Registration Perdue Hall Lobby 12:30 p.m.-4:30 p.m. (Presenters need to register one hour before their presentation session)

Information Table Volunteers:

Pre-sessions (Perdue Hall Lobby): 12:30 p.m.-1:30 p.m.

Brent Fedorko, Exercise Science

Yuki Okubo, Psychology

Victoria Adeniran, University Dining Services

Suzanne Osman, Psychology

Session 1 (Perdue Hall Lobby): 1:30 p.m.-3:00 p.m.

Emily Zerrenner, SU Libraries

Ricardo Vazquez Diaz, Modern Language & Intercultural Studies

Elizabeth Emmert, Biology

Erin Michelle Weber, SU Libraries

Session 2 (Perdue Hall Lobby): 3:00 p.m.-4:30 p.m.

Claire Williams, Secondary & Physical Education

Carolina Brown, Communication

Kelly Cowger, Guerrieri Student Union

Amy Jones, SU Libraries/Modern Languages and Intercultural Studies Department

Session 3 (Perdue Hall Lobby): 4:30 p.m.-5:50 p.m.

Christina Camillo, Medical Laboratory Science

I. Oral Presentation Sessions Perdue Hall 1:30 p.m. - 5:45 p.m

Oral Session/Back-up Panel Moderators:

Oral Session 1 (Perdue Hall): 1:30 p.m.-2:50p.m.

Christian Boso, School of Nursing

Kristen Walton, History and National Fellowships

Meghan East, Medical Laboratory Science

Susan Mahoney, Center for International Education/English Language Institute

Oral Session 2 (Perdue Hall): 3:00 p.m.-4:20p.m.

Kevin Glover, Simulation Center

Thomas Lamey, Respiratory Therapy

Noah Bressman, Biology

Carolyne King, English

Kevin Birch, History

Autumn Romanowski, Exercise Science

Oral Session 3 (Perdue Hall): 4:30 p.m.-5:50 p.m.

Mark Walter, Psychology

Eugene Williams, Department of Biological Sciences

Kurt Ludwick, Mathematical Sciences

Brianna Esker, Biology

Angela Freeman, Biology

1.

First Oral Session 1:30 p.m. - 2:50 p.m.

A1 Biology and Chemistry

Moderator: Meghan East

1:30-1:45 **The Effects of Lavendustin-A on Peripheral Nerve Degeneration in Hyperglycemic Zebrafish (*Danio rerio*)**

Jane Simoncic

Faculty Mentor: Jessica Clark, Academic Affairs

1:50-2:05 **Scarab Beetle Diversity in Urban Environments**

Philip Becnel

Faculty Mentor: Dana Price, Biological Sciences

2:10-2:25 **Diet Preferences of Dung Beetles (Coleoptera: Scarabaeidae and Geotrupidae) and the Potential Mammal-Beetle Associations**

Kendall Beauchamp
Faculty Mentor: Dana Price, Biological Sciences

2:30-2:45 **Determining the Relationship Between Shape and Charge in Electrospray Ionization**
Stefani Lanahan
Faculty Mentor: David Keifer, Chemistry

B1 Conflict Analysis, Communication, and Exercise *Moderator: Christian Boso*

1:30-1:45 **Modern Conflict Requires New Peace**
Jared Galley
Faculty Mentors: Brittany Foutz, Conflict Analysis and Dispute Resolution and Brian Polkinghorn,
Conflict Analysis and Dispute Resolution

1:50-2:05 **How Larry David's and Jerry Seinfeld's Seinfeld Normalizes the Objectification of Woman**
Ryan Mackesey
Faculty Mentor: Michael Moeder, Department of Communication

2:10-2:25 **Prosthetics in Sports Medicine**
Brea Glickman
Faculty Mentor: Zachary Townsend, Exercise Science

C1 Education I and Public Relations *Moderator: Susan Mahoney*

1:30-1:45 **Diversity in Outdoor Recreation: Exploring the Marketing Sector**
Morgan Mathey
Faculty Mentor: Diana Wagner, Education Leadership

