The mission of Salisbury University is to empower students with the knowledge, skills and core values that contribute to active citizenship, gainful employment and life-long learning in a democratic society and interdependent world. A community exists on the basis of shared values and principles. At Salisbury University, the achievement of the University's educational goals is a responsibility that must be shared by all. Therefore, Salisbury University expects and requires of all its students full cooperation in developing and maintaining a campus community in which a core set of values including integrity, social justice, respect, community, and responsibility, are upheld. A commitment to these values requires each member of the Salisbury University community to refrain from behavior that compromises or in any way interferes with the educational mission of the institution, equal access to education or employment of those at the institution, and/or the health, safety, or welfare of any institution community member or a member of the greater Salisbury community and beyond. Moreover, each member of the University community bears responsibility for their conduct and to assume reasonable responsibility for the behavior of others. Choosing to join Salisbury University’s community obligates each member to live by the institution’s Code of Conduct and to uphold community standards at the University and in the greater Salisbury community and beyond.
They are in effect. Students are encouraged to check online at www.salisbury.edu/studentconduct/code.html for the most up-to-date Code of Conduct.

**APPLICABILITY OF THE CODE**

Salisbury University’s Code of Conduct applies to all currently enrolled students, as well as all student groups and organizations, including, but not limited to, athletic teams, Greek organizations and clubs. Additionally, Salisbury University’s Code of Conduct applies to persons who have been notified of their acceptance for admission, who withdraw after allegedly violating the Student Code of Conduct or who are not officially enrolled for a particular term, but have a continuing interest or relationship with the University. Student hosts also are responsible for their guests and therefore should inform them of University policies. Student hosts may be held responsible for their guests’ actions. All individuals to whom the Code applies are responsible for knowing University policies. Ignorance of policy will not be considered a viable defense or excuse in the student conduct process.

The Code of Conduct policies and procedures set forth herein have particular relevance for students. This is not an exhaustive overview either of University policies and procedures applicable to students, nor is it an exhaustive summary of applicable local, state and federal law.

Students who withdraw or seek to withdraw from the University with a pending complaint, pending report of misconduct, an ongoing investigation or pending charges may still be adjudicated through an appropriate University Code of Conduct process. If a Code violation is found and sanctions (short of permanent dismissal) are issued, a student must complete the appropriate sanctions in order to be eligible to change or petition to change their status.

The Dean of Students or designee has the discretion to amend or modify Code of Conduct policies and procedures at any time or as required by law and/or where particular circumstances arise that necessitate a change.

**GENERAL EXPECTATIONS**

Each Student can expect:

1. Written notification of any and all alleged Student Code of Conduct violations within a reasonable time from the filing of the complaint or incident report with Student Affairs that is pertinent to those allegations.
2. To have the ability to request that an administrative hearing (not before a conduct board) be suspended after the presentation of information should the student desire to reevaluate responsibility for the charges.
3. If a student fails to appear at any hearing, it may proceed without the student’s presence, consistent with the Student Code of Conduct, Policies and Procedures.
4. To receive a decision letter within a reasonable period of time from the conclusion of all hearings pertinent to the case.

Each Student has the responsibility to:

1. Review and abide by the University’s Student Code of Conduct, Policies and Procedures.
2. Maintain their University email address and respond to any Salisbury University notifications sent directly to the individual student.
3. Carry their University ID with them at all times and present it to officials when requested.
4. Represent the University appropriately, both on and off campus.
5. Respect the differences of individuals and treat others in a civil and respectful fashion.

**JURISDICTION**

Salisbury University’s jurisdiction extends to all behavior by any undergraduate or graduate student and/or student organization or athletic team that occurs on University property, at University sponsored activities, on University sponsored trips or functions, and conduct occurring off campus when the alleged conduct could affect a substantial University interest including, but not limited to, the educational mission of the institution, equal access to education or employment of those at the Institution and/or the health, safety or welfare of any institution community member, or beyond the Salisbury community. A substantial University interest could be affected if, for example, the conduct could endanger the health, safety or welfare of the student, any other individual (and/or the community at large), any student
organization or athletic team; could endanger any University or non-University public or private property; or if the conduct could adversely affect the University’s integrity, interests or educational mission. Salisbury University may impose sanctions against a student, student organization, athletic team or any other individual or group subject to the Code of Conduct for the violation of any Code of Conduct or other University policies that occurs on or off campus.

The Code of Conduct may be applied to behavior conducted in person or online, via email or other electronic medium. Students should be aware that online postings such as blogs, web postings, chats and social networking sites are in the public sphere and are not private. These postings can subject a student to allegations of conduct violations. While the University does not regularly search for this information, it may take action as necessary when such information is brought to the attention of University officials. For example, a true threat or serious expression to inflict violence or bodily harm upon specific individuals; or speech posted online about the University or its community members that materially and substantially disrupts or interferes with the University operations, equal access to educational or employment of those at the Institution and the general public may not be protected.

STANDARDS OF CONDUCT

The University considers the following behaviors to be inappropriate for the community and in opposition to the institution mission, the Salisbury Promise and institutional core values. The Standards of Conduct are listed in alphabetical order. In reviewing of any violation, factors considered include, but are not limited to, the nature of the violation and specific facts of the incident; severity of the damage, harm or injury; aggravating circumstances, which may include bias-motivation; and other circumstances that may have impacted the incident. Violation of any University policy will be handled in accordance with the appropriate Code of Conduct and/or other University policies and procedures.

Except any appropriate protection afforded under the University’s Medical Amnesty Policy, intoxication and/or the use and/or abuse of alcohol and/or drugs will not be considered a mitigating circumstance for any violation of the Code of Student Conduct. Rather, individuals may be additionally charged with the appropriate alcohol or drug violation in addition to other conduct. Under certain circumstances, the University, under the University’s Medical Amnesty Policy, may lessen the penalty for alcohol and drug charges. Repeated violations, multiple violations or the severity of the misconduct may heighten the University’s response. Such heightened response could include but is not limited to suspension or permanent dismissal from the University and/or cancellation of the Residence Hall Housing/Residence Life Contract.

Students participating and/or enrolled in graduate and/or professional accredited programs are also subject to department and/or program level action (please refer to department and/or program policies and expectations for details). Appeals of the Academic Disciplinary Action Policy should be submitted to the Assistant Vice President of Academic Affairs, but may be referred to the Academic Policy appeals board.

In Maryland, individuals must be 21 years of age to consume or possess alcohol. When a student engages in behavior, whether on or off campus, that violates University regulations concerning alcohol and/or drug use and that violation results in behavior, which, in the University’s sole judgment, is destructive, abusive or detrimental to the University’s interests, the University’s conduct process shall apply and such matters will be processed accordingly.

Definitions

The term “drugs” broadly includes, without limitation, any stimulant, intoxicant (other than alcohol), nervous system depressant, or other chemical substance, compound or combination when used to induce an altered state, including any otherwise lawfully available product used for any purpose other than its intended use (for example, prescription or drugs or household product misuses).

Parents/legal guardians may be notified when a student is found responsible for an alcohol and/or drug violation under this policy.

11. Event-Related Misconduct

This policy is in response to Board of Regents Policy V-8.0 on Event-Related Student Misconduct, as amended February 10, 2006. Any misconduct that results in harm to persons or property or otherwise poses a threat to the stability of the campus or campus community, such as rioting, assault, theft, vandalism, fire setting or breach of the peace, and occurs at institution-sponsored events held on or off campus, including athletic events.

The sanction to be imposed upon any student who is documented for an alleged violation and convicted in any state or federal court, or found responsible in any campus judicial proceeding, ordinarily shall be dismissal. While the student will have access to normal campus conduct proceedings and policies, in order to avoid dismissal for a finding of event-related misconduct, the student will have to demonstrate specific mitigating or extenuating circumstances that warrant a lesser charge or penalty. Campus disciplinary action for event-related misconduct may take place regardless of the existence, status or outcome of any criminal charges in a court of law related to the misconduct.

Students suspended in accordance with this provision shall not be admitted to any other institution in the University System of Maryland for the duration of the suspension. Additionally, students dismissed in accordance with this provision shall not be admitted to any other System institution for a period of at least one year from the effective date of the expulsion. A record of any dismissal or suspension under this policy shall be noted on the student’s transcript. In such instances where a student’s action threatens the educational process or the health or safety of students or other members of the University community, or equal access to education or employment of those at the University, the Vice President of Student Affairs may impose an immediate sanction of temporary suspension from the University.

Any decision to impose a sanction less than dismissal, including suspension, under this policy must be supported by a finding of mitigating circumstances signed by the University’s Vice President of Student Affairs and maintained thereafter with the student’s disciplinary file.

12. Event Registration

It is the responsibility of each student or student organization to know and abide by Salisbury University’s Event Registration Policy. All registered student organizations must submit their event and space requests through the Office of Student Activities. Please refer to the Office of Student Activities website for the most updated Event Registration Policy and/or documents: www.salisbury.edu/saol
13. Failure to Comply

Failure to comply with or violation of the terms of an imposed disciplinary sanction is not tolerated. In addition, failure to follow the reasonable directions of University officials (including Salisbury University Police and faculty and staff), law enforcement agent, or officials at other colleges and universities that are necessary for the proper conduct of the University and University community.

14. Fire and/or Safety Equipment

Breaching campus fire safety or security through:

i. Setting a fire (including charring, burning, lighting of papers, lighting of candles or smoking materials, or any other act that could cause a fire), making a bomb threat, causing or creating a false alarm, or other such intentional or reckless conduct that causes harm or reasonable fear of harm to persons or property.

ii. Possession and/or use of fireworks, explosives, firearms and weapons, knives or anything that resembles a weapon.

