhuman animals. Attention to what we can know about the mental and emotional capacities of animals, to whether animals have rights, and to human-animal relationships. Three hours per week with enhancement.

307. MIND, LANGUAGE AND WORLD
4 hours credit
Examines the relationship between the mind and the world and the role of language within this relationship. Some typical questions that form the topic of discussion are “What is the mind?”, “Can (some) machines think?”, “How does the mind represent the world?”, “How does language refer to the world?” and “Is it possible to have thought without language?” Prerequisite: One philosophy course or permission of instructor. Three hours per week with enhancement.

308. ANCIENT PHILOSOPHY
4 hours credit
Study of philosophy in the Greco-Roman world from the Pre-Socratics to the Neo-Platonists. Special emphasis on Plato and Aristotle. Prerequisite: One philosophy course or permission of instructor. Three hours per week with enhancement.

309. MIDDLEAL PHILOSOPHY
4 hours credit
The absorption of Greek philosophical concepts by Christianity, Judaism and Islam. Study of the great medieval systems constructed to strengthen revealed religions and the skeptical revolts against them. Augustine to the medieval mystics. Prerequisite: One philosophy course or permission of instructor. Three hours per week with enhancement.

310. PHILOSOPHICAL TOPICS
4 hours credit
Examines in depth a philosophical theme or problem. Content varies semester to semester. May be repeated under different subtitles. Three hours per week with enhancement.

311. MODERN PHILOSOPHY
4 hours credit
Surveys the development of philosophy from the Renaissance to the 19th century and includes a study of Descartes, Hume, Kant and Hegel. May not receive credit for both PHIL 302 and 311. Prerequisite: One philosophy course or permission of instructor. Three hours per week with enhancement.

312. INTRODUCTION TO ASIAN PHILOSOPHY
4 hours credit
Examines some of the main philosophical ideas of Indian, Tibetan, Japanese and Chinese thought. Emphasis is on the following question: Is Asian thought really fundamentally different from Western thought? Discussion of how Asian Philosophers have attempted to answer questions such as: “How do I know that I know something?,” “What is the nature of the self?” and “What is good?” Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

313. STUDIES IN THE HISTORY OF PHILOSOPHY
4 hours credit
Intensive study of a major thinker, period or theme in the history of philosophy. May be repeated for credit under different subtitles. Prerequisite: One philosophy course. Three hours per week with enhancement.

314. SEMINAR IN THE HISTORY OF PHILOSOPHY
4 hours credit
Intensive study of an issue or theme that traces its development throughout the history of philosophy. Prerequisites: Two philosophy courses and permission of instructor. Three hours per week with enhancement.

315. LIFE AND DEATH ISSUES IN HEALTH CARE: THE ETHICAL PERSPECTIVE
4 hours credit
Identification, analysis and evaluation of contemporary problems resulting from the new breakthroughs in biomedicine. Topics include physician-patient relationship, euthanasia, experimentation, social control, genetic engineering, the health care system. Emphasis on developing an ethical framework to deal with these and future biomedical issues. Students may not receive credit for both NURS 325 and PHIL 315. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

316. PHILOSOPHY AND FEMINISM
4 hours credit
Examines the theoretical basis of several traditions which define women as “other” or “special” or “different from” the human standard (male), along with some of the social and personal consequences this has. Also looks at contemporary redefinitions of what it is to be female/male/human and the...
rights and obligations that logically follow from legal and social recognition of woman’s full humanity. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

318. ENVIRONMENTAL RESPONSIBILITY
4 hours credit
Focus on two central questions: How does our manner of encountering nonhuman entities affect how they become meaningful for us? How might we best formulate our obligations to the earth’s diverse ecosystems and the creatures populating them? Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

319. LAW AND MORALITY
4 hours credit
Examination of the philosophical issues that arise in thinking about the law, such as: What is the relationship between morality and the law? What kind of equality does the Constitution guarantee? What makes an act a crime? Classic and contemporary theories of law, as well as recent legal cases, are also discussed. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

320. AFRICAN-AMERICAN PHILOSOPHY
4 hours credit
Focuses on the philosophical issues addressed in African-American thought, including the meaning of human dignity, whether rage or love is the appropriate response to injustice, the role of race in developing one’s sense of personal identity, the nature of political community, and the importance of music, poetry, etc. as expressions of one’s self. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

322. EXISTENTIALISM
4 hours credit
Close look at the basic human problems of self, God and others as seen from the existentialist perspective. Major themes of alienation, authenticity, freedom, commitment and dread are traced from their roots in the 19th century philosophies of Kierkegaard and Nietzsche to contemporary expressions by Sartre, Camus, Heidegger and Buber, et al. May not receive credit for both PHIL 322 and 403. Prerequisite: One philosophy course or permission of instructor. Three hours per week with enhancement.

323. BUDDHIST PHILOSOPHY
4 hours credit
Provides a general introduction to the Buddhist philosophy of the Indian subcontinent, Tibet, China and Japan. Discusses the teachings of the historical Buddha before concentrating on a number of Buddhist schools that developed from these teachings. Emphasis will be on Buddhist metaphysics, epistemology, ethics and philosophy of mind. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

324. TOPICS IN ASIAN PHILOSOPHY
4 hours credit
Examines in depth a particular theme or problem in Asian philosophy. The content varies from semester to semester. May be repeated once under a different subtitle. Prerequisite: One philosophy course or permission of instructor. Three hours per week with enhancement.

325. PHILOSOPHY OF RELIGION
4 hours credit
Promotes understanding of religious experience by focusing on a variety of its aspects, such as worship, prayer, vocation, mysticism, secularity and the encounter with evil. Prerequisite: One philosophy course or permission of instructor. Three hours per week with enhancement.

330. THEORY OF KNOWLEDGE
4 hours credit
Examines the sources, types, methods, structure and validity of knowledge. A study is made of classical, modern and contemporary sources of meaning, truth and perception giving students an acquaintance with, and appreciation of, the scope and limits of knowledge. Prerequisite: One philosophy course or permission of instructor. Three hours per week with enhancement.

335. PHILOSOPHY OF SCIENCE
4 hours credit
Critical examination of the philosophical problems common to the natural sciences, such as the nature of scientific laws and theories, and problems involved in scientific explanation. May not receive credit for both PHIL 335 and 406. Prerequisite: One philosophy course or permission of instructor. Three hours per week with enhancement.

402. THE PROBLEM OF GOD
4 hours credit
Involves students in thinking through the ultimate questions philosophy asks about God’s nature and existence. Attention given to a variety of themes, including the relationship between God and nature, the personhood of God, atheism and the meaningfulness of human speech about God. Prerequisite: One philosophy course or permission of instructor. Three hours per week with enhancement.

405. CONTEMPORARY CONTINENTAL PHILOSOPHY
4 hours credit
Treats questions raised by philosophers writing in the wake of Heidegger and the existentialist tradition. Areas of discussion include feminism, foundationalism, embodiment, psychoanalysis, deconstruction, epistemology, ethics and theology. Prerequisites: Two philosophy courses or permission of instructor. Three hours per week with enhancement.

406. METAPHYSICS
4 hours credit
Examines a variety of philosophical theories which propose a portrait of reality as a whole and are evaluated in terms of their ability to respond to ultimate questions we raise about being, matter and the absolute. Considers whether it is possible for us to achieve a comprehensive knowledge of reality. May not receive credit for both PHIL 306 and 408. Prerequisites: Two philosophy courses or permission of instructor. Three hours per week with enhancement.

407. PHILOSOPHICAL CONCEPTS IN LITERATURE
4 hours credit
Examines a philosophical theme (e.g., existentialism, tragedy) as reflected in works of literature. Theme varies semester to semester. Prerequisites: ENGL 102 or 103 and one philosophy course or permission of instructor. Three hours per week with enhancement.

475. SEMINAR IN PHILOSOPHY
4 hours credit
Offers advanced students in philosophy an opportunity to research and reflect on an issue or theme more thoroughly and intensely than is possible in an ordinary course. Content varies semester to semester. May be repeated for credit with faculty approval. Prerequisite: Permission of instructor. Three hours per week with enhancement.

490. INDEPENDENT STUDY
1-4 hours credit
Tutorial course in a specific problem of philosophy, a particular philosopher or a particular period of philosophy. Open to junior and senior students, conditional on faculty member’s consent. May be repeated for credit with faculty approval. Prerequisite: Permission of instructor. Up to four hours per week.
497. RESEARCH IN PHILOSOPHY
4 hours credit
Provides advanced philosophy students an opportunity to study an area of philosophy in more depth than is possible in the traditional classroom setting. Working with a faculty mentor, students will choose an area of philosophical inquiry, study the relevant philosophical literature in that area and produce a substantial paper worthy of presentation at an undergraduate philosophy conference. Course may be taken twice for credit. Prerequisite: Junior status. Three hours per week with enhancement.

502. THE PROBLEM OF GOD
3 hours credit
Involves students in thinking through the ultimate questions philosophy asks about God's nature and existence. Attention given to a variety of themes, including the relationship between God and nature, the personhood of God, atheism and the meaningfulness of human speech about God. Prerequisite: One philosophy course or permission of instructor. Three hours per week.

550. PHILOSOPHICAL CONCEPTS IN LITERATURE
3 hours credit
Examines a philosophical theme (e.g., existentialism, tragedy) as reflected in works of literature. Theme varies semester to semester. Prerequisite: One philosophy course or permission of instructor. Three hours per week.

575. SEMINAR IN PHILOSOPHY
3 hours credit
Offers advanced students in philosophy an opportunity to research and reflect on an issue or theme more thoroughly and intensely than is possible in an ordinary course. Content varies semester to semester. Prerequisite: Permission of instructor. Three hours per week.

590. INDEPENDENT STUDY
1-3 hours credit
Tutorial course in a specific problem of philosophy, a particular philosopher or a particular period of philosophy. Open to junior and senior students, conditional on faculty member’s consent. May be repeated for credit with faculty approval. Prerequisite: Permission of instructor. Up to three hours per week.

PHYSICAL EDUCATION (PHEC)

103. SELF-DEFENSE
1 hour credit
Application of knowledge of pressure points and leverages in the protection of one’s self. Two hours per week. (P/F)

105. BEGINNING SWIMMING
1 hour credit
Fundamental skills of swimming with emphasis on basic stroke and safety techniques. Two hours per week. (P/F; fall semester only)

106. PERSONALIZED HEALTH/FITNESS
3 hours credit
Study and practice of principles that affect human health. Emphases on physical fitness, stress management, nutrition and weight control with specific personalized techniques for optimizing health. Four hours per week. Meets General Education V (Prior to Fall 2008: IV).

107. PERSONALIZED HEALTH/FITNESS II
1 hour credit
Provides students opportunities to explore additional physical activity experiences to achieve the health/fitness goals established in PHEC 106. Prerequisite: PHEC 106. Two hours per week. (P/F)

108. INTRODUCTION TO WELLNESS AND FITNESS
3 hours credit
Study and practice of wellness and fitness principles. Emphasis on demonstrating, implementing and assessing fitness components, such as cardiorespiratory endurance, muscular strength and endurance, flexibility and body composition. Provides physical education and health professionals with skills and knowledge for lifelong wellness activities. Meets General Education V (Prior to Fall 2008: IV) for athletic training, health education and physical education majors. Prerequisite: Athletic training, exercise science, health education and physical education majors only. Two hours lecture, three hours laboratory per week.

121. BASKETBALL
1 hour credit
Fundamental skills, techniques, rules and strategy of basketball. Two hours per week. (P/F; spring semester only)

123. BEGINNING GOLF
1 hour credit
Fundamental skills, techniques, rules and strategy of golf. Two hours per week. (P/F)

125. RACQUETBALL
1 hour credit
Fundamental skills, rules and strategy of racquetball techniques. Two hours per week. (P/F)

126. BEGINNING TENNIS
1 hour credit
Fundamental skills, techniques, rules and strategy of tennis. Two hours per week. (P/F)

146. VOLLEYBALL
1 hour credit
Fundamental skills, techniques, rules and strategy of volleyball. Two hours per week. (P/F)

147. BADMINTON
1 hour credit
Fundamental skills, techniques, rules and strategy of badminton. Two hours per week. (P/F)

150. INTERMEDIATE TENNIS
1 hour credit
Thorough coverage of intermediate skills, strategy, rules and scoring through participation in the sport. Two hours per week. (P/F)

170. INTERMEDIATE SWIMMING
1 hour credit
Refines and increases the student's fundamental skills of swimming. Covers crawl stroke, elementary backstroke, breast stroke, sidestroke, inverted breast stroke, back crawl stroke, trudgeon, double trudgeon, trudgeon crawl, butterfly stroke and basic diving skills. Prerequisite: PHEC 105 or permission of instructor. Two hours per week. (P/F)

203. LIFEGUARD TRAINING
1 hour credit
Study and application of the most current aquatic standards and techniques with emphasis on professionalism, prevention, surveillance, victim recognition, equipment-based rescues, CPR and aquatic-specific first aid training. American Red Cross certification awarded to those who meet requirements. Prerequisite: PHEC 170 or permission of instructor. Two and one-half hours per week.

205. WATER SAFETY INSTRUCTOR
2 hours credit
Preparation for teaching aquatic skills. Emphasis on skill development, learning theories, teaching methods and aquat-
ic safety. Prerequisite: PHEC 170 or permission of instructor. Two and one-half hours per week.

210. SCUBA DIVING
3 hours credit
Fundamental skills, techniques, knowledge and laws of scuba diving. Emphasis on safety and recreational diving. Prerequisite: PHEC 105 or permission of instructor. Three hours per week.

213. PREVENTION AND MANAGEMENT OF EXERCISE INJURIES
3 hours credit
Prevention, treatment and management of injuries and physical disabilities that affect exercise. Influence of training and program design on adaptations associated with diseases, functional disabilities and injuries that affect strengthening techniques. Theoretical and practical experience in exercise design and prescription for healthy and special-needs populations. Crosslisted with EXSC 213. Three hours per week.

220. CANOEING AND KAYAKING
3 hours credit
This experiential education course introduces basic skills of flat water canoeing and whitewater kayaking while running rapids of moderate difficulty. Instruction covers paddling skills, equipment and selection, water reading, river tactics, trip planning, safety practices, rescue techniques, tides and currents, wind and weather and hypothermia. Prerequisites: PHEC 240, HLTH 102 or permission of instructor. Three hours per week.

