Accounting

For more information see the Perdue School advising coordinator.

Students not majoring in accounting may minor in accounting.

This program provides students with a basic core accounting background. For non-accounting business majors, the minor would provide excellent credentials for those seeking careers in organizations or occupations where a background in accounting and budget administration is important. In addition, the minor could be utilized by non-accounting business majors to fulfill the necessary accounting prerequisites for entry into the accounting track of the M.B.A. program at SU. By selecting the appropriate accounting electives in the minor and in the M.B.A. program, these students would satisfy both the current course requirements and the current credit hour requirements established by the state of Maryland to sit for the CPA exam. The minor would also be useful for non-accounting majors seeking other prestigious certifications such as the CFM (Certificate in Financial Management).

The minor in accounting could be utilized by non-business majors in establishing credentials for their careers. The minor in accounting consists of 18 credits, any of which may be used to fulfill other Perdue School requirements. Nine of the 18 credits must be completed at SU and at least 15 credits applied toward the minor cannot be used to satisfy General Education requirements. All courses in the minor must be completed with a C or better. Only those courses listed as fulfilling the minor are accepted.

1. Required accounting courses:

	Credits
ACCT 201 Introduction to Financial Accounting.....	3
ACCT 202 Introduction to Managerial Accounting.....	3
ACCT 302 Cost Accounting I.....	3
ACCT 304 Intermediate Accounting I.....	3

2. Required accounting elective, one course from the following:

	Credits

Environmental and Land Use Planning

For more information see the Geography and Geosciences Department.

This minor provides an opportunity for students interested in environmental issues and problems to complement their major, further strengthen and diversify their undergraduate education, and enhance the range of career opportunities available upon graduation. This minor specifically emphasizes the application of scientific procedures and technological skills to solve environmental land use problems.

Salisbury University requires that at least 15 hours of work applied toward a minor must consist of courses not used to satisfy General Education requirements and at least nine of these hours must be credits earned at the University. In addition, a grade of C or better is required in all courses applicable to the minor. Geography and geosciences majors cannot receive credit for a minor in environmental and land use planning. Instead, they may complete the Environmental and Land Use Planning Track within the geography and geosciences major. For more information contact the Department of Geography and Geosciences.

Successful completion of the minor requires the following:

1. Complete the following core:

	Credits
GEOG 308 Principles of Planning	3
GEOG 408 Urban Planning	3

2. Complete at least two courses from the following:

	Credits
GEOG 328 Applied Planning	3
GEOG 402 Environmental Planning	3
GEOG 404 Rural Geography and Land Use	3
GEOG 406 Regional Planning	3
GEOG 416 Smart Growth	3

3. Complete at least two courses from the following:

	Credits
GEOG 325 Conservation and Resource Management	3
GEOG 401 Soil, Water and the Environment	3
GEOG 403 Environmental Hazards	3
GEOG 417 Water Resources	3
GEOL 405 Environmental Geology	3

Environmental Studies

For more information see the History Department.

This minor consists of 18 credits. At least 15 hours of the work applied toward the minor must consist of courses which are not used to satisfy General Education requirements and at least nine of these hours must be credits earned at the University. Grades of C or better are required in all courses applicable to the minor. Many of the courses approved for use within the minor have prerequisites. Special topics courses which are applicable to the minor may sometimes be offered through a variety of disciplines. The internship is optional, but highly recommended. Interested students should begin planning for the internship early by discussing it with their major advisor. For more information and for specific course approvals, contact the minor coordinator.