All guests are expected to abide by University regulations. Students are responsible for the behavior of their guests and may therefore receive sanctions from warning to dismissal for violations committed by their guests. The student’s responsibility also includes restitution for damage to University facilities or other restitution that is necessary. The University may also restrict student guests from campus grounds or University activities, particularly when guests’ conduct is deemed to be a threat to the health, safety, or welfare of Salisbury University students or others, or would endanger any one’s property including, but not limited to, University property. Refer to “The Residence Hall Information Book” for specific regulations regarding guests in residence halls.

16. Hazing

Hazing is defined as any intentional or unintentional action taken or situation created, whether on or off campus, to produce mental or physical discomfort, embarrassment, harassment or ridicule for the purpose of initiation, admission or as a perceived condition of continued membership into any student organizations, including sports clubs, athletic teams, fraternities or sororities that operate under the sanction of Salisbury University. Hazing is also defined in accordance with any local, state or federal law or University System of Maryland or Salisbury University policy. Such activities and situations may include, but are not limited to:

Failing to either intervene, prevent, discourage and/or report those acts may also violate this policy.

Students residing in Salisbury University residential facilities are held by the policies and procedures of the Student Code of Conduct as well as the Residence Hall Information Book.

18. Misrepresentation of Information

Students may not knowingly furnish false or misleading information to anyone, including, but not limited to, University or Law Enforcement officials, withhold information pertinent to a Code of Conduct matter, criminal matter and/or academic policies of the University, or misrepresent themselves or others. Other actions that may occur on or off campus or behaviors noted as a violation of this provision include but are not limited to:

- possession of or use of a false ID or ID that is not your own
- allowing someone else to use your ID
- manufacturing, selling or distributing fake or false IDs
- using a false ID to obtain University services
- using a false ID to obtain alcohol
- failure to provide identification when requested to do so by a University or law enforcement official

19. Noise

Any noise disturbances in residence halls, on campus or in neighborhoods that negatively impacts the reasonable ability to enjoy activities apart from the disruptive event.

20. Retaliation

Retaliation against any individual who reports any violation of the Code of Conduct, or any violation of local, state or federal law. Acts against any individual reporting a potential violation or acting as a witness are prohibited.

21. Smoking

(Effective August 22, 2010)

Smoking of any product is prohibited on the campus of Salisbury University (www.salisbury.edu/smokefree). This prohibition on smoking includes all SU buildings (whether leased or owned), including residence halls, all grounds, including exterior open spaces, parking lots and garages, on-campus sidewalks, streets, driveways, stadiums, recreational spaces and practice facilities, and in all University-owned or leased vehicles.

“Smoking” is defined as the burning of tobacco or any other substance including, but not limited to, marijuana in any type of smoking equipment, cigarettes, e-cigarettes, cigars or pipes. This policy applies to all individuals on Salisbury University’s campus, including faculty, staff, students, parents, vendors and visitors.

Faculty, staff, students and visitors who violate the smoking policy may be denied access to the University campus. Concerns regarding student, faculty/staff and visitor violations of this policy should be respectively referred to the Office of Student Affairs, the Office of Human Resources and the University Police Department.

22. Stalking

Stalking is defined as repetitive, menacing pursuit, following, harassment and/or interference with the peace and/or safety of a member of the community or the safety of any of the immediate family of members of the community.

Examples of repeated conduct include, but are not limited to:

- following that person
- acts that harass that person
- contacting witnesses or any other party to an incident to intimidate them or to get them to change their testimony
- unwanted obscene, abusive or repetitive telephone calls
- telephone messages, electronic mail, instant messages using electronic mail programs, social networking sites or similar communications with intent to harass;
- intentional or unintentional contribution to creating an intimidating, hostile or offensive environment
- damage to property or any other form of indirect destruction.

If an incident(s) of stalking are identified as potentially being gender- or sex-based, it may be investigated and adjudicated through the Office of Institutional Equity. The University reserves the right to determine the appropriate office for adjudication of any reported incident of stalking.
23. Theft

Theft is defined as the unauthorized taking, misappropriation use or possession of property. Theft includes, but is not limited to, stealing the resources of the University and or any agency directly or indirectly affiliated with the University, public or private entity, or of any individual. Theft includes any legal definition in applicable local, state or federal law. Students committing acts of theft are subject to disciplinary action from the University and/or loss of campus employment if appropriate.

24. Threats or Acts of Violence

Threats or actions of violence include, but are not limited to:

a. threatening or causing physical harm
b. severe verbal abuse
c. conduct that threatens or that can be construed as threatening
d. conduct endangering the health and safety of any person
e. intentional or unintentional attempts to cause harm

Engaging in physical altercation is prohibited. Students who engage in any level of physical altercation will be considered for suspension from the University for no less than one calendar year and may also be considered for permanent dismissal.

Students who participate as a bystander may in some circumstances also be subject to disciplinary action.

Prohibited conduct also can include threats or attempts to create harm that might have been meant to be humorous or exaggerated by the speaker, but whose intent is not apparent to a reasonable person, or threats not necessarily directed at a named individual.

25. Traffic Rules and Regulations

Students, faculty and staff and others are required to abide by all traffic rules and regulations set forth by the University (e.g., motor vehicle registration, parking permits, parking garage use and regulations regarding bicycles, skates, skateboards and scooter use). The Parking Services website contains details regarding Traffic Rules and Regulations: www.salisbury.edu/parking/rules.html

26. Unauthorized Access

Unauthorized access or entry to, into, or onto any physical property owned or operated by the University or any private or restricted property including, but not limited to, unauthorized access into University computers, computer systems or other computers, and buildings, construction sites, vehicles and athletic fields.

27. Vandalism of Property and/or Acts of Destruction

Acts of destruction against the property of others or the rights or freedom of others will not be tolerated. Similarly, conduct and behavior of any kind that might incite violence, cause serious physical or emotional injury, or breach the peace will not be tolerated. No student shall engage in behavior that causes damage to anyone’s personal property, community or college property, damage or litter, attempt to destroy, or assist another student in destroying damaging or littering any property of the University, community or of another individual. These prohibitions apply to conduct that is motivated by any reason whatsoever, including, but not limited to, reasons related to sex, color, age, marital status, race, religion, ethnicity, gender, sexual orientation, national origin or veteran status.

28. Violations of Local, State or Federal Law

Violations of local, state or federal law may also constitute violation of University policy. Further, conduct leading to arrest, indictment or conviction for violation of local, state or federal law may also result in disciplinary action by the University if the Dean of Students, or his/her designee, determines that such disciplinary action is necessary for the protection of other members of the University community, for the safeguarding of the educational community, to prevent the disruption of any lawful activity carried on by the University, or conducted under the auspices of, or with the permission of, the University on property under the control of the University. Such activities include, but are not limited to, the conduct of classes, laboratories, cultural events, and recreational, extracurricular and athletic programs; the maintenance and protection of University property and of the property of members of the University community.
and their guests; the maintenance of vehicular and pedestrian traffic on campus; and the performance of assigned duties by members of the faculty and staff.

In the event that the Dean of Students or his/her designee determines that disciplinary action is necessary for the reasons stated above, the case may be referred for action through the University Code of Conduct process.

The University has the right to initiate its own disciplinary proceedings without waiting for court action or the conclusion of any investigation thereof.

II. STUDENT CONDUCT AUTHORITIES

A. Authority of the President

The authority for discipline is vested in the President by action of the Board of Regents. The President has empowered the Dean of Students and/or designees, the Provost or designee and/or the Title IX Officer in the Office of Institutional Equity to adjudicate charges of alleged misconduct by students and to levy fair sanctions as provided in these policies and procedures.

B. Dean of Students

The Dean of Students is responsible for the implementation and coordination of the University student conduct system. Specific duties include, but are not limited to:

1. Interpreting University disciplinary system policies and procedures
2. Ruling on questions of University disciplinary system policies and procedures and appeals
3. Maintaining accurate records of all student conduct cases
4. Recruiting, selecting and training all conduct board members
5. Attending (or designee) board hearing in an advising and non-voting capacity
6. Ensuring the University conduct process is followed
7. Determining the disposition of certain cases for hearing
8. Conducting administrative hearings in certain cases
9. Reviewing appeals of disciplinary action

The Dean of Students reserves, at all times, the right to designate other persons, or to appoint special committees as necessary to aid in the University Code of Conduct process.

C. Counsel to the University

Any counsel to the University (“Legal Counsel”) may attend SU disciplinary hearings including, but not limited to, those that involve serious allegations, complex procedural issues and/or that may result in the suspension or dismissal of a student.
D. Case Administrators

Upon receipt of a complaint of misconduct, the Dean of Students or designee will assign to a staff member from the Division of Student Affairs the primary responsibility for the resolution of the complaint. The staff member will hereafter be referred to as the Case Administrator. Case Administrators include, but are not limited to, the Dean of Students, the Assistant Dean of Students, the Student Conduct Administrator, Graduate Assistant for Student Conduct, Student Affairs Administrators, Area Directors and Resident Directors and/or designees.

c. Names and contact information of witnesses

d. Names and contact information of those filing the complaint.

The Dean of Students or other appropriate University official may also bring charges against a student or student organization on behalf of the University when such conduct or behavior is in violation of University policy or would otherwise threaten the safety or integrity of the institution. If the charges involve possible sexual misconduct, discrimination or other issues involving alleged sexual misconduct and/or harassment or discrimination that may violate any SU, USM, State of Maryland or any applicable discrimination and/or sexual misconduct, policy, law, hereinafter “Discrimination/Sexual Misconduct,” the matter can be filed with the Office of Institutional Equity and will be referred to the SU Office of Institutional Equity for investigation and possible adjudication. This referral does not prohibit the Dean of Students or designee from instituting interim measures (i.e., interim suspension, no contact orders, etc.).

2. Complaints or reports of misconduct can be filed with a member of the University Police, Office of Institutional Equity, Residence Life, the Office of the Dean of Students, or, in the case of a complaint against a student organization, the Office of Student Activities or Dean of Students.

3. Complaints should be submitted as soon as possible after the alleged violation of the Code of Conduct occurred. If an alleged violation, except in instances of alleged Discrimination/Sexual Misconduct, is not reported within four months of the time it becomes known by the complainant, it may be considered untimely unless the appropriate Student Affairs administrator concludes that there has been good cause for the delay and that it is still feasible to hold a fair hearing.

4. Students may be accountable to both civil and criminal authorities and to the University for acts which constitute violations of law and of the University’s Code of Conduct. Disciplinary action at the University will normally proceed during the pendency of criminal proceedings and will not be subject to challenge on the ground that criminal charges involving the same incident have been dismissed or reduced or not yet gone to trial.

E. Community Hearing Board

The Community Hearing Board hears cases referred to it by the Dean of Students either on appeal or as an original hearing.

Membership to the Community Hearing Board will usually involve at least one student (to include graduate or professional students) and at least one Administrator at all times. These individuals will be appointed by the Dean of Students or designee. Board decisions will be made by majority vote.

F. Office of Institutional Equity

The Office of Institutional Equity is responsible for investigating and adjudicating cases that involve Sex- and other Gender-Based Discrimination or Non-Sex-Based Discrimination.

III. STRUCTURE AND PROCEEDING OF RESOLUTION OF COMPLAINTS OF MISCONDUCT

A. Registering Complaints of Misconduct

1. Any person (this includes, but is not limited to, other students, faculty, staff, University or local police, community members) wishing to initiate a complaint regarding any Salisbury University student may do so by submitting the following information if available, in writing, to the Dean of Students Office (or appropriate campus office):

   a. Name(s) of the student alleged to have violated the Code of Student Conduct
   b. Description of the incident, including dates, times and location
5. Any student charged with a complaint arising from an incident while they actively met the definition of a Salisbury student generally will be required to complete the adjudication of the violation before any transcripts or records from the University can be released. In addition, if charges could have been filed against a student and, upon investigation, a student could have been charged prior to the student withdrawing, charges can, within a reasonable time period, still be brought against the student for pre-withdrawal conduct.

6. A preponderance of evidence, or “more likely than not” standard, will be used in resolutions of complaints of misconduct. A preponderance of evidence does not require information that is beyond a reasonable doubt. Rather it is defined as that degree of proof that will produce a finding that the alleged misconduct “more likely than not” occurred.

7. If a student fails to appear at a hearing after being properly notified (via either student’s address in the registrar’s records or email notification through their University’s email account), the case administrator may go forward with a review of the incident based on all other information available and dismiss the complaint if unfounded, place a hold on a charged student’s records (which prevents a student from registering or engaging in other transactions with the University) or prepare written charges pursuant to Section C, below, and notify the student or representative of the student organization (hereafter referred to as the “charged party”) that they are required to appear for a hearing.

8. End of Semester Incidents and Adjudication. Incidents that could result in suspension or dismissal from the University and occur or are identified during the last two weeks of classes or during finals may be resolved by one of the following:
   1. An Administrative hearing held prior to the end of the semester, or
   2. A Community Board or Administrative Hearing for the following semester.

B. Reviewing a Complaint

Upon receiving a complaint or report of misconduct, the Dean of Students or designee reviews the complaint to determine if there is a possibility that a violation of the Code of Student Conduct or other SU’s policies may have occurred. If it involves Discrimination, Discriminatory Harassment or Sexual Misconduct issues protected by state or federal law, the matter will be referred to the Office of Institutional Equity. If it appears there may be Discrimination/Sexual Misconduct, the Office of Institutional Equity will start an investigation. In all other cases, once a case is assigned and necessary documentation is received, the staff member will make arrangements for the resolution of the complaint (either an administrative hearing or board hearing). The student will receive notification via email or other appropriate mechanism, identifying the incident, charge(s), complainant and meeting time to discuss the resolution of the case. The University email is the primary communication for the University and students are expected to monitor their University email.

C. Adjudication Options

Upon receiving a complaint or report of misconduct, not involving allegations of sexual misconduct, discrimination or discriminatory harassment the Dean of Students or designee (i.e., a case administrator) will review the report or complaint, and determine all appropriate alleged Code of Conduct violations. The Dean of Students or designee will then inform the student or student organization in writing (normally via email) of the following information:

   a. Date, time, and location of alleged incident
   b. Summary of reported incident
   c. Summary of the charges as a result of the alleged conduct
   d. Scheduled date, time and location for an informal conference

At an informal conference, the student will be advised of the conduct process, and options for resolution. Depending on the charges, the case will also be assigned for resolution through an administrative or a community board hearing.

As part of the informal conference, if the report of misconduct is not disputed by the student or student organization, and the student has been assigned to an administrative hearing, then the
matter may be resolved through an informal proceeding that may occur at the time of the informal conference upon the student signing a hearing waiver.

› i. Administrative Hearing

A student will meet individually with an administrative hearing officer designated by the Dean of Students and/or designee. An administrative hearing could be first an informal conversation between the charged student and administrative hearing officer, with the goal of identifying all information readily available in regard to the incident in question. Third parties, including, but not limited to, witnesses, lawyers, parents, guardians and advisors are not permitted to attend an Administrative Hearing. However, the student can provide written witness statements either before or within 24 hours after the administrative hearing. The charged student or student organization reviews documentation related to the complaint or report of misconduct. The student or student organization is then given an opportunity to respond by verbally sharing or providing documentation regarding their own accounts related to the matter. The student may request that the Administrative Hearing be suspended for a brief, and agreed upon amount of time (usually no more than 48 hours), after the presentation of the information should he or she desire to reevaluate his or her responsibility for the charges. Based on all information provided the Administrator will make a decision, using a “more likely than not” standard of proof. If the student is found responsible, the Hearing Administrator renders a sanction.

› ii. Community Board Hearing

A community board hearing is a formal hearing proceeding usually before a panel consisting of three or five members. Voting members of the board will include students, and faculty or staff. A non-voting procedural advisor who is a University Administrator, is also present during the hearing. Their role is to ensure that proper procedures are followed, and to assist with any points of clarification that may arise during the course of the hearing. During a Community Board Hearing, the charged student or student organization is presented with the documentation related to the complaint or report of misconduct. The student or student organization is then given an opportunity to respond verbally to the charges as accepting responsibility or contesting responsibility for the charges.

Accept Responsibility. If the student or student organization accepts responsibility, the Board will then move to a phase of determining sanction. The student or organization may submit for the Board’s review, in writing, or verbally, their recommendations for sanctioning. The Board may ask questions for clarification and discuss alternatives. The Board will then end the hearing and go into closed session to determine a final sanction recommendation.

Contest Responsibility. If the student or student organization contests responsibility, the Board will then continue with the formal hearing. Presentation of information during a formal hearing will typically occur but is not required.

D. Procedures for Administrative and Community Board Hearings

a. Complainant, charged student(s), witnesses and advisors will be asked to sign honesty statements, and they will be given an overview of how the hearing will progress. All witnesses will then be asked to leave the room and wait in a designated area, and the hearing will begin.

b. Complainant gives an opening statement and perspective.

c. Complainant is then questioned by charged student and community board members. In certain situations the complainant and/or charged student(s) will not be permitted to directly question one another. In those cases, all questioning will go through the Board.

d. Charged student gives an opening statement and perspective.

e. Charged student is then questioned by complainant and community board members. In certain situations the complainant and/or charged student(s) will not be permitted to directly question one another. In those cases, all questioning will go through the Board.

f. Statements are then brought forward from complainant witnesses (these may be in writing or live. If live, they must wait outside of the hearing room until called in). The Board and charged student will then be permitted to question witnesses.

g. Statements are then brought forward from charged student witnesses (these may be in writing or live. If live, they must wait outside of the hearing room until called in). The
Board and complainant will then be permitted to question witnesses.

h. Final questions from the Community Board.
i. Complainant may choose to make closing remarks.
j. Charged student may choose to make closing remarks, including any statement as to mitigating circumstances the charged student wishes the board to consider.
k. The Board may ask questions at any time during the hearing.

Once all information is shared, and parties have completed their closing statements, the board will go into a closed session. At this time, they will make a determination of responsibility and, if needed, discuss sanctions. In all cases, decisions are based on a finding of “more likely than not” or a preponderance of information.

Confidentiality. To the extent permitted by law, all records of a case will be confidential.

Failure to Appear. If the student fails to appear when the case is called for a hearing, the Community Hearing Board or Case Administrator, in their sole discretion, may dismiss the action with or without prejudice to either party, set a new hearing date, or go forward with the hearing. In the last instance, the board or Case Administrator may make decisions regarding responsibility and sanction the charged student as appropriate.

Timeline for Hearing Cases. Hearings for student or student organization matters will normally be scheduled within seven working days from the notice of misconduct and/or informal conference unless the case administrator grants an extension for good cause or the nature of the incident requires immediate action.

If a student is found responsible for any of the charges outlined, the Administrative Hearing Officer or Community Hearing Board may then consider any relevant information from the Dean of Students or designee on any previous violations of University regulations by the student, any precedent for similar situations and any administration recommendations concerning sanction.

After the administrator or the community hearing board officer has completed its review, it shall issue a written decision usually within three to five business/working days. The decision letter will include the rationale for the finding(s); sanction(s) (if applicable) and information on the appeal process (if applicable). In cases where a student is found in violation of alcohol or drug policies, and where a student may be suspended or dismissed, the University reserves the right to notify parents/guardians of the outcome of the case.

In cases involving sexual violence, which includes sexual assault, sexual harassment, stalking, domestic violence, dating/intimate partner violence and in cases of abuse of other, and physical abuse, the University will notify both parties of the decision via written communication.

The letter to the charged student will include the rationale for the finding, sanctions (if applicable) and information on the appeal process (if applicable). The letter to the complainant and/or affected party will include the charged student’s name, the violation committed, the sanctions, rationale that directly related to the complainant and information on the appeal process (if applicable).

