Unfounded Crimes				
2025: One unfounded crime. 2024: Three unfounded crimes. 2023: Two unfounded crimes.				
Footnotes:				
1. The statistical categories for sex offenses are categorized as rape (includes sodomy and sexual assault with an object), fondling, incest and statutory rape.				

2. Note: The Maryland General Assembly passed Senate Bill 364, which reclassified the use or possession of 10 grams or less of marijuana as a civil offense and is no longer reportable under Clery. The decriminalization law took effect October 1, 2014.
 3. Judicial referrals are categorized as individuals who are not arrested but referred for possible campus disciplinary action.
 4. Hazing statistics are reported in accordance with the Stop Campus Hazing Act and include reported incidents meeting the federal definition of hazing that occur within Clery Act geography. Statistical inclusion does not require a finding of responsibility. Hazing statistics differ from the Campus Hazing Transparency Report, which reflects student organizations found responsible for hazing policy violations. Salisbury University began collecting hazing statistics under these federal requirements on January 1, 2025; therefore, comparable statistics are not available for prior years.
- On-Campus Student Housing Facility statistics are included within the On Campus totals. The separate student housing category is provided to identify incidents that occurred specifically within residential facilities.