290. SELECTED STUDIES IN PHYSICAL EDUCATION
1-2 hours credit
Provides opportunities for short-term needs of students and/or faculty. Affords avenue for course experimentation and innovation at the introductory level. May be repeated under different subtitles for a maximum of six credits.

291. INDEPENDENT STUDY
1-3 hours credit
Independent study of issues in physical education. May be repeated for a maximum of six hours. Prerequisite: Permission of instructor and department chair.

330. ATHLETIC COACHING
3 hours credit
Introduction to the principles and practices of coaching. Emphasis on educational and motivational variables present in the medium of athletics. Three hours per week. (spring semester only)

331. COACHING YOUTH SPORTS
3 hours credit
Designed to prepare individuals to coach children in athletic activities. Emphasis is placed on communicating the essentials of a sport to children at an early stage of development (6-10 years old). Discussion focuses on the coach as a teacher and the influence of the coach's behavior on the outcome of sporting events and the development of the child. Assignments and activities are designed to demonstrate ways to help children develop healthy bodies and positive self-images through participation in athletics and to identify techniques that promote positive discipline both on and off the playing field and plan strategies to involve parents in positive ways. Prerequisites: PHEC 330, current community CPR certification. Three hours per week.

369. OUTDOOR ADVENTURE SKILLS
3 hours credit
Instruction, preparation and participation in camping and backpacking activities. Emphasizes knowledge, skills and attitudes for outdoor pursuits and encourages awareness and respect for the natural environment. Three hours per week. (fall semester only)

370. OUTDOOR LEADERSHIP
3 hours credit
Study of the history, objectives and trends of organized camping, organization of resident camps, techniques of camps counseling, program planning and camp program activities and an introduction to campcraft skills. Three hours per week. (spring semester only)

408. MOVEMENT EDUCATION
3 hours credit
Analysis of the elements of human movement with practical applications to the teaching of physical education in grades K-12. Methods, materials, historical development, readings, practice. Three hours per week.

472. ADVENTURE-BASED LEADERSHIP EDUCATION
3 hours credit
Introduces students to experiential, adventure-based education. Students study and practice principles and theories of leadership education within a cooperative learning approach. May not receive credit for both PHEC 372 and PHEC 472. Three hours per week.

479. PRACTICUM
3-12 hours credit
Supervised internship or field placement in the area of human movement studies providing opportunities for experiential learning at an advanced level. Students pursue full-time professional assignments with an agency or organization which provides services related to the students' preparation in physical education. Credit for the practicum may range from three to 12 credits per semester, depending upon the experience. May be repeated for a total of 12 credit hours. Prerequisites: Completion of core and track requirements. Corequisite: PHEC 480.

480. SEMINAR
3 hour credit
Complements the practicum experience (PHEC 479). Students meet weekly to consider problems and issues encountered in the practicum. Encourages the synthesis of theory and practice through specific assignments and exercises chosen by the instructor. Prerequisites: Completion of core and track requirements. Corequisite: PHEC 479. One hour per week.

490. SELECTED TOPICS IN PHYSICAL EDUCATION
1-3 hours credit
Provides opportunities for short-term needs and interest of students/faculty. Affords avenue for curriculum experimentation and innovation at an advanced level. Student may earn a maximum of six credits.

491. INDEPENDENT STUDY
1-3 hours credit
Advanced independent study of issues in physical education. May be repeated for a maximum of six hours.

572. ADVENTURE-BASED LEADERSHIP EDUCATION
3 hours credit
Introduces students to experiential, adventure-based education. Students study and practice principles and theories of leadership education within a cooperative learning approach. Three hours per week.

590. SELECTED TOPICS IN PHYSICAL EDUCATION
1-3 hours credit
Provides opportunities for short-term needs and interest of students/faculty. Affords avenue for curriculum experimentation and innovation at an advanced level. Student may earn a maximum of six credits.
PHYSICAL EDUCATION-TEACHER EDUCATION (PHED)

235. FOUNDATIONS OF PHYSICAL EDUCATION
3 hours credit
Introduction to the historical and philosophical foundations of physical education, fitness and sport. Includes instructional and self-assessment strategies in preparation for engagement in professional practice. **Three hours per week.**

240. TECHNIQUES AND STRATEGIES OF AQUATIC PROGRAMS
1 hour credit
Application of fundamental skills in basic swimming strokes, diving skills and water safety. Analysis of teaching methods, history and introduction to scope of aquatics and aquatic programming. **Prerequisite:** PHED 170 or permission of instructor. **Two and one-half hours per week.** (Fall semester only)

245. MOVEMENT ACTIVITIES
3 hours credit
Introduction designed to assist preservice physical educators in identifying the connections between curricular concepts and movement education through the basis of national standards specific to grades K-12. Content includes the lesson planning and teaching of movement concepts, integrated lessons, and movement education enhanced by technology. **Three hours per week.**

260. TEACHING TEAM SPORTS CONCEPTS AND TACTICS I
3 hours credit
Application of fundamental skills and teaching progressions for game concepts and tactics in team sports. Emphasis on sequential development of tactical complexity including offensive and defensive strategies. May not receive credit for both PHEC 344 and PHED 260. **Three hours per week.** (Spring semester only)

261. TEACHING INDIVIDUAL AND DUAL-SPORT CONCEPTS AND TACTICS
3 hours credit
A continuation of the application of fundamental skills and teaching progressions for game concepts and tactics in individual and dual sports. Emphasis on sequential development of tactical complexity including offensive and defensive strategies. May not receive credit for both PHEC 345 and PHED 261. **Three hours per week.**

263. TEACHING TEAM SPORTS CONCEPTS AND TACTICS II
3 hours credit
A continuation of the application of fundamental skills and teaching progressions for game concepts and tactics in the field and court category. Emphasis on sequential development of tactical complexity including offensive and defensive strategies. **Three hours per week.**

275. MANAGEMENT AND INSTRUCTIONAL STRATEGIES IN PHYSICAL EDUCATION
3 hours credit
Introduction to management and organization strategies specific to teaching physical education in grades K-12. Content includes rationale for skill progressions, scope and sequence of physical education curriculum, and program planning. **Three hours per week.** (Spring semester only)

350. ASSESSMENT IN PHYSICAL EDUCATION
3 hours credit
Provides teacher candidates with the skills needed to design and implement assessment strategies relevant to K-12 physical education. These assessment strategies are designed for the candidate to understand the link between student assessment and student learning as well as teacher planning and physical education class content. **Three hours per week.**

352. MOTOR LEARNING
3 hours credit
Study of motor skill performance and learning. Topics include information processing, motor programs, individual differences, transfer, practice organization and feedback. Credit may not be received for both PHED 352 and 255. **Three hours per week.**

375. CONTEMPORARY CURRICULUM AND ANALYSIS OF TEACHING IN PHYSICAL EDUCATION
3 hours credit
Study of contemporary curriculums, principles and planning concepts with an emphasis on the analysis of effective teaching practices in physical education. Defines curriculum, explores the basis for curriculum planning, establishes an organizational plan for developing curriculum, and analyzes and assesses an established physical education program. Effective teaching practices and current issues and trends in systematic reflection are examined. **Prerequisite:** PHED 275. **Three hours per week.**

400. ADAPTED PHYSICAL EDUCATION
3 hours credit
Designed for physical education students preparing to enter the teaching field in K-12 education. Those students preparing for careers in health, recreation or youth-centered programs may also be served. Components include an overview of special education and adapted physical education, inclusion, developmental disorders, intellectual and physical disabilities, strategies for meeting individual needs, education through physical activity, designing appropriate goals, and understanding the Individual Education Plans (IEP) process as it relates to physical education. Provides opportunities for the acquisition of knowledge and skills required to meet the educational needs of students with disabilities in physical education as outlined by current legislation. Students gain practical experience in the adapted physical education setting with local schools. **Prerequisite:** Admission to Professional Teacher Education Program. **Corequisite:** PHED 401. **Two hours lecture, one hour laboratory per week.**

410. ELEMENTARY SCHOOL PHYSICAL EDUCATION
3 hours credit
Analysis of elementary school physical education teaching methods, program implementation and curricula. Emphasis on teaching effectiveness through reflective problem solving. Credit may not be received for both EDUC 343 and PHED 410. **Prerequisite:** Admission to Professional Teacher Education Program. **Corequisites:** PHED 406, 410, 411, 420, 421, 480. **Three hours per week.**

411. INTERNSHIP I IN ELEMENTARY PHYSICAL EDUCATION
0 hours credit
Focuses on the practice of teaching in the elementary school setting. Upon the completion of this course, candidates will be able to demonstrate successful teaching strategies in elementary school. A one day per week practical teaching experience at the K-5 level is required. During this experience, each candidate will assist and teach multiple lessons. Credit may not be received for both ELED 309 and PHED 411. **Prerequisite:** Admission to professional education teacher education. **Corequisites:** PHED 410, 420, 421. **One day per week.**

420. SECONDARY SCHOOL PHYSICAL EDUCATION
3 hours credit
Analysis of secondary school physical education teaching methods, program implementation and curricula. Emphasis on teaching effectiveness through reflective problem solving,
Credit may not be received for both EDUC 371 and PHED 420. Prerequisite: Admission to Professional Teacher Education Program. Corequisites: PHED 406, 410, 411, 421, 480. Three hours per week.

421. INTERNSHIP I IN SECONDARY
PHYSICAL EDUCATION
0 hours credit
Focuses on the practice of teaching in the secondary school setting. Upon completion of this course, candidates will be able to demonstrate successful teaching strategies in secondary school. A one day per week practical teaching experience and the internship essay is required. During this experience, each candidate will assist and teach multiple lessons. Credit may not be received for both SCED 339 and PHED 421. Prerequisite: Admission to professional teacher education program. Corequisites: PHED 410, 411, 420, SCED 424. One day per week.

451. PSYCHOSOCIAL ASPECTS OF
PHYSICAL EDUCATION
3 hours credit
Interaction of physical education (sports) with the psychology and sociological development of the individual. May not receive credit for both PHEC 451 and PHED 451. Three hours per week.

470. INTERNSHIP II IN ELEMENTARY
PHYSICAL EDUCATION
6 hours credit
Directed student internship experience in K-12 schools under the direction of the mentor teacher and University supervision. Half the experience in elementary physical education teaching and half semester in secondary physical education. A grade of NR will be assigned to candidates who satisfactorily complete PHED 470 until successful completion of PHED 471. Credit may not be received for both EDUC 403 and PHED 470. Prerequisites: Admission to Professional Teacher Education Program and student teaching criteria. Corequisites: PHED 471, 481. (P/F)

471. INTERNSHIP II IN SECONDARY
PHYSICAL EDUCATION
6 hours credit
Directed student internship experience in K-12 schools under the direction of the mentor teacher and University supervision. Half the experience in elementary physical education teaching and half semester in secondary physical education. A grade of NR will be assigned to candidates who satisfactorily complete PHED 470 until successful completion of PHED 471. Credit may not be received for both EDUC 404 and PHED 471. Prerequisites: Admission to Professional Teacher Education Program and student teaching criteria. Corequisites: PHED 470, 481. Three hours per week. (P/F)

481. SEMINAR IN PHYSICAL EDUCATION
3 hours credit
Critical analysis of the decisions made by student interns in K-12 schools. Emphasis upon identifying possible solutions for problems interns face during K-12 student internship. May not receive credit for EDUC 478 and PHED 481. Corequisites: PHED 470, 471. (P/F)

**PHYSICS (PHYS)**

101. PHYSICAL SCIENCE
4 hours credit
Introduces students to the fundamental concepts of the physical sciences. The course will emphasize practical applications, especially those which integrate all of the natural sciences. Credit may not be received for both CHEM 101 and PHYS 101. Prerequisite: This course assumes an understanding of college algebra. MATH 130 is recommended. This course is for elementary education majors. Three hours lecture, two hours laboratory per week. Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

108. INTRODUCTION TO ASTRONOMY
4 hours credit
Survey of modern astronomy for non-science majors. Basic physics concepts utilized to study the night sky, light, optics and telescopes, planets, the moon and sun, stars nebulae, galaxies and the universe. Some night observations required. May not be taken for credit if student already has credit for PHYS 106. Three hours lecture, two hours laboratory per week. Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

121. GENERAL PHYSICS I
4 hours credit
Introduction to Newtonian mechanics and applications. Topics include kinematics, dynamics, rotational motion, equilibrium, conservation laws and fluids. Not intended for physics or chemistry majors. Recommended Prerequisite: College algebra. Three hours lecture, two hours laboratory per week. Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

123. GENERAL PHYSICS II
4 hours credit
Continuation of general physics. Topics include basic concepts of electricity and magnetism, wave motion, optics and modern physics. Prerequisite: PHYS 121. Three hours lecture, two hours laboratory per week. Meets General Education IVB (Prior to Fall 2008: IIIB).

221. PHYSICS I
4 hours credit
Introduction to calculus-based Newtonian mechanics for students majoring in physics, engineering and chemistry. Topics include: kinematics, Newton’s laws, conservation laws and rotational motion. Prerequisite or Corequisite: MATH 201. Six hours lecture/activity per week. Meets General Education IVA or IVB (Prior to Fall 2008: IIIA or IIIB).

223. PHYSICS II
4 hours credit
Continuation of introductory physics. Topics include: electrostatics, current and resistance, DC and AC circuit analysis, magnetic fields, induction, electromagnetic waves and geometrical and wave optics. Prerequisite: PHYS 221. Prerequisite/Corequisite: MATH 202. Six hours lecture/activity per week.

225. PHYSICS III
3 hours credit
Continuation of introductory calculus-based physics. Topics include: static equilibrium and elasticity, fluid mechanics, wave motion and thermodynamics. Prerequisite: PHYS 221. Prerequisite/Corequisite: MATH 202. Four hours lecture/activity per week.

309. MATHEMATICAL PHYSICS
3 hours credit
Survey of many important mathematical tools of classical physics. Topics include: coordinate systems, complex algebra, linear algebra, Fourier series, special functions, differential equations and vector calculus. Computer algebra system software is used. Prerequisite: PHYS 225. Prerequisite/Corequisite: PHYS 223, MATH 310. Four hours lecture/activity per week.

