We play music people actually want to listen to.

Ryde Radio is OC Shore's only alternative rock station that finally plays more music! Plenty of positive feedback from listeners is already placing Ryde Radio at the top, far ahead of other local stations.

Do you want your business to reach the entire OC Shore? Station coverage is dominant going all the way from Lewes to Chincoteague and everywhere in between.

Other local advertisers are giving us tremendous feedback from their ad runs! Our rates are the lowest in the area, get in while there are still spots available!
