HR News & Notes

- **Performance Management Process (PMP) Review Cycle:** The annual PMP review period begins this month! Several updates have been made to the review cycle process, timeline and assessment forms. Detailed information is available on the HR website under Current Employees/Performance. Watch your email for additional details coming soon!

- **Summer Hours Program:** President Lepre has announced the implementation of Summer Hours again this year, to allow employees additional time for rest and relaxation during the summer months. This program will take place from Friday, June 14 to Friday, August 2 for 12-month employees. HR will provide additional details including the election form in early May.

- **HR Weekly Update:** Today marks the first step in the go-live phase of the Workday implementation project. A data snapshot will be taken from PeopleSoft to begin building the Workday go-live tenants. Any changes to employee information after today will be maintained by the HR team both in PeopleSoft and in the Workday tenants. Please note due to the anticipated high volume of contracts, we are requesting all summer and fall contracts be submitted, approved and ready for HR processing by Wednesday, May 15. This will ensure we can capture the information in PeopleSoft to electronically upload into Workday. We appreciate campuswide support and assistance during this critical processing time.