311. ELECTRICAL CIRCUITS AND ELECTRONICS
4 hours credit
Survey of basic principles of electric circuits and modern electronics. Topics include AC and DC circuits, Thévenin’s and Norton’s theorems, transient analysis, power supplies, diodes and transistors, operational amplifiers and an introduction to circuit simulation programs. Prerequisite: PHYS 309.
Prerequisite/Corequisite: MATH 311. Three hours lecture, three hours laboratory per week.

313. INTRODUCTION TO MODERN PHYSICS
3 hours credit
Survey of physics concepts developed since 1880. Topics include blackbody radiation, photoelectric effect, special relativity, quantization, uncertainty principle and introductory atomic, nuclear and solid state physics. Prerequisite: PHYS 309. Prerequisite/Corequisite: MATH 311. Four hours lecture/activity per week.

314. MECHANICS
3 hours credit
Theory and application of Newtonian mechanics with an introduction to the Lagrange formalism. Major topics include kinematics and dynamics of single particles and systems of particles, rigid bodies, noninertial reference frames and the simple harmonic oscillator. Prerequisites: PHYS 313. Four hours lecture/activity per week.

315. ELECTRICITY AND MAGNETISM
3 hours credit
Study of electricity and magnetism. Topics include Coulomb’s law, electric and magnetic fields, electromagnetic induction, Maxwell’s equations and an introduction to electromagnetic waves. Prerequisites: PHYS 313. Four hours lecture/activity per week.

316. INTRODUCTION TO QUANTUM MECHANICS
3 hours credit
Introduction to the principles of quantum mechanics. Topics include wave mechanics, Schrödinger’s equation, Fourier techniques, operator formalism, correspondence and uncertainty principles, harmonic oscillator and hydrogen atom. Prerequisites: PHYS 309, 313, 314. Four hours lecture/activity per week.

317. ASTROPHYSICS AND STELLAR ASTRONOMY
3 hours credit
Physical and mathematical principles applied to the study of astronomy, binary stars, stellar structure and evolution, galactic and extragalactic astronomy, quasars and cosmology. No prior knowledge of astronomy required. Prerequisites: PHYS 223, 309. Four hours lecture/activity per week.

318. SEMICONDUCTOR PHYSICS
3 hours credit
Mathematical treatment of the theory of conduction in solids with particular attention to semiconductors. Topics include band theory of solids, conduction in metals and crystals, intrinsic and extrinsic semiconductors, two-terminal and three-terminal devices. Prerequisites: PHYS 309, 313, MATH 311. Four hours lecture/activity per week.

319. THERMODYNAMICS AND STATISTICAL MECHANICS
3 hours credit
Introduction to statistical mechanics and thermodynamics. Topics include laws of thermodynamics, paramagnetism, heat capacity of solids, perfect classical gas, phase equilibria and quantum gas. Prerequisites: PHYS 309, 314. Three hours per week.

320. WAVE OPTICS
3 hours credit
Study of light as a wave phenomenon. Topics include nature of light, propagation, reflection, refraction, interference, diffraction, lasers and holography. Prerequisites: PHYS 223, 309, MATH 311. Four hours lecture/activity per week.

321. ANALOG ELECTRONICS
3 hours credit
Study of analog electronic devices and systems. Topics include operational amplifiers, active filters, oscillators and function generators, linear integrated circuits. Prerequisite: PHYS 311. Four hours lecture/activity per week.

322. DIGITAL ELECTRONICS
4 hours credit
Study of the basic concepts of digital electronics, with emphasis on modern TTL and CMOS integrated circuits. Topics include gates, combinational and sequential logic circuits, flip-flops, counters, shift registers, multiplexers, decoders and multivibrators. Credit may not be received for both PHYS 322 and COSC 250. Prerequisite: PHYS 223. Three hours lecture, three hours laboratory per week.

395. INTERMEDIATE PHYSICS RESEARCH
3 hours credit
Intermediate level, individual research project in physics under supervision of a member of the faculty. Written report and seminar presentation required. May be repeated for up to six credits. Prerequisites: Eight credits of physics and departmental approval. Six hours per week.

399. INTERMEDIATE SPECIAL TOPICS IN PHYSICS
1-3 hours credit
Study of specific area of physics at the sophomore or junior level. Topic varies semester to semester. May be repeated for up to six credits. Prerequisite: Permission of instructor. One to three hours lecture per week or lab-lecture equivalent.

407. SENIOR LABORATORY
3 hours credit
Exploration of physics through experimentation. Topics include atomic, nuclear and solid state physics; electricity and magnetism, mechanics, optics; and thermodynamics. Prerequisites: PHYS 311, 313. Four hours lecture/activity per week.

410. ADVANCED MATHEMATICAL PHYSICS
3 hours credit
Survey of advanced mathematical topics used in physics, including linear operators, functions of a complex variable, partial differential equations, Hilbert spaces and group theory. Prerequisites: PHYS 309, MATH 311. Four hours lecture/activity per week.

413. COMPUTER ARCHITECTURE AND INTERFACING
3 hours credit
Architecture, programming and interfacing of one or two representative processors. Instruction sets and assembly language programming, interfacing of memory and support chips such as USART, Programmable controllers, timers and peripheral I/O devices. Serial and parallel port interfacing. Prerequisites: PHYS 311, 322. Four hours lecture/activity per week.

414. ADVANCED MECHANICS
3 hours credit
Advanced study of Newtonian mechanics based on concepts introduced in PHYS 314. Topics include Lagrangian and Hamiltonian formalism, calculus of variations, rigid bodies, small oscillations, fluid mechanics. Prerequisite: PHYS 314. Three hours per week.

450. INTERNSHIP/CO-OP IN PHYSICS
3 hours credit
Work experience in which qualified students use knowledge of physics in a professional setting. Students summarize experiences in written reports with seminar presentations. Prerequisites: Twenty-four hours of physics, permission of department chair. Six hours per week.

470. SENIOR SEMINAR
1 hour credit
Senior seminar for physics majors. Introduction to research practices. Preparation for PHYS 475 or PHYS 490 projects. Prerequisite: 30 hours of physics or departmental approval. One hour per week.
475. CAPSTONE DESIGN PROJECT
2 hours credit
Application of classroom learning to a real-world problem. Projects involve application of electronics and computers: e.g. robotics, CAD/CAM, microcontrollers, environmental monitoring, DSP, ASIC design, microwave and communications circuits, mechatronics and process control. Prerequisites: PHYS 413 and 470, or permission of instructor.

490. RESEARCH IN PHYSICS
2 hours credit
Research project in one of the areas of physics chosen, designed and carried out by student with the advice and approval of a faculty member. Actual work may be carried out at off-campus sites. Written report, seminar presentation required. Prerequisites: PHYS 470 and 40 credits of physics (or senior standing) and department chair approval.

499. SPECIAL TOPICS IN PHYSICS
1-3 hours credit
Study of a specific advanced area of physics. Topic varies semester to semester. May be repeated for up to six credits. Prerequisite: Senior standing and department chair approval. One to three hours lecture per week or lab-lecture equivalent.

590. SPECIAL TOPICS IN PHYSICS EDUCATION
3 hours credit
Study of specific area of physics and physics education. This physics education course is aimed primarily at in-service teaching professionals wanting to enhance their knowledge of basic physics principles and phenomena and do so by exploring best practice pedagogical inquiry-based instruction techniques. Topics vary from semester to semester. May be taken twice for credit under different subtitles. Three hours per week.

POLITICAL SCIENCE (POSC)

101. INTRODUCTION TO POLITICS AND GOVERNMENT
4 hours credit
Introduction to the study of political science that discusses the nature of politics, the role of government in society and the processes involved in the governing of humans. Three hours per week with enhancement. Meets General Education IIIb or IIIc (Prior to Fall 2008: IIB).

102. CONTEMPORARY ISSUES
4 hours credit
Examines how the American political system responds to major issues facing the nation. The politics of recent issues such as civil rights, Watergate, the environment and the energy crisis, along with current issues, discussed in detail. Three hours per week with enhancement. Meets General Education IIIb or IIIc (Prior to Fall 2008: IIB).

110. AMERICAN NATIONAL GOVERNMENT
4 hours credit
Comprehensive examination of the American political process which analyzes the role of the Constitution, the organization and function of the presidency, Congress, Supreme Court, political parties and interest groups and the distribution of power within American society. Three hours per week with enhancement. Meets General Education IIIb or IIIc (Prior to Fall 2008: IIB).

200. POLITICAL IDEOLOGIES
4 hours credit
Analysis of political ideologies, emphasizing their role as both justifications for and radical critiques of existing social, economic and political structures and processes. Covers a number of ideologies, including fascism, liberalism, socialism and communism. Three hours per week with enhancement. Meets General Education IIIb or IIIc (Prior to Fall 2008: IIB).

202. STATE AND LOCAL GOVERNMENT
IN THE UNITED STATES
4 hours credit
Examination of state and local governments in terms of how political power is organized and policies adopted. Focuses on forms of governing that encourage citizen participation. Three hours per week with enhancement. Meets General Education IIIb or IIIc (Prior to Fall 2008: IIB).

204. TOPICS IN POLITICAL SCIENCE
4 hours credit
Analysis of recent international or national issues which helps students understand the complex contemporary political environment. May be taken twice under different course titles. Three hours per week with enhancement. Meets General Education IIIb or IIIc (Prior to Fall 2008: IIB).

205. WOMEN IN POLITICS
4 hours credit
Study of the recent history and politics of women’s rights in the U.S. and the impact of the women’s movement in its various manifestations. Examines the route to political activism taken by women and the issues that unite and divide them. Three hours per week with enhancement. Meets General Education IIIb or IIIc (Prior to Fall 2008: IIB).

210. INTRODUCTION TO INTERNATIONAL RELATIONS
4 hours credit
Introduces students to contemporary issues in world affairs: state creation and “failed” states, balance of power, wars, nuclear proliferation and arms control. Addresses global trade, monetary, development and environmental problems, as well as regional integration and the role of the World Bank and MNCs. Examines the use of international law, diplomatic negotiation and the UN to resolve international conflicts. Three hours per week with enhancement. Meets General Education IIIb or IIIc (Prior to Fall 2008: IIB).

213. WAR AND PEACE IN THE MIDDLE EAST
4 hours credit
Introduction to the causes of interstate conflict in the Middle East and to the opportunities for peace in the region. Examines the impact of Great Power competition, the regional balance of power, the rise of religious fundamentalism and the struggle for control of resources. Includes an analysis of the Arab-Israeli conflict, as well as other examples of conflict and accommodation in the region. Prerequisite: POSC 101 or 110 or 210. Three hours per week with enhancement.

215. AMERICAN FOREIGN POLICY
4 hours credit
Emphasizes areas of foreign policy: the individuals, organizations and procedures involved in foreign policy making; the major approaches of U.S. foreign policy; and current issues. Three hours per week with enhancement. Meets General Education IIIb or IIIc (Prior to Fall 2008: IIB).

230. JUDICIAL PROCESS AND POLITICS
4 hours credit
Examines the structure and role of courts in the American political process. State and federal court systems and the role of judges are explored. Emphasis is on how courts function within the legal and political environment while acting as policy makers. Three hours per week with enhancement.

300. METHODS OF EMPIRICAL POLITICAL ANALYSIS
4 hours credit
Focuses on student-developed research projects that utilize the scientific method and the collection and analysis of quantitative data, especially public opinion polls. The use of computers and statistics in political science research emphasized.
Prerequisites: POSC 101 or 110, junior standing. Three hours lecture, one two-hour laboratory per week.

301. POLITICAL PARTIES AND PRESSURE GROUPS
4 hours credit
Descriptive and analytical examination of American political parties and pressure groups with attention to political socialization and voting behavior. Prerequisite: POSC 101 or 110. Three hours per week with enhancement.

310. COMPARATIVE EUROPEAN GOVERNMENT
4 hours credit
Comparative study of the government systems, political processes, leadership, political parties, elections and current political issues in Britain, France and Germany and an overview of the European community. Prerequisite: POSC 101 or 110 or 210. Three hours per week with enhancement.

311. COMPARATIVE GOVERNMENT OF DEVELOPING NATIONS
4 hours credit
Comparative study of the historical backgrounds, ideological foundations, leadership, opposition groups, political processes and current issues in the governmental systems of selected developing countries. Prerequisite: POSC 101 or 110 or 210. Three hours per week with enhancement.

313. COMPARATIVE POLITICS OF THE MIDDLE EAST
4 hours credit
Examines the conditions and variables that affect the content and conduct of politics within the states of the Middle East with an emphasis on the impact of socioeconomic factors, culture, religious belief systems, gender roles, ethnic and national identities, secular ideologies, and foreign penetration upon political behavior in the region. Prerequisite: POSC 101 or 110 or 210. Three hours per week with enhancement.

315. THE PRESIDENCY IN AMERICAN POLITICS
4 hours credit
Helps students develop a deeper understanding of the American presidency's relationship to other governmental and nongovernmental institutions in the American political system. Particular attention paid to the implications and consequences of these relationships for democratic society. Prerequisite: POSC 101 or 110. Three hours per week with enhancement.

320. PUBLIC POLICY ANALYSIS
4 hours credit
In-depth study of the governmental decision-making process within the American federal government. Provides students with an explanation of the primary governmental activities associated with the basic steps in the policy-making process. Some of these steps include policy formulation, implementation and evaluation. Prerequisite: POSC 101 or 110. Three hours per week with enhancement.

330. AMERICAN CONSTITUTIONAL DEVELOPMENT
4 hours credit
Study of the principles, nature and meaning of the U.S. Constitution as determined by the holdings and opinion of the Supreme Court. Emphasis on the historical development of the Constitution and a study and analysis of the U.S. court system, judicial review, separation of powers, commerce powers and powers of Congress and the president. Prerequisite: POSC 101 or 110. Three hours per week with enhancement.

340. POLITICAL SCIENCE INTERNSHIP
3-9 hours credit
Helps students learn about political behavior and policy problems as participant-observers in a government organization at the national, state or local level. May be taken three times for a total of nine credits. Prerequisites: POSC 101 or 110, permission of instructor. (P/F)

341. POLITICAL SCIENCE INTERNESHIP SEMINAR
3 hours credit
Places an intern's work experience within a broader, analytical perspective. Interns thoroughly examine existing research on the relevant governmental agency and relate the findings of this research to their own internship experiences. Designed to be taken with POSC 340. Prerequisites: POSC 101 or 110, permission of instructor.

