

mental health care provider regarding the student's readiness to participate in the University environment.

The student and documentation must also be evaluated by a member of the University's Student Counseling Services staff. Students may appeal administrative decisions rendered through this Policy on Mental Health.

1. Appeals of administrative decisions are considered by the Dean of Students or designee. (In cases where the Dean of Students serves as the administrative hearing officer, the Vice President of Student Affairs or designee will consider student appeals.)

## **ALCOHOLIC BEVERAGE POLICY**

---

### **Individual Rights and Responsibilities**

Salisbury University is interested in the health, safety and well being of every member of the community and insists that those who choose to use alcoholic beverages do so in a responsible and legal fashion. Policies are designed to allow responsible use of alcohol by those of legal age. Students are expected to observe all applicable laws and University policies related to purchase, possession and consumption of alcoholic beverages. Violations of applicable laws and/or policies pertaining to alcohol subject students and/or student organizations on and off campus to disciplinary action and legal penalties.

Through this policy, the University seeks to decrease drinking that poses a high risk of physical, mental or emotional harm. In the short term, high-risk drinking involves over consumption at one event until one no longer has physical or mental control over oneself. Long-term, high-risk drinking is a pattern of behavior where alcohol begins to affect various facets of ones life, including academics, social relationships, and health and personal safety. These types of drinking do not simply affect the drinker but hurt the University community as a whole.

Further, alcohol is not permitted in the public areas of residence halls nor may functions with alcohol be scheduled in residence halls.

## EVENT-RELATED MISCONDUCT POLICY

This policy is in response to Board of Regents Policy V-8.0 on Event-Related Student Misconduct, as amended February 10, 2006. **At SU, this policy applies to any misconduct that results in harm to persons or property or otherwise poses a threat to the stability of the campus or campus community, such as rioting, assault, theft, vandalism, fire setting or breach of the peace, and occurs at institution-sponsored events held on or off campus, including athletic events.** Such misconduct is a violation of the Code of Conduct.

The sanction to be imposed upon any student who is documented for an alleged violation or convicted in any state or federal court, or

found responsible in any campus judicial proceeding, ordinarily shall be suspension or expulsion, which shall be noted on the student's transcript. Before such sanction is imposed, the student shall be entitled to a hearing under the "Procedural Due Process" procedures applied to the campus judicial system and found in this student handbook. While the student will have access to normal campus judicial proceedings and policies, in order to avoid suspension or dismissal, the student will have to demonstrate specific mitigating or extenuating circumstances that warrant a lesser charge or penalty.

**Students suspended in accordance with this provision shall not be admitted to any other institution in the University System of Maryland for the duration of the suspension.** Students expelled in accordance with this provision shall not be admitted to any other System institution for a period of at least one year from the effective date of the expulsion.

In such instances where a student's action threatens the educational process or the health or safety of students or other members of the University community, the Vice President of Student Affairs may impose an immediate sanction of contingent suspension from the University.

*Any decision to impose a sanction less than suspension or expulsion under this policy must be supported by a finding of mitigating circumstances signed by the University's Vice President of Student Affairs and maintained thereafter with the student's disciplinary file.*

---

## **FAILURE TO COMPLY**

Failure to comply with a disciplinary sanction imposed in accordance with this code or with the directions of University or law enforcement officials in the performance of their duties will constitute a violation subject to disciplinary actions. Furthermore, students failing to cooperate with law enforcement officials in performance of their duties will be in violation of this policy.

---

## **FALSE INFORMATION**

Students may not knowingly furnish false or misleading information to a University or law enforcement official, withhold information pertinent to the academic policies of the University, or misrepresent themselves or others through any communication media. Other actions or

behaviors noted as a violation of this policy include: possession of false ID, using a false ID to obtain University services, using a false ID to obtain alcohol and failure to provide identification when requested to do so by a University law enforcement official.

---

## **HARASSMENT POLICY**

Unwanted contact or communication, or behavior, by any means that threatens to injure or endangers the health, safety or welfare of another person is unacceptable. Harassment includes conduct that has the purpose or effect of unreasonably interfering with an individual's performance or creating an intimidating, hostile or offensive environment. Prohibited conduct also includes, but is not limited to, stalking (repeated conduct directed toward another person including following that person or acts that harass that person), contacting witnesses or any other party to an incident to intimidate them or to get them to change their testimony, and unwanted obscene, abusive or repetitive telephone calls, telephones messages, electronic mail, instant messages using electronic mail programs, or similar communications with intent to harass, as well as the intentional or unintentional contribution to creating an intimidating, hostile or offensive environment through graffiti, damage to property or any other form of indirect destruction.