1:50-2:05 **Rewiring the Brain: Wilderness Therapy in Addictions Treatment**
Rachel Brobst
Faculty Mentor: Diana Wagner, Education Leadership

2:10-2:25 **Screen Time vs. Tree Time: The Impacts on Mental Health**
Garrett Herr
Faculty Mentor: Diana Wagner, Education Leadership

2:30-2:45 **Twenty Days Abroad: A Documentary**
Bridget Hayes
Faculty Mentor: Megan Baker, Public Relations

D1 Economics and Mathematics *Moderator: Kristen Walton*

1:30-1:45 **Effects of Protected Areas on Human Migration**
Brendan Elliott
Faculty Mentor: Laura Villalobos, Economics and Finance

1:50-2:05 **ChatGPT and the U.S. Labor Market/ Preliminary Analysis**
Dylan Olen, Ryan Shroyer, Peyton Barnes, Eli Johnson
Faculty Mentor: Hong Yao, Economics and Finance

2:10-2:25 **Supervised Learning of Cancer Types Using Gene Copy Numbers**

Joseph Kim

Faculty Mentor: Kyle Teller, Mathematics

2:30-2:45 **Efficient and Robust Learning of Simplices**

Blaine Mason

Faculty Mentor: Michael Bardzell, Mathematics

▪ **Second Oral Session** **3:00 p.m. - 4:20 p.m.**

A2 English and Literacy

Moderator: Carolyn King

3:00-3:15 **Researching the Influence and Contribution of Different Factors in Adult Second Language Learning Through Female Adult Immigrants' Study and Living Experience**

Jun Zhang

Faculty Mentor: Derya Kulavuz-Onal, English

3:20-3:35 **The Constitution and the Transition of Executive Power: Insidious Fictions and Modern Insurrection**

Joshua Downes

Faculty Mentor: John Wenke, English

3:40-3:55 **Representing Diverse Identities in the Marvel Cinematic Universe**

Quentin Parker

Faculty Mentor: Beth Towle, English

4:00-4:15 **No Tea No Shade: Repurposing Language Usage Perceptions**

Emily Madison

Faculty Mentor: Shannon Kelley, Literacy Studies

B2 Philosophy I – Ethics Bowl Demonstration

Moderator: Noah Bressman

3:00-4:15 **Ethics Bowl Demonstration**

Gabriella Seetoo-Ronk, Liam McGinnes, Wyatt Parks, Sarah Bianca, Megan Rayfield,

Kailyn Luettgenau, Sara Sellers

Faculty Mentor: Grace Clement, Philosophy

C2 Education II

Moderator: Kevin Glover

3:00-3:15 **Hard Headed: Mitigating Head Injuries in Outdoor Recreation**

Trey Cody

Faculty Mentors: Diana Wagner, Education Leadership; Christina Harper, Education Leadership

3:20-3:35 **Not Just Dirt: The Importance of Soil Health to Urban Greenspaces**

Alexis Sanchez-Benitez

Faculty Mentor: Diana Wagner, Education Leadership

3:40-3:55 **Wilderness Therapy: Exploring the Role of Outdoor Engagement on Young Adults' Mental Health**

Ethan Emkey

Faculty Mentor: Diana Wagner, Education Leadership

4:00-4:15 **An Oasis in the Desert: A Literature Review of Urban Gardening**

Logan Carey

Faculty Mentor: Diana Wagner, Education Leadership

D2 History I

Moderator: Kevin Birch

3:00-3:15 **Hip-Hop at Home and Abroad**

Tyler Wilson

Faculty Mentor: Elizabeth Ragan, History

Lily Christiana

Faculty Mentor: Michael Lewis, Environmental Studies

5:10-5:25 **Environmental Advocacy in a Multiplying World: Escaping the Racist History of Population Sustainability**