Notification of the decision will be done via email to the student’s University email address or other appropriate mail. Decisions by a Case Administrator or Community Hearing Board for all hearings shall be final, pending the appeal process.

Hearing Records. Community Board Hearings are recorded for the purposes of appeal only. Students who appeal may request to listen to the recording of the hearing in the Dean of Student’s office. Recordings are not removed from the Dean of Student’s Office.

Appeal. The right of appeal for the charged party is assured regardless of the method of adjudication. Upon appeal, the file and material related to the student’s previous violations of University regulations, if any, are forwarded to the appropriate appellate authority depending upon the method of adjudication. Students exercising their right of appeal must address one or more of the grounds for appeal outlined in Section VII of the Administration of University Code of Conduct. (See Section X.)

E. Hearing Advisors

Each party may have an individual serve as a student’s hearing advisor. This person should have strong knowledge of the University’s conduct policies and procedures. The charged student or complainant may act without an advisor if he or she wishes. All students must notify the Dean of Students at least 24 hours in advance of the hearing regarding their intent to have an advisor and the advisor’s name. The role of the advisor is:

a. Provide advisee with assistance in understanding how the hearing will proceed.
b. Provide assistance with understanding the University resolution process.
c. Provide emotional support before, during and after a hearing. At no time is the advisor permitted to address the board, or other parties in the hearing, directly. If this occurs, the advisor may be required to leave the hearing.

d. If an attorney is allowed to be present, the role of the attorney is the same as the role of the advisor.

For students facing, or likely to face, local, state or federal criminal charges (i.e. firearms, fraud, larceny, robbery, etc.), a student may request through the Dean of Students that their attorney be present but only in the role as a hearing advisor. If granted, the University’s legal counsel may be present. The inclusion of attorneys in the conduct process may affect the time frame for adjudication of a Code of Conduct matter.

**F. Witnesses**

A witness is a person who has personal knowledge of the incident at issue. Character witnesses are considered irrelevant and will not be permitted to testify. A person who serves as a witness may not serve in any other capacity during the hearing unless the presentation of information warrants charges against the witness or witnesses. The complainant and charged student must submit in writing at least 48 hours in advance of the hearing to the Dean of Students a list of witnesses intended to be called at the hearing. The charged student and complainant are responsible for bringing their witnesses to the hearing at the specified place, date and time for the hearing. If a witness is submitting a written statement for consideration in a hearing, they must sign an acknowledgement form in person to the Office of Student Affairs at least 48 hours prior to the hearing or unless otherwise directed by the Dean of Students. Any individuals that provide false information in writing or as part of their participation during a conduct hearing or investigation may be charged with violation of University policy.

**IV. INTERIM SUSPENSION**

The President has empowered the Vice President of Student Affairs, Dean of Students or designee to suspend a student for an interim period pending disciplinary proceedings or medical evaluation. The interim suspension would become effectively immediately without prior notice, whenever there is evidence that the continued presence of the student on the University campus poses a substantial threat to anyone or to the stability and continuance of normal University functions. In such instances, the student will be afforded an opportunity to meet with either the Vice President of Student Affairs or Dean of Students or designee and be given an opportunity to discuss the following issues only:

a. The reliability of the information concerning the student’s conduct, including the matter of his or her identity.

b. Whether the conduct and surrounding circumstances reasonably indicate that the continued presence of the student on the University campus poses a substantial threat to anyone or the stability and continuance of normal University functions.

When interim suspension is imposed:

a. A full hearing will generally be scheduled for the student within 10 working days or as soon as the student’s condition permits.

b. The student must leave the campus immediately and may not participate in academic, extracurricular or other activities of the University except as may be authorized by the Dean of Students or designee.

c. During the period of interim suspension, a student is not permitted on the campus without prior written consent from the Dean of Students or designee.

d. An interim suspension hold will be placed on the student record prohibiting any enrollment or student record activity.

The University reserves the right to expedite or amend hearing proceedings for students placed on interim suspension regardless of pending criminal charges and/or court schedule action.

When a status of interim suspension is imposed, notification of this status is communicated to Academic Deans and relevant faculty by the Dean of Students Office.

**V. SANCTIONS**

The sanctions listed below are alphabetized and the order listed does not reflect seriousness of the sanction. A due date will be given with any task, fine and/or restitution penalty. All other sanctions are effective immediately upon completion of the appeal or appeal period, unless the Dean of Students authorizes an exception. Students appealing a sanction of separation must comply with the restrictions noted in the Appeals section.
A. Alcohol and/or Drug Assessment

The assessment requires the student to complete an assessment and follow through with the recommendations of a qualified counselor. There is a charge for the assessment which the student will be required to pay.

For certain drug offenses and if appropriate, students may be required to submit to random drug screening for a period of time to be incurred at the student’s expense.

B. Cancellation of On-Campus Housing Agreement

Cancellation of the on-campus housing agreement results in the separation of the student from University residence facilities either permanently or for a period of time. Upon the cancellation of the agreement, the student is banned from entering all University residence facilities during the specified period of separation. Students at the freshmen or sophomore status will not typically be assigned this sanction as it effectively removes them from the University since they are required to live on campus to be an active student.

C. Dismissal

Permanent dismissal is the separation of the student from the University without future readmission. The student is barred from University property and is not eligible to participate in classes or any University-sponsored or related activities. The sanction of dismissal is permanently noted on the student’s transcript.

D. Drug Testing

Under certain circumstances, a student may be required to get periodic drug testing done at an assigned off-campus site for a set period of time. Location for drug testing will be identified, with the results of all testing returned directly to the Dean of Students Office. All expenses for drug testing will be covered by the student.

E. Educational Requirements

Requiring a student to complete a specific educational requirement directly related to the violation committed. The may include but is not limited to, attending a program, counseling, develop a program, writing a paper, or other educational sanction. Students may be charged a fee to attend an educational program.

F. Fines

A monetary assessment not connected with financial damage or loss.

1. Failure to complete sanctions by the imposed date will normally result in at least a $50 fine. The student will still need to complete original sanctions as assigned.

2. Off-campus misconduct (individual or student organization) detrimental to University interests or resulting in violations of one of the following policies:
   a. Disruptive Behavior
   b. Destruction of Property
   c. Conduct Infringing on Others. Fines will be at least $75.

3. Students found responsible for an alcohol-related violation that does not put themselves or someone else’s health or safety at risk may be assessed a fine of at least $100.

4. Students found responsible for an alcohol-related violation in which the student put themselves or someone else’s health or safety at risk may be assessed a fine of at least $100. Such offenses include, but are not limited to, DUIs, providing alcohol to minors, medical response, vomiting, blacking out/passing out, causing an injury to themselves or others, engaging in risky behavior, or hosting a party on or off campus resulting in disruptive behavior.

5. Violations relating to drugs or drug paraphernalia (see “Drug Policy” section for definitions) may result in a fine of at least $300.

G. Letter of Apology

Submittal of a letter of apology to complainant/victim or other appropriate individuals and/or groups.

H. Loss or Restriction of Privileges

Limitation or removal of social or personal privileges including, but not limited to, loss or restriction of computer privileges, entertainment of guests in the private areas of a residence hall, membership and/or participation in athletic teams, student organizations or other social activities sponsored by residence halls, student organizations or the University.

Repeated or aggravated violations of any section of the Code may result in dismissal or sus-
pension or other such lesser penalties as may be appropriate.

The University reserves the right to sanction any student found responsible, who pleads no contest, or is found responsible in a court of law for a violation of law. In these instances, disciplinary action will be administered by the Dean of Students office and will not be processed by a Community Hearing Board or Hearing Administrator. In situations where cases are stetted or noll prost in the courts, the University reserves the option to continue with consideration of the violation through the University conduct process.

I. Parent/Guardian Notification

Salisbury University reserves the right to notify parents under FERPA (Family Education Rights Privacy Act) for disciplinary sanctions particularly regarding alcohol and drug offenses. Salisbury University encourages its students to talk with their parents about any disciplinary sanctions from the University.

J. Probation

A specified period during which a student or student organization will face disciplinary sanctions, that could limit their participation in University programs, leadership roles, and/or other student extracurricular or social activity for a specified period of time. Fines and additional restrictions may also be imposed.

Notification of probation may be sent to appropriate University offices, including Athletics and the Office of Student Activities. Further violations could result in separation from the University.

K. Restitution

The student may be required to reimburse the University, appropriate individuals or organizations for damage, personal injury or misappropriation. A monetary assessment in the amount of financial damage or loss occurring as a result of misconduct will be assessed against the student’s university account and legal action may be taken to recover the amount if not paid.

L. Sanctioned Service

Requiring a student to participate in assigned tasks that are appropriate to the regulation violated or behavior displayed.

M. Suspension

Separation from the University for a period of time during which time the student must leave the campus, usually within 24 hours, and the student is not permitted on campus property or eligible to participate in classes or any University-sponsored or related activity. The Student Affairs Office will notify the Dean of the school the student belongs that he or she will no longer be attending classes during the period of suspension. The student is not permitted to return to the campus without prior written consent from the Dean of Students or designee. The student is expected to adhere to all University policies while on suspension and will be held accountable for any violations during the period of suspension. The student may be eligible for readmission provided all sanctions are complete and their readmission has been approved. The Dean of Students or designee may approve the readmission after meeting with the student. Students who have been placed on suspension will not be eligible to register during open enrollment periods without completion of all sanctions and prior approval of the Dean of Students. The sanction of suspension is noted as a hold on the student’s account but is removed once all sanctions have been satisfied and readmission has been approved through the Dean of Students office. The student conduct hold will restrict privileges for course registration and release of transcripts.

Reinstatement Hearing. When a Board assigns the sanction of suspension, the charged student must meet with the Dean of Students or designee at the appropriate time to determine whether the charged party has met the conditions necessary for reinstatement.

The Dean of Students or designee will be given access to all file materials from the original hearing, may require the charged party to make a personal appearance before the Dean of Students and may solicit other information to reach a decision. Students must have all assigned sanctions completed and turned in prior to receiving a reinstatement meeting.

