

# HCM: Period Activity Pay – Hire and Rehire

## Overview:

This document explains how to input a Period Activity Pay (PAP). This business process is primarily utilized for employees receiving payment via Stipend and is accessible as an auto-populated step in the hire process, Add job process, Change Job process, Renewal process and/or as additional compensation owed to a current employee. The recommended browser for accessing Workday is Google Chrome. However, Mozilla Firefox and Apple Safari may also be used.

## SU Pre-Workday Process To-Do's:

- Prior to initiating the Workday process:
  - Have all information on the On-Boarding Sheet filled out. This is available on the SU Workday website and request the following information:
    - Start and End Dates of Employment
      - Reference the Payroll/HR Processing Calendar on the SU Workday website to ensure that you are initiating the process with enough time for it to complete before the employee's effective date, which should be the start of a pay period.

- g. For “Payments,” if the employee wants biweekly payments, then the payment Start Date and End Date should be the same as the Activity Dates and the Contract Dates. This will auto populate based on the data entered in the “Activity Dates” entered. The biweekly payments will be automatically calculated—do NOT modify the payment schedule unless under specific guidance from HR.
- h. If the employee wants one lump sum payment at the end of the contract term, make the payment start date the same as the payment end date, which should be the end date of the contract. This end date must be in the future in order to pay out! A PAP will not pay out if the payment end date has passed once the approval process is completed.
