Re: Part Time Tenured Faculty

The Faculty Welfare Committee was asked by the Faculty Senate to give our opinion as to whether part-time tenured faculty should be represented by the faculty senate or by the adjunct caucus.

We recommend changing the bylaws to include part-time tenure track faculty within the faculty senate. We believe their material interests (particularly regarding evaluation, service, and promotion/tenure) align most closely with those already represented by the faculty senate rather than those of the adjunct caucus.
