 from Three Archaeological Sites in Maryland**  
William Kichline  
 Faculty Mentor: Elizabeth Ragan, History

## D1 Psychology I

*Moderator: Heidi Fritz*

- 1:30-1:45 **Coping During the COVID-19 Pandemic: Experiences of Women with Endometriosis**  
Abigail Adkins  
Faculty Mentor: Heidi Fritz, Psychology
- 1:50-2:05 **Performative or Commitment for Diversity: Perspectives from Undergraduate Psychology Students using Photovoice.**  
Drevon Clark, Kierstyn Dixon, Ethan Lacy, Ryan Devine  
Faculty Mentor: Yuki Okubo, Psychology; Michele Schlehofer, Psychology
- 2:10-2:25 **Self Care Strategies Through COVID-19**  
Ria McCormick, Rachelle Watson, Soleil Darbouze, Gabrielle Charlot-Swilley  
Faculty Mentor: Yuki Okubo, Psychology; Michele Schlehofer, Psychology
- 2:30-2:45 **Empower, Engage, Evolve: The Impact of Photovoice through Participatory Action Research (PAR)**  
Zoe Moreno, Jaedyn Messer, Stephon Mason, Romona Harden  
Faculty Mentor: Yuki Okubo, Psychology; Michele Schlehofer, Psychology

### ▪ Second Oral Session

**3:00 p.m. - 4:20 p.m.**

## A2 Biology II, Physics, and Computer Science

*Moderator: Daniel Harris*

- 3:00-3:15 **Investigations into the carbon metabolism of a bioplastics-producing organism**  
Stephanie Miller  
Faculty Mentor: Les Erickson, Biological Sciences
- 3:20-3:35 **Salisbury University Bird Campus Project GIS Integration with Arboretum Map**  
Frank Willingham, Lindsey Pinder  
Faculty Mentor: Jeremy Corfield, Biological Sciences
- 3:40-3:55 **The Active Zone of Diffusion-Limited Aggregation**  
Zachary Wilson  
Faculty Mentor: Gail Welsh, Physics
- 4:00-4:15 **Constructing a Cyber Security Lab and The Art of Cyber Attack**  
Jung An, Ryan Rosiak  
Faculty Mentor: Sang-Eon Park and Christopher Arausa, Computer Science

## B2 Philosophy I – Ethics Bowl Presentation

*Moderator: Eric Rittinger*

- 3:00-4:15 **Ethics Bowl Presentation**  
Carly Nascimbeni, Andrew Wilson, Tharaphy Khin, Sara Sellers, Wyatt Parks

Welcoming and opening remarks from Dr. Sherry Maykrantz (*co-chair of SUSRC*), Dr. Karen Olmstead (*Provost and Vice President of Academic Affairs*), and Dr. Clifton Griffin (*Dean of Graduate Studies & Research*). Winners of the SUSRC Poster Design and Outstanding Research Mentor Award will be announced.

**III. Poster Presentation Session 6:30 p.m. - 7:30 p.m**

***Guerrieri Academic Commons, 4<sup>th</sup> Floor Assembly Hall***

**Information Table Volunteer**

*Martin Hunter, Office of the Registrar*

**Poster Room Set-up Volunteers**

*Echo Leaver, Department of Psychology*

*James Parrigin, Salisbury University Libraries*

*Maureen Reb, School of Health Sciences*

**Poster Presentations**

- 1. The effects of lavendustin-A on peripheral nerve degeneration in hyperglycemic zebrafish**  
Madison MacDougall  
Faculty Mentor: Jessica Clark, Biological Sciences
- 2. Impacts of hyperglycemia on optic nerve development and degeneration in larval zebrafish**  
Virginia Murry  
Faculty Mentor: Jessica Clark, Biological Sciences
- 3. Intestinal dysmotility and structural changes in hyperglycemic *Danio rerio***  
Melanie Staszewski  
Faculty Mentor: Jessica Clark, Biological Sciences
- 4. Ecological Analyses of Moss and Lichen Communities in Pocomoke State Forest**  
Nathan Ashley  
Faculty Mentor: Richard Wilkens, Biological Sciences
- 5. Diet, Sex, Morphometrics, and Meristics of Blueline and Golden Tilefish Off of the Maryland Coast**  
Kayla Camiscioli  
Faculty Mentor: Ann Barse, Biological Sciences
- 6. Factors affecting nest box selection and parasite prevalence in eastern screech owls (*Megascops asio*)**  
George Carney, Lauren Fortescue  
Faculty Mentor: Eric Liebgold, Biological Sciences; Tami Ransom, Environmental Studies

