

OFFICE OF THE REGISTRAR ACADEMIC CLEMENCY ELIGIBILITY AND APPLICATION PROCEDURES

Salisbury University recognizes that some students may, for a variety of reasons, develop academic records that do not reflect their true abilities. Students who leave the University with poor academic records may wish to receive academic clemency upon their return. To encourage students to try again after an unsuccessful experience, the University is prepared to extend academic clemency.

Clemency may be requested by students who have not attended the University for at least five calendar years. Students must be registered at Salisbury University at the time of their clemency application. Students are only eligible for clemency one time during their academic career and must apply during their first semester of enrollment as a returning student. Students seeking clemency must complete the attached clemency form and may petition to have up to 16 credit hours of D and F grades removed from the grade point averages. The grades of D and F will remain on the transcript with an X beside them. When clemency is granted for D grades the previously earned credits will be lost. The grade point averages of students who have received clemency will be recalculated to reflect that clemency. Students who receive clemency are eligible to graduate with honors.