Jordan Kushto

Faculty Mentor: Michael Lewis, Environmental Studies

5:30-5:45 **The Future of the Healthy Air Act**

Sarah Levy

Faculty Mentor: Michael Lewis, Environmental Studies

B3 Philosophy II and Psychology

Moderator: Mark Walter

- 4:30-4:45 **Beyond Our Limit: Working Towards Defining Health to Draw the Line Between Genetic Treatment and Enhancement**
Haley Taylor
 Faculty Mentor: Grace Clement, Philosophy
- 4:50-5:05 **Beliefs About Social Issues**
Amanda Niederland, Jaedyn Messer, Aniah Gopaul, Summer Akinrodoye
 Faculty Mentor: Rachel Steele, Psychology
- 5:10-5:25 **LGBTQ+ Students' Perceptions of Intersectional Spaces at a PWI**
Michaela Harrigan, Ryan Devine
 Faculty Mentors: Michele Schlehofer, Psychology; Diane Illig, Sociology
- 5:30-5:45 **What Decisions to Make?: Developing a Qualitative Study Investigating the Impact of COVID-19 on Mental Health Professionals and Their Clinical Practice**
Joanna Mason, Amanda Niederland, Ryan Devine, Emily Bovard
 Faculty Mentor: Yuki Okubo, Psychology

C3 Information Science, Languages, and Physics *Moderator: Kurt Ludwick*

- 4:30-4:45 **Arduino Sitting Timer**
Rachel Evans, Spencer Blade
 Faculty Mentor: Gene Hahn, Information and Decision Sciences
- 4:50-5:05 **Strategic Uses of Media to Transform the Status Quo in Totalitarian Contexts**
Sarah (Bees) Beesley
 Faculty Mentor: Ricardo Vazquez-Diaz, Modern Languages
- 5:10-5:25 **Physics of the Theremin**
Julia King
 Faculty Mentor: Matthew Bailey, Physics
- 5:30-5:45 **Electrochemical Deposition by Means of 3D Printing**
Zachary Koehler
 Faculty Mentors: Joseph Howard, Physics; Gail Welsh, Physics

D3 History II and Political Science *Moderator: Angela Freeman*

- 4:30-4:45 **How the Townshend Acts Fueled the Black Market Glass Industry**
Hettie Rizzo Gordon
 Faculty Mentor: Kristen Walton, History
- 4:50-5:05 **Going Zero Waste at the Maryland Folk Festival**
Jenna Feinauer
 Faculty Mentor: Sarah Surak, Political Science
- 5:10-5:25 **Local Grassroots Activism and the Impact on Low Population Communities**
Katrina Hibdon

Faculty Mentor: Michelle Fletcher, Political Science

5:30-5:45 **Eliminating Cultural Miscommunication: Strategies for an Equitable Elementary Classroom Environment**
Amy Kessler
Faculty Mentor: Jeni Davis, Early and Elementary Education

II. Welcome with Opening Remarks 6:00 p.m. - 6:30 p.m.
Guerrieri Academic Commons, 4th Floor Assembly Hall

Welcoming and opening remarks from Dr. Sherry Maykrantz (co-chair of SUSRC), Dr. Carolyn Ringer Lepre (President), Dr. Karen Olmstead (Provost and Vice President of Academic Affairs), and Dr. Clifton Griffin (Dean of Graduate Studies & Research). Winners of the SUSRC Poster Design and Outstanding Research Mentor Award will be announced.

