

Student Mentoring

Feeling overwhelmed about starting college?

Just want to talk to someone about school?

Want some guidance from an upper classmen?

Delta Alpha Pi (DAP) is providing mentoring by upper classmen who are registered with the Disability Resource Center (DRC)! Our mentors can offer support and encouragement to students with disabilities transitioning to Salisbury University. Come ask questions and spend time with DAP mentors!

Mentoring is available to students registered with the DRC. If you would like to be assigned a DAP mentor please contact Victoria Isola at:
