internships – initiatives – opportunities
for Philosophy Majors and Minors

Our public philosophy initiatives provide a wide range of internship opportunities. *Each internship is customized to your interests, career path and passions.* We specialize in facilitating meaningful engagement with non-profit and public organizations with an ethical mission, which has included community activism, social justice and/or advocacy, public philosophy programming as well as legal and health services for deserving populations.

If you are interested in similar opportunities, please contact our departmental internship coordinator:

Dr. Tim Stock testock@salisbury.edu (410)677-5073

Past and present community partners include:

- ***Village of Hope*** *Residence and education for homeless women*
