The University’s New Student Experience program is designed to help new undergraduate students achieve success in college. It has nine equally important components:

- **University Visits**
  For high school students, and for college students considering transferring, deciding on a college requires comprehensive information about that college’s campus, faculty, staff, students and programs. SU provides this opportunity at its Saturday open houses and information sessions held throughout the academic year. Prospective students also may learn about the University during weekday visits arranged through the Admissions Office. Students are encouraged to register online in advance for visit programs.

- **Preview (Course Registration)**
  All new students come to campus for one day in the summer or winter and participate in discussions on campus life, academic and career planning, and registration for fall or spring semesters. Information is provided about financial aid, dining services, housing and residence life, parking, and student activities, organizations and leadership.

- **New Student Outdoor Programs**
  All new students with fewer than 24 credits are invited to participate in an outdoor experience program with their incoming peers, upper-class student leaders, faculty and staff. These special programs provide students the opportunity to build lasting friendships, initiate self discovery, learn about SU and have a truly unique experience before the first day of classes even begins. The program is optional, but students are highly encouraged to participate.

- **New Student Orientation (Fall and Spring Semesters)**
  All new students and transfer students with fewer than 24 credits attend academic and social events that are planned exclusively for them prior to returning student move-in. Students and family members are formally welcomed by the president, provost, Student Affairs Office staff members and the president of the Student Government Association. A signing-in ceremony takes place where students sign a class register that forever places them in the history of that class. A Family Farewell Reception is provided to give family members an opportunity to mingle with their students, faculty and staff prior to their leaving. Academic and social opportunities are provided for students.

- **Fall Convocation**
  Fall Convocation marks the beginning of each academic year. Music, the procession of the faculty in academic regalia and a special address by a faculty member mark this traditional ceremony designed to encourage new students to reflect on the meaning of a college education and the challenges facing them.

- **New Student Reader**
  The New Student Reader program is designed to provide a common experience for incoming students, to enhance participation in the intellectual life of the campus through stimulating discussion and critical thinking around a current topic, and to encourage a sense of community between students, faculty and staff.

- **Welcome Week**
  The Office of Student Activities, Organizations and Leadership seeks to provide events that will allow new and current students an opportunity to become involved with campus life, complement the classroom experience with co-curricular activities and aid in forming relationships with the students.

- **Family Weekend**
  Family Weekend is planned for the families of new and returning students. Held early in the fall semester, this event provides family members an opportunity to visit the campus, meet with professors and staff, sit in on class sessions typical of the University’s course offerings, and attend special events in order to observe firsthand the transition new students make to University life.

- **Honors Convocation**
  Each year during the spring semester, an Honors Convocation is held. At this event, public recognition is given to students who have made outstanding contributions to campus life and who have distinguished themselves academically. Information on all awards is available from the Office of the Vice President of Student Affairs.