---

## **Bias-Related Harassment**

Bias-related behavior includes any action that discriminates against, ridicules, humiliates or otherwise creates a hostile environment for another individual or group because of race, color, religion, national origin, gender, age, marital status, disability or sexual orientation.

---

## **Sexual Harassment**

Sexual harassment is prohibited at Salisbury University and in its programs, activities and functions. For the purpose of this policy, sexual harassment is defined as unwelcome 1) sexual advances, or 2) requests for sexual favors, or 3) other behavior of a sexual nature where:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or participation in a University-sponsored program or activity, or
- Submission to or rejection of such conduct by an individual is or may be used as the basis for academic, employment or other decision

- affecting that individual, or
- Such conduct unreasonably interferes with an individual's academic and/or work performance, participation in sponsored programs or activities, or creates an intimidating, hostile or offensive working, educational or residential environment provided by the University.

Conduct alleged to be sexual harassment will be evaluated by considering the totality of the particular circumstances, including the nature, frequency, intensity, location, context and duration of the questioned behavior. Unwelcome conduct of a sexual nature can form the basis of a sexual harassment claim if a reasonable person, similarly situated, would consider it so severe or pervasive as to interfere with academic, educational or employment performance or participation in a University program or activity or residential environment.

Sexual harassment can occur when one person has power or authority over another; however, it may also occur between individuals of equal status or rank within the University. Sexual harassment may occur between males and females and between persons of the same sex. Harassment between individuals of different genders does not constitute sexual harassment where the difference in gender is the sole reason for the complainant's identifying the conduct as "sexual in nature."

It is a violation of University policy for any member of the community to make an intentionally false accusation of sexual harassment. Students, faculty, staff or guests who believe that they have been subjected to harassment by another member of the University community should contact the Office of Student Affairs.

---

## HAZING

Hazing is defined as any intentional or unintentional action taken or situation created, **whether on or off campus**, to produce mental or physical discomfort, embarrassment, harassment or ridicule for the purpose of initiation, admission or as a perceived condition of continued membership into any student organizations including, sports clubs, athletic teams, and fraternities or sororities that operate under the sanction of Salisbury University.

Such activities and situations may include but are not limited to:

- Any activity that causes or requires the student to perform a task that involves violation of the University Code of Conduct, or local, state or federal law.
- Any activity requiring the consumption of food, alcohol, liquid, drugs or other substances.
- Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, required calisthenics, exercise or other games requiring physical exertion, or other activity that subjects the student to a risk of harm or that adversely affects the mental or physical health or safety of the student.
- Any activity that intimidates or threatens a student with ostracism, that subjects a student to mental stress, embarrassment, shame or humiliation, or that adversely affects the mental health or dignity of the students, or discourages the student from remaining in school.
- Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking or placing a harmful substance on the body.
- **The express or implied consent of the victim will not be a defense.**

---

## GUEST POLICY

All guests are expected to abide by University regulations. Students are responsible for the behavior of their guests and may therefore receive sanctions from warning to dismissal for violations committed by their guests. The student's responsibility also includes restitution for damage to University facilities or other restitution that is necessary. The University may also restrict student guests from campus grounds or University activities, particularly when guests' conduct is deemed to be a threat to the health, safety, or welfare of Salisbury University students or others, or would endanger any University property.

---

## SEXUAL MISCONDUCT

Sexual misconduct includes sexual intercourse, sexual contact, sodomy or object pen-

etration of the anus or vagina without the victim's consent. Any person who is deemed mentally or physically incapacitated cannot give consent. Alcohol intoxication or being under the influence of another drug or substance may produce such a state of mental or physical incapacitation.

Sexual contact without the victim's consent includes, but is not limited to, any intentional touching by the accused, either directly or through the clothing, of the victim's genitals, breasts, thighs or buttocks. It also includes touching or fondling of the accused or a third party by the victim when the victim is forced to do so against his or her will. Violation of this section is punishable under University policy by sanctions ranging from probation to dismissal.