- 7. Influences of Sterilization on Germination of Jack Pine Seed, *Pinus banksiana***  
Kailey Chase, Samantha Smith  
Faculty Mentor: Elizabeth Emmert, Biological Sciences
- 8. Distribution of central vasopressin 1a receptor in three Pyllostomid bats**  
Joanna Diaz-Ocana, Alexander Apodaca, Katie Ekholm  
Faculty Mentor: Angela Freeman, Biological Sciences
- 9. Did phospholipids evolve to stabilize the fatty acid membranes of early protocells?**  
Brianna Esker, Emily Hopkins, Sarah Allen, Paula Fabiano  
Faculty Mentor: Eugene Williams, Biological Sciences
- 10. Evaluating the Mostela technique for documenting American mink (*Neogale vison*) and long-tailed weasel (*Neogale frenata*) populations on Delmarva**  
Jeromy Green  
Faculty Mentor: Aaron Hogue, Biological Sciences
- 11. Classification of Soil Microbes as Indicators for Fecal Pollution**  
Azalie Haro, Jordan Sinclair  
Faculty Mentor: Elizabeth Emmert, Biological Sciences
- 12. Water Assessment of the Nanticoke, Pocomoke, and Wicomico Rivers; Comparing Water Quality to Land Use**  
James Kunkel  
Faculty Mentor: Jennifer Nyland, Biological Sciences; Christina Bradley, Biological Sciences
- 13. An Ounce of Prevention is Worth a Pound of Cure: The Effects of Hospital-acquired Infections on the Modern Healthcare System**  
Reagan Little  
Faculty Mentor: Elizabeth Emmert, Biological Sciences
- 14. Analysis of Microbial Communities Associated with Jackpine Seeds**  
Emily Mattheu  
Faculty Mentor: Philip Anderson, Biological Sciences
- 15. Distribution of central oxytocin receptor in three Phyllostomid bats**  
Adebola Okusolubo, Kaela Green  
Faculty Mentor: Angela Freeman, Biological Sciences
- 16. Rare and Endangered Bees of Maryland**  
Min Oo  
Faculty Mentor: Dana Price, Biological Sciences
- 17. Hoo's moving? Effects of color morph on Eastern Screech Owl (*Megascops asio*) movement patterns**  
Amaya Rimmel, Alice Oshinrongboye, Ashley Adams  
Faculty Mentor: Eric Liebgold, Biological Sciences; Tami Ransom, Environmental Studies
- 18. Microbial Ecology in the Upper Tributaries of the Chesapeake Bay**

Aerin Rost-Nasshan

Faculty Mentor: Jennifer Nyland, Biological Sciences

**19. Testing local environmental samples for SARS-CoV-2**

Allison Langlois, Usra Alaraki

Faculty Mentor: Alison Dewald, Chemistry

**20. Investigating Opa Folding Behavior in Liposomes under Varying Conditions**

Grace Pelagatti

Faculty Mentor: Alison Dewald, Chemistry

**21. The Intersectionality of Environmental Conflict and Disability in Maryland, Other States, and Abroad**

Jacob Goodman

Faculty Mentor: Brittany Foutz, Conflict Analysis and Dispute Resolution

**22. A Rise in Student Apprehension; Investigating the Impact of Communication Anxiety Among Undergraduate Students**

Brendan Link

Faculty Mentor: Darrell Mullins, Department of Communication

**23. Access Week: A Social Media Campaign to Educate and Spread Awareness About Disabilities, Accessibility, and Resources on the Salisbury University Campus**

