

TurningPoint Quick Sheet: How to Register a Clicker in GullNet

You will attend a class that uses TurningPoint Response Cards (the clickers). It's important that the clickers work for the class. You are required to register your clicker after you purchase it from the bookstore. The following are the steps for registering your clicker:

1. Log into GullNet (<http://gullnet.salisbury.edu>).
2. Click on:
 - Self Service
 - Enrollment
 - Add/Update My Clicker Device
3. Enter the device ID, which is a 6-character code on the back of the response card. It looks something like 081FF0. Note: Do **NOT** enter the number on the back of the clicker box.

4. Click Save.