360. ENVIRONMENTAL POLICY
4 hours credit
Overview of national and global environmental policies in the U.S. Examines individual policies including their content, their adoption, the regulatory process and their effect on environmental quality. Role of the political actors and the political process in environmental policy-making explored. Prerequisite: Junior standing. Three hours per week with enhancement. Three hours per week. Meets General Education IIB or IIC (Prior to Fall 2008: IIB).

370. DEMOCRACY
4 hours credit
Explores both the idea of democracy and its possibilities for realization in human society. Advocates and critics of democracy, both old and contemporary, are examined. Prerequisite: POSC 101 or 110. Three hours per week with enhancement.

390. INTERNATIONAL FIELD STUDY
4-8 hours credit
On-site study of the politics, history, economy and culture of selected countries. Work in the field preceded by pre-tour lectures and readings. May be repeated once for credit. Number of credits offered to be determined by the department.

399. HONORS INTERDISCIPLINARY
4 hours credit
Examines topics of broad trans-disciplinary scope and interest in conjunction with one or more other departments. Three hours per week with enhancement.

401. POLITICAL THEORY
4 hours credit
Survey of political thought based on the analysis of ideas of modern theorists, including the historical setting of major theories, their impact on political institutions and social changes and their contemporary significance. Prerequisite: POSC 101 or 110. Three hours per week with enhancement.

408. POLITICAL VIOLENCE AND TERRORISM
4 hours credit
Investigates the political, social, cultural, economic and psychological roots of several types of political violence: international terrorism, state terrorism, inter-communal and secessionist violence, genocide, revolution and civil war. For each type of violence, the course examines theories that explain the cause of violence and case examples from historical experience. Prerequisite: Junior standing. Three hours per week with enhancement.

409. CAUSES OF WAR
4 hours credit
Explores theoretical explanations of international conflict. Major questions addressed are: What are the primary causes of war? How may war be prevented? Prerequisite: Junior standing. Three hours per week with enhancement. Three hours per week. Meets General Education IIB or IIC (Prior to Fall 2008: IIB).

411. INTERNATIONAL LAW
4 hours credit
Survey of the general principles and specific rules of interna-
413. INTERNATIONAL POLITICAL ECONOMY
4 hours credit
Examines the most important economic issues in the current global economy and compares and contrasts liberal, statist, and Marxist theories of international political economy. Topics include the debate over globalization, the formation and operation of regional economic blocks, the goal of sustainable development and the challenge of transition in post-socialist societies. Prerequisite: POSC 101 or 110 or 210. Three hours per week with enhancement.

415. THE UNITED NATIONS SYSTEM
4 hours credit
Examines the history and evolution of the UN system. Focuses on the role of the UN in settling international disputes, providing international order and security, promoting decolonization, promoting human and political rights, and providing for economic and social development around the world. Prerequisite: POSC 101 or 110 or 210. Three hours per week with enhancement.

417. RUSSIA AND THE SOVIET UNION
4 hours credit
Political development of Russia from the Bolshevik Revolution and Stalinism through the Gorbachev period and collapse of the U.S.S.R. Emphasis on government structure, parties, ideology, political conflict and change. Exploration of political, social, economic, environmental and foreign policy problems of the new Russian state. Prerequisite: POSC 101 or 110 or 210. Three hours per week with enhancement.

430. THE CONGRESS IN AMERICAN POLITICS
4 hours credit
Analysis of the structural characteristics and functions of the United States Congress. Factors influencing congressional decision making and the importance of Congress in American political process discussed. Prerequisite: POSC 101 or 110. Three hours per week with enhancement.

440. PUBLIC ADMINISTRATION
4 hours credit
Study of the basic characteristics of modern American governmental bureaucracies, as well as the important issues public administrators face. Exploration of administrative and organizational theories. Prerequisite: POSC 101 or 110. Three hours per week with enhancement.

450. CIVIL RIGHTS AND LIBERTIES
4 hours credit
Explores civil rights and liberties of the individual under the United States Constitution, including freedom of religion, speech, press, right to privacy, and race and sex discrimination. Prerequisite: POSC 101 or 110. Three hours per week with enhancement.

460. ENVIRONMENTAL LAW
4 hours credit
Introduction to the legal system and principles of environmental law. Explores the nature and sources of environmental problems, evolution of the law and the legal system's response to environmental problems. Examines laws, regulations and court decisions designed to control specific environmental problems; protect public health, safety and resources; and provide international environmental controls. Students use the case study method of legal analysis. Prerequisite: Junior standing. Three hours per week with enhancement.

480. STUDIES IN POLITICAL SCIENCE
4 hours credit
Intensive study of a specialized area of inquiry within the major subfields of political science: American government, international relations, comparative government, political theory and public policy. May be taken twice under different subtitles. Prerequisites: POSC 101 or 110, junior/senior class standing. Three hours per week with enhancement.

490. INDIVIDUAL RESEARCH
1-4 hours credit
Advanced students pursue their own research project under the direction of a faculty member, or assist a faculty member in a research project. Involves in-depth reading program or the collection and analysis of data from primary sources. May be repeated for a maximum of six credits with faculty approval; credit beyond three hours requires approval of the department chair.

501. POLITICAL THEORY
3 hours credit
Survey of political thought based on the analysis of ideas of modern theorists, including the historical setting of major theories, their impact on political institutions and social changes and their contemporary significance. Prerequisite: POSC 101 or 110. Three hours per week.

509. CAUSES OF WAR
3 hours credit
Explores theoretical explanations of international conflict. Major questions addressed are: What are the primary causes of war? How may war be prevented? Three hours per week.

511. INTERNATIONAL LAW
3 hours credit
Survey of the general principles and specific rules of international law as well as its recent trends and its relations to other aspects of international affairs. Prerequisite: POSC 101 or 110 or 210. Three hours per week.

515. THE UNITED NATIONS SYSTEM
3 hours credit
Examines the history and evolution of the UN system. Focuses on the role of the UN in settling international disputes, providing international order and security, promoting decolonization, promoting human and political rights, and providing for economic and social development around the world. Prerequisite: POSC 101 or 110 or 210. Three hours per week.

517. RUSSIA AND THE SOVIET UNION
3 hours credit
Political development of Russia from the Bolshevik Revolution and Stalinism through the Gorbachev period and collapse of the U.S.S.R. Emphasis on government structure, parties, ideology, political conflict and change. Exploration of political, social, economic, environmental and foreign policy problems of the new Russian state. Prerequisite: POSC 101 or 110 or 210. Three hours per week.

530. THE CONGRESS IN AMERICAN POLITICS
3 hours credit
Analysis of the structural characteristics and functions of the United States Congress. Factors influencing congressional decision making and the importance of Congress in American political process discussed. Prerequisite: POSC 101 or 110. Three hours per week.

540. PUBLIC ADMINISTRATION
3 hours credit
Study of the basic characteristics of modern American governmental bureaucracies, as well as the important issues public administrators face. Exploration of administrative and organizational theories. Prerequisite: POSC 101 or 110. Three hours per week.

580. STUDIES IN POLITICAL SCIENCE
3 hours credit
Intensive study of a specialized area of inquiry within the
major subfields of political science: American government, international relations, comparative government, political theory and public policy. May be taken twice under different subtitles. **Prerequisite:** PSYC 101 or 110. Three hours per week.

### 590. INDIVIDUAL RESEARCH
1-3 hours credit
Advanced students pursue their own research project under the direction of a faculty member, or assist a faculty member in a research project. Involves in-depth reading program or the collection and analysis of data from primary sources. May be repeated for a maximum of six credits with faculty approval; credit beyond three hours requires approval of the department chair.

**PSYCHOLOGY (PSYC)**

</thead>
<tbody>
<tr>
<td>101.</td>
<td>GENERAL PSYCHOLOGY</td>
<td>4</td>
<td>PSYC 101. Three hours per week</td>
</tr>
<tr>
<td>220.</td>
<td>RESEARCH METHODS I</td>
<td>4</td>
<td>Methods of data analysis, including statistical concepts, calculations and computer applications. <strong>Prerequisite:</strong> PSYC 101. Three hours per week with enhancement.</td>
</tr>
<tr>
<td>300.</td>
<td>DEVELOPMENTAL PSYCHOLOGY</td>
<td>4</td>
<td>Survey of the characteristics of and theories explaining the physical, intellectual, social and emotional development of individuals throughout the life span. <strong>Prerequisite:</strong> PSYC 101. Three hours per week with enhancement.</td>
</tr>
<tr>
<td>301.</td>
<td>BIOLOGICAL BASIS OF BEHAVIOR</td>
<td>4</td>
<td>Introduction to the biological basis of behavior with emphasis on the anatomy and physiology of nerve cells and the nervous system, the effects of drugs on the nervous system, and other introductory topics. <strong>Prerequisite:</strong> PSYC 101. Three hours per week with enhancement.</td>
</tr>
<tr>
<td>302.</td>
<td>ABNORMAL PSYCHOLOGY</td>
<td>4</td>
<td>Survey of the etiology, diagnosis and prognosis of neuroses, psychoses, psychosomatic disorders, transient situational maladjustments and personality disorders, with discussions of various treatment approaches. <strong>Prerequisite:</strong> PSYC 101. Three hours per week with enhancement.</td>
</tr>
<tr>
<td>304.</td>
<td>RESEARCH METHODS II</td>
<td>4</td>
<td>Study of the scientific method and principles of research design and their application to the study of psychology. <strong>Prerequisite:</strong> PSYC 220. Three hours per week with enhancement.</td>
</tr>
<tr>
<td>305.</td>
<td>PSYCHOLOGY OF LEARNING</td>
<td>4</td>
<td>Survey of basic learning paradigms, including classical and operant conditioning, with an emphasis on experimental research using non-human animals. Applications of these theories are also discussed in terms of human behavior. <strong>Prerequisite:</strong> PSYC 101. Three hours per week with enhancement.</td>
</tr>
<tr>
<td>311.</td>
<td>SOCIAL PSYCHOLOGY</td>
<td>4</td>
<td>Scientific study of the behavior and thought of individuals as a function of social stimuli. Topics include persuasion, social cognition, prejudice, attraction, aggression, pro-social behavior and group processes. <strong>Prerequisites:</strong> PSYC 101. Three hours per week with enhancement.</td>
</tr>
<tr>
<td>312.</td>
<td>DRUGS AND BEHAVIOR</td>
<td>4</td>
<td>Examination of the use and misuse of drugs, both legal and illegal, from biological, historical, psychological, and social perspectives. <strong>Prerequisite:</strong> PSYC 101. Three hours per week with enhancement.</td>
</tr>
<tr>
<td>320.</td>
<td>PSYCHOLOGY OF INFANCY AND CHILDHOOD</td>
<td>4</td>
<td>In-depth study of the implications of and issues surrounding the physical, intellectual, social and emotional development of children from conception to adolescence. <strong>Prerequisites:</strong> PSYC 101 or 30 credit hours. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIIB).</td>
</tr>
<tr>
<td>321.</td>
<td>PSYCHOLOGY OF ADOLESCENCE</td>
<td>4</td>
<td>Study of physical, emotional and social development of the adolescent. <strong>Prerequisite:</strong> PSYC 101. Three hours per week with enhancement.</td>
</tr>
<tr>
<td>322.</td>
<td>PSYCHOLOGY OF AGING</td>
<td>4</td>
<td>Comprehensive study of aging—the final developmental period in the lifespan. Topics covered include research methodology, physical aging, cognitive aging, life span developmental issues, relationships, well being and mental health. <strong>Prerequisite:</strong> PSYC 101. Ten hours of volunteer work with the elderly per semester, three hours per week with enhancement.</td>
</tr>
<tr>
<td>323.</td>
<td>PSYCHOLOGY OF DEATH AND DYING</td>
<td>4</td>
<td>Exploration of attitudes and behaviors related to death. Topics include the dying patient, suicide, bereavement, ethical issues, the funeral, etc. Emphasis on developing an understanding of self and death. <strong>Prerequisite:</strong> PSYC 101. Three hours per week with enhancement.</td>
</tr>
<tr>
<td>325.</td>
<td>PSYCHOLOGY OF SEXUALITY</td>
<td>4</td>
<td>Scientific study of human sexuality. Topics include sexual physiology, behaviors and attitudes, love and sexual relationships, sexual health, sexual dysfunction, gender and sexual coercion. <strong>Prerequisite:</strong> PSYC 101. Three hours per week with enhancement.</td>
</tr>
<tr>
<td>333.</td>
<td>EFFECTIVE PARENTING</td>
<td>4</td>
<td>Offers practical techniques for dealing with children, including effective communication with children of all ages and techniques for coping with inappropriate behavior in children. <strong>Prerequisite:</strong> PSYC 101. Three hours per week with enhancement.</td>
</tr>
<tr>
<td>334.</td>
<td>PSYCHOLOGY OF WOMEN</td>
<td>4</td>
<td>Scientific study of the psychological experience and functioning of women. Topics include gender roles, work, relationships, childbirth, physical health, eating disorders and sexual victimization. <strong>Prerequisite:</strong> PSYC 101. Three hours per week with enhancement.</td>
</tr>
</tbody>
</table>
| 336.          | PSYCHOLOGY OF MEN                                 | 4       | Study of the psychological effects of the cultural roles
assigned to males and of the impact of the transitions confronting men in the roles they assume. Prerequisite: PSYC 101. Three hours per week with enhancement.

360. CLINICAL/COUNSELING PSYCHOLOGY
4 hours credit
Introduction to methods, techniques and theories in the practice of clinical/counseling psychology in a variety of settings. Current problems and issues confronting clinical and counseling psychologists are investigated. Prerequisite: PSYC 101. Three hours per week with enhancement.

375. PSYCHOLOGY AND THE LAW
4 hours credit
Focuses on the contribution of psychological theories on the legal system and the increasing use of mental health professionals in this system. Topics to be covered include a variety of issues related to ways the fields of psychology and legal studies intersect, including examining theories of crime, stages of the trial process, police training, judge and jury decision making, use of expert witnesses, the insanity defense, witness reliability and crime victims. Prerequisite: PSYC 101, junior or senior status is suggested. Three hours per week with enhancement.