Madison Darrah

Faculty Mentor: Candace Henry, Disability Resource Center

**24. Herpetological Survey Report On Poplar Island, MD**

Sophia Durán Liceaga, Andrew Southworth, Taylor Smithhisler

Faculty Mentor: Tami Ransom, Environmental Studies

**25. Movement differences between injured and uninjured endangered Spotted Turtles (*Clemmys guttata*)**

Sophia Lundeen, Jeromy Green, Carl Brown

Faculty Mentor: Tami Ransom, Environmental Studies; Eric Liebgold, Biological Sciences

**26. Effectiveness of Aquatic Exercise on Physical Therapy Treatment**

Natavia Galloway

Faculty Mentor: Zachary Townsend, Exercise Science

**27. The benefits of therapeutic virtual reality**

Sarah Tinelli, Tina Lopez, Ryan Terry

Faculty Mentor: Zachary Townsend, Exercise Science

**28. Effect of Exercise on Mental Health**

Kaitlyn Vance

Faculty Mentor: Zachary Townsend, Exercise Science

**29. How student athletes are positively effected by travel sport programming**

Jordan Hawthorne

Faculty Mentor: Catherine Jackson, Fulton School of Liberal Arts

- 30. Wilderness Therapy for Adolescents with Mental and Behavioral Health Disorders**  
Kara Holland  
Faculty Mentor: Catherine Jackson, Fulton School of Liberal Arts
- 31. Baseline Study of Possible Point Source Contribution of Per- and Polyfluoroalkyl Substances (PFAs) on the Wicomico River Watershed, Eastern Shore of Maryland**  
Megan Ravert  
Faculty Mentor: Thomas Cawthern, Geography and Geosciences
- 32. Drones: A Path to a Tech Driven Future**  
Gavin Reagle  
Faculty Mentor: Gene Hahn, Information and Decision Sciences
- 33. Dorothea Dix and Her Lasting Influence on Mental Health Nursing**  
Claire Cornell  
Faculty Mentor: William Campbell, Nursing
- 34. Children's Short Stories on Mental Health**  
Mary Treacy  
Faculty Mentor: Cristina Cammarano, Philosophy
- 35. Piecing Germany into the European Puzzle: Is Germany the Hegemon of EU Climate Policy?**  
Matthew Bernor  
Faculty Mentor: Eric Rittinger, Political Science; Brittany Foutz, Conflict Analysis and Dispute Resolution
- 36. "Wicomico County (MD) Farmers' attitudes toward proposed Farm System Reform Act (2021)"**  
Maxwell Forrest  
Faculty Mentor: Michelle Fletcher, Political Science
- 37. Do Accomplished Musicians Go Through a Sampling Period?**  
Josie Amberman, Zoe Michelle Bradshaw  
Faculty Mentor: Larence Becker, Psychology
- 38. Nationalism and Attitudes Toward Climate Change: Testing a Solution Aversion Hypothesis**  
Gabrielle Atkinson, Mackenzie Nickle, Alison Weeg, Justin Lazzarino  
Faculty Mentor: Mark Walter, Psychology
- 39. Getting Ready to Learn: The role of agitation level on children's learning**  
Regan Benton  
Faculty Mentor: Rhyannon Bemis, Psychology
- 40. Incapacitated and/or Forcible Rape Experience Predicting College Women's Rape Victim Empathy**  
Tiernyn Gingerich Heishman  
Faculty Mentor: Suzanne Osman, Psychology
- 41. An Interdisciplinary Framework to Understand Climate Change in Organizations: A Review of the Professional Literature**

