***Your 2017-2018
Faculty Senate***

As Salisbury University's campus continues to grow, it is important for its increasingly diverse faculty to have a time and venue to meet, socialize and learn about each other. As a result, your colleagues in the Faculty Senate, in conjunction with the SU President's Office and Provost's Office, invite all SU faculty and administrators to join our "Faculty Fridays."

The Friday socials - held twice each semester - promote diversity, multiculturalism, internationalization and inclusion as we engage with and learn from each other. Come ready to relax and interact with your colleagues!
