## Rules and Expectations

This summer, we expect everyone to have a safe, fun and enriching experience as a participant in the Summer Enrichment Academies! In order to ensure that everyone enjoys this great opportunity, we have established some guidelines for acceptable behavior and consequences for not adhering to those guidelines.

Please discuss these guidelines with your child prior to them attending the SEA.

**Be Respectful:** Show respect by being kind and polite to others. Listen to your instructors and follow their directions. Respect the space you are in by using the supplies and other materials wisely.

**Take Responsibility:** Do what you are supposed to do. If you do something wrong, make it right by apologizing. Clean up any messes you make.

**Participate:** Take part in the activities. Even if it’s not something you want to do, don’t ruin anyone else’s fun.

**Use Inside Voices When You Are Inside:** Remember that the other students in class need to be able to concentrate and study.

**Walk:** Please make sure you walk. Running and horseplay can cause serious injuries. Running is acceptable if you are outside for an activity and your instructor allows it.

**Cooperate:** Sometimes other adults may be in your classroom. These adults could be teacher assistants or SEA staff. Please show them the same respect that you show the instructor.

**Don’t Wander Off:** Stay in the program area with the adult staff at all times. Don’t leave the classroom unless you are with an adult or you have permission from an adult in the classroom.

**Stuff:** Please don’t bring iPods, video games, toys or other personal items to the program. The staff will not be responsible if these items are lost or stolen. Also, these items can cause a distraction from the activities that your instructor has planned.

# SUMMER ENRICHMENT ACADEMIES

**Cell Phones:** Please keep your cell phones on mute and put away. Again, you are responsible for your cell phone.

**Bullying:** Bullying or harassment will not be tolerated. There will be children of all ages attending the SEA and everyone should feel safe and welcome.

**Keep Your Hands To Yourself:** We all need to respect everyone's personal space.

**Language:** Profanity or any other hurtful language will not be tolerated.

**Fighting:** Fighting results in immediate removal from the SEA without a refund.

If a student is unable to comply with the guidelines of the Summer Enrichment Academies there will be consequences that align with their negative behavior:

- The instructors, teaching assistants and program staff will speak to the child to find a solution if the child exhibits negative behavior.
- The child will receive a verbal reprimand the first time the negative behavior is shown. The parent/ guardian will be advised of the verbal warning when they come to pick the child up.
- The second occurrence of negative behavior in the same day will result in the child being removed from the classroom space. A teaching assistant will escort the child outside to "cool off" for 10 minutes. At the end of 10 minutes if the teaching assistant does not feel the child is ready to return to the classroom, the child will be escorted to the program office and a phone call will be made to the parent. If the child can return to the classroom after a 10-minute cooling off period, the parent will be advised of the incident when they pick up the child at the end of the day.
- The third occurrence of negative behavior in the same day will result in the parent being called to immediately come and pick the child up. At that time, the parent will have to meet with the program staff and develop a plan to assist the child with being successful. If the child returns the next day and the same pattern of negative behavior is being exhibited, the parent will be asked to remove the child from the program without a refund.
- If a fight occurs between students, the students will be removed from the classroom and brought to the program office. The SU Police may be called depending on the severity of the altercation. After meeting with the parents and hearing a report from the classroom instructors, the program staff will determine if one or both children will be removed from the program without a refund.
- Any threats or actions that pose an immediate threat to the physical or emotional safety of the other children or program staff will result in immediate removal from the program without a refund.
- Vandalism or destruction of property will result in immediate dismissal and loss of refund; the parent will be responsible for any monetary damages.
- Offensive touching or biting will result in immediate removal from the program without a refund.
- Use of profanity, racial slurs or other offensive language will result in the child being removed from the program for the day. The parent will be asked to pick up the child and talk with program staff. At that time, a decision will be made about the child's status in the program.

Any incident including verbal warnings will be documented daily and the parent/guardian of the child involved will receive a written notice.