401. PHYSIOLOGICAL PSYCHOLOGY
4 hours credit
Presentation of advanced topics on physiological psychology including the morphological, neurochemical and physiological bases of behavior. Prerequisite: PSYC 301. Three hours per week with enhancement.

402. CHILDHOOD DISORDERS
4 hours credit
A developmental study of behavior problems in children and adolescents, ranging from mild personality disorders to psychoses. Special consideration is given to identification of risk factors related to physiological, cognitive, affective and social influences on behavior. Course focuses on description, etiology and treatment of childhood disorders. Prerequisite: PSYC 101. Three hours per week with enhancement.

403. MEASUREMENT AND EVALUATION IN PSYCHOLOGY
4 hours credit
Coverage of correlational techniques, reliability and validity. Psychological tests and questionnaires considered in terms of their measurement assumptions and utility. Prerequisite: PSYC 220 or permission of instructor. Three hours per week with enhancement.

406. PSYCHOLOGY OF ATTITUDES AND ATTITUDE CHANGE
4 hours credit
Concerned with how attitudes are formed, measured and changed. Emphasis on the classical theories and new approaches to attitude formulation and change. Prerequisite: PSYC 306 or permission of instructor. Three hours per week with enhancement.

407. PSYCHOLOGY OF PERSONALITY
4 hours credit
Survey of major theoretical approaches to the origin and development of human personality. Prerequisite: PSYC 101. Three hours per week with enhancement.

408. HISTORY AND SYSTEMS IN PSYCHOLOGY
4 hours credit
Study of basic integrating theories of psychology. Prerequisites: PSYC 101, junior standing. Three hours per week with enhancement.

409. ENVIRONMENTAL PSYCHOLOGY
4 hours credit
Study of the effects of the constructed environment and natural environment on human behavior. Consideration is given to such topics as ambient temperature, architecture, density, crowding, urban stress, environment attitudes and behavior change. Prerequisite: PSYC 101. Three hours per week with enhancement.

410. MULTICULTURAL ISSUES
4 hours credit
A study of the psychological impact of major cultural groups on the behavior, attitudes, thoughts and beliefs of individuals. Prerequisites: PSYC 101 and junior status. Three hours per week with enhancement.

412. PSYCHOLOGY OF RELIGION
4 hours credit
Provides a psychological perspective of religion and spirituality by focusing on empirical findings regarding the behavior and cognitive processes of individuals engaged in religious and spiritual activities. Explores religion psychologically by asking questions to which theory and research can be applied in pursuit of answers. Prerequisites: PSYC 101. Three hours per week with enhancement.

423. DEVELOPMENTAL DISABILITIES
4 hours credit
Study of children who vary from the norm, including those with physical disabilities, mental disabilities and socio-emotional disturbances. Prerequisite: PSYC 320. Three hours per week with enhancement.

430. APPLIED BEHAVIOR ANALYSIS
4 hours credit
Provides both a theoretical and data driven approach to behavioral engineering in the areas of industry, sports, education and behavior change in the areas covered under clinical psychology. Prerequisite: PSYC 101. Three hours per week with enhancement.

445. COGNITIVE PSYCHOLOGY
4 hours credit
Study of human cognitive processing. Topics include perception, attention, memory, problem solving, language, reasoning and decision making. Prerequisite: PSYC 101. Three hours per week with enhancement.

446. FUNDAMENTALS OF HUMAN NEUROPSYCHOLOGY
4 hours credit
Introduction to brain/behavior relationships with emphasis on patients with known brain damage. Examines types of brain damage, related loss of function, neuropsychological assessment and course of recovery. Prerequisites: PSYC 301, junior status. Three hours per week with enhancement.

450. SENSATION AND PERCEPTION
4 hours credit
Study of human sensory and perceptual systems with emphasis on vision. Perception treated from a physiological, behavioral and cognitive point of view. Prerequisites: PSYC 301. Three hours per week with enhancement.

481. HEALTH PSYCHOLOGY/BEHAVIORAL MEDICINE
4 hours credit
A scientific, research-based examination of the ways in which psychological factors may relate to physical health and disease, including behavioral and emotional protective and risk factors for disease from a biopsychosocial perspective. Students will explore the psychological consequences of physical disease and disability, as well as common intervention approaches within clinical health psychology and behavioral medicine. Designed for psychology majors and students in the health sciences who have an understanding of basic psychological principles. Prerequisite: PSYC 101, junior or
senior status is suggested. Three hours per week with enhancement.

482. NATURE-NURTURE ISSUES  
4 hours credit  
A critical review and analysis of the classic argument involving influences on developmental outcomes. Questions of trait origin and consistency will be discussed. Students will read primary articles and texts covering diverse perspectives on the role of genes and the environment. Some of the concepts to be covered include: determinism, dynamic systems theory, epigenesis, genotype-phenotype, heritability, interactionism, ontogeny and phylogeny, reductionism, and stability versus variability. Prerequisites: PSYC 101 and junior status. Three hours per week with enhancement.

483. AUTISM SPECTRUM DISORDERS  
4 hours credit  
Offers an in-depth look at Autism Spectrum Disorders through primary readings on historical perspective, clinical presentation, assessment, etiology, treatment, and comparison to typical development during infancy and toddlerhood. Prerequisites: PSYC 101 or 320. Three hours per week with enhancement.

485. PSYCHOLOGY PRACTICUM  
3-4 hours credit  
Provides psychology majors with training experience in a variety of clinical settings. Students may earn no more than six hours in undergraduate practicum courses. Prerequisites: Junior psychology majors only and permission of instructor. Minimum of two hours per week supervision, eight hours per week of field work. (P/F with pass equivalent to C or better.)

490. INDIVIDUAL DIRECTED STUDY  
1-4 hours credit  
Enables advanced students to pursue, through observation, experimentation or library research, a topic of their choosing. May be repeated for a maximum of eight credits. Prerequisite: Permission of instructor.

495. SELECTED TOPICS IN PSYCHOLOGY  
4 hours credit  
Intensive study in a psychological therapeutic technique, person, developmental period or theory. May be repeated in different areas of study for a maximum of eight hours credit. Prerequisite: PSYC 101. Three hours per week with enhancement.

497. RESEARCH IN PSYCHOLOGY  
4 hours credit  
Designed to introduce students to independent, original inquiry in questions of and mental processing using the scientific method. The course requires literature review, development of a hypothesis, selection of an appropriate research method, data collection and analysis, and research report writing under the close supervision of a faculty mentor. Findings will be reported at a public, scientific forum. Prerequisites: PSYC 304, junior status, permission of faculty mentor. May be repeated for a maximum of eight hours credits.

531. THESIS  
Three hours credit.

**RESPIRATORY THERAPY (RESP)**

210. FOUNDATION STUDIES IN RESPIRATORY THERAPY  
3 hours credit  
Introduction to respiratory therapy with emphasis on the physiologic basis of respiratory care. Covers basic principles, procedures and practices utilized in the profession. Three hours per week.

300. SPECIAL TOPICS IN RESPIRATORY CARE  
1-4 hours credit  
Study of a selected area of respiratory care. Topic may vary semester to semester. Provides opportunity for curriculum innovation or meeting the special needs or interests of students. May be taken twice for credit under different subtitles. Prerequisite: Sophomore standing or permission of instructor.

301. PATIENT CARE PROCEDURES  
4 hours credit  
Introduction to basic respiratory therapy procedures commonly utilized in providing patient care. Opportunity for practicing selected skills provided in the respiratory care laboratory. Prerequisites: Junior status, completion of General Education requirements, or permission of instructor. Corequisites: RESP 302, 303. Three hours lecture, two hours laboratory per week.

302. BASIC RESPIRATORY PROCEDURES/CLINICAL PRACTICUM  
5 hours credit  
Provides basic skills necessary for the application of medical gases, aerosol and humidity therapy, chest physiotherapy, airway management, incentive spirometry, intermittent positive pressure breathing, arterial blood gases, and cleaning and sterilization. Prerequisite: Permission of program director. Supervised experience: one hour lecture, nine hours clinical practice per week.

303. CARDIOPULMONARY PHYSIOLOGY  
3 hours credit  
Study of cardiopulmonary physiology with emphasis on fluid and electrolyte balance, carbon dioxide and oxygen transport, acid-base regulation and the clinical significance of each. Prerequisite: Permission of program director. Three hours per week.

304. CARDIOPULMONARY DISEASE  
3 hours credit  
Provides a pathophysiological presentation of cardiopulmonary disease and gives the student practitioner an understanding of disorders of cardiopulmonary structure and function as related to the clinical setting. A symptom/problem-based focus along with the development of decision trees and algorithms will assist students in understanding the pathophysiology of cardiopulmonary problems. This approach will provide the core of basic sciences and merge it with clinical subjects to reinforce learning through the acquisition of critical thinking skills based on broad, yet specific understanding of the clinical and pathologic aspects of cardiopulmonary dysfunction. Prerequisite: RESP 303 with C or better, or permission of instructor. Three hours per week.

321. ADVANCED RESPIRATORY CARE  
4 hours credit  
In-depth study of topics related to respiratory therapy in the critical care setting with laboratory experiences. Emphasis on mechanical ventilation, airway management, cardiopulmonary monitoring and cardiopulmonary assessment. Three hours lecture, two hours laboratory per week.

322. PHARMACOLOGY  
3 hours credit  
Investigation of pharmaceutical preparations employed in current medical practice with emphasis on those relevant to the respiratory care practitioner. Prerequisites: RESP 301, 302, 303 with C or better, or permission of instructor. Three hours per week.
323. CLINICAL PRACTICUM II
5 hours credit
Supervised clinical experience in a variety of critical and non-critical settings designed to reinforce primary skills and develop secondary skills necessary for the practice of respiratory care. Prerequisites: Junior standing, RESP 210, 301, 302, 303 with C or better, or permission of instructor. Supervised experience: one hour lecture, nine hours clinical practice per week.

400. FUNDAMENTALS OF RESPIRATORY CARE RESEARCH
2 hours credit
Introduction to the fundamentals of research related to the profession of respiratory care. The course is designed to enhance communication skills of undergraduate respiratory therapy students for the purpose of writing and presenting research related to respiratory care. Prerequisite: Senior status or permission of instructor. Two hours per week.

401. NEONATAL AND PEDIATRIC RESPIRATORY CARE
4 hours credit
Survey of current techniques employed in the respiratory treatment of children from birth through adolescence. Special attention to neonatal physiology and abnormalities requiring respiratory care and to the pulmonary significance of select childhood diseases. Certifications in Neonatal Resuscitation and Pediatric Advanced Life Support are included. Prerequisite: Senior standing or permission of instructor. Three hours lecture, two hours laboratory per week.

402. CARDIOPULMONARY DIAGNOSTICS AND REHABILITATION
4 hours credit
Study of the theory and techniques of cardiopulmonary diagnostic procedures, interpretations and clinical applications, as well as an overview of rehabilitative respiratory care techniques. Prerequisites: Senior standing, RESP 301, 302, 303, 304, 321, 322, 323 with C or better or permission of instructor. Three hours lecture, three hours clinical practice per week.

403. CLINICAL PRACTICUM III
5 hours credit
Supervised clinical experience in critical settings with special rotations through areas focusing on intensive care techniques and neonatal/pediatric respiratory care. Prerequisites: Senior standing, RESP 301, 302, 303, 304, 321, 322, 323 with C or better or permission of instructor. Supervised experience: one hour lecture, nine hours clinical practice per week.

404. MANAGEMENT PRACTICES IN HEALTH SERVICES
3 hours credit
Prepares students for managerial challenges encountered by leaders and the health care practitioners in health service organizations. Topics include managerial theory, personnel interviewing, selection and maintenance, quality control, audits and budget preparation. Prerequisite: Senior standing or permission of instructor. Three hours per week.

420. RESPIRATORY CARE SEMINAR
4 hours credit
Emphasis on the development of critical thinking skills regarding the appropriate therapy for patients receiving respiratory care. Problem-based learning, case examples, computer simulation and frequent physician input allow students to develop an enhanced understanding of the importance of appropriate respiratory care. Prerequisites: Senior standing, RESP 401, 402, 403, 404 with C or better or permission of instructor. Three hours lecture, two hours laboratory per week.

422. MANAGEMENT SPECIALIZATION
2 hours credit
Provides an in-depth study of management principles and problems as they relate to respiratory care and the management of health care services. A practical component provides experience in the hospital or other setting to gain exposure to management tasks. Prerequisites: Senior status; completion of RESP 400, 401, 402, 403, 404 with C or better, or permission of instructor. One hour lecture, two hours practicum per week.

423. EDUCATION SPECIALIZATION
2 hours credit
Designed to give the student basic fundamental knowledge of educational principles as well as experience in didactic and clinical instruction. The practical component enables students to participate in education activities that include developing instructional materials and aids for use in lecture and/or laboratory instruction. Prerequisites: Senior status; completion of RESP 400, 401, 402, 403, 404 with C or better, or permission of instructor. One hour lecture, four hours practicum per week.

424. CRITICAL CARE SPECIALIZATION
5 hours credit
Clinical experience in critical care areas designed to refine skills in patient assessment, data collection and clinical decision making. Patient rounds with cardiopulmonary specialists. Prerequisites: Senior standing, RESP 401, 402, 403 and 404 with C or better or permission of instructor. Supervised experience: 10 hours per week.

425. DIAGNOSTICS SPECIALIZATION
4 hours credit
Emphasis on sophisticated cardiopulmonary monitoring including airway assessment, ECG analysis, arrhythmia identification and therapeutic management of a patient in respiratory or cardiac arrest. Advanced Cardiac Life Support certification offered. Prerequisites: Senior standing, RESP 401, 402, 403, 404 with C or better or permission of instructor. Three hours lecture, two hours laboratory per week.

458. CRITICAL CARE: A MULTI-PROFESSIONAL APPROACH
3 hours credit
Introduces students to collaborative critical care practice. Prepares students interested in critical care clinical practice to recognize and categorize causes of sudden deterioration of the critically ill patient. Teaches appropriate treatment and interventions for the deteriorating critically ill patient. Prerequisites: Admission to nursing or respiratory therapy major; Nursing: NURS 310, 311, 350, 351 with C or better; Respiratory Therapy: Senior status with successful completion of all junior-level courses and concurrent enrollment in all senior-level coursework; or permission of instructor. Cross-listed with NURS 458. Three hours per week.