III. Poster Presentation Session 6:30 p.m. - 7:30 p.m
Guerrieri Academic Commons, 4th Floor Assembly Hall

Information Table Volunteer
Martin Hunter, Office of the Registrar

Poster Room Set-up Volunteers
Kwonchan Jeon, Public Health
Junyi Tu, Computer Science

Poster Presentations

1. **Conformity to Masculine Norms at Salisbury University**
Kalyn Ciriaco
Faculty Mentor: Diane Illig, Sociology
2. **The Role of Demographics on Perceptions of Stigma and Mental Health Treatment Seeking Among College Students**
Emily Devereux, Sophia Darling, Wendy Macer, Hannah Nolan, Ramsey Richey
Faculty Mentor: Rachel Buchanan, Social Work
3. **The Impact of Student Major and Exposure to Mental Health-Based Curriculum on the Mental Health Literacy of College Students**
Sophia Darling
Faculty Mentor: Rachel Buchanan, Social Work
4. **Does Being Neighborly Impact the Social Fabric of a Community?; Probing the Relationship Between Social Capital and Health Outcomes**
Jamie Kost
Faculty Mentor: Sherry Maykrantz, Public Health

- 5. Sexual Identity, Victimization Experience and Acknowledgment Predicting College Women's Rape Empathy**
Grace DePanise
Faculty Mentor: Suzanne Osman, Psychology
- 6. Dental Anxiety: Tactile and Auditory Coping Mechanisms**
Amanda Beahm
Faculty Mentor: Echo Leaver, Psychology
- 7. Is COVID-19 Causing a Shift in Socioemotional Goals in Older Adults?**
Sierra Payne, Jelani Gayle
Faculty Mentor: Echo Leaver, Psychology
- 8. Gaming, Streaming and Mortality Salience During the Covid-19 Lockdown**
Adara Turek, Katherine Sweeney
Faculty Mentors: Meredith Patterson, Psychology and Lance Garmon, Psychology
- 9. The Impact of In-Person vs Online Learning Environments on Children's Memory**
Victoria Makuchal, Nicolette Giglio, Shay Grieser, Asia Carroll
Faculty Mentor: Rhyannon Bemis, Psychology
- 10. Relation Between Percent Female Sample Composition and Learning Outcome Effect Size in Psychology**
Jillian Savageau, Harleigh Anderson, Sierra Payne, Linsay Ray, Katie Carter, Anna Saghirian, George Luzier
Faculty Mentor: Thomas Tomcho, Psychology
- 11. Weathering the Storm: An Ecological View of Personal Resilience and Climate Change**
Walter Rodriguez
Faculty Mentor: Karl Maier, Psychology
- 12. The Influence of Values, Regulatory Focus and Conscientiousness on Academic Performance**
Bethany Stallings
Faculty Mentor: Kyoung Rae Jung, Psychology
- 13. Salisbury University Waste Audit: Digging into How We Waste**
Annika Geitner
Faculty Mentor: Sarah Surak, Political Science
- 14. The Effects of Waste Incineration on Human Health and Exercise in the Face of Environmental Injustice**
Karli Chancey
Faculty Mentor: Sarah Surak, Political Science
- 15. Analyzing Equivalent Treatments from Linear Accelerators and Gamma Knives**
Matthew Wilson
Faculty Mentor: Asif Shakur, Physics
- 16. Blind Source Separation of Eclipsing Binaries**
Robert Davis, Blaine Mason