Sean Kelly

Faculty Mentor: Karl Maier, Psychology

**42. Black power! Are Black people living in a time of new privileges?**

Camille Sims

Faculty Mentor: Rachel Steele, Psychology

**43. MASCUP**

Kasey Schlack, Safaa Elfernani

Faculty Mentor: Brandye Nobiling, Public Health

**44. LGBTQ+ community needs assessment**

Zakera Banks

Faculty Mentor: Diane Illig, Sociology

**45. Educational racism: Analysis on systemic racism in American education**

James Jackson

Faculty Mentor: Diane Illig, Sociology; Timothy Dunn, Sociology

**46. Microplastics Contamination in Maryland Coastal Bays: *Leiostomus xanthurus* (Spot) as a Bioindicator**

Heather Delaplaine

Faculty Mentor: Ali Ishaque, UMES

## ***IV. Outstanding Research Mentor Award***

The Salisbury University Student Research Conference Committee is pleased to announce the Outstanding Research Mentor Award at the poster session to be held from 6:00-7:30pm in Academic Commons (4th Floor Assembly Hall). This award celebrates faculty mentors who have proven excellent supervisors of student research or creative work.

**The 2022 Outstanding Research Mentor Award Nominees are:**

*Dr. Douglas Barrett – Department of Communication*

*Dr. Rhyannon Bemis – Psychology*

*Dr. Rachel Buchanan – Social Work*

*Dr. Jeremy Corfield – Biological Sciences*

*Dr. Diane Davis – Medical Laboratory Science*

*Dr. Randall Groth – Secondary and Physical Education*

*Dr. Carolyne King – English*

*Dr. Suzanne Osman – Psychology*

*Dr. Joshua Sokoloski - Chemistry*

*Dr. Sarah Surak – Political Science/Environmental Studies*

*Dr. Thea Williamson – Literacy Studies*

*Dr. Bill Wolff – Art*

*Dr. Brent Zaprowski – Geography and Geosciences*

## V. *Outstanding Student Research*

Salisbury University's commitment to student research is evident in both the number and quality of the presentations at our annual student research conference. However, many of our students are being recognized for their work in off-campus settings. The following are highlights from Salisbury University students during the last year.

### **Student Publications:**

Meghan East published "Understanding medical laboratory science (MLS) disciplinary reading practices using collaborative retrospective miscue analysis (CRMA)" in ProQuest Dissertations & Theses Global.

Meghan East co-authored "Using EMMA to understand medical laboratory science college student's reading of a disciplinary specific science text" In M.P. Liwanag, K. Kim, & P. Martens (Eds.), *Understanding Literacy Using Eye Movement Miscue Analysis (EMMA) in a Global World*. New York, NY: DIO Press, Inc.

Halle Lane co-authored "Predicting college women's self-esteem based on verbal coercion experience and verbal tactic items on the Revised Sexual Experiences Survey" which is in press in the *Journal of Interpersonal Violence*.

Madison MacDougall authored "SARS-CoV2 and multiple sclerosis: Potential for disease exacerbation" in *Frontiers in Immunology*

Honor McElroy published "On the Importance of Shared Reading During a Pandemic" in the *English Journal*.

Honor McElroy co-authored "Feelings of uncertainty and certainty: An exploration of an emergent doctoral researcher through a collaborative EMMA inquiry." which is published in M. P. Liwanag, P. Martens, & K. Kim (Eds.), *Understanding Literacy Using Eye Movement Miscue Analysis in a Global World*. DIO Press Inc.

Sheridan Sargent co-authored "Regenerative potential and limitations in a zebrafish model of hyperglycemia-induced nerve degeneration in *Developmental Dynamics*

Stephanie Warman co-authored "On the spectral properties of the quantum chomology of odd quadrics" which is to appear in *Involve, a Journal of Mathematics*

### **Student Publications in *Laridae*:**

Emily Alessandrini "Survivability of Clinically Significant Organisms on Blood Glucose Test Strips" in *Laridae*, 3<sup>rd</sup> Edition, Fall 2021

Jeri Alexander, Philip Croft, Hannah Gordon, Joshua Killen, and James Turner published "Cast Metal Menagerie" in *Laridae*, 3<sup>rd</sup> Edition, Fall 2021

Jacob Beaver published "*Zack Snyder's Justice League: A Paratextual Hero's Journey*" in *Laridae*, 3<sup>rd</sup> Edition, Fall 2021
