

## SPRING GAC HOURS

Sun 12 noon-12 midnight  
M-Th 7:30 am-12 midnight  
F 7:30 am-6:00 pm  
Sat 12 noon-6:00 pm

**Exceptions:** Check online for spring break, last week of the semester, and finals week

## LIBRARIES UNDERGRADUATE RESEARCH PRIZES

The SU Libraries once again will be awarding prizes of \$250 each for the best research paper or creative project that uses research (such as a short story, digital/multimedia project, or artwork) by a junior/senior and by a freshman/sophomore. The deadline is March 1. See <http://bit.ly/SULURP> for details.

## WARD MUSEUM STUDENT ART SHOW

The GAC is hosting the Ward Museum of Wildfowl Art's 17<sup>th</sup> annual Student Art Show in the first floor lobby, starting in early February through April. This noncompetitive show features the work of students in K-12 from all around Delmarva. The theme for 2023 is "My-gration: Incredible Journeys."

The SU Libraries MakerLab (GAC 118) offers SU students, faculty, and staff a place to use the latest technology for making, whether you are looking to make prototypes, replacement parts, or something else. Among the services available are 3D printing and scanning, laser cutting and engraving, VR equipment, button making, and lamination. The MakerLab is staffed by well-trained student workers who can help you get the most out of the technology, so whether you are a grizzled veteran or a total newbie, you are welcome here! During the semesters, we are open every day of the week and no appointment is needed (although it can be helpful to have one). Stop by or visit our website at <https://www.salisbury.edu/libraries/services/makerlab/>.

## Equipment Loans

Did you know that you can check out different types of equipment from the SU Libraries? At the Library Services Desk on the first floor near the café, you can borrow laptops, Chromebooks, graphing calculators, phone and Mac chargers, headphones, external DVD drives, and umbrellas. At the MakerLab (GAC 118), you can borrow iPads, Apple Pencils, and iPad Smart Keyboards.

**Did You Know?** Plugging the phrase "graphing calculators" into the search box on the Libraries' home page leads to thousands of articles and books, including a 2019 article, "Impact of Implementing Graphing Calculators on College Algebra Students' Performance, Satisfaction, and Motivation," and a 2020 article, "The Effect of Graphing Calculator Use on Learners' Achievement and Strategies in Quadratic Inequality Problem Solving"?

SU is an Equal Opportunity/AA/Title IX university and provides reasonable accommodation given sufficient notice to the University office or staff sponsoring the event or program.
