

Name: _____ ID: _____ Date: _____

The minor in Actuarial Science consists of six courses and 21-23 semester hours of course work. Each course in the minor must be completed with a grade of C or better, and at least 3 of the courses listed below must be completed at Salisbury University.

Faculty are available for students seeking advice in planning the sequence of courses.

<u>MINOR COURSES</u>	<u>CREDITS</u>	<u>GRADE</u>
1. MATH 201	<u>4</u>	_____
Or		
MATH 160	<u>3</u>	_____
2. MATH 215	<u>4</u>	_____
Or		
FINA 311	<u>3</u>	_____
3. MATH 202	<u>4</u>	_____
4. MATH 310	<u>4</u>	_____
5. MATH 413	<u>4</u>	_____
6. MATH 415	<u>4</u>	_____

Suggested Sequence

The calculus sequence (Math 201/160, 202, 310) should be completed in consecutive semesters starting as soon as possible. Math 201 is preferred over Math 160. The financial math course (Math 215) can be taken in any spring semester following completion of the first calculus course. The mathematical statistics course (Math 413) should be attempted after completing the calculus sequence or concurrently with Math 310. The actuarial and financial models course (Math 415) can be taken in any spring semester following completion of the math stat requirement (Math 413) and the financial math requirement (Math 215).
