- Letter of Recommendation Instructions: **IMPORTANT, PLEASE READ CAREFULLY**

* Be sure to enter the following information for each of your recommenders: Name, address, e-mail address, phone number, institution or employer and title.

* It is extremely important to enter your recommender's e-mail address correctly so they receive the automated e-mail instructing them how to proceed with their recommendation through the online process.

* Mark the waiver statement for each recommender you enter. If you do not check the waiver statement, many recommenders will not complete the recommendation process for you.

- * If recommenders experience technical difficulties, they should contact our online application vendor by clicking on the link given in the e-mail they received about the online recommendation process or by clicking on the Help Link at the top right of the first page in their Letters of Recommendation account page.
- * After your recommender submits the online recommendation, the recommendation will become part of your application. Applicants are welcome to submit additional letters of recommendation, and any letter of recommendation included with the application will remain with the applicant's file for review.

If your program of study is Traditional full-time or Traditional part-time, the recommended three contacts should comprise of the following:

1. One recommendation from an academic source.
2. One recommendation from an employer.
3. One recommendation from another professional source or community associate.

Waiver of Right of Access

You will be asked to mark the waiver statement for each recommender you enter into the online application. If you do not check the waiver statement, many recommenders will not complete the Waiver - you must choose whether or not to waive your right to review the recommendation. Your choice will be transmitted to the recommender in the instructional email your recommender will receive. Once you have submitted your application, you cannot change the waiver decision.

If you or your respondent have technical difficulty with the online letter of recommendation system, please contact CollegeNet directly at the following email address: help@applyweb.com. It may be necessary to provide CollegeNet with your user id and/or the name of the applicant or respondent.

You may track the status of the online recommendations submitted through your Gullnet account after your application is submitted to Salisbury University.
