Suggestions or comments?

More variety of employers. Try to attract more big name companies, less Gov. jobs. Try to get employers from states that students are from such as MD, NY, NJ, PA, VA, etc. Students may want to speak with employers from their home states.
Change location.
Would have liked to have had more employers looking for interns.
If the job fair was more spread out it would have been more beneficial and not as clustered.
Make sure that if employers say they are interested in a certain major that they really are interested in that major.
More education related employers (Schools/teachers). Relocate from Wicomico Room. It was uncomfortably hot in there.
Mandate a dress code for students attending so we do not look bad as a whole unit.
