Jessica Scott, OGS
Ignaciyas Soosaipillai, CADR
Christine Spillson, At-Large Henson School Rep

MEMBERS ABSENT:

Annette Barnes, DNP, MSN
Memo Diriker, Faculty Senate Liaison
Yvonne Downie-Hanley, MBA
James Fox, EDLD
Elizabeth Geiger, OGS
Stephen Oby, MSW
Erin Stutelberg, MAT

I. Call to Order – 3:30pm.

II. Introductions

- Will not be able to attend all meetings but wanted a chance to come to the first meeting.
- Very interested in hearing about graduate experience. Where is demand? What opportunities are available?

III. Minutes

- May minutes were passed as submitted. There were two abstentions.

IV. Elections

- Vice Chair
 - D. Burns volunteered to serve as Vice Chair. He was elected unanimously.

V. Curriculum

- CADR 530 – Course Change – Mediation Theory and Practice
Remove first-year pre-requisites
- CADR – Program Change – Change in Modality
The CADR program is requesting to move to a fully online program beginning with the Fall 25 application cycle.
- BS/MAT – New Program – Accelerated Masters

This accelerated master's program allows students to complete the traditional mathematics undergraduate degree in four years and then obtain a master's degree by completing one additional year of study. Graduate coursework begins during senior year of the undergraduate program. The master's degree leads to a license to teach secondary mathematics.

- GCC recommends approval. GC unanimously approved.

VI. Graduate School Vision

- Now that the Grad School is approved, what are next steps?
 - J. Bergner – The Math Department is looking for transparency by duties within the department. Would like to know who's doing what within the Grad School.
 - M. Bugdal – Many challenges with WorkDay. Who has access? How does Grad School become a clearinghouse for all programs?
 - A. Hill – We should explore how other graduate schools operate
 - C. Griffin – Looked at models through CGS. We're already doing a lot of the centralized efforts such as admissions, graduate assistants, marketing. Will be involved in a peer review at College of Charleston.
 - H. Porter – This is an opportunity to expand programs and support services offered
 - M. deSocio – What is marketing budget?
 - C. Griffin – There used to be dedicated funds per program. Now marketing ifunds are used more centralized for all grad programs. If a program needs additional funding, please contact our office.
 - E. Liebgold – GA stipends need to be addressed. They have remained the same while fees keep increasing.
 - C. Griffin – This is the time to redefine mission and vision. Develop a strategic plan for Graduate School. Grad Council should consider what they want/need from Graduate School and get some action-oriented ideas.

VII. Enrollment

- We're being tasked with growing grad enrollment to over 1000 students.
- Overall, we declined (749 last year to 736 this year).
- Questions to consider:
 - Are marketing efforts effective?
 - Where did we lose folks? Why didn't prospects move forward?
 - What is our mission?
 - Eastern Shore? – Program Dependent
 - How many grads were SU undergrads? – Program Dependent
- Please take goals seriously and reach out to students in a timely manner.
- Make sure you're communicating with active students not registered, provided by Jessica.

VIII. Best Admission Practices – Maida Finch

- Students tend to accept first grad program that accepts them. Programs are feeling pressure to admit people quickly but run the risk of missing quality students.
 - C. Griffin – No program should feel they need to reduce standards for enrollment numbers.

- A. Koehler – Quickly replying to inquiries also increases student responses.
- M. Bugdal – English realized their later deadline was affecting outcomes. Established a priority deadline.
- D. Burns – Diversified responses to students by using videos, faculty profiles and having COMM faculty calling applicants.

IX. Boot Camp

- Survey was sent out to get students feedback on needs.
 - Students prefer small sessions with more diversified offerings.
 - C. Griffin shared survey responses with GSC.
- As events are held, it would be helpful to build repository of aids.

X. Grad Fees

- Grad fees are due prior to GA's getting paid. This is huge problem.
- Fees are determined by Business and Finance and Grad School doesn't have any flexibility.

XI. GSC Remarks

- There is a full executive board in place.
- October 2nd – Grad Nights in the Box for FH game.
- Partnering with SGA to provide professional development opportunities. Will look for ways to engage satellite and online students.

Meeting was adjourned at 4:52 p.m.