Faculty Mentors: Nicholas Troup, Physics and Kyle Teller, Mathematics

17. Antibiotic Resistance: The Healthcare Worker's Silent Challenger

Cassidy Birch

Faculty Mentor: Kaynabess Freda, Nursing

18. Haitian Mothers are Dying at Alarming Rates

Olivia Bugg

Faculty Mentor: Nicole Hall, Nursing

19. Visualization of Sound: Converting Sound Data into Geometric Shapes

Luke Zolenski, Kyle Tranfaglia, Timmy McKirgan

Faculty Mentor: Donald Spickler, Mathematics

20. Surface Detection with IMU Sensors

Bradley Bogaczyk, Matthew Funk

Faculty Mentor: Kyle Teller, Mathematics

21. The Combinatorics of a Family of Odd Symplectic Partial Flag Manifolds

Connor Bean, Bradley Cruikshank

Faculty Mentor: Ryan Shifler, Mathematics

22. Accessible Public Restroom in Downtown Salisbury

Elizabeth Wash, Hayden Davis, River Myer

Faculty Mentor: Ryan Weaver, Interdisciplinary Studies

23. Bioremediation of Urban Runoff at BISM

Emma Tarquinio, Christopher Machalek

Faculty Mentor: Ryan Weaver, Interdisciplinary Studies

24. Reflections: A Study of Women in Catholicism

Maria Pacheco Valbuena

Faculty Mentor: Catherine Shufelt, Interdisciplinary Studies

25. Arduino INFO 333 Creative Presentation

Patrick Sutch, Scott Leimbach

Faculty Mentor: Gene Hahn, Information and Decision Sciences

26. Product Presentation

Austin Manwiller

Faculty Mentor: Gene Hahn, Information and Decision Sciences

27. Nursing Homes during COVID-19: How Better Working Conditions for Staff can Improve the Well-Being of Residents

Daniella Weinstein

Faculty Mentor: Viktoria Basham, Honors

28. Domestic Violence During the Height of the Covid-19 Pandemic

Anna Miller

Faculty Mentor: Lauren Hill, Honors

- 29. Geologic Investigation of Wetland Conditions, Southwest Exterior of Devilbiss Hall**
Brad Carr, Grayson Smith
Faculty Mentor: Thomas Cawthern, Geography and Geosciences
- 30. What are the Pros and Cons of Artificial Intelligence?**
Karishma Kaushal
Faculty Mentor: Catherine Jackson, Fulton School of Liberal Arts
- 31. How Information Technology (IT) has Helped People Communicate During the COVID-19 Pandemic and Its Long-Lasting Effects**
Nicholas Hind
Faculty Mentor: Catherine Jackson, Fulton School of Liberal Arts
- 32. Acute Central Stiffness and Muscle Morphological Responses Following Blood Flow Restricted Resistance Exercise with Autoregulated and Non-Autoregulated Pressure Application**
Sean Roesener
Faculty Mentor: Tim Werner, Exercise Science
- 33. How Deep is Turtle Love? Breeding Pond Depths of Endangered Spotted Turtles (*Clemmys guttata*)**
Rebecca Pritt, Laila Fares, Carter Burdeshaw
Faculty Mentors: Tami Ransom, Environmental Studies and Eric Liebgold, Biological Sciences
- 34. Ecotourism in the Greek Islands: How to Become Ideal Global Citizens**
Brian Dill
Faculty Mentor: Michael Lewis, Environmental Studies
- 35. Leave Only Footprints: Post-Pandemic Foot Traffic in the Outdoors**
Alexander Morgan
Faculty Mentor: Diana Wagner, Education Leadership
- 36. Climate Change Catastrophe: Mitigation Strategies for National Parks**
Ryan Liberto
Faculty Mentor: Diana Wagner, Education Leadership
- 37. Hard Headed: Helmet Safety and Recreational Safety**
Ioan Socaciu
Faculty Mentor: Diana Wagner, Education Leadership
- 38. No-Fly Zones: The Economic and Environmental Impacts of Shifting Waterfowl Migration Populations**
Wyatt Cox
Faculty Mentor: Diana Wagner, Education Leadership
- 39. But We Meant Well: Beach Replenishment, Shoreline Safety, and Injuries**
Miller Gladding
Faculty Mentor: Diana Wagner, Education Leadership
- 40. Nature's Rx: Exploring the Wellness Benefits of Outdoor Engagement**
Spencer Cormier

