WITHDRAWING FROM THE UNIVERSITY: IMPORTANT INFORMATION

A student who intends to drop all of their courses and withdraw from the University before a session or term is finished should have knowledge of the following information:

Q: **How does a student withdraw from the University?**

A: Any student who wishes to withdraw from the University must complete and submit the Withdraw form through their gullnet account. Click on the form at the bottom of the blue menu.

Q: **Is there a deadline to request a withdrawal from the University?**

A: The deadline date to withdraw for each session or term is 5:00 PM on the second to the last day of classes. However, students who withdraw for any reason after the Friday of the mid-point of the session or term will receive grades of WP or WF to denote their grade status at the time of their withdrawal.

A student cannot withdraw if a final examination has been taken.

Requests to retroactively withdraw after the last day of classes and up to two weeks after the end of the term, will only be considered with documentation of extenuating circumstances that significantly impaired the student's ability to complete the semester and officially withdraw by the established deadlines. Such circumstances include, but are not limited to, medical or psychological causes.

Q: **When is it appropriate to request a withdrawal for medical reasons?**

A: A medical withdrawal is designed for students who experience the onset of acute or chronic medical conditions serious, illness or injury that prevents continuing his or her classes, and incompletes or other arrangements with the instructors are not possible. For consideration, please submit a written letter of support from a licensed health care provider that specifies the date of onset, the general nature of the condition, and why/how it prevented completion of course work.

This documentation must be received by the Office of Student Affairs within five (5) business days from the date of the request to withdraw or else the request will be processed as an equally valid non-medical withdrawal. In some cases, follow up will be required from the medical provider to confirm the student is medically fit to resume enrollment.

Q: **When can a student return to the University?**

A: Matriculated students who have withdrawn and wish to be reinstated must submit an Application for Readmission form available on-line on the Registrar’s website at [www.salisbury.edu/registrar/forms.html](http://www.salisbury.edu/registrar/forms.html).

Q: **What other details should a student who wishes to withdraw from the University keep in mind?**

A: Consider the following:

- Students receiving financial aid should contact the Financial Aid Office (410-543-6165) and the Cashier’s Office (410-543-6060) to determine what impact withdrawing will have on current and future financial aid eligibility.

Q: **Will the student receive a refund?**

A: Students who withdraw from the University within the specified timeframes may receive a refund of tuition within the parameters of the schedule as outlined by the Cashier’s Office and available on the Cashier’s Office website at [http://www.salisbury.edu/cashiers/refunds.html](http://www.salisbury.edu/cashiers/refunds.html)

All books must be returned to the library and all financial obligations to the University must be cleared.
