For the Fall 2020 semester, students in the Bridges program will incur costs at both Wor-Wic Community College (WWCC) and Salisbury University (SU). Students will be responsible for a bill at Wor-Wic Community College for the cost of tuition as well as a bill at Salisbury University for the cost of room, meal plan, and program fees.

All Financial Aid will be awarded through Wor-Wic Community College for the Fall 2020 semester and may be used to cover the costs at both institutions. See the Financial Aid FAQs for more information.

Step 1: Send the FAFSA to Wor-Wic Community College
- Go to https://studentaid.gov/h/apply-for-aid/fafsa to complete your Free Application for Federal Student Aid (FAFSA)
- If you have already submitted your FAFSA, select the Make a Correction link.
- Add Wor-Wic Community College’s federal school code: 013842 and select On Campus for your housing plans.
- Also, add Salisbury University’s federal school code: 002091 if you have not already done so.

Step 2: Award Letters
WWCC will provide each student with an award letter along with details of the steps to complete the application process. The financial aid awards in this award letter will reflect an estimated amount of funding that the student may be eligible for. Included with this letter will be further steps that each family will need to take in order to process all financial aid awards. Once the verification process is complete (see below) the student will review and sign the award letter in Self-Service Financial Aid > Award Letter at http://my.worwic.edu.

Step 3: Verification
If a FAFSA is selected for verification, the financial aid office will request documentation to verify all information entered on the FAFSA. Not all students will be selected for this process; however, if selected, you will be provided with a list of documents that must be submitted to the Financial Aid Office at WWCC in order to determine eligibility for all financial aid awards.

In order to provide IRS verifiable income information, please use the IRS Data Retrieval Tool on the FAFSA or send a copy of your 2018 IRS Tax Transcript to the Financial Aid Office at WWCC. You can obtain a copy of Parent and Student tax transcripts at http://www.irs.gov/Individuals/Get-Transcript. If a parent or student is unable to provide Tax Transcripts or use the IRS Data Retrieval Tool, the financial aid department will consider a signed copy of the 2018 tax return.

Step 4: Student and Parent Loan Application
Additional requirements must be met in order to borrow student and parent loans. Students must complete a Master Promissory Note and Entrance Counseling to borrow student loans. Parents who wish to borrow a Parent PLUS loan must complete a Master Promissory Note and Request for Parent PLUS loan. Instructions for how to complete these steps are included with the award letter.

Students will be required to take action to accept, reduce, or reject the loan offers in Self-Service Financial Aid at http://my.worwic.edu. Parents who elect to borrow a PLUS loan must complete the Disbursement Consent form as well. Failure to complete the loan application(s) will cause delays in processing the Financial Aid Awards.

Step 5: Disbursement
Funding will be disbursed and applied to the student’s tuition bill at WWCC. Any remaining funds will be delivered to Salisbury University’s cashier in a refund check. The student must sign the refund check over to SU to pay the student’s SU bill.

PLEASE NOTE: Financial Aid for Spring 2021 will be awarded through Salisbury University. Students must follow up with Salisbury’s Financial Aid Office to provide the necessary documentation.