Faculty Mentor: Diana Wagner, Education Leadership

41. Mind the Phone: Social Media, Youth, and Outdoor Engagement

Joseph Williams

Faculty Mentor: Diana Wagner, Education Leadership

42. One for The Road? Alcohol and Drug Use in Watersports

Ryan Valente

Faculty Mentor: Diana Wagner, Education Leadership

43. The Martyr Economy: An Exploration of Hunting and Conservation

Jared Koenig

Faculty Mentor: Diana Wagner, Education Leadership

44. How Social Media Can Impact Self Image

Hailey Deares

Faculty Mentor: Chrys Egan, Department of Communication

45. Clothing Closet

Victoria Koslosky

Faculty Mentor: Brian Polkinghorn, Conflict Analysis and Dispute Resolution

46. National Ranking of Campus Clean and Sustainable Energy

Peyton Missimer

Faculty Mentor: Brian Polkinghorn, Conflict Analysis and Dispute Resolution

47. Teaching Diversity

Stephon Folk

Faculty Mentor: Brian Polkinghorn, Conflict Analysis and Dispute Resolution

48. The Intersectionality of Environmental Conflict and Disability in Maryland, Other States, and Abroad

Jacob Goodman

Faculty Mentor: Brittany Foutz, Conflict Analysis and Dispute Resolution

49. Heavy Tailed Independent Component Analysis in Python

John Schmidt

Faculty Mentor: Junyi Tu, Computer Science

50. Templateless PCR and Reverse-Transcriptase PCR to Test for the Common Flu Virus

Zachary Cohen

Faculty Mentor: Alison Dewald, Chemistry

51. Assessing Enone Reductase Activity of a Flavin Enzyme Using Gas Chromatography

Isabelle Herlinger

Faculty Mentor: Alison Dewald, Chemistry

52. The Multi-Step Synthesis of Rofcoxib, Imercoxib, and Zolimidine for the Organic Laboratory

Alexis Borczuch

Faculty Mentor: Jose Juncosa, Chemistry

53. SSRIs as a Frontline Treatment for Depression

Sarah Bianca

Faculty Mentor: Alison Dewald, Chemistry

54. Bye Bye Blepharospasms

Olivia Ingrao

Faculty Mentor: Joshua Sokoloski, Chemistry

55. Determination of Trace Metal Concentration in Sediment Collected from the Wicomico and Nanticoke Rivers

Samantha Peters

Faculty Mentor: Katherine Miller, Chemistry

56. Nassawango Creek Preserve Bryophyte Diversity Study: Liverworts and Their Identification

Joshua Fletcher

Faculty Mentor: Richard Wilkens, Biological Sciences

57. Diversity of the Unloved: Survey of Fungal Diversity in the Nassawango Creek Preserve

Shawn Rosengren

Faculty Mentor: Richard Wilkens, Biological Sciences

58. Age and Growth of Blue Catfish (*Ictalurus furcatus*) in the Nanticoke River, MD, Determined Through a Novel Otolith Processing Method

