UNIVERSITY POLICIES
Salisbury University minors require:
• The completion of at least 18 credits with grades of C or better.
• At least 15 credits applied toward the minor must be coursework that is not used to satisfy General Education requirements.
• At least nine credits must be earned at SU.

Actuarial Science Minor 2020-2021
Mathematics and Computer Science Department • Henson School

This checklist is an unofficial tool for planning. Matriculated students and advisors should consult the Academic Requirements Report in GullNet before and after registering for classes each semester to track academic progress.

Advisement for the minor is available from the Mathematics and Computer Science Department.

Minor Requirements
• Complete 6 courses and 22-24 semester hours of coursework.
• Complete courses with grades of C or better.

Complete 1 of the following (circle course taken):
MATH201 - Calculus 4
or MATH160 - Applied Calculus 3

Complete 1 of the following (circle course taken):
MATH215 - Introduction to Financial Mathematics 4
or FINA311 - Financial Management 3

Complete the following:
MATH202 - Calculus II 4
MATH310 - Calculus III 4
MATH413 - Mathematical Statistics I 4
MATH415 - Actuarial and Financial Models 4

Suggested Sequence
The calculus sequence (MATH201/160, 202, 310) should be completed in consecutive semesters starting as soon as possible. MATH201 is preferred over MATH160. The financial math course (MATH215) can be taken in any spring semester following completion of the first calculus course. The mathematical statistics course (MATH413) should be attempted after completing the calculus sequence or concurrently with MATH310. The actuarial and financial models course (MATH415) can be taken in any spring semester following completion of the mathematical statistics course (MATH413) and the financial math course (MATH215).