N. Warning

An oral or written notification confirming that a violation of University regulations has occurred and that future violations may result in a more severe sanction.
0. Withholding a Degree

When charges of misconduct cannot be adjudicated by the date of graduation or based on a hearing outcome, Salisbury University may withhold awarding a degree otherwise earned until the completion of the process set forth in this Student Code of Conduct and/or the completion of all sanction imposed, if any.

VI. REFUNDS

Students who are dismissed or suspended from the University for Disciplinary Reasons shall not be entitled to any refund of tuition or fees. Similarly, students whose housing or boarding contracts are terminated for disciplinary reasons are not eligible for refunds. For students who are recipients of Federal Student Aid, specific policies may apply causing a reduction or cancellation of aid.

VII. STUDENT CONDUCT HOLDS

The Dean of Students or designee reserves the right to initiate a student conduct hold on a student account/record based on the following reasons, which include, but are not limited to:
- failure to respond to student conduct charges
- pending investigations
- failure to comply with assigned sanctions
- student status that includes suspension or dismissal.

Student conduct holds may affect a student’s ability to enroll for classes, request or receive official transcripts, and/or obtain his or her degree.

The procedures for investigating and adjudicating complaints of non-sex-based discrimination can be found at www.salisbury.edu/equity/library/docs/NonSexBasedDiscriminationProceduresForStudents.pdf. A complete copy of the policy and procedures can be obtained by contacting the Office of Institutional Equity at equity@salisbury.edu.

X. APPEALS OF SU DISCIPLINARY ACTION THAT DO NOT INVOLVE SEXUAL AND OTHER GENDER-BASED DISCRIMINATION OR NON-SEX-BASED DISCRIMINATION

For information on the appeal process for Sexual and Other Gender-Based Discrimination or Non-Sex-Based Discrimination violations, please refer to the full policy for Sex Discrimination and Other Forms of Discrimination at www.salisbury.edu/equity or contact the Office of Institutional Equity at equity@salisbury.edu. For all other violations, students may appeal SU disciplinary decisions in accordance with the following provisions:
1. Students are entitled to no more than one appeal review.
2. Students electing to appeal a judicial decision
must file a written appeal, including the reasons for the appeal, with the Dean of Students and/or the Office of Student Affairs, within five working days of being given notice of the results of the original hearing.

3. Appeals must be in writing and must state specific grounds for the appeal. The student must fill out the appeal form that was included with the decision letter, as well as submit a rationale for the appeal that specifically addresses the reason for the appeal.

Grounds for appeal are limited to the following:

- **a)** specified procedural errors or errors in interpretation of University regulations were so substantial as effectively to deny the student a fair hearing
- **b)** new and significant information became available and could not have been discovered by a properly diligent student before or during the original hearing
- **c)** student requests an evaluation of assigned sanction(s) because of extraordinary circumstances
- **d)** the finding is unsupported by any evidence

4. The appeal review will be assigned to the appropriate board or administrator by the Dean of Students (hereinafter Appeals Board). The Dean of Students, if they have had no significant prior involvement in the matter, may be the administrator handling the appeal. The Appeals Board will not have any previous involvement in the decision making of the original hearing. The appeals will involve a review of all documents and transcripts and does not typically involve a meeting with the charged student or other persons unless requested by the Appeals Board.

5. The appellate body will review all documentation associated with the case and determine whether sufficient grounds exist to reconsider the case. The appellate body will take one of the following actions:

- **a.** Concur with the original action. The appeal is then dismissed and the original decision stands.
- **b.** Modify the sanction to be fair to the facts or findings of the case (modification can increase or decrease sanctions)
- **c.** Refer the matter to the appropriate hearing body if based on procedural error.
- **d.** Refer the matter back to the original hearing body if based on the grounds of new relevant information. The original hearing body, complainant, charged students and, if required, witnesses will reconvene to review only the new information. The board will then render a decision based on the new information.
- **e.** Reverse a finding of responsibility. The University reserves the right to take any action necessary to corroborate the student’s statements.

6. Appeals of suspension or expulsion will be directed to the Dean of Students or designee.

**Student Status Pending Final Action**

Except for Interim Suspension disciplinary actions which are appealed are held in abeyance pending action by the appellate hearing body. The University reserves the right to temporarily remove a student from the residence halls and/or the University pending disciplinary action in cases where the continued presence of the accused may constitute a real and/or potential danger to people and/or property or is disruptive to the conduct of University business.

**Continued Enrollment During Appeal**

- **a.** Students appealing SU disciplinary action involving involuntary separation from the University may continue to take part in any University function including scheduled classes while the appeal is pending. Where appropriate, the Dean of Students may restrict a student from parts of the University or specific functions or activities during the appeal period.
- **b.** In those cases where the committee or administrator (with the concurrence of the Dean of Students) determines that the continued presence of the student constitutes a risk to the educational process, the University or to anyone, class attendance may be prohibited.
- **c.** A student who has been placed on interim suspension will continue to be restricted during the Appeal period unless prior authorization from the Dean of Students or designee is received (see “Interim Suspension”).

**XI. DISCIPLINARY RECORDS**

Disciplinary records are retained in the Office of Student Affairs permanently. Students of senior standing or graduated with SU disciplinary sanctions of probation or less who have maintained
good disciplinary standing for at least one year prior to their final semester may request to have their disciplinary records expunged. Expungement requests must be submitted in writing to the Dean of Students.

**XII. MEDICAL AMNESTY POLICY**

The health and safety of University students is of paramount concern. All members of the University community are encouraged to act in a responsible manner when an individual may require medical assistance by dialing 911 or the Salisbury University Police emergency line at 410-543-6222. After calling for an emergency situation and the situation allows, seek a University or Office of Housing and Residence Life official. It is recognized that in situations in which either a student summoning or requiring help is under the influence of alcohol and/or drugs, the threat of disciplinary sanctions for violating the University’s alcohol and/or drug policy may be under certain circumstances, a barrier to seeking help. As such, Salisbury University will do all that it can to promote student, health, safety and well-being. The Medical Amnesty Policy is a policy administered by the Office of Student Affairs that will reduce barriers to seeking help in cases of alcohol and/or drug-related emergencies by providing relief from administrative or disciplinary action on the part of the University under certain circumstances if either a University official or other authority is contacted in a timely fashion.

**Policy**

1. A student in possession or under the influence of alcohol and/or drugs who summons medical emergency assistance for him/herself or on behalf of a fellow student experiencing a medical emergency will not face disciplinary charges under the Code of Conduct or Residence Hall Regulations for the possession or use of alcohol and/or drugs, with the exception of the exclusion noted below. In lieu of disciplinary charges and as a condition of such relief, students handled under this policy will usually be required to complete an approved alcohol and/or drug intervention program and other appropriate mandates issued by the Dean of Students or designee.

2. This policy also extends to the student for whom medical emergency assistance has been summoned.

3. A “summons” for medical emergency assistance is deemed to be contacting police, University staff or other officials designated emergency medical providers, and staying with the individual until that help arrives.

**Process**

Students referred to the Office of Student Affairs for alcohol and/or drug use or possession will have their case reviewed by a representative of The Dean of Students office. If the student is eligible for the conditional relief under this policy, the initiation of disciplinary charges will be “deferred” pending successful completion of an approved alcohol and/or drug intervention program. If the student successfully completes the program to the satisfaction of the Office of Student Affairs the pending charges will be withdrawn, leaving the student with no disciplinary record. If the student fails to successfully complete the program within the required time frame, disciplinary charges will be processed and, if proven, may result in more severe sanctions and a disciplinary record.

**Exclusions**

1. Medical Amnesty for disciplinary charges described in this policy do not extend to charges other than possession or use of alcohol and/or drugs. In addition, it shall not provide relief from disciplinary charges pertaining to the alleged possession or use of alcohol and/or drugs, which, if proven, would involve distribution of drugs or the provision of alcohol to a person under the legal drinking age.

2. Students with a prior disciplinary record of alcohol and/or drug-related violations and students previously granted relief under this policy as the person for whom the emergency services were being summoned, shall only be eligible for relief on a case-by-case basis following an assessment by the Office of Student Conduct.

3. This Policy does not and cannot offer persons conditional relief, immunity, or protection from criminal complaint, arrest, or prosecution by University police or other person or official for illegal activity, including the illegal use or possession of alcohol and/or drugs in violation of Local, County, State, or Federal law. However, State law provides that the “act of seeking medical assistance for another person who is experiencing a medical emergency after ingesting alcohol or drugs may sometimes and under certain circumstances be used as a mitigating factor in a criminal prosecution.” See
Anno. Code of Maryland, Criminal Procedure Article, Section 1-210. This policy also does not provide relief from any civil suit, fine, or financial obligation to any party (including the University) for loss, damage, or injury associated with alcohol and/or drug use or possession.

4. This Policy does not offer conditional relief to student organizations, which remain subject to University instituted organizational charges for alcohol and/or drug-related violations, including possession and use. The nature of such charges and any resulting disciplinary sanctions, however, will take into account and may be mitigated by the action taken by organizational representatives. A representative of a student organization who summons medical emergency assistance may also be eligible for Medical Amnesty and thus conditional exemption from charges for his or her personal use or possession of alcohol and/or drugs under this policy.

STUDENT ORGANIZATIONS

**EVENT REGISTRATION POLICY**

**Policy for Dances, Parties and Performances Held on the Campus of Salisbury University**

**Note:** It is the reserving group’s responsibility to know and abide by Salisbury University event policies. By signing the Event Policy form, Registered Student Organizations (RSOs) are agreeing to adhere to University policies written herein. Failure to comply may result in the loss of event privileges and other possible University sanctions.

Reminder: Please note that the signed permit along with a confirmed space request must be completed two weeks prior to the planned event.