Kendall Weingard

Faculty Mentor: Noah Bressman, Biological Sciences

59. Terrestrial Friction-Reducing Properties of Mucus and Scale Anisotropy in Northern Snakehead (*Channa argus*)

Francis LopezChilel

Faculty Mentor: Noah Bressman, Biological Sciences

60. UV Reflectance and Fluorescence in Flying Squirrels for Mate Choice

Meghan Reed

Faculty Mentor: Angela Freeman, Biological Sciences

61. Examining Septic Tank Pollution in Eastern Shore Waterways Through Evaluation of Optical Brighteners

Connor Morningred

Faculty Mentor: Jennifer Nyland, Biological Sciences

62. Human Microbial Indicators in Septic Soil

Tylar Angle, Eliza Herd, Emilie Marcinko, Christopher Machalek

Faculty Mentor: Elizabeth Emmert, Biological Sciences

63. Microbial Communities in the Upper Tributaries of the Chesapeake Bay

Aerin Rost-Nasshan

Faculty Mentor: Jennifer Nyland, Biological Sciences

- 64. A Proposal Study of Oxytocin Effects on Probabilistic Reversal Learning in Southern Flying Squirrels**
Katie Ekholm
 Faculty Mentor: Angela Freeman, Biological Sciences
- 65. What The Pluck?: How Prey Feathers Lead to an Understanding of Red and Gray Eastern Screech Owl (*Megascops asio*) Diets**
Lillian Fooks, Shannon Whalen, Joseph McNally
 Faculty Mentors: Eric Liebgold, Biological Sciences and Tami Ransom, Environmental Studies
- 66. Hoo's Cold: To What Degree do Eastern Screech Owls (*Megascops asio*) Roost in Boxes on Winter Days?**
Alice Pritchard, Aniah Gopaul, Melissa Delacruz, Ryan Gambrills
 Faculty Mentors: Eric Liebgold, Biological Sciences and Tami Ransom, Environmental Studies
- 67. An Analysis of the Anatomy & Physiology Human Skeletal Teaching Collection at SU**
Maya Hooper, Nadiia Petrova, Hana Tamre, Sophie Nagy, Samantha Tipton
 Faculty Mentor: Susanne Daly, Biological Sciences
- 68. Did Phospholipids Evolve to Stabilize Fatty Acid Membranes of Protocells?**
Emily Hopkins, Sydney Shumaker, Michael Caldarola, Spencer Citro, Ansumane Diane, Rojan Karmel, Michelle Sierra
 Faculty Mentor: Eugene Williams, Biological Sciences
- 69. Water Assessment of the Nanticoke, Pocomoke, and Wicomico Rivers; Comparing Water Quality to Land Use**
James Kunkel
 Faculty Mentor: Jennifer Nyland, Biological Sciences
- 70. Examination of Snake Diseases in Wild and Captive Snakes (Serpentes: Colubridae and Viperidae)**
Julianna Morano
 Faculty Mentor: Dana Price, Biological Sciences
- 71. Microscopic Techniques Used to Identify Peat Mosses (*Sphagnum* ssp.) of Delmarva for the Nassawango Creek Preserve Diversity Analysis**
Kailey Jarboe
 Faculty Mentor: Richard Wilkens, Biological Sciences
- 72. Quantification of Oxytocin Receptor in Phyllostomidae Bats**
Joanna Diaz-Ocana
 Faculty Mentor: Angela Freeman, Biological Sciences

IV. Outstanding Research Mentor Award

The Salisbury University Student Research Conference Committee is pleased to announce the Outstanding Research Mentor Award at the poster session to be held from 6:00-7:30pm in Academic Commons (4th Floor Assembly Hall). This award celebrates faculty mentors who have proven excellent supervisors of student research or creative work.

The 2023 Outstanding Research Mentor Award Nominees are:

Dr. Angela Freeman, Biological Sciences

Dr. Michael Moeder, Communications
Dr. Joshua Sokoloski, Chemistry
Dr. Ricardo Vazquez-Diaz, Modern Languages
Dr. Diana Wagner, Education Leadership
Dr. Mark Walter, Psychology
Dr. Kristen Walton, History
Dr. Debra Webster, Nursing

V. *Outstanding Student Research*

Salisbury University's commitment to student research is evident in both the number and quality of the presentations at our annual student research conference. However, many of our students are being recognized for their work in off-campus settings. The following are highlights from Salisbury University students during the last year.

Student Publications:

Faith Thompson published "Try and Fight that white Supremacy:" Tutors on Antiracist Praxis" in Publication on Another Word, a University of Wisconsin at Madison Blog

Student Publications in *Laridae*:

Regan Benton published "Getting Ready to Learn: The Role of Agitation Level on Children's Recall of Learning Events" in *Laridae*, 4th Edition, Fall 2022

Georgia Foster published "The Adaptation of the "American Family": How Jeff Franklin's Full House Normalizes Unconventional Family Situations" in *Laridae*, 4th Edition, Fall 2022

Margaret Giggey published "Identifying the Genetic Mutation in a Female Presenting with Mild-to-Moderate Hearing Loss" in *Laridae*, 4th Edition, Fall 2022

Sarah Hancock published "Radium Girl" in *Laridae*, 4th Edition, Fall 2022

Daisy Holder published "Instagram Reels for Small Business: How to Hook, Bait, and Reel in Customers" in *Laridae*, 4th Edition, Fall 2022

