

## Installing and Using the TurningPoint Desktop APP – Instructor

The TurningPoint (TP) desktop app is installed on all classroom computers. You can install the app on your office and/or personal computers.

To install the app on your personal/home computer:

1. Login to your course in MyClasses.
2. Click the Clicker Registration link from the course navigation menu.
3. If prompted, enter your SU username and password. The Turning Account Web dashboard will display.
4. Click Downloads.
5. Click to download PC Install or Mac if you have a Mac computer.

### Installing the PC Version of TurningPoint Desktop (EXE File)

1. Double-click the downloaded setup file.
2. Follow the on-screen instructions to complete the installation.

**NOTE:** During the installation process, a box will open with a check box option to “Open PowerPoint Polling add-in every time PowerPoint is launched”. It is **not** recommended that you select this option. If selected, the TurningPoint Desktop add-in will open each time PowerPoint is opened and you will be prompted to sign in to your Turning Account.
