

COURSE LOAD CHANGE SUMMER 2016

Your summer financial aid was based on the number of credits that you indicated you would be enrolled in on the 2016 Summer Aid Request form that you previously submitted to our office. It appears that your current enrollment has changed, please complete the attached course load change form once you have **finalized** your enrollment plans for summer I and or summer II. Your revised financial aid package will be based on your anticipated enrollment as indicated on this form.

The Financial Aid office will audit your enrollment after the drop add period for each summer session and adjust your aid accordingly if your actual enrollment differs from what you indicated on this form.