Sodomy, object-penetration or sexual intercourse without consent (whether by acquaintance or stranger) is prohibited and is punishable under University policy by either contingent or permanent dismissal.

Because of the serious nature of acts of sexual misconduct, the judicial procedures may be modified to ensure that such cases are pursued with sensitivity as well as fairness. University regulations specifically prohibit the harassment, abuse, threat or intimidation of any witnesses or party to an incident (see "Harassment Policy"). As a matter of policy, the institution encourages the accuser in these cases to also pursue appropriate remedies in the state judicial system.

Victims or anyone with knowledge of sexual misconduct should contact the Director of Student Health Services (SU's coordinator of sexual misconduct protocol), Student Health Services or the Dean of Students.

---

## THREATS OF VIOLENCE

Salisbury University is committed to providing a learning and working environment that provides the highest possible sense of safety and security for all members of the University community. Conduct, including threats (verbal or other) to kill or cause harm, or comments that can be construed as threatening constitute a violation of this policy. Prohibited conduct also can include threats which might have been meant to be humorous or exaggerated by the speaker, but whose intent is not apparent to a reasonable person, or threats not necessarily directed at a named individual.

---

## VIOLATIONS OF LOCAL, STATE OR FEDERAL LAW

Violations of local, state or federal law may also constitute violation of University policy. Further, conduct leading to arrest, indictment or conviction for violation of local, state or federal law may also result in disciplinary action by the University if the Dean of Students, or his/her designee, determines that such disciplinary action is necessary for the protection of other members of the University community, for the safeguarding of the educational community, to prevent the disruption of any lawful activity carried on by the University, or conducted under the auspices of, or with the permission of, the University on property under the control of the University. Such activities include, but are not restricted to, the conduct of classes, laboratories, cultural events, and recreational, extracurricular and athletic programs; the maintenance and protection of University property and of the property of members of the University community and their guests; the maintenance of vehicular and pedestrian traffic on campus; and the performance of assigned duties by members of the faculty and staff.

In the event that the Dean of Students or his/her designee determines that disciplinary

action is necessary for the reasons stated above, the case may be referred for action through the University judicial process, and, if the student is found responsible, a sanction ranging from warning to dismissal may be imposed.

The University reserves the right and responsibility to initiate its own disciplinary proceedings without awaiting court action or the conclusion thereof.

firearms, knives or other weapons are prohibited on campus. Pellet, paint and bb guns are also prohibited.

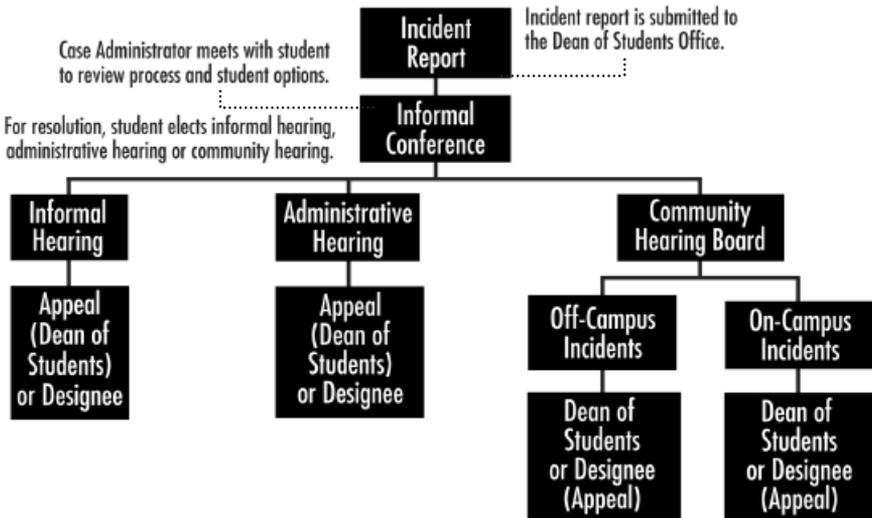

The University reserves the right to confiscate weapons, knives, fireworks and any instruments, toys or other things which reasonably appear to be weapons or other prohibited items listed above, to hold those items for appropriate disposition and to refer the possessor for judicial action.