490. INDEPENDENT STUDY
1-3 hours credit
Intensive study in a specific area of respiratory care negotiated between student and faculty member. May be taken twice under different course subtitles. Prerequisite: Permission of program director. One to three hours per week.

RUSSIAN (RUSS)

101. ELEMENTARY RUSSIAN I
4 hours credit
Beginning spoken and written Russian with emphasis on the alphabet, sound system, basic structures of the language and contemporary culture. Any student with two or more
years of high school Russian or equivalent experience is ineligible for this course without expressed permission of the instructor. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

102. ELEMENTARY RUSSIAN II
4 hours credit
Continued development of listening, speaking, reading and writing in Russian with further study of major grammatical structures and contemporary culture. Recommended Prerequisite: RUSS 101 or at least one year of high school Russian. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

201. INTERMEDIATE RUSSIAN
4 hours credit
Continued development and refinement of language skills as well as exposure to contemporary culture. Recommended Prerequisite: RUSS 102 or at least two years of high school Russian. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

SOCIAL SCIENCE (SOSC)

300. SOCIAL SCIENCE INTERN PROGRAM
3 hours credit
Work study program with the primary emphasis on practical experiences to be learned while working with a governmental or community agency on the local, state or national level. Prerequisites: Junior or senior class standing with a major in history, political science, sociology or social science and approval of directors.

400. CURRENT PROBLEMS
3 hours credit
Study made of either general or special topics of our times, considered from the historic aspect and the present social and cultural setting in which they occur. Three hours per week.

499. HONORS
3 hours credit
Independent study, research and conferences undertaken by social science majors for department honors at the invitation of the department. May not be taken on a pass/no credit basis. Prerequisites: Approval of department, 21 hours of work in social science completed, minimum 3.5 average in social sciences.

SOCIAL WORK (SOWK)

200. INTRODUCTION TO SOCIAL WORK AND SOCIAL WELFARE
3 hours credit
Introduction to social work as a profession. Examination of the social welfare system as society’s response to human need and structure for delivery of social services. Overview of fields of social welfare service and social work roles in each field. Twenty-five hours of volunteer service in a social agency required. Three hours per week.

300. HUMAN BEHAVIOR IN THE SOCIAL ENVIRONMENT I
3 hours credit
Examines the individual, family and peer group in the context of social systems using a bio-psycho-social-cultural-spiritual perspective. Explores human development through the lifespan. Presents theories which explain human behavior and inform social work practices. Focuses on privilege, oppression, prejudice and discrimination. Develops foundation assessment skills. Prerequisites: SOWK 200, BIOL 101 or 215 or 216, SOCI 101, PSYC 101, or permission of instructor. Three hours per week.

302. HUMAN BEHAVIOR IN THE SOCIAL ENVIRONMENT II
3 hours credit
Examines the development of communities and organizations as social systems. Reflects social work's unique integration of theories drawn from sociology, psychology, biology, anthropology and economics to understand the multiple influences on behavior. Macro-sociological theories for critical analyses of society, communities, social institutions and social organizations are presented. Human behavior as affected by rape, class, gender, age and sexual orientation is the main component. Develops macro-assessment skills. Prerequisites: SOWK 200, 300 or permission of instructor. Three hours per week.

305. SOCIAL WELFARE POLICY
3 hours credit
Historical and analytical overview of social welfare policy in the United States. Selective examination of contemporary programs and services; analysis of policies; issues and problems; evaluation of programs and services for effectiveness. Prerequisite: SOWK 200 or permission of instructor. Three hours per week.

310. BASIC INTERVIEWING: SKILLS AND TECHNIQUES
3 hours credit
Develop basic interviewing skills for assessing, goal setting and intervention for use in home service and social work settings. Emphasis on skill application with diverse populations and student exploration of personal values and belief systems. Prerequisite: Junior standing. Three hours per week. (Fall only)

320. SOCIAL WORK PRACTICE I
3 hours credit
First of three practice courses preparing students for a generalist approach to social work practice. Emphasis on knowledge, values, ethics and skills needed to develop effective helping relationships. Includes basic theories for intervention with focus on micro level problem solving and basic interview skills. Prerequisites: SOWK 200, 300, 310. Three hours per week. (Spring only)

350. SOCIAL WORK WITH OLDER PEOPLE
3 hours credit
Study of older Americans and of the programs and policies designed to support them. Review of social work practice skills in providing direct service to older people. Prerequisite: SOWK 200 or permission of instructor. Three hours per week.

400. SOCIAL WORK PRACTICE II
3 hours credit
Second of three practice courses preparing students for a generalist approach to social work practice. Expands basic knowledge, values, ethics and skills, with emphasis on mezzo level problem solving. Includes theories and techniques for planning, assessment, intervention, evaluation and advocacy for families, treatment groups and task groups. Prerequisites: SOWK 320, admission to the professional program. Corequisites: SOWK 405, 406, 416. Three hours per week. (Fall only)

405. FIELD INSTRUCTION IN SOCIAL WORK I
3 hours credit
Supervised experience in a social welfare agency with emphasis on methods and techniques of generalist social work practice. Opportunity to apply theory and develop skills in delivery of social services. Successful completion of the
two-course sequence requires a student to fulfill a minimum of 440 hours of field instruction within the same social welfare agency accumulated across the fall and spring semesters. Prerequisites: SOWK 302, 320, admission to the professional program. Corequisites: SOWK 400, 406, 416. Two working days per week. (P/F)

406. FIELD INSTRUCTION SEMинаR I 1 hour credit
Weekly on-campus seminar concurrent with Field Instruction I. Small group discussion of field experience with related written assignments. Prerequisite: SOWK 320. Corequisites: SOWK 400, 405, 416. One hour per week.

407. FIELD INSTRUCTION IN SOCIAL WORK II 3 hours credit
Supervised experience in a social welfare agency with emphasis on methods and techniques of generalist social work practice. Opportunity to apply theory and develop skills in delivery of social services. Successful completion of the two-course sequence requires a student to fulfill a minimum of 440 hours of field instruction within the same social welfare agency accumulated across the fall and spring semesters. Prerequisites: SOWK 400, 405, 406, 416. Corequisites: SOWK 408, 410, 417. Two working days per week. (P/F)

408. FIELD INSTRUCTION SEMинаR II 1 hour credit
Weekly on-campus seminar concurrent with Field Instruction II. Small group discussion of field experience with related written assignments. Prerequisites: SOWK 400, 405, 406, 416. Corequisite: SOWK 407, 410, 417. One hour per week.

410. SOCIAL WORK PRACTICE III 3 hours credit
Third of three practice courses preparing students for a generalist approach to social work. Expands basic knowledge, values, ethics and skills, with emphasis on macro level problems solving and policy advocacy. Prerequisite: SOWK 400, 405, 406, 416. Corequisites: SOWK 407, 408, 417. Three hours per week. (Spring only)

416. SOCIAL WORK RESEARCH I 3 hours credit
The first of two courses in social work and evaluation research. Emphasis on understanding the development and use of scientific knowledge and the application of that knowledge to evaluate social work interventions and program evaluation. Special attention may be given to applied research methodologies to enhance the student's use of evidence-based social work knowledge and skills. May be repeated only once. Prerequisite: SOWK 400, 405, 406, 416. Corequisites: SOWK 407, 408, 417. Three hours per week. (Spring only)

417. SOCIAL WORK RESEARCH II 3 hours credit
The second of two courses focused on the basic concepts and methods of scientific inquiry used to build knowledge and evaluate practice. Builds and expands upon material covered in Social Work Research I. Topics include an introduction to program evaluation, single-subject designs, data analysis, descriptive and inferential statistics, presentation of data, report writing and application of findings to practice. Special attention is given to applied research methodologies that will enhance the student's use of evidence-based interventions. May be repeated only once with permission of the department. Prerequisite: SOWK 416. Corequisites: SOWK 407, 408, 410. Three hours per week.

450. SOCIAL WORK WITH FAMILIES AND CHILDREN 3 hours credit
Survey of child welfare services and examination of current policies in social work for children and their families. Consideration of practice issues in protective services, in-home services to families and substitute care including adoption and foster care. Prerequisite: SOWK 200 or permission of instructor. Three hours per week.

455. SUBSTANCE ABUSE: ISSUES AND SERVICES 3 hours credit
Study of alcohol and drug abuse. Topics include theoretical perspectives on abuse, pharmacological characteristics of commonly abused substances, and stages of dependence and addiction. Overview of societal response to substance abuse including law enforcement, treatment, rehabilitation and prevention. Three hours per week.

460. SOCIAL WORK IN CORRECTIONS 3 hours credit
Social work interventions in a variety of correctional settings. Focuses on professional role in court and correctional procedures within institutional and community-based programs. Three hours per week.

465. SOCIAL WORK IN HEALTH CARE 3 hours credit
Exposes the role of social work practice in various health care settings. Emphasis on the changing concepts of health and illness. Evaluates the nature of health care organizations, funding mechanisms and ethical dilemmas in social work health care. Three hours per week.

470. SOCIAL WORK IN MENTAL HEALTH 3 hours credit
Investigates the role of the social work profession within the mental health delivery system utilizing a generalist social work approach. Social work and mental health concepts, policies, research methods and program development examined in social service agencies, community mental health facilities and institutional accommodations. Three hours per week.

475. SOCIAL WORK WITH PERSONS WHO HAVE DISABILITIES 3 hours credit
Overview of physical, social and emotional implications of disabilities within the context of generalist social work practice. Topics include sensitivity to discrimination in society, laws and services available, and personal and family adjustment to disability. Three hours per week.

484. SOCIAL WORK AND THE LAW 3 hours credit
Study of social welfare, family, consumer law and the legal authority of social agencies to make regulations. Guidelines for court testimony and rules of evidence presented. Three hours per week.

490. INDIVIDUAL DIRECTED STUDY 1-3 hours credit
Enables advanced students to pursue topics of their own choosing with the guidance and supervision of the faculty. Should not duplicate any course already offered by the department. Prerequisite: Senior standing.

499. SPECIAL TOPICS 1-3 hours credit
Provides opportunities for investigating special themes or issues of interest to students and the social work profession. May be repeated once under a different subtitle. Prerequisite: SOWK 200 or permission of instructor. Three hours per week.

550. SOCIAL WORK WITH FAMILIES AND CHILDREN 3 hours credit
Survey of child welfare services and examination of current policies in social work for children and their families. Consideration of practice issues in protective services, in-home services to families and substitute care including adoption and foster care. Three hours per week.
555. SUBSTANCE ABUSE: ISSUES AND SERVICES  
3 hours credit  
Study of alcohol and drug abuse. Topics include theoretical perspectives on abuse, pharmacological characteristics of commonly abused substances, and stages of dependence and addiction. Overview of societal response to substance abuse including law enforcement, treatment, rehabilitation and prevention. Three hours per week.

560. SOCIAL WORK IN CORRECTIONS  
3 hours credit  
Social work interventions in a variety of correctional settings. Focuses on professional role in court and correctional procedures within institutional and community-based programs. Three hours per week.

565. SOCIAL WORK IN HEALTH CARE  
3 hours credit  
Explores the role of social work practice in various health care settings. Emphasis on the changing concepts of health and illness. Evaluates the nature of health care organizations, funding mechanisms and ethical dilemmas in social work health care. Three hours per week.

570. SOCIAL WORK IN MENTAL HEALTH  
3 hours credit  
Investigates the role of the social work profession within the mental health delivery system utilizing a generalist social work approach. Social work and mental health concepts, policies, research methods and program development examined in social service agencies, community mental health facilities and institutional accommodations. Three hours per week.

575. SOCIAL WORK WITH PERSONS WHO HAVE DISABILITIES  
3 hours credit  
Overview of physical, social and emotional implications of disabilities within the context of generalist social work practice. Topics include sensitivity to discrimination in society, laws and services available, and personal and family adjustment to disability. Three hours per week.

584. SOCIAL WORK AND THE LAW  
3 hours credit  
Study of social welfare, family, consumer law and the legal authority of social agencies to make regulations. Guidelines for court testimony and rules of evidence presented. Three hours per week.

599. SPECIAL TOPICS  
1-3 hours credit  
Provides opportunities for investigating special themes or issues of interest to students and the social work profession. May be repeated once under a different subtitle. Three hours per week.

602. ETHICAL FOUNDATION OF SOCIAL WORK  
3 hours credit  
Focuses on the ethical issues in social work practice including a theoretical framework and ethical problem-solving model to systematically evaluate values and resolve ethical dilemmas found in social work practice. Provides tools and methodologies for reflection and analysis. Prerequisite: Concentration Status or permission of department. Three hours per week.

605. SOCIAL WELFARE POLICY: FOUNDATIONS AND STRUCTURE  
3 hours credit  
Emphasis on social welfare as an institution, social work as a profession and both history and philosophy of social welfare as they have evolved and introduces the student to policy analysis. Prerequisite: For graduate study only. Three hours per week.

610. THEORETICAL ANALYSIS OF BEHAVIOR I  
3 hours credit  
Focuses on the individual, family and peer group as a social system, and assessment using a bio-psycho-social-cultural-spiritual perspective. Explores human development through the lifespan. Presents analysis of several theories which explain human behavior and inform social work practice. Focus on privilege, oppression, prejudice and discrimination. Develops foundation assessment skills. Prerequisite: For graduate study only. Three hours per week.

616. SOCIAL WORK RESEARCH I  
3 hours credit  
The first of two courses in social work and evaluation research. Emphasis on understanding the development and use of scientific knowledge and the application of that knowledge to evaluate social work interventions and program evaluation. Special attention is given to applied research methodologies to enhance the student’s use of evidence-based social work knowledge and skills. May be repeated only once. Prerequisite: Foundation Status. Corequisites: SOWK 640 or permission of the department. Three hours per week.

617. SOCIAL WORK RESEARCH II  
3 hours credit  
The second of two courses focused on the basic concepts and methods of scientific inquiry used to build knowledge and evaluate practice. Builds and expands upon material covered in Social Work Research I. Topics include an introduction to program evaluation, single-subject designs, data analysis, descriptive and inferential statistics, presentation of data and report writing, and application of findings to practice. Special attention is given to applied research methodologies that will enhance the student’s use of evidence-based interventions. May be repeated only once with permission of the department. Prerequisites: SOWK 616. Corequisites: SOWK 645 or permission of the department. Three hours per week.

620. SOCIAL WORK PRACTICE I  
3 hours credit  
Emphasizes a generalist social work perspective for the mastery of practice theory and the development of engagement, assessment, intervention and evaluation skills related to social work practice with individuals and families. Prerequisite: For graduate study only. Three hours per week.

622. SOCIAL WORK PRACTICE II  
3 hours credit  
Second of three practice courses preparing students for a generalist approach to social work practice. Expands basic knowledge, values, ethics and skills, with emphasis on mezzo level problem solving. Includes theories and techniques for planning, assessment and advocacy for family and small group interventions. Prerequisites: SOWK 620. Three hours per week.

623. SOCIAL WORK PRACTICE III  
3 hours credit  
Third of three practice courses preparing students for a generalist approach to social work. Expands basic knowledge, values, ethics and skills, with emphasis on macro level problem solving. Includes theories and techniques needed for practice within an organization and/or community context. Prerequisites: SOWK 620. Prerequisite/Corequisite 622. Three hours per week.

630. THEORETICAL ANALYSIS OF BEHAVIOR II  
3 hours credit  
Examines the development of communities and organizations as social systems. Human behaviors as affected by race, class, gender, age and sexual orientation are a main component. Reflects social work's unique integration of theories drawn from sociology, psychology, biology, anthropol-
The study of practice-outcome research, single-case designs and program evaluation in social work. Student is familiarized with appropriate recording and measurement instruments with individuals, groups and families. **Prerequisite:** SOWK 650 or permission of department. **Corequisite:** SOWK 685. Three hours per week.

660. ADVANCED PRACTICE WITH FAMILIES 3 hours credit
Builds upon theoretical perspectives and practice skills from both foundation-level and advanced-level curriculum. The course compares, evaluates and presents practice skills from the major models of family therapy. Course content focuses upon applied family interventions in social work practice. **Prerequisite:** SOWK 650 or permission of department. Three hours per week.

663. SUPERVISION AND ADMINISTRATION 3 hours credit
Introduces advanced-level students to supervision and administration in the human services. Students are introduced to the historical development of supervision in social work. Students will learn to apply knowledge of three primary supervisory functions: administration, education and support of supervisees. Additionally, students will focus on organizational theory as it provides a foundation to models of social work/welfare administration within social welfare delivery systems. **Prerequisite:** Concentration Status. Three hours per week.

665. FIELD INSTRUCTION III 4 hours credit
The first of a two-semester (fall/spring) sequence of supervised field practicum experience in the delivery of social services where students are required to participate in an agency-based field practicum for three days per week under the supervision of an agency-based field instructor with an M.S.W. Successful completion of the two-course sequence requires a student to fulfill a minimum of 744 hours of field instruction within the same social welfare agency accumulated across the fall and spring semesters. **Prerequisite:** SOWK 615, 640, SOWK 650 or permission of department. **Corequisite:** SOWK 650. Three working days per week. A seminar with small group discussions on field experiences with related written assignments and activities conducted concurrently.

677. CHILD WELFARE 3 hours credit
Designed to prepare advanced-level students to be child welfare practitioners able to move beyond the protective focus to practice applications of prevention and change. The curriculum includes knowledge about human services for children, the values and philosophy of family preservation, trends in social welfare policy impacting children and their families, and the effects of gender, race and ethnicity on social work practice with children. **Prerequisite:** Concentration Status or permission of department. Three hours per week.

680. ADVANCED PRACTICE WITH GROUPS 3 hours credit
Builds upon theoretical perspectives from human behavior and the social environment, knowledge and skills from foundation-level practice courses, and theory and skills from the advanced theory and practice course. The course familiarizes the practitioner with the concept of the group as therapeutic communities with curative factors. **Prerequisite:** SOWK 650 or permission of department. Three hours per week.
685. FIELD INSTRUCTION IV
4 hours credit
The second of a two-semester (fall/spring) sequence of supervised advanced field practicum experience in the delivery of social services where students are required to continue to work three days a week the same social welfare agency the student entered in SOWK 665 under the supervision of an agency-based field instructor with an M.S.W. Successful completion of the two-course sequence requires a student to fulfill a minimum of 744 hours of field instruction within the same social welfare agency accumulated across the fall and spring semesters. Prerequisite: SOWK 665. Corequisite: SOWK 655. Three working days per week. A seminar with small group discussions on field experiences with related written assignments and activities conducted concurrently.

690. INDIVIDUAL DIRECTED STUDY
1-3 hours credit
Enables students to pursue topics of their own choosing with the guidance and supervision of the faculty. Should not duplicate any course already offered by the department. Prerequisites: Graduate status. One to three hours per week.

SOCIOTOLOGY (SO CI)

101. INTRODUCTION TO SOCIOLOGY
4 hours credit
Identification and analysis of basic concepts of sociology; study of inter-relatedness of structures, systems and institutions, and of the social processes by which society evolves. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

201. SOCIAL PROBLEMS
4 hours credit
Analysis of selected social problems in contemporary society. Emphasis on sociological understanding of the processes by which social problems are defined. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

210. INTRODUCTION TO GLOBAL SOCIOLOGY
4 hours credit
An introduction to global sociology, an increasingly popular area in sociology. Topics such as globalization, the international division of labor and international inequality will be examined and discussed. A group of broad-based macro-level theories will assist in the analysis of global social issues such as world hunger, worldwide peace, indigenous populations, sustainable development and pollution. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

220. THE FAMILY
4 hours credit
Examines of the diversity of families in the U.S. Study of the demographic trends in family formations, marital arrangements, parenting and childbearing, and such controversial issues as unmarried couples, alternative families, abortion, surrogacy and violence in families. May not receive credit for both SOCI 316 and SOCI 220. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

225. SOCIOLOGY OF CONFLICT AND NONVIOLENCE
4 hours credit
Seeks answers to questions about why humans use violence to resolve conflict and what social forces produce conflict in the family, ethnic and racial groups, economic groups and nation states. Explores nature and practice of nonviolent conflict resolution. Cross-listed with CADR 225. May not receive credit for both CADR 225 and SOCI 225. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

250. RACE RELATIONS IN GLOBAL PERSPECTIVE
4 hours credit
Explores the socio-history of diasporas and race relations in global perspective. Several broad-based macro-level theories will facilitate the exploration of the world’s major diasporas in the last 500 years. Reviews and examines the socio-historical connections between these diasporas and today’s race relations in conjunction with the development of global capitalism. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

301. STUDIES IN SOCIOLOGY
4 hours credit
Selected areas in varied subfields of sociology. May be repeated under different subtitles. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

304. SOCIAL INEQUALITY
4 hours credit
Analysis of the variety of class and rank structures found in both past and contemporary societies. Special attention focused on the determinants of social class as well as the related issues of social mobility and changes in class position of both individuals and groups. Additional emphasis on identifying both attitudinal and behavioral consequences of class position. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

305. SOCIOLOGY OF LAW
4 hours credit
Study of formal legal statements as communications both reflecting and influencing life in society. Selected examples of the conflict between legality and social reality, with attention to both substantive and procedural issues of law; consideration of possible solutions. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

313. CRIMINOLOGY AND PENOLOGY
4 hours credit
Consideration of crime and delinquency as forms of deviant behavior; examination of social causes, social reactions and applicable sociological theories. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

314. SOCIOLOGY OF GENDER
4 hours credit
Study and analysis of the institutional and cultural bases of gender roles, gender socialization, gender inequality, gender movements and gender role change. May not receive credit for both SOCI 216 and SOCI 314. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

318. SOCIOLOGY OF RELIGION
4 hours credit
Examination of humanity’s quest for religious meaning as a social activity with social consequences. Considers the place of religion in different kinds of societies, past, present and future. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

319. GLOBALIZATION AND SOCIAL CHANGE
4 hours credit
Explores social change on a global scale and examines sociocultural factors driving economic, social and cultural globalization. This course is a critical evaluation of policies intend-
ed to promote globalization as well as effects of social practices that facilitate globalization. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

320. SOCIAL MOVEMENTS
4 hours credit
In-depth study of contemporary social movements, such as the Black Muslims, Gay Liberation, the Women’s Movement, the aged, youth and radical right. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

321. SOCIAL RESEARCH
4 hours credit
Introduction to qualitative and quantitative social research methods. Emphasis on research design, question formulation, sampling techniques, hypothesis testing, data analysis, computer processing and practical research activity. Cross-listed with CADR 321. May not receive credit for both SOCI 321 and CADR 321. Prerequisite: Junior standing. Three one-hour lectures, one two-hour laboratory per week.

322. POPULATION STUDIES
4 hours credit
Introduction to social demography which is the study of changes in the size, composition and distribution of the world’s population. Includes analysis of population dynamics and factors that drive changes in human populations as well as critical evaluation of effects of changes in human population. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

324. COMMUNITY SOCIOLOGY
4 hours credit
Investigation of communities as social systems emphasizing current directions in community research. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

325. SEXUALITY, ALTERNATIVES AND SOCIETY
4 hours credit
This course examines the social construction of sexual behavior and sexual identity in a cultural context, as well as the relationship between physiology, gender and sexuality. Topics include: theories and history of sexuality as a social marker, social inequality and sexuality, the institutionalization of sexuality, sexual behavior, and identity formation and cross cultural practices. A major focus of the course is on lesbian, gay, bisexual, transgender and transsexual experiences. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

326. SOCIAL INTERACTION
4 hours credit
Study of human behavior as social interaction. Emphasis on symbolic communication and its relationship to the concept of self. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

329. MEDICAL SOCIOLOGY
4 hours credit
Study of social factors involved in health and illness emphasizing the institution of medicine in American society. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

331. RACIAL AND CULTURAL MINORITIES
4 hours credit
Study of ethnic differences that produce prejudice, stereotypes and discrimination and of the social processes employed by dominant and minority groups. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

334. SOCIOLOGY OF MENTAL HEALTH
4 hours credit
Study of sociocultural factors in mental health and illness emphasizing social causation and patterns of distribution. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

339. IMMIGRATION
4 hours credit
The U.S. is a nation of immigrants and recent decades have seen a large upsurge in international migration to the United States, particularly from the Western Hemisphere and Asia. Focuses on explanations for this still-emerging process, as well as its impacts and implications for: the changing demographic make-up of the country (e.g., Hispanics/Latinos as the largest minority group), the labor force and economy, receiving and sending communities, adaptation and incorporation, education and health, and politics and policy debates. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

344. COMPLEX ORGANIZATIONS
4 hours credit
Analysis of the emergence of modern bureaucratic structure, emphasizing institutionalization, patterns of authority and impact on personality. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

361. AGING AND SOCIETY
4 hours credit
Examination of the aging process from the sociological perspective. Emphasis on the position of the elderly in contemporary society and on age-roles associated with stages in the process of aging such as childhood, adolescence, adulthood and old age. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

363. WOMEN AND DEVELOPMENT
4 hours credit
Explores women’s roles in processes of economic, political and social development from a global perspective with a focus on less developed countries. Provides a review of theory and analysis of women’s roles in development processes through case studies examining particular effects of general trends affecting women associated with globalization and development. Prerequisite: Junior standing or permission of the instructor. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

390. SOCIOLOGY OF THE ENVIRONMENT
4 hours credit
Examines the environment as a social product. Uses the sociological perspective to explain how environmental problems are structurally created. Focuses on mining and forestry to illustrate how environmental degradation, disease, death and disability are produced. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

401. SPECIAL TOPICS
3 hours credit
Reserved for courses approved as experimental responses to student interest or community need. May be repeated once under a different subtitle. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).

409. SOCIOLOGY OF EDUCATION
4 hours credit
Analysis of public education as a bureaucratic social institution, the countervailing community power structure and the professional role of the educator. Three hours per week with enhancement. Meets General Education IIIB or IIIC (Prior to Fall 2008: IIB).
416. INDIVIDUAL DIRECTED STUDY
1-4 hours credit
Advanced study in an area of sociology. May be repeated once under a different subtitle. Prerequisite: Permission of instructor who will direct the study. Up to 12 hours per week.

421. THEORY I, FOUNDATIONS OF SOCIOLOGICAL THEORY
4 hours credit
Analysis of the historical antecedents and contemporary profiles of sociological theory emphasizing major figures and dominant paradigms. Prerequisite: SOCI 101 or permission of instructor. Three hours per week with enhancement.

422. THEORY II, CONTEMPORARY SOCIOLOGICAL THEORY
4 hours credit
Analysis of the current state and future directions of sociological theory. Prerequisite: SOCI 101 or permission of instructor. Three hours per week with enhancement.

429. SENIOR EXPERIENCE
1 hour credit
Seminar designed to facilitate discussion about the organization and completion of research projects. This capstone experience is for students in their final year of the sociology program. Prerequisite: Senior standing. One hour per week.

495. INDEPENDENT STUDY FOR DEPARTMENT HONORS
3 hours credit
Independent study undertaken for departmental honors at the invitation of the department. Prerequisites: Approval of chair, permission of instructor who will direct the study.

497. UNDERGRADUATE RESEARCH
4 hours credit
Applies social research methods to a specific research project which includes hypothesis formulation, research design, data collection, data analysis and a presentation in some public forum. Prerequisite: CADR/SOCI 321 or permission of instructor. Three hours per week with enhancement.

498. INTERNSHIP IN SOCIOLOGY
1-4 hours credit
Provides students practical experience in addressing selected social issues in a public or private sector community organization. Field notes, periodic meetings with instructor, and typed reports analyzing an experience and a social issue are required. A maximum of four credits may be applied toward the sociology major. May be repeated once under a different community organization. Repeatable once to a maximum of eight credits. Prerequisites: SOCI 101 or 201, junior standing, permission of the instructor. Up to 12 hours per week.

501. SPECIAL TOPICS
3 hours credit
Reserved for courses approved as experimental responses to student interest or community need. May be repeated once under a different subtitle.

