Security Risk Assessment

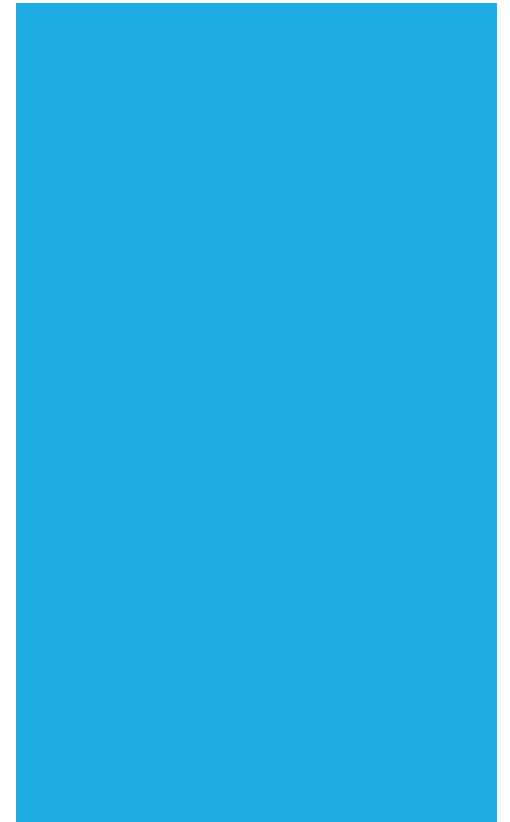

CLASSROOM PREPARATION

Logic and Terminology

Awareness

Excited to take upper level classes at Salisbury University

I LEARNED A LOT

Learned that there is so much more to learn.

To keep an open mind when approaching each new task, because it seemed that with each new task came a few more new tricks or ideas off to the side that would be useful for me later.

Very Nice and Very Smart people at *My Cloud Success*, created a lasting relationship that I can reach out to with any questions I may have.