Jada Jackson published "General and Epigenetic Effects of Selected Nutrients on Fetal and Early Childhood Cognitive Development" in *Laridae*, 4th Edition, Fall 2022

Joshua Killen published "Beacon" in *Laridae*, 4th Edition, Fall 2022

William "Max" Kichline published "What's the Point?: A Comparative Analysis of Prehistoric Projectile Points from Three Archaeological Sites in Maryland" in *Laridae*, 4th Edition, Fall 2022

Jamie Larson published "New Zealand Biodiversity: How Policy Can Solve Biodiversity Loss and Restore Indigenous Cultural Practices" in *Laridae*, 4th Edition, Fall 2022

Dominick M. Lepke published "Tactics to Prevent the Use of Blockchain Technology as a Facilitator for Laundering Money" in *Laridae*, 4th Edition, Fall 2022

D'Shon Jae McCarthy published "Gemini Graveyard" in *Laridae*, 4th Edition, Fall 2022

Lindsay Remetz published "How Race and Mental Health Diagnoses Influence Treatment in American Correctional and Rehabilitative Institutions" in *Laridae*, 4th Edition, Fall 2022

Jane Simoncic published "Students Failing School or Schools Failing Students: Critical Thinking Education Deficits in Public American Secondary Schools" in *Laridae*, 4th Edition, Fall 2022

Piumy Rajapaksha published "Embracing the Rich Culture of Sri Lanka" in *Laridae*, 4th Edition, Fall 2022

Kyle Tranfaglia published "Capitalism: The Synthesis of Economic Growth and Climate Change" in *Laridae*, 4th Edition, Fall 2022

Drew Wagner and Aerin Rost-Nasshan published "The COVID Era of mRNA Vaccines" in *Laridae*, 4th Edition, Fall 2022

Elizabeth A. Wash published "An Investigation into Idiopathic Thrombocytopenic Purpura (ITP)" in *Laridae*, 4th Edition, Fall 2022

Student Presentations at the National Conference on Undergraduate Research

Kieran Bethke presented "Papal Power vs. Secular Power: Renewed Interest in the Rule of Law in the Long Twelfth Century" at the National Conference on Undergraduate Research, April 2023

Dominick Lepke presented "Tactics to Prevent the Use of Blockchain Technology as a Facilitator for Laundering Money" at the National Conference on Undergraduate Research, April 2023

Francis Lopez Chilel presented "Terrestrial friction-reducing properties of mucus and scale anisotropy in northern snakehead (*Channa argus*)" at the National Conference on Undergraduate Research, April 2023

River Myer presented "The 1980s and the Cold War: Understanding the Climax of the Cold War Through the Lens of Historical Narratives" at the National Conference on Undergraduate Research, April 2023

Carly Nascimbeni presented "Do Prisoners Need Ethics or Does Ethics Need Prisoners?: Ethics Education in Prison Combats Epistemic Injustice" at the National Conference on Undergraduate Research, April 2023

Jordan Parker presented "Ridiculously Simple Idea" at the National Conference on Undergraduate Research, April 2023

Zobia Rani and Ann Thomas presented "Finding Better Solutions for Available MRI Contrast Agents - Fe(II) Complexes Exhibiting Temperature Dependent Spin Transition" at the National Conference on Undergraduate Research, April 2023

Jarret Walton presented "Policies at the Tudor Court: The Change and Development in policy under Henry VII and Henry VIII from 1500-1540" at the National Conference on Undergraduate Research, April 2023

Luke Zolenski presented "Creating... Creating..." at the National Conference on Undergraduate Research, April 2023

Student Presentations at Posters on the Bay:

Madyson Amo and Abigail Walsh presented “Volunteerism at the Newton Street Community Center” at the Sixth Annual Posters on the Bay, February 2023

Emmanuela Angu, Stefani Lanahan, Danielle Olenchak, and Min Thway Khant presented “Targeting cancer-associated proteins for tumor imaging” at the Sixth Annual Posters on the Bay, February 2023