The University reserves the right to refuse any student organization’s request for sponsoring dances, parties, concerts and performances if it is in conflict with another campus event requiring University Police support, is not adequately supported by University Police, is deemed potentially unsafe, or other unforeseen reasons.

All individuals attending the event must present a valid college/university picture ID. Students who do not present ID will not be admitted. The RSO will be responsible for checking the validity of IDs under the direct oversight of the RSO advisor. ACADEMIC MISCONDUCT POLICY

Integrity is a principle that permeates all the activities of the University and guides the behavior of faculty, students and staff. The spirit of academic integrity denotes adherence to the precept that “one’s work is one’s own.” The process by which integrity is upheld assumes clear communication of University expectations, standards and policies and clear communication of students’ and faculty’s rights and responsibilities. This policy applies to both undergraduate and graduate students.

DEFINITIONS

This policy is intended to foster student academic integrity and to address cases of student academic misconduct which may include, but are not limited to, the following:

Lying

Communicating untruths or withholding information as part of an investigation, or in order to gain an academic advantage.

Cheating

The act of wrongfully using or attempting to use unauthorized materials, information, study aids or the ideas or work of another in order to gain an advantage. Acts of cheating include, but not limited to:

- giving unauthorized aid to another student or receiving unauthorized aid from another person on tests, quizzes, assignments or projects;
- using or consulting unauthorized materials or using unauthorized equipment or devices on tests, quizzes, assignments or projects;
- submitting as one’s own work material written by someone else, whether purchased or not;
- altering or falsifying any information on tests, quizzes, assignments or projects;
- working on any project, test, quiz or assignment outside of the time constraints imposed;
- submitting an assignment in a somewhat altered form or using any material portion of a paper or project to fulfill the requirements of more than one course unless the student has received prior faculty permission to do so;
- failing to adhere to an instructor’s specific directions with respect to the terms of academic integrity or academic honesty;
- using fraudulent methods in laboratory, studio, field, computer work or professional placement;
- other acts generally recognized as dishonorable or dishonest which bear upon academic endeavors.

Misappropriation of Course-Based Intellectual Property

Lectures delivered by faculty in class, as well as course materials faculty create and distribute, are protected by federal copyright law as their original work.

Misappropriation of intellectual property is the act of intentionally taking the intellectual property of faculty or others, and/or the sale or distribution of class notes, tests, assignments or class projects for profit, either directly or through a third party, without the express consent or permission
of the faculty member or lecturer, or without document-
tation to demonstrate the need for such acco-
modations. Such property includes, but is not limited to, class notes, tests, assignments, class projects or other academically related work.

All academic work undertaken by a student must be completed independently unless instructed otherwise by a faculty member or other responsible authority.

Plagiarism

Students are responsible for learning proper scholarly procedures which require, among other things, that all quoted material be identified by quotation marks or indentation on the page, and the source of information and ideas, if from another, must be identified and be attributed to that source. Acts of plagiarism include, but not limited to:

- intentionally or unintentionally deceiving or disregarding proper scholarly procedures;
- participating in illicit collaboration with other individuals in the completion of course assignments;
- presenting information, thoughts or ideas from another source as if they are your own, or without giving appropriate attribution;
- other acts generally recognized as plagiarism.

Salisbury University faculty may elect to use plagiarism detection software (i.e. Turnitin) to review student work. Therefore, all students must understand their work may be subject to Turnitin submission.

PROCEDURES

The following procedures are intended to provide direction to all parties (e.g., faculty and students) regarding the appropriate steps necessary to initiate and administratively adjudicate a reported act of academic misconduct. While the purposed steps are designed with most case and/or situation types in mind, the Office of Academic Affairs reserves the right to modify the process to best accommodate special situations or circumstances as necessary.

Course-Based Faculty Action

Individual faculty members will, in most cases, have the right and responsibility to deal directly with any cases of academic misconduct that arise in their courses. If a faculty member believes a student has committed an act of academic misconduct, the following procedures should be followed:

1. Advise Student - The faculty member will advise the student in a timely fashion of the accusation and will allow the student an opportunity to question or respond to the charge before implementing a sanction.

2. Determine Sanction - The sanction issued should reflect the seriousness of the act. The faculty member may impose the following sanctions:
   - warning
   - reduction in grade recorded for a test, assignment, etc.
   - issuance of an F on test, assignment, etc.
   - issuance of an F and removal from a course
   - If the faculty member or professional program determines that the academic misconduct warrants a sanction greater than issuance of an F and removal from the course and/or dismissal from a program (e.g. suspension or expulsion from the University) the faculty member or professional program may recommend a greater sanction for consideration by the Academic Policies Committee (APC). To recommend suspension or expulsion as a sanction, the faculty member or professional program must submit to the Office of Academic Affairs a letter of recommended sanction and letters of endorsement from the Chair of the department or program involved and the Dean of the School, for review and consideration by the Academic Policies Committee. A copy of all such referrals must be sent to the student.

3. Complete Report - The faculty member must complete an Academic Misconduct Incident Report form (available in the Faculty Handbook and online at www.salisbury.edu/provost/handbook) for any incident in which a sanction has been issued or recommended, including a warning sanction. This form and all materials or documents that may be pertinent to the Academic Misconduct Incident (e.g. correspondence, copy of assignment/test, etc.) must be sent in a timely manner to the Office of Academic Affairs.

4. Maintain Records - All materials or documents that may be pertinent to an act of Academic Misconduct (e.g. Academic Misconduct Incident Report, correspondence, etc.) must be retained in the Office of Academic Affairs for a period of five years. This provides a long-term central location of
Academic Misconduct sanctions which is important for reviewing repeat offenders.

5. **Repeat Offenders** - The Office of Academic Affairs will forward the names of students who have been reported for more than one act of academic misconduct to the APC. Based on the severity of the offender history, the Academic Policies Committee may elect to impose additional sanctions which may include but are not limited to suspension or expulsion from the university.

6. **Communication** - The Office of Academic Affairs will send a copy of the Academic Misconduct Incident Report and an official letter outlining the sanction to the student, faculty member, faculty’s Department Chair, student’s major Department Chair, Registrar’s Office and Dean of Students.

**Dismissal from Professionally Accredited Programs**

The sanction of dismissal from a professional accredited program (i.e., M.B.A., Nursing, Social Work, Education, etc.) based on an academic misconduct incident may be issued at the departmental level but must follow a clearly stated program policy and procedure that has been made available to students. The program must submit an Academic Misconduct Incident Report and a copy of the program dismissal letter to the student and the Office of Academic Affairs within 10 working days from any dismissal action taken. A copy of all materials or documents associated with the professional program dismissal including, but not limited to, the Academic Misconduct Incident report form, correspondence, etc. should be forwarded to the Office of Academic Affairs, the Dean of the school within which the program resides, and must also be retained in the department central office for a period of five years.

**Student Appeals of Faculty or Professional Program Sanctions**

A student has the right to appeal an Academic Misconduct sanction issued by a faculty member or professional program, but must follow the following procedures:

1. **Submit an Appeal** - A student appeal, including a detailed statement of the grounds for the appeal and any supporting documentation, must be submitted in writing to the Office of Academic Affairs within five working days of receiving the Academic Misconduct Incident Report from the Office of Academic Affairs and/or faculty member.

   The student’s written appeal ordinarily will be forwarded to the Academic Policies Committee by the Office of Academic Affairs within a reasonable time of its filing, usually within 10 working days. In the event the Academic Policies Committee is not available, the Office of Academic Affairs will forward the appeal to the Provost, who will attempt to create an ad hoc committee to handle the review as soon as practicable.

   (All further references in this policy to the Academic Policies Committee include the ad hoc committee where appropriate.

   The Office of Academic Affairs will send a copy of the student appeal to the faculty member or program director and the faculty member’s department chair. The Office of Academic Affairs will request from the faculty and/or professional program a copy of all documents used to determine the sanction and any additional correspondence or documents pertinent to the case.

2. **Continue Coursework** - In most cases, the student shall remain in the course pending the results of the appeal; charges related to incidents occurring in the field may result in immediate removal or reassignment in the field. The department chair, the program director and/or the Academic Dean have the discretion to remove the student from the course, from concurrent courses, and/or prevent enrollment in future courses pending the appeal decision where appropriate and where course continuation compromises the integrity of the classroom or instructional environment and will inform the Office of Academic Affairs at the time of this decision.

**Academic Policies Committee Actions**

Under this policy, the Academic Policies Committee (APC) serves to consider student appeals of faculty-imposed and professional program-imposed sanctions, adjudicates cases referred by faculty members where the recommended sanction may include suspension or expulsion from the University, and considers additional sanctions above and beyond faculty imposed sanctions in cases of repeat offenders. For appeals of faculty-imposed and professional program-imposed sanctions, the APC’s scope of review will be limited and the student shall have
the burden to prove that the faculty member or professional program exceeded their given authority and/or discretion and/or materially failed to follow proper procedures.

In all matters referred to the Academic Policies Committee, the committee will review all documentation and will have the following options:

- render a written decision based on the evidence submitted, or
- render a written decision based on further investigation, or
- initiate a formal hearing and render a written decision.

1. Review of Evidence – A written decision may be determined based on the documents and materials submitted with the appeal.

2. Investigation – A written decision may be determined based on a series of interviews, a review of documents and any other action deemed appropriate for the purpose of collecting additional information and evidence necessary for an informed and reasoned judgment to be rendered.

3. Hearing – A hearing shall be held when a student appeals the dismissal from a program, a faculty member or professional program recommends suspension or expulsion from the University, or if the APC chooses to hold a hearing in any other case. If a hearing is to be held, written notice of the time, date and location shall be sent to all parties. The hearing shall be conducted as follows:

- The hearing shall be held at a reasonable time when all parties (to the extent possible) are available or have an opportunity to be present.
- The parties shall be entitled to make opening and closing statements.
- The parties shall be entitled to present evidence through witnesses and documents, and shall be entitled to question witnesses. At the discretion of the Chair, direct questioning by a party of a witness, including an opposing party, may not be permitted; rather, the parties may be required to convey their questions to the Chair, who will then convey them to the witness.
- The scope of any hearing conducted by the APC on any given matter shall be consistent with the role of the APC in reviewing such matter.
- Students are permitted to seek the support of a non-legal advocate for assistance in the preparation and presentation of a case before the APC. The advocate shall otherwise not participate formally in the proceedings. In all cases, the advocate must be a member of the University faculty, staff, or student body.

