Edit	Progress	Type	Devs	Customers	Summary	Details
13525	30	Other	swwebdev3@salisbury.edu, swwebdev4@salisbury.edu,	Heather Brooks,	Please update pages below	The following links or pages need updates. All links are below plus you'll find several attachments needed. Thank you! Please let me know if you have any questions at all. 1. On this site: https://www.salisbury.edu/current-students/index.aspx Under the "Student Service You Most Frequently Use" section and next to Clubs & Organizations bullet point, can we add involved@SU" and this hyperlink: https://salisbury.campuslabs.com/engage/2.0 this "Directory" : https://www.salisbury.edu/
10491	10	Other	swwebdev4@salisbury.edu,	Paul Gasior,	Broken links of the PDS web pages	I did a run through of our pages and found the attached broken. Site looks great, congrats!!! Didn't seem to upload attachment so here are 6 links: Interactive map http://www.salisbury.edu/pds/partnerschools/md PDS Network http://www.marylandpublicschools.org/Pages/RequestList.aspx http://www.marylandpublicschools.org/Pages/RequestList.aspx PDS Standards http://www.salisbury.edu/pds/docs...

Challenges

- ◆ Moving over old pages from the old site.
- ◆ Creating new pages for each respective department
- ◆ Completing web requests.
- ◆ Assisting with the building of web debug tools.
- ◆ Making sure all new university pages, images and pdfs were accessible and ADA compliant.

Challenges

- ◇ Changing pages on the old website to the new website format.
- ◇ Building responsive tables for tables that went on certain pages :
<https://www.salisbury.edu/administration/academic-affairs/registrar/calendar/exam-schedule.aspx>
- ◇ Following new page design formats:
<https://www.salisbury.edu/experience-campus/clubs-and-organizations.aspx>
- ◇ <https://www.salisbury.edu/experience-campus/facilities.aspx>
- ◇ Getting accustomed all the different work personalities of university personnel especially when it came to bureaucracy.

What I Gained

- ◇ Working with a CMS
- ◇ Work Request ticketing system
- ◇ HTML/CSS
- ◇ JavaScript
- ◇ Better Debugging experience
- ◇ Working in large scale teams to meet a business deadline.
- ◇ Dealing with customers in an enterprise setting.
- ◇ Being part of the summer team that completely revamped the university website!

Thank you