509. SOCIOLOGY OF EDUCATION
3 hours credit
Analysis of public education as a bureaucratic social institution, the countervailing community power structure and the professional role of the educator. Three hours per week.

516. INDIVIDUAL DIRECTED STUDY
3 hours credit
Intensive study in a specific area of sociology agreed upon by student and faculty. May be repeated once under a different subtitle. Prerequisites: Six hours in sociology, a concentration in sociology and permission of instructor who will direct the study.

521. THEORY I, FOUNDATIONS OF SOCIOLOGICAL THEORY
3 hours credit
Analysis of the historical antecedents and contemporary profiles of sociological theory emphasizing major figures and dominant paradigms. Prerequisite: SOCI 101 or permission of instructor. Three hours per week.

522. THEORY II, CONTEMPORARY SOCIOLOGICAL THEORY
3 hours credit
Analysis of the current state and future directions of sociological theory. Prerequisite: SOCI 101 or permission of instructor. Three hours per week.

SPANISH (SPAN)

101. ELEMENTARY SPANISH I
4 hours credit
Beginning spoken and written Spanish with emphasis on the sound system and the basic structures of the language. Any student with two or more years of high school Spanish or equivalent experience is ineligible for this course without expressed permission of the instructor. Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).

102. ELEMENTARY SPANISH II
4 hours credit
Continued skill development in spoken and written Spanish with further study of major structures. Recommended Prerequisite: SPAN 101 or at least one year of high school Spanish. Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).

201. INTERMEDIATE SPANISH
4 hours credit
Continued development and refinement of language skills with emphasis on reading, writing and vocabulary development. Recommended Prerequisite: SPAN 102 or at least two years of high school Spanish. Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).

202. SPANISH IN REVIEW
4 hours credit
Refinement and application of language skills by exploring diverse forms of expression in Spanish. Satisfies the language requirement for English majors. Recommended Prerequisite: SPAN 201 or at least three years of high school Spanish. Three hours per week with enhancement. Meets General Education IIIA or IIC (Prior to Fall 2008: IB).

300. TOPICS IN SPANISH
4 hours credit
Study of an author, period, movement, genre or theme. Topic varies semester to semester. May be repeated once with new content. Prerequisite/Corequisite: SPAN 310 or 313. Three hours per week with enhancement.

309. SUMMER PROGRAM IN SPAIN
4 hours credit
Students spend five weeks living and studying in Malaga, Spain. Multi-focused course covers language, culture, history and art of Spain, as well as cultural themes. Excursions to Granada, Cordoba and Sevilla included. This course fulfills the study abroad requirement. Prerequisites: SPAN 202 and approval of program director. Twelve hours per week for five weeks.
310. ORAL AND WRITTEN COMPOSITION
4 hours credit
Develops facility to sustain oral and written discussion in Spanish. Students practice the basic patterns of Spanish syntax and develop vocabulary by preparing frequent oral and written compositions. Recommended Prerequisite: SPAN 202 or equivalent experience. Three hours per week with enhancement.

312. CONVERSATION
4 hours credit
Develops confidence and correctness in spoken Spanish through practice in conversation, reports and discussions. Prerequisite/Corequisite: SPAN 310 or 313. Three hours per week with enhancement.

313. EFFECTIVE WRITING AND READING FOR SPANISH HERITAGE SPEAKERS
4 hours credit
Refinement and application of language skills for bilingual speakers of Spanish who have not had formal training in the language at the college level. Students practice reading, writing and specific grammar and orthographic rules through selected authentic readings, guided compositions and class discussions. Prerequisite: Approval of instructor. Three hours per week with enhancement.

315. SPANISH CULTURE AND CIVILIZATION
4 hours credit
Study of the key cultural patterns in Spanish life including the themes of religion, family relationships and festivals and the dilemmas of work-leisure, sports-cruelty and honor-death through prose, drama and other selected material. Prerequisite/Corequisite: SPAN 310 or 313. Three hours per week with enhancement.

316. LATIN AMERICAN CULTURE AND CIVILIZATION
4 hours credit
Study of key cultural patterns with particular attention to the results of transplantation to the New World. The major vehicle of examination is the written word in prose, drama and other selected material. Prerequisite/Corequisite: SPAN 310 or 313. Three hours per week with enhancement.

319. INTRODUCTION TO SPANISH LINGUISTICS
4 hours credit
Study of the main areas of linguistics, such as phonology, morphology, syntax and sociolinguistics, with special attention paid to the varieties of Spanish spoken in different countries in the U.S. Prerequisite: SPAN 310 or 313. Three hours per week with enhancement.

322. SPANISH FOR BUSINESS
4 hours credit
Develops the ability to use Spanish to conduct business in both the U.S. and abroad. Provides a solid foundation in the vocabulary and discourse related to the modern business office, economics, management, marketing, banking and other aspects of a business environment. Prerequisite: SPAN 310 or 313. Three hours per week with enhancement.

330. TOPICS IN HISPANIC LITERATURE IN TRANSLATION
4 hours credit
Reading, analysis and discussion of some of the classic works of Spanish and Latin American literature. Taught in English. Does not count toward the Spanish minor. May be taken only once for credit toward the Spanish major. Cross listed with ENGL 318. Prerequisite: C or better in ENGL 102 or 103. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

335. SURVEY OF SPANISH LITERATURE
4 hours credit
A survey of the foundational literary texts, authors and movements from the Middle Ages through contemporary Spain. Recommended Prerequisite/Corequisite: SPAN 310 or 313. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

336. SURVEY OF LATIN AMERICAN LITERATURE
4 hours credit
Study of the evolution of Latin American literature. Provides students with the opportunity to read, analyze, discuss and write about seminal works by representative writers from each literary movement and genre. Recommended Prerequisite/Corequisite: SPAN 310 or 313. Three hours per week with enhancement. Meets General Education IB (Prior to Fall 2008: IA).

400. ADVANCED STYLISTICS AND ORAL EXPRESSION
4 hours credit
Refinement and sophistication of written and oral expression in Spanish. Prerequisite: SPAN 310 or 313, or permission of instructor. Three hours per week with enhancement.

403. HISPANIC CULTURE THROUGH LITERATURE
4 hours credit
Study of modern Spanish and Spanish American literature within its cultural context. Students will explore the literary text as cultural document including the roles of Afro-Hispanics, indigenous peoples, religion, women, politics and poverty in the formation of Hispanic cultures. May not receive credit for both SPAN 325 and SPAN 403. Prerequisite: SPAN 335 or 336 or permission of instructor. Three hours per week with enhancement.

480. SENIOR SEMINAR
1-4 hours credit
For senior Spanish majors. Research encompassing several areas of Spanish life and culture, language and literature is brought to bear upon a single theme or issue. Prerequisite: Senior standing. Three hours per week with enhancement.

496. SPANISH INDEPENDENT STUDY
1-4 hours credit
Individual study in any areas of language, culture or literature of the Spanish-speaking world with the advice and direction of a member of the department. May be repeated with new content for a maximum of eight credits. Prerequisites: Junior standing and permission of department chair.

497. UNDERGRADUATE RESEARCH
1-4 hours credit
Designed to encourage students to pursue an area of original research in Spanish linguistics, cultural or literary studies of Spain of Latin America. Allows student to study a subject area in more depth than is possible in the traditional classroom setting. Public presentation of research is required. May be repeated once for a maximum of eight credits. Prerequisites: Junior standing and permission of department chair and instructor who will direct study.

498. INTERNSHIP
4 hours credit
Students will perform a minimum of six hours of service per week over a 13-week period, in a social service agency that assists Hispanics and other ethnic groups of the community. They will meet for 50 minutes biweekly in seminar to discuss the textbook, their experiences and share their reflections about the situations of the Spanish population in the area. May be repeated for a total of eight credits. Prerequisites: Permission of the instructor and the chair of the department.

500. ADVANCED STYLISTICS AND ORAL EXPRESSION
3 hours credit
Refinement and sophistication of written and oral expression
THEATRE (THEA)

100. INTRODUCTION TO THEATRE
4 hours credit
Introduction to theatre as a unified art with emphasis upon the literary and social significance of theatre in our society. May not receive credit for both THEA 121 and 110. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

110. TECHNICAL PRODUCTION
4 hours credit
Practical experience in technical theatre including set construction, scene painting, lighting and sound. May not receive credit for both THEA 121 and 110. Three hours lecture, two-hour laboratory per week. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

125. THEATRE PRACTICUM
1-2 hours credit
Provides supervised experience in theatre production and performance. May be repeated for a total of eight credit hours. Prerequisite: Permission of the instructor. (F/F)

126. COSTUMING AND THEATRE CRAFTS
4 hours credit
Focuses on costume construction for the theatre. Practical application of stage and couture principles of sewing, flat pattern techniques, draping, millinery, fiber technology, metal work, fabric modification, and design principles and research. May not receive credit for both THEA 222 and 126. Three hours per week with enhancement.

130. ELEMENTS OF VOICE AND DICTION
4 hours credit
Examines the fundamentals of voice production and articulation. Study establishes good habits of speech through analysis of voice, articulation and pronunciation, with directed exercises for improvement. May not receive credit for both THEA 201 and 130. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

150. ACTING I
4 hours credit
Explores the creative acting process by investigating the emotional, intellectual and kinaesthetic resources central to performing. Examines the application of vocal and physical choices to develop characters. Analysis of texts, theory and the conventions of psychological realism are highlighted through focused improvisation, movement exercises and monologue/scene study. May not receive credit for both THEA 224 and 150. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

210. PRINCIPLES OF DESIGN
4 hours credit
Study of the art and craft of scenography through plays and dramatic literature. Focuses on character and script analysis, drafting, scene painting and rendering, collage/assemblage and model building. Three hours per week with enhancement.

223. STAGE MAKEUP
4 hours credit
Practical survey of techniques in the application of theatrical makeup for performance on stage as well as television and film. Recommended for all performers. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

240. TEXT ANALYSIS
4 hours credit
Analysis and interpretation of dramatic/theatrical texts covering a variety of styles and genres. Traditional and contemporary approaches to analysis are examined. Structural issues, historical/cultural contexts and production applications are explored. Three hours per week with enhancement.

258. STAGE MANAGEMENT
4 hours credit
Examines the technical and organizational aspects of stage management. Focuses on the skills, responsibilities and procedures of an effective stage manager. Prerequisite: THEA 110 or 125. Three hours per week with enhancement.

300. HISTORY OF THE THEATRE I
4 hours credit
Survey of the evolution of formal social theatre from ritual origins through the Renaissance. A social history of dramatic theory, plays and playwrights, production practices and performance styles, emphasizing their roles as both product of and mirror to changing values, tastes, attitudes and customs. May not receive credit for both THEA 220 and 300. Three hours per week with enhancement. Meets General Education IIIA or IIIC (Prior to Fall 2008: IB).

301.HISTORY OF THE THEATRE II
4 hours credit
Surveys Western theatre from the Elizabethan period to the present. Examines the influence of non-Western forms and developing aesthetics of Early Modern drama. Connects the diverse social, political and philosophical forces which shape the theatre as an expression of the modern world. May not receive credit for both THEA 319 and 301. Prerequisite: THEA 300. Three hours per week with enhancement.

310. SCENE DESIGN
4 hours credit
Examines scene design through concept, metaphor, vision, creativity, color and design theories, and 20th century history. Develops drafting, figure drawing, scene painting, model making and production team communication skills. May not receive credit for both THEA 328 and 310. Prerequisite: THEA 110, 210. Three hours per week with enhancement.

311. SCENE PAINTING
4 hours credit
Focuses on the process, techniques, analysis and practice of scene painting and scenic art for the stage and other performance and display spaces. Examines interpretation and decision making in the collaborative process between the scenic artist and designers and craftsmen. Prerequisite: THEA 110, 126, 210. Three hours per week with enhancement.
312. LIGHTING DESIGN
4 hours per week
Focuses on lighting as a vital component of technical production. Includes design and technology of theatre, television and video lighting. May not receive credit for both THEA 329 or 312. Prerequisite: THEA 110. Three hours per week with enhancement.

320. COSTUME DESIGN
4 hours credit
Examines the elements of design, character study, textual analysis and directional concepts as a basis for translating conceptualizations into costume renderings. Includes period research and contemporary designers in the world of fashion and theatre. May not receive credit for both THEA 323 and 320. Prerequisite: THEA 110 or permission of instructor. Three hours per week with enhancement.

327. READERS’ THEATRE
4 hours credit
Covers the philosophy and uses of Readers’ Theatre. Emphasis on the analysis, adaptation and staging of non-dramatic literature within the context of this art form. Lecture/workshop format will be employed. May not receive credit for both THEA 324 and 327. Prerequisite: THEA 150, 240 and 300, or permission of instructor. Three hours per week with enhancement.

344. DIRECTING
4 hours credit
Study of the theory and basic principles, skills and techniques underlying direction. Student-directed theatre production required. May not receive credit for both THEA 324 and 344. Prerequisite: 150, 240, 300 or permission of instructor. Three hours per week with enhancement.

350. ACTING II
4 hours credit
Provides experience training for intermediate and advanced acting through the exploration of improvisational techniques, character analysis, scene work and exercises in acting style. May not receive credit for both THEA 326 and 350. Prerequisite: THEA 150. Three hours per week with enhancement.

424. PLAYWRITING
4 hours credit
Study of the theory and practice of playwriting. Topics include exposition, language, structure and character. Plays to be written and produced in staged readings of workshops. Prerequisites: Junior standing or permission of instructor. Three hours per week with enhancement.

430. ACCENTS AND DIALECTS
4 hours credit
Study of voice production and articulation with emphasis on accents and regional dialects focuses on the skills of performance and voice in characterization. Prerequisite: THEA 130 or 150. Three hours per week with enhancement.

435. ACTING FOR THE CAMERA
4 hours credit
Examines the formalistic elements of television and film through collaborative projects with students of directing. Emphasis is placed on detailed communication of character, intentions and conflict. May not take CMAT 435 and THEA 435 simultaneously. Prerequisite: THEA 150, 350. Four hours per week.

450. ACTING SHAKESPEARE
4 hours credit
Advanced scene study acting focusing on the challenges specific to blank verse. Guided exercises explore and refine technical skills. Prerequisites: THEA 130, 150, 300, 301. Three hours per week with enhancement.