- Neither party may be represented by an attorney at the hearing, unless they are facing or are likely to face criminal charges relating to the alleged academic misconduct. Under these circumstances, both parties may elect to have counsel assist them. Under such circumstances the university legal counsel must also be present. Legal counsel may not give opening or closing statements, present documents, or question witnesses.

- The hearing shall be closed with attendance limited to individuals directly connected with the case as determined by the Chair of the Academic Policies Committee.

- Formal rules of evidence need not be followed at the hearing. The hearing body may receive such evidence as a reasonable person would consider reliable in making important decisions. If a question arises about the authenticity of a document or the reasonableness, relevance or redundancy of evidence, the Chair of the APC shall be the final decision maker on the admissibility of the evidence.

- The parties may request, in writing, that the committee contact specified persons to appear at the hearing to testify on behalf of the parties. The request should normally be made at least five working days before the scheduled hearing in order to allow ample time for the hearing body to make the requests.

- The Chair of the APC shall be responsible for conducting the hearing in an efficient and decorous manner and shall rule on all disputes related to the procedures used throughout the proceedings. The chair may set reasonable limits on the length and nature of the opening and closing statements, the evidence presented and on the duration of the hearing. At any time, the Chair may seek the advice of legal counsel. Since the University lacks full judicial authority, such as the power to subpoena or place witnesses under oath, a student’s due process rights cannot be coextensive with or identical to the rights afforded the accused in
a civil or criminal legal proceeding. The pro-
cedures outlined are designed, however, to
assure fundamental fairness and to protect
students from arbitrary or capricious discipli-
nary action. Deviations from these proce-
dures shall not necessarily invalidate a hear-
ing or the results of a hearing unless signifi-
cant prejudice results.

4. Findings - After the APC has completed its
review, it shall issue a written decision based
on findings of fact and conclusions, usually
within three to five business days, and shall
provide a copy of the findings to the student,
faculty member, program director, department
chair, dean of the school, Registrar and Office
of Academic Affairs. All parties must abide by
these findings unless they are modified by the
Provost as part of a limited appeal process in
the circumstances outlined in the appeals sec-
tion of this policy.

Appeals of Academic Policies
Committee Findings

For student appeals of faculty imposed sanc-
tions the decision of the APC is final. For sanc-
tions imposed by the APC (e.g. suspension or
expulsion from the university or additional sanc-
tions imposed by the APC for repeat offenders)
and commit- tee findings of sanctions imposed by
a professional program (e.g. dismissal from the
program), the student or the professional pro-
gram may appeal the Committee’s findings to the
Provost. Appeals must be filed within five working
days of receiving notice of the committee’s deci-
sion. The written appeal must be filed with the
Provost and should set forth all of the reasons that
support reversal of the committee’s findings. The
Provost will review the written appeal and the doc-
umentation associated with the case. The Provost
has the discretion to take any action necessary to
thoroughly complete a review, and then will issue
a decision, which will be binding and final. The
decision will be conveyed in writing to the stu-
dent, the faculty member, department chair, dean
of the school, Registrar, the Office of Academic
Affairs and the Academic Policies Committee.

Impact of an Academic
Misconduct F Grade

If the sanction imposed is an F in the course,
the student shall not be permitted to withdraw
from the course even if the sanction was imposed
prior to the last day of the University schedule
adjustment period. The imposition of an F grade
shall stand for the course, unless the student suc-
cessfully appeals the sanction.

Although students can repeat courses, a
course repeated based on an imposed F grade
for an act of academic misconduct will have both
grades calculated in the student’s GPA and not
replaced as it is under normal circumstances.
The sanction of an F in a course will not be des-
ignated on the transcript as an academic integri-
ty F unless it is an action determined by the
Academic Policies Committee for an academic
integrity violation repeat offender. A student who
has received a course grade of F for an aca-
demic integrity violation will not be allowed to
graduate from the University with honors.

UNIVERSITY SYSTEM OF
MARYLAND POLICY

In accordance with Board of Regents policy,
students expelled or suspended for rea- sons of

STUDENT ACADEMIC
GRIEVANCE POLICY

(Document revised: May 1999, March 2001,
October 2002, May 2005, May 2009,
December 2012)

Salisbury University has established the
Student Academic Grievance Policy to give stu-
dents of the University community a forum in which to address concerns related to academic matters (e.g. grade disputes and professional program dismissals when they do not involve an academic integrity violation). The policy provides a method for aggrieved students to express substantive complaints about academic matters and have them resolved in a timely fashion. The following matters are not covered by these grievance procedures:

- Claims involving alleged discrimination or harassment
- Claims relating only to alleged violations of policies which were promulgated exclusively by the University System of Maryland, actions of the Board of Regents or actions of the Chancellor of the System over which SU has no jurisdiction
- Student judicial matters
- Grievances against University police officers that could result in the imposition of any discipline against the officer(s)
- Student Academic Integrity violations
- Student Academic Misconduct violations

### INFORMAL GRIEVANCE

Students are encouraged to attempt to resolve differences between themselves and others in an informal manner prior to initiating a formal grievance under this policy. This may entail only a conversation in which the views of both parties are aired in a mutually satisfactory manner or a conversation using a neutral third party for mediation. In the cases in which the differences involve a faculty member, and the differences are not resolved informally between the faculty member and the student, the student is encouraged to consult with the department Chair prior to filing a formal grievance. If an informal resolution cannot be achieved, the grievant may elect to begin the formal grievance procedure that follows.

### FORMAL GRIEVANCE

**NOTE:** Extenuating circumstances may cause the Office of Academic Affairs to extend the suggested time outlined below.

**Step One**

The grievant must submit a formal grievance in writing to the person alleged to be responsible for the actions leading to the grievance before the mid-semester point of the following major semester as noted on the University’s master calendar. Nothing in this policy is to be construed to inhibit or prevent the grievant from withdrawing a formal grievance once the formal grievance procedures have begun.

A formal grievance must set forth in writing a statement which clearly defines the basis of the grievance, a chronology of events leading up to the grievance, the names of people with knowledge of the event, pertinent dates, a description of the actions taken against the grievant which led to the dissatisfaction and a proposed resolution to the situation. Any documentation relevant to the grievance should be attached to the letter. If known, information about relevant University academic policies should be provided. The grievant has the burden to prove by a preponderance of the evidence that the action or inaction complained about did occur and that it was inconsistent with University policies or procedures.

The person alleged to be responsible for actions leading to the grievance will provide a written response to the grievant within 10 working days of receiving the formal grievance. The written decision should address the specific issues raised in the grievance and include all pertinent information.

**Step Two**

If the response is not satisfactory to the grievant, he or she has 10 working days to file the formal grievance with the supervisor of the person (department Chair of faculty member) alleged to be responsible for the actions leading to the grievance. The grievant must include all prior written responses. The supervisor of the person alleged to be responsible for the actions leading to the grievance will provide a written response to the grievant and the person alleged to be responsible within 10 working days of receiving the formal grievance.

**Step Three**

If the supervisor’s response is not satisfactory, the grievant has 10 working days to file a formal grievance with the Dean of the school in which the dispute has occurred. The grievant must include all prior written responses. The Dean of the school will provide a written response to the grievant within 10 working days of receiving the grievance.

**Step Four**

If the response from the Dean of the school is not satisfactory, the grievant has 10 working days to forward the formal grievance to the Assistant Vice President of Academic Affairs who will refer
the grievance to the Academic Policies Committee (APC) for review. In the event the Academic Policies Committee is not available, the Assistant Vice President of Academic Affairs will forward the appeal to the Provost, who will attempt to create an ad hoc committee to handle the review as soon as practicable. (All further references in this policy to the Academic Policies Committee include the ad hoc committee where appropriate.)

**COMMITTEE REVIEW OF EVIDENCE**

The committee normally has 15 working days from receiving the formal grievance to decide among the following options:

1. **Review Submitted Evidence** - Render a written decision based on the documents and materials submitted with the appeal.

2. **Investigation** - Render a written decision based on a series of interviews, a review of documents, and/or any other action deemed appropriate for the purpose of collecting additional information and evidence necessary for an informed and reasoned judgment to be rendered. The investigation, including interviews, will usually be completed within 20 working days of the decision to conduct an investigation.

