Thank You For Your Service

Please join ShoreCorps/PALS in the celebration of George Whitehead’s retirement and his selfless commitment to our community. We could list all he’s done and wind up with a newsletter full of countless awards and participations in organizations of the community. If it involves youth, development, education or commitment to good in the community, you can probably bet Dr. George Whitehead had his hand in developing it, advised the person who did, or educated or inspired them. And yet, if you met him you would never know you were in the presence of a rock star. George being ever humble, would never ask to be acknowledged and never think twice that he did anything that big. But ask anyone and they will say he’s done a lot for our community. How blessed most people feel that they had a chance to work with him. What I will remember the most is how George was never afraid to get his hands dirty. He was right there with us picking up trash, doing ropes courses and gardening in the community. We will always consider his mentorship when we approach community projects in the future. Thanks George.

In Memoriam

Brittany Dickerson died on June 7, 2016. Brittany served at Fruitland Community Center in 2011-12 and at Junior Achievement 2015-16.

It is with a heavy heart that ShoreCorps/PALS celebrates the life of second year member Brittany Dickerson. After a long battle with cancer, Brittany was relieved of her fight on June 7, 2016. Brittany was a compassionate and caring person who loved working with youth. Brittany will be grievously missed by service members and many others in the community.

In Memoriam: This month we also remember ShoreCorps/PALS Alum Sheila Edwards who died on May 21, 2016. Sheila served two years with ShoreCorps/PALS in 2000-01 and 2002-3, one year at Salisbury Urban Ministries and another at ShoreUp!.