These risks include, but are not limited to equipment used during the activity, conditions that exist on the premises, and other risks that may not be known or are not reasonably foreseeable. I understand and knowingly agree to assume the risk for my minor child's participation in such activities. I hereby release and forever discharge the University, the University System of Maryland ("USM"), the State of Maryland and its employees, agents, officers, trustees and representatives ("Releasees") from any and all liability whatsoever for any and all damages, losses, or injuries (including death), my minor child sustains to their person or property or both, including but not limited to any claims, demands, actions, causes of action, judgments, damages, expenses and costs, including attorney's fees, which arise out of, result from, occur during or are connected in any manner with my minor child's participation in the Activity and/or any travel incident thereto, except for such damages or injury as may be caused by the gross negligence or actual malice of Releasees.

**2. Statement of Indemnification:** I understand that, although the University has made every reasonable effort to assure my minor child's safety while participating in the Activity, there are unavoidable risks and hereby voluntarily agree on behalf of myself and my minor child's heirs, successors, assigns, and personal representatives, to indemnify, defend and hold harmless the University, the USM, the State of Maryland and its employees, agents, officers, trustees and representative (in their official and individual capacities) from any and all liability, loss, damage or expense, including attorneys' fees that they or any of them incur or sustain as a result of any claims, demands, actions, causes of action, damages, judgments, costs or expenses, including attorneys' fees, which arise out of, occur during, or are in any way connected with my minor child's participation in the Activity or any travel incident thereto unless due to the gross negligence or actual malice of Releasees.

**3. Transportation:** I understand and agree that should the Activity include transportation away from the University campus, my minor child may be transported in a University vehicle or in a private vehicle driven by University staff or students. If such transportation is part of the Activity, I fully understand and appreciate the dangers, hazards, and risks inherent in the Activity and in any transportation to and from the Activity, which dangers include but are not limited to physical or mental injury, or death.

**4. Disciplinary Actions:** The University reserves the right to decline, accept, or retain my minor child in the Activity at any time should my minor child's actions or general behavior impede the operation of the Activity or the rights or welfare of any person. Similarly, I understand that should my minor child's conduct violate any state or federal law, the Student Code of Conduct, University personnel regulations or any policy of the Activity, such conduct may also result in legal and/or student conduct/personnel actions and my minor child may be required to leave the Activity at the sole discretion of the University's representatives and agents.

5. I certify that my minor child is fully capable of participating in the Activity without causing harm to him/herself or others. I acknowledge that I am solely responsible for my minor child's safety and well-being, as well as any injuries, property damage or loss during the Activity, except as otherwise noted herein. I am hereby advised and understand that it is my sole responsibility to decline, decrease or cease participation in the Activity if my minor child is unable to participate due to the lack of training, illness, injury or other medical condition.

6. I agree to report to appropriate University officials any condition my minor child has that may require special medical attention or accommodation at least seven (7) days prior to the Activity. I understand that the University will not provide health or accident insurance and I am hereby advised that I may acquire my own insurance for my minor child. I understand that it is solely my responsibility to seek and receive medical evaluation and treatment for my minor child for any symptoms that may arise during the course of participation in the Activity and that the University does not have medical personnel available at the location of the Activity. I grant the University permission to authorize emergency medical treatment, if necessary, for my minor child. I understand and agree that the University assumes no responsibility for any injury or damage that might arise out of or in connection with such authorized emergency medical treatment.

7. I understand that although the University will attempt to maintain the Activity as described in its publications, it reserves the right to make changes at any time and for any reason, with or without notice, and that the Releasees shall not be responsible or liable for any loss whatsoever to participants by reason of any such cancellation or change. The right is reserved by the University, in its sole discretion, to cancel the Activity or any aspect thereof if the University determines or believes that any person is or will be in danger if the program or any aspect thereof is continued.

8. I agree that this Assumption of Risk, Liability Waiver, Release and Indemnification Agreement is to be construed, interpreted and enforced under the laws of the State of Maryland and any dispute shall be adjudicated in a court of competent jurisdiction in Wicomico County, MD; and that if any portion hereto is held invalid, the balance hereof shall, notwithstanding, continue in full legal force and effect.

**Waiver of Legal Rights: I have signed this Agreement in full recognition and appreciation of the dangers, hazards, and risks of such activities, and I represent that my minor child's participation in the Activity is wholly voluntary. By signing this document I hereby acknowledge that I have read this entire document, that I understand its terms, that by signing it I am giving up substantial legal rights I might otherwise have, and that I have signed it knowingly and voluntarily. I certify that I am at least 18 years of age and that this form is a condition of participation by my minor child in the Activity.**