3. **Hearing** - Render a written decision based on a hearing. If the Committee determines that a hearing is to be held, the Committee shall send written notice of the time, date and location to all parties. The hearing shall be conducted as follows:
   - The hearing shall be held at a reasonable time when all parties (to the extent possible) are available or have an opportunity to be present.
   - The parties shall be entitled to make opening and closing statements.
   - The parties shall be entitled to present evidence through witnesses and documents, and shall be entitled to question witnesses. At the discretion of the Chair of the Committee, direct questioning by a party of a witness, including an opposing party, may not be permitted; rather, the parties may be required to convey their questions to the Committee Chair, who will convey them to the witness.
   - Students are permitted to seek the support of a non-legal advocate for assistance in the preparation of a case before the Academic Policies Committee. The advocate may counsel the grievant during the hearing but shall not officially speak or participate formally in the proceedings. In all cases, the advocate must be a member of the University faculty, staff or student body.
   - Neither party may be represented by an attorney at the hearing, unless they are facing or are likely to face criminal charges relating to the subject of the grievance. Under such circumstances the University legal counsel must also be present. At no time may legal counsel give statements or participate in questioning witnesses or Committee members.
   - The hearing shall be closed with attendance limited to individuals directly connected with the case as determined by the Chair of the Committee. The University may record the hearing at the discretion of the Chair. Any University recording will be University property for University reference only and will not be made part of the student’s University record.
   - Formal rules of evidence need not be followed at the hearing. The Committee may receive such evidence as a reasonable person would consider reliable in making important decisions. If a question arises about the authenticity of a document or the reasonableness, relevance or redundancy of evidence, the Chair of the Committee shall be the final decision maker on the evidence’s admissibility.
   - The parties may request, in writing, that the Committee contact specified persons to appear at the hearing to testify on behalf of the parties. The request must be made at least five working days before the scheduled hearing in order to allow ample time for the Committee to make the requests.
   - The Chair of the Committee shall be responsible for conducting the hearing in an efficient and decorous manner and shall rule on all disputes related to the procedures used throughout the proceedings. Reasonable limits may be set by the Chair on the length and nature of the opening statements, the evidence presented and on the duration of the hearing. At any time, the Chair may seek the advice of legal counsel.
   - Since the University lacks full judicial authority, such as the power to subpoena or place witnesses under oath, a party’s procedural rights cannot be coextensive with or identical
to the rights afforded the accused in a civil or criminal legal proceeding. The procedures outlined are designed, however, to assure fundamental fairness and to protect parties from arbitrary or capricious disciplinary action. Deviations from these procedures shall not necessarily invalidate a hearing or the results of a hearing unless significant prejudice results.

- When possible the hearing should be completed within 20 working days of the decision to conduct a hearing.

Committee Findings

After the Committee has completed its review, the Committee shall issue a written decision based on findings of fact and conclusions, including procedures followed and any applicable University policies and procedures, usually within 10 working days, and shall provide a copy of the findings to all directly involved parties, including, but not limited to, the parties involved, the department chair, the dean of the school, the Office of Academic Affairs and the Assistant Vice President of Academic Affairs.

Appeal of Committee’s Findings

If either party elects to appeal the decision of the committee, he or she must provide written notice of the appeal to the Provost, within 10 working days from the date of the Committee’s written decision. The written appeal should set forth all of the reasons that support reversal of the Committee’s decision and include any supporting documentation.

The Provost has the discretion to take any action necessary to thoroughly complete a review, and then will issue a decision, which will be binding and final. The decision will be conveyed in writing to the student, the faculty member, department Chair, Dean of the school, the Office of Academic Affairs, the Assistant Vice President of Academic Affairs and the Academic Policies Committee usually within 10 working days.

JURISDICTIONAL DISPUTES

If a dispute arises over the jurisdiction of the committee assigned to decide the matter, the jurisdictional dispute shall be resolved by the Assistant Vice President of Academic Affairs.

CONFIDENTIALITY

Matters pertaining to any grievance must be kept in confidence by the parties directly involved. Committee findings will only be provided to the parties, and other University personnel on a need-to-know basis (e.g. Committee members, department chair, dean of the school, the Office of the Provost and the Office of the Vice President of Student Affairs).

TIMELINE

All time limitations contained within this policy may be extended for good cause as determined by the relevant committee, Provost or the Office of Academic Affairs. Failure to adhere strictly to the timelines shall not be grounds for appeal unless significant prejudice has occurred.

GENERAL POLICIES AND PROCEDURES

Absence notifications are a courtesy offered to students who are unable to communicate with their instructor(s). It is not an official excuse from classes and work missed. - IT-issued email accounts are the primary form of communication; therefore, students are expected to maintain and regularly check their IT-issued email accounts.
- Failure to check and/or read email will not serve as an excuse for failing to participate in or meet any deadline in a Code of Conduct matter.

- Annual notification of their privacy rights under FERPA.

MENTAL HEALTH POLICY

Dangerous, Disruptive or Threatening Behavior

The purpose of this Policy on Mental Health is to address dangerous, disruptive or threatening behavior and to protect the health, safety and welfare of all members of the Salisbury University community. Toward that end, when students demonstrate or are identified as having a physical or psychological condition that renders them a danger to anyone or the University environment, the University reserves the right to pursue appropriate action. Such action may include but is not limited to:

1. Requiring that the student undergo a professional assessment by a licensed mental health care provider.
2. Recommending or requiring compliance with a treatment plan recommended by a licensed mental health care provider as a condition to remain in the University environment or as a condition to return to the University community.
3. Referring the student to the University conduct process to determine if the behavior violates the Student Code of Conduct, Policies and Procedures.
4. Referring the student to the Dean of Students, Associate Vice President for Student Affairs, or designee for involuntary administrative withdrawal.

If it becomes necessary to initiate an involuntary administrative withdrawal in accordance with the medical/psychological protocol, students will be asked to produce documentation regarding any treatment action plan that articulates the student’s readiness to return to the University environment. Students may petition for earlier reentry if they obtain documentation from a licensed mental health care provider indicating that the student has taken reasonable steps to resolve their concerns. Students who are considered for reentry prior to two semesters will do so under stated conditions and will be required to provide appropriate documentation from a licensed mental health care provider regarding the student’s readiness to participate in the University environment. The student and documentation must also be evaluated by a member of the University’s Counseling Center staff. The staff will assist in determining the student’s readiness to return to the University environment and make recommendations for additional treatment as appropriate, prior to the student reinstatement.

Students may appeal administrative decisions rendered through the Policy on Mental Health.

1. Appeals of administrative decisions are considered by the Dean of Students or designee. (In cases where the Dean of Students serves as the administrative hearing officer, the Vice President of Student Affairs or designee will consider student appeals.)
2. The Dean may decide one of the following:
   • That there is no basis for the appeal. The appeal is then dismissed, and the original decision stands.
   • That an incorrect finding was reached. The Dean will then dismiss the decision.
   • That the decision rendered is unfair or inappropriate. The Dean then determines an action fair to the facts of the case. The Dean or designee is not empowered to increase the level of action but may refer the case to an appropriate hearing body for review.

Responses to Dangerous, Disruptive or Threatening Behavior

When the University’s protocol is initiated to respond to dangerous, disruptive or threatening behavior, a student may not attend classes, activities or return to the University environment until he or she has been given clearance to do so in accordance to the Policy on Mental Health outlined here.

Salisbury University has a medical/emotional emergency protocol that is put into effect should a student attempt suicide, pose an imminent danger to self or others or be unable to function in the University environment. Anyone with knowledge of such circumstances should contact the University Police, at 410-543-6222, who will alert the counselor or professional staff on call.
Information about a student receiving services at Counseling Center, Student Health Services and/or Disability Support Services can only be shared with the informed consent and written permission of the student, except in rare circumstances in accordance with professional ethical standards and relevant laws. When a student has been deemed an imminent threat to self or others, the student’s rights to privacy cannot be guaranteed and may constitute the sharing of information on a need-to-know basis.

STUDENT DISABILITY SUPPORT SERVICES POLICY
Salisbury University is committed to fostering curricular and co-curricular environments that provide accessible learning opportunities for students with disabilities.

The Office of Student Disability Support Services (OSDSS) provides guidance, access to resources and accommodations for students with disabilities. Such disabilities could include: medical, psychiatric, and/or learning disabilities, and/or mobility, visual, and/or hearing impairments.

Student Rights
Students with disabilities have the right to self-identify to OSDSS and seek classification as a student with a disability by following the OSDSS’s procedures for Registering for Services. Further, students with disabilities have the right to request reasonable accommodations, auxiliary aids and services, and/or modifications to University policies, by initiating such requests with the OSDSS by following the OSDSS’s procedures for requesting accommodations, modifications, aids and services.

Students with disabilities have the right to be approved for and receive reasonable accommodations, auxiliary aids and services, and/or modifications to University policies, as related to the impact(s) of their disability(ies) and which
do not impose a fundamental alteration to the nature of a service, program, or activity, and/or an undue financial and administrative burden to the University. Commonly requested reasonable accommodations, aids and services, and modifications may include, but are not limited to, extended time for completing timed course assessments (tests, quizzes, etc.); alternatively formatted course materials (enlarged handouts, texts in audio format, texts in Braille, etc.); access to sign language interpreting services; and approval for priority registration.

Students with disabilities have the right to initiate, terminate and request changes to their accommodations, auxiliary aids and services, and/or modifications plans, as approved by the OSDSS, at any time during their enrollment at the University by contacting the OSDSS.

Students with disabilities have the right to appeal any and all decisions made by the OSDSS by initiating the Student Grievance Procedures for Decisions Made by the OSDSS.

Students with disabilities have the right to confidentiality regarding their disability(ies) and disclosure of information, except when required or permitted by law.

**Student Responsibilities**

Those students with disabilities who wish to request accommodations, modifications, aids, and/or services, as related to their disability(ies), are responsible for following the OSDSS’s procedures for requesting accommodations, modifications, aids and services, in a timely fashion.

Students with disabilities are responsible for meeting with their professors and relevant University staff, in a timely fashion, in order to communicate the accommodations, modifications, aids and/or services for which they are eligible, as approved by the OSDSS, and to discuss plans for implementing them in the classroom or other environment. During these meetings, students with disabilities are responsible for providing their current Memorandum of Accommodations, as issued by the OSDSS, to the professor or University staff member. Additionally, students with disabilities are responsible for engaging with their professors and University staff in an ongoing basis, as needed, in order to maintain the implementation of their accommodations. Testing accommodations are one type of accommodation that often requires eligible students to engage with their professors on an ongoing basis (as tests dates approach during the semester) so that appropriate logistics related to the administration of each test can be carried out by both the student and the professor in timely manner.

Students with disabilities are responsible for meeting and maintaining the University’s fundamental academic and technical standards, either with or without use of accommodations, modifications, aids and/or services as related to their disability(ies).

Students with disabilities are responsible for notifying the OSDSS staff of any questions, issues or concerns that they may have regarding their accommodations, modifications, aids and/or services in a timely fashion.
