

University Curricula

Undergraduate Degree Programs

The University offers undergraduate programs leading to the Bachelor of Arts, the Bachelor of Fine Arts, the Bachelor of Science and the Bachelor of Arts in Social Work. Minimum requirements for graduation include satisfactory completion of 120 semester hours, 47 of which must be in prescribed General Education courses. Some majors require more than 120 semester hours, usually to meet accreditation standards. See the particular department for details.

Graduate Degree Programs

The University also offers graduate programs leading to the Master of Education, the Master of Education with a major in public school administration, the Master of Education in reading, the Master of Arts in Teaching (cooperatively with the University of Maryland Eastern Shore), the Master of Arts in English, Master of Arts in history, the Master of Business Administration, the Master of Science in applied health physiology, the Master of Science in nursing and the Master of Social Work.

General Education

All students seeking a bachelor's degree from Salisbury University are required to complete a series of General Education courses. The faculty of the University believe that General Education is an essential element in the University experience and have structured the components of the General Education program to realize both a traditional and a contemporary mission.

The traditional mission is to provide students with a broad experience in the liberal arts. The contemporary mission of General Education is to provide students with a common ground of understanding and competence for meeting the challenges of today's world as educated men and women.

General Education at Salisbury University consists of a minimum of 47 credits organized into four groups of related subject matter.

Group I

Group I coursework is intended to develop students' competence in written and oral expression and to encourage them to appreciate the beauty and truth embodied in the traditional disciplines of the humanities.

Group II

Group II offers courses in the areas of history and social science, affording perspectives and insights into the interaction of humans with each other in a social world.

Group III

Group III involves experiences in the scientific method and the structures on which it is based, and which lead to an appreciation of the interdependence of humans and the natural world.

Group IV

Group IV provides a selection among courses in physical education designed to enhance students' understanding of the body, its movement and the values of fitness.

General Education Requirements

All programs leading to the bachelor's degree include a minimum of 47 credit hours in approved General Education courses. Some majors designate certain required courses within the General Education courses. Students may learn of these specific requirements from their major departments. The General Education requirements are as follows:
