

Military Science

ARMY ROTC

A cross-town agreement between the University of Delaware and Salisbury University provides the opportunity for SU students to participate in the U.S. Army Reserve Officer Training Corps (ROTC) program. This program's curriculum focuses on leadership and management acquisition, decision-making and military science. As enrollment targets are met, these courses will be offered on the SU campus for SU credit. Information regarding the program can be found on the SU website at www.salisbury.edu or from the Military Science Office in TETC 379B.
